Yes, now, finally it's out ! At this moment we are pretty pleased with this issue, but we know that almost all the reviews are really bad, and of course will we improve that in no.2. If you didn't know it, we can tell you that we made a 'zine called 100% pure Thrash before this, but we were so displeased with it so we tries to forget it ! We know that there are thing that shouldn't be here that is and things which should have been here but isn't, sorry for that. This issue got delayed (as always!), but we hope that the next issue will be out faster cause this issue was 80% typewritten by Henke and the rest by Nicke, and in the future we will typewrite 50% each. We don't think there's much more to say here but start reading...

Here we have an interview with the new (?) Swedish deathmetal gods Therion. In this interview you can read alot of interesting things about Therion, and this intro isn't too necessary, but I'll try to write some kind of biography here. The band was formed in the summer 1988 and after a while the line-up changed and the now th line-up is the same until now. Two demos has been released "Paroxymal Holocaust" '89 and "Beyond the Darkest Veils of inner Wickedness" '89. Both demos got great response from fanzines all around the world. This led to a mini-LP on a small Swedish label. It was sold-out real quick. It was released in 1000 copies in June '90. After the summer the band signed for an LP on Deaf rec. (Peaceville), but the LP got delayed and the released got about 4 months delay. This LP is selling very well and it's called "Of Darkness...". It's hard to describe Therion's music and influences, so you'd better buy their LP at once, now the interview with Christoffer...

HOW'S IT GOING WITH THE LP ?

-- Well, it sells good and has got real good reviews in bigger magazines, such as: Raw, Kerrang, Metal Hammer, Metal Forces... DESCRIBE YOUR MUSIC !

-- How the LP sounds can people hear themselves, but I could always tell how next LP will sound... The main part of it will have the same style as before, but more creative and much more developed. The tracks has more character and color on the new LP. The tracks differs more from the earlier. We have also tried out some more original stuff, much more original style.

PROBLEMS ?

-- Problems ! Usch yes, ack och ve... Erik has moved home to USA with his family, so now are we missing a bassist. Peter has problems with his health unfortunately, unfortunately... The fatal result is that he doesn't feel ok for a whole tour, he will play on the next LP, but Kristian (Ex-Grotesque) will take over and play on the tour. If it turns out so he fits in very well, he will be a permanent member, but we need as I said before a new bassist, so if anybody feels to be the right person can he (or she !?) call and announce to me and then we'll see who's getting the shortest straw... ah, forget about the last. Ring (Telefonkatalog har ni) eller skriv bara. The-

rion finns för övrigt på två ställen i Gula Sidorna, både under (extremt) "Oljud" (på tillsynes meningslös motivation) och "Fåntrattar", så det är bara att välja vad som passar dig bäst kära kund... eh, va ? Börjar spåra ut nu va ? (Jag tror det...-Ed.) ARE YOU SATISFIED WITH YOUR EARLIER RELEASES ?

-- No, the tracks was ok, but in a repulsive way. Some of the demo tracks is recorded on the LP, so we have made them better... Two of tracks on the M-LP was in good shape, so we just re-mixed you might say. The other two was needed to be recorded again.

DO YOU HAVE ANY FILTHY THOUGHT THAT YOU ALWAYS BEEN THINKING OF ?

-- Yes, I've always wondered how to feel the differens between the asshole and traditional hole, if you take a woman in total darkness, so you absolutely don't see a shit(-hole). Cause she could be very tight, but untight in the ass (she might have sat on a standing baseballthree sometime), how the hell are you supposed to notice the difference, so you don't gör röva hennes på smällen ? I'd better call Dr Baltazar and ask... (Eating pussy doesn't taste so bad, but...-Ed.)

WILL YOU REMAIN ON DEAF REC. ?

-- No, we only signed for one LP. Now we have contract with Active Rec.

FAVEZINES/DEMOS/LPS ?

-- Slayer Mag, Morbid Angel:Thy Kingdom come, Celtic Frost:Into the Pandemonium.

INFLUENCES ?

-- Since the last halfyear have I only had two influences, Uli Jon Roth and Celtic Frost (Celtic has always been my maininfluence in all times.)

WHY DEATHMETAL ?

-- Very simple to answer, it feels right. I write such songs spontaneously. When I write songs I don't sit down and decide before. My best ideas comes on busses, trains, in the shower, on the toilet etc. When I hevn't got any guitar I write it down on a piece of paper, so I have always got alot of notes in my pockets.

SAY SOMETHING FUNNY !

-- Alla barnen hade grillfest, utom Jonny, för det var hans ponny ! (All onanerade, utom Inger, för hon hade inte ett enda finger !-Ed.)

MOTTO ?

-- We haven't got any speciall motto as we often tink of, cause you say that our motto is "Ge järnet, fast så originellt som möjligt".

WHAT DO YOU THINK OF THE SWEDISH SCENE?

-- Usch, why does all zines have to ask that ? (It's standard...-Ed.)...

Well, I think there are too many bands, there are more bands than listeners, and then something is wrong, I think. Plus 75% of the bands are just boring copies of the other bands, of course there are good bands too, and they are, in my opinion, Grotesque (R.I.P.), Grave and Sorcery. Other good bands are At the Gates, Authorize, Epitaph, Excruciate, Macabre End, Tribulation etc. WHAT DO YOU THINK OF THE PEOPLE WHO SHOT YOUR SHOWS ON VIDEO AND THEN SELL IT ?

-- I don't care at all. Anyone can tape us if they want and if they then sell it is none of my consernings. Since there is no official video on Therion available yet, you can't expect anything else than that.

HOW MANY LPS HAVE YOU SIGNED FOR NOW ?

-- We have now signed for 3 LP's. The new LP will soon be recorded.

HOW HAS THE LP SOLD ?

-- Unfortunately I haven't got any numbers on the sales from the label yet. We wont get that until the end of September. The only thing I know is that it's selling good.

WHAT'S GOING TO HAPPEN WITH THE DEATHMETAL TREND ?

-- The trend will probably die (and all "copy-bands" too.) within 1-2 years I think but the original bands with their own style will survive and get even bigger.

CENTINEX-END OF LIFE

Well, Centinex is a new death/grind act from Sweden of course. And this is their second demo. They play some sort of death/grind and they remind me about Autopsy and Napalm Death. The members are:Mattias Lamppu:vox, Lasse Eriksson:vox, Andreas Evaldsson:guitar, Martin Schulman:bass and Per Guselius:drums. There are 4 songs on this demo and it's recorded in Sunlight Studio so the sound is good. If you want to buy this demo the price is 20 Sek + postage or 5-6 \$ (I think) From this address:

C/O Martin Schulman, Wingvists gata 6, 776 00 Hedemora, Sweden

HETSHEADS-REMONSTRATING ...

This is also a quite new band but they was formed in August 88 but then they played hardcore but after they changed their music style to death metal. The members has always been:Atte:guitar & vox, Stabel:guitar, Fredda:bass and Freiman:

LAST COMMENT !

-- Bassist shall hear of themselves to me and you shall only shut the fuck up (what I really ment was that you should have a thank for the interview, but I have to think about my image !). Thanks for me...

Therion, Hästhagsv.26, 19452 Uppl. Väsby, SWEDEN

CRYPT OF KERBEROS-FROM THE ABYSS

This is Crypt of Kerberos first demo and it features 3 trx of heavy and slow deathmetal. All members except for the guitarist Johan played in Macrode before. I'm not so much into this kind of of deathmetal, but this feels pretty nice anyway. I think you wont spoil your 4\$ if you send them to:

Crypt of Kerberos,C/O Micke Sjöberg, Trastvägen 9D, 633 49 Eskilstuna, Sweden.

NOTHINGNESS-WILL HUMANITY ... DIE ?

This fabulous Crossoverband has now released this, the second, demo. I don't know if this is Crossover, but it's a mixture of Thrash and HC, and it's certainly one of the most original styles I've heard. With the demo comes the most fabolus cover I've seen, in full-color of course. The demo contains following 7 tunes: "Love Cries", "Burn the Cross", "The Freak", "Control Yourself", "Will Humanity...", "Can you make(peace with Guns?) and "State of War". This band is original and most of all great ! Buy this demo for only 4\$ at this address:Nothingness,c/o Laurent Moulis, Imp. des Asters,84310 Morieres, France.

drums. There are 4 songs + an intro on this demo and sometimes they remind me a little about Pestilence but more brutal. If you want to order this brutal masterpiece the price is \$ 4 and \$ 5 (overseas) from: C/O Jocke Stabel, Sköntorp-sv. 120, 121 65 Johanneshov Sweden

RIGID DOMAIN-DEATH'S JUST ANOTHER WHORE BITCHIN' WITH MY LIFE !

Rigid Domain comes from Denmark and what's most speciall with this band is the female singer, and she makes Sabina in Holy Moses go hiding ! Yes, this is speed metal, and it's real good too ! The sound on this demo doesn't exactly rule, but it's OK. If you think this is something like Holy Moses your high, cause this is good ! This demo is sold out, but you can try sending a tape + 2 \$ for postage and cover, to:Rigid Domain,Poste Restante, Odense 3,Denmark. More interesting to read about this band in the interview.

TEMPERANCE

Here is an interview with Temperance. And they have now changed their name to Temperance and they also got a new bass player, so the line up is now: Fredde: guitar/vox, Janne: bass and B-hång: drums. Well, here's the interview with Fredde!

WHY DID YOU CHANGED YOUR NAME?

-- Well, we have thought about it a long time but never got the right time to do it, so when we replaced our bass player and got closer to the new demo recording we felt the time was just perfect! And we feel that Temperance is a hell of alot better and a much more original name than No Remorse!

WHERE DID YOU GET YOUR NEW BASSPLAYER AND WHAT HAS HE DONE BEFORE? AND HOW IS IT WORKING WITH JANNE IN THE BAND?

-- Janne is a good fiend to us from the beginning (Especially to B-hång) so we know Janne quite well, before he joined the band. I don't know really what he have done before, but he have defiantly not played in a band before thats for sure! And to be honest it working out really good with Janne. He is a real good bass player and a cool guy, so it's just cool!

TELL US ABOUT THE DISTRIBUTION WITH: SKULLTHRASHER, S.A. BUCHER AND MOSH PIT?

-- Well, Skullthrasher is the most important contact actually. Cause he's going to promote our new tape all over the world (Especially to mags and stuff) but ofcourse he will also distribute our stuff too. S.A. Bucher is arecord company in France that will distribute our stuff in the future and Mosh Pit is also a record company in U.S.A. that will distribute our stuff from now on. And they are all real cool to us, so we think it's a great help we got from this ones!

HOW MANY GIGS HAVE YOU PLAYED SO FAR AND HOW WAS IT BEEN AND WHICH BANDS HAVE YOU PLAYED WITH?

-- I guess we have done about 15 gigs the latest year and the most them have been really great except some gigs that had a lack of people, but generally it have been really great! So far have we played with bands like: Prestige, Valcyrie, Fallen Angel, Thrashholes, Damnatory, Equinox, Count Raven, Witchhammer, Hyste'riah G.B.C., Zoodom Death (Gods!), Lifeless Image and some more...

HOW MANY ZINES HAVE YOU BEEN FEATURED IN SO FAR?

-- Too little! We have not recieved a half of all the stuff we have send away, but I guess it's the same thing for all bands around. There are too many fuckers in the underground that only talk without doing something. And all this rip-off shit is bullshit! You can read on every flyer that there is no rip-off but in the reality there's alot of them! So fuck all those bastards that only talking shit! But anyway, we have featured in alot mags and stuff anyway so to all of you that have supported us so far: tanx alot, you are the underground you rule!!!

WHAT UNDERGROUND ZINES/BANDS DO YOU HAVE?

-- Well, there are lot of good bands in the underground and also alot of good zines too. Personally I haven't read so many zines, but I think that Morbid Mag is a real professional mag. Also Iron Pages and Phychomania and some others. Actually I don't have any favourites bands at all cause I think evey band have some good to offer. But what I've heard I really like: Fallen Angel, Intoxicate, Solitude, Sindrome, Domine, Maple Cross, Divine Sin, Thrashholes and some others too. But if I had to pick out a demo I have defiantly chosed Entombeds "But life goes on" that one is a real powerful killer I think!!!

WHAT DO YOU THINK OF ALL SPLATTER AND SATANISM THAT IS SO POPULARY THIS DAYS?

-- I feel about that shit what I've always been feeling! I think it's real rubbish to include Satan-

Continued on next page!

ism and that sort of stuff in music. I mean look when Venom came with that devil shit back in early 80-ies, everybody lauged and at them and said that is just a stupid image! And then it disseperead and noone cared about that sort of stuff. Then all of sudden it's start to be popular again and everyband start to write about Satan and gore again. I think it's a bad joke the whole thing. But if bands like to use this sort of stuff I don't blame them, cause it's up to evey person himself, but I avoid that sort of things!!!

HOW HAVE THE RESPONSE BEEN ON "WAKE UP..." SO FAR AND HOW MANY COPIES HAVE YOU SOLD?

-- The response have been quite good actually, but ofcourse there are alot of people that are into death metal and stuff that don't like our stuff. But we have got a good reaction on our first tape so we don't complain. I don't know how many copies we have sold, but we have 800 tapes out now and I guessthat about 400 of them are sold copies so that's not bad for being the first tape I think!

WHEN WILL YOU HIT THE STUDIO AND RECORD YOUR NEW TAPE AND WHICH TRAX WILL BE INCLUDED?

-- We will go into the studio as soon as we have finished our last work one the trax that will include on the tape. We weren't quite happy with it so we rearranged alot. So know it's like a whole new songs actually, but we have some work left to do, so I guess when you read this we will be in the studio (Hopefully) and about the trax that will be included we have decided that it will be 3 trax included that's all I know so far!

FAVE BEER?

-- With a doubt: Slitz beer! That beer got everything, try it! But infact every beer is a fave as long as you get drunk on it, he he.

YOU SOON GOING TO FINLAND TO DO A MINI-TOUR, TELL US ABOUT IT?

-- It will be 3 gigs (I guess) in late July, and we will do the gigs with the Finnish band Maple Cross. One of the gigs is already booked and it will be on a big metal festival and it will be about 10 bands on that festival I guess, so it will be real cool to do this!

WHY DO YOU THINK IT'S SO MANY DEATH BANDS IN SWEDEN?

-- I don't have another explanation than we have a trend in this country and death metal seems to be the name on it. Actually, I don't care about this trendy style cause it will in time dissepere and only the strongest bands will survive like always in trends. I guess that Entombed, Unleashed, Edge Of Sanity and some others will leda the death metal thing from Sweden, most of the others will probably dissepere in a couple of years. Maybe I'm totally wrong! I don't know there are alot that like death metal, so maybe it will survive. But I guess it will be the bands that is the biggest today in d.m that will survive, time will tell!!!

FUTUREPLAN?

-- To play as Temperance til the dying days! Do this tape, do more gigs, drink moore beer, growing our hairs and to be anti to this society and all trendy faggots (Especially in Växjö)!!!!!!!!!!!!!!!!!!!!

YOUR MOTTO WITH THE BAND?

-- To stay healthy and be willing to play as Temperance as long as we live! And hopefully someday we can live on this shit and to drink moore beer!!!!!!!!!!

LAST ADD?

-- Well, I would like to thanx you Nicke for interview us again and for coming to our gig in Växjö, it was really cool (Visst fan va de det-Ed) I also will thanx you patiently readers that have read this interview and we hope that you will contact us and check out our new tape that can be ordered from our address for 5 \$ all over the globe See you and good bajs!!!!

MACABRE END

Here can you read an interview with the Karlstad Deathmetalers Macabre End. The line-up is Per-Vox, Thomas-Bass, Nicke-Drums, Jonas-Guitar and finally Ola on guitar as well. Ola and Per has answered this interview. P=Per, O=Ola. Let's kick off...

WHEN WAS MACABRE END FORMED ?

P- In late '88, under another name and musical direction. The embryo of Macabre End was given birth (?) in Feb-Mar '89. Who Cares ??

HOW HAS THE RESPONSE ON THE "C.B.D." DEMO AND THE 7" BEEN ?

P- The response has been great, we have almost not heard anything bad about it... There has been a few 'zines who has been critical, but in a very unconstructive way. For example a 'zine said that we had no musical abilities at all, another stated that we sounded like a noise band from South America... Well, after 100 good reviews I guess I can put up with a few shitty ones as well. The demo was only copied in 100 ex, and mostly were spread to local friends. I don't know how the EP is selling, but the 200 ex we got was sold out real quick (We haven't got time to make flyers !)

ANY NEW DEMO TO BE RELEASED SOON ?

P- No, but maybe an EP on Relapse Records, if they can cope with the "small" arrangements we did in their contract. Also they will only release EP's with bands they intend to release full length records with later, something we haven't agreed on at this stage. Anyhow, some new trax are: "Lost", "Into Nowhere", "In Grief" (EP trax), "Ashes of Mourning Life", "Life's Verge" and "Blood Breed". If Relapse

refuses our changes in the contract we'll release an EP on another label, we have gained interest from alot of small underground companys the last year, that's cool...

HAS ANY RECORD LABELS SHOWN ANY INTEREST IN YOU ?

P- Jepp, but we'll wait, we're not mature enough yet, if you ask me. Also I want stuff to chose from if we would get to release an LP.

TELL ABOUT THE MEMBERS AND YOUR 'ZINES !

P- Oh, det får Ola göra... O- We're all nice boys who drinks lemonade every day! About our 'zines: Per made a 'zine called "Senil Nekrofil" with only two issues out, but nowadays he's doing a 'zine with Jonas.

Jonas made a 'zine called Ripping Slaughter with only one issue out, and I (Ola) am doing a 'zine called Suppuration with at this moment only one issue out... (You forget Ola that you're also doing a 'zine called Grodpiss with 3 issues out, and it's a punk 'zine.-Ed.) FAVEBANDS/'ZINES !

P- Well, these are my personal favourites, so I speak fro myself. Bands: Devourment (R.I.P.), Carnage (Swe, and only the demos), Massacre, Repulsion, old Necrovore, old Death, Nocturnus, Trouble, King Diamond, Hellhammer/Celtic Frost, Obituary, My Dying Bride, Cathedral, Nihilist (2nd and 3rd demos only), Bathory, Deathstrike, Devastation, Funebre etc. Also bands like Curve, In the Collonades,

Grave is one of Swedens most well known underground bands, also one of the best. Their music is original. I really look forward to hear their debut LP on Century media rec. Get all stuff you can with this band !! Here's an interview with Jörgen:

Stillborn, Union Carbide, Bleach, Birdland, Ride, Sonic Youth, Tad and Dinosaur Jr. Slayer is gods. 'Zines: Slayer Mag, Filthnoise, Träsket Glöder, Peardrop, Blood Shed, Maga Mag, Mutilation, Gore Death, but all 'zines are really cool, this is just to name a few. Thrashing Holocaust måste va bra om vi ä med, he he ! O- There are so many good bands and 'zines, but here are some of 'em, bards: Carnage (Only their demos), Nihilist (2nd demo), Devourment (R.I.P.), Furbowl, Massacre, old Sarcophago, Obituary, Madonna, Danzig, The Charlottes, Ned's Atomic Dustbin, Samael, Rotting Christ, Discharge, Acheron, King Diamond, Celtic Frost, Winter, The Sisters of Mercy, Fields of the Nephilim, Paradise Lost, Autopsy, Devastation (R.I.P., Chi), Xysma and lots of others. 'zines: Sl-

ayer Mag, Träsket Glöder, Blommor, Sömn, 7 års Olycka, Never Believe, Crystal Logick etc.
DO YOU LIKE SPLATTERFILMS ?
P- Yes, a few ones are cool like for instance Necromantik, Faces of Death, The Texas Chainsaw pt1, Hellraiser, Nightbreed, Redneck Zombies, Maniac, Absurd 1-2, all gory Fulcis, Dawn of the Dead, Argentos orgys, Cannibal Holocaust, Cannibal Ferox, Evil Speak, Thou Shall not Kill ... Except, Truth or Dare, A critical Madness, Intruder and Slaughterhouse.
O- I think they're quite boring. I'm mostly into satanic horror films, but some splatters can be good, like: Nightbreed, Hellraiser, Hellbound, Re-Animator I+II, From Beyond, Troma's War, Phenomena, Nekromatik+ more...
DESCRIBE YOUR MUSIC !
P- Funeral Procession tunes, Post Mortem Music, Mour-

ning Melodies with a slight deathwish, calls to the open gates for the forgotten Dimensoins- with a touch of screams from the departed spirits, which drowns in the mighty ABSU. Or you could call it deathmetal.
WHAT'S YOUR LYRICS ABOUT ?
P- The end of life, and the sadness left behind- I think that some titles speak for themselves; "Life's Verge", "Ceased to be", "Leave the Existing", "Nothing Left", "Key to the Door of Eternity", "Taerdrop"- all those are not completed songs- maybe they never will be, just idead of mine.
WHY DO YOU THINK DEATHMETAL HAS BECOME SO POPULAR ?
P- Just because it's a trend, what else ??? All trends are popular aren't they?
DO YOU LIKE ROCK-OLGA ?
P- En äkta röjar kärring, hon spelar väl deathmetal snart som alla andra...
O- She's the girl I wanna marry !!
FUTUREPLANS ?
P- More rehearsals, more grief, more bestial invasions- and definitely more heaviness...
MOTTO ?
P- Att bli inspirerade av Carnage och Devourment så mycket som möjligt- vilka band spelar i den stilen förutom Finlands gudar Funebre ??
O- Var man äter sin egen bajs...
LAST ADD !
P- Nej.
O- Thank for the interview and good luck with Thrashing Holocaust. I can't wait to get my sweaty hands on it ! If anyone is interested in buy our EP for 5\$(Europe), 6\$(Elsewhere). Fell free to send interviews, but don't forget to enclose two IRC's for answer, cause we're always broke. Write to: Ola Sjöberg, Åkerg.10, 660 50 Vålberg, Sweden.

MORTUARY

This is an interview with the French band Mortuary. They're playing thrash and does it good too ! The line-up is: Patrick-Vocals, Jean Noël-Bass, Jean Paul & Gilles-Guitar and Guy-Drums. Patrick has answered this interview !

HOW DO YOU FEEL TODAY ?

-- We feel good now, cause the demo has sold well, we have sold 500 copies. For now and for a 1st demo it is a good thing, and we are preparing for new brutal songs for our next demo.

FAVEBEER !

-- We like all kind of beer, like Ecu 28, Pelforth, 1664, Carlsberg and Danish beer. Great ! (No publicity, sorry!)

MOTTO !

-- Death 'til Death !

WHAT'S YOUR LYRICS ABOUT ?

-- Lyrics speaks about a lot of things; macabre surgery, morbid thoughts & belief, reincantation, society, and all facts, belief on death, nine months to life, seventy years to die !

DESCRIBE YOUR MUSIC !

-- It's hard to say. I think I might call it Thrash only, but with brutality and hate in your rotten minds. Die to the posers !
TELL ABOUT THE GIGS YOU'VE PLAYED !

-- In a show we try to be as brutal as possible. If you're brutal on stage the crowd response gets better. It's the only reason to be !

TELL SOME BIOGRAPHY !

-- We were born in March '89, we have recorded a demo called "Below the Marble", with a colour cover, we like to play, play and play !! We have had more problems with our rehearsals, cause in France it's very hard to find one ! Politic of Shit !!!!

JEAN-NOEL, GILLES, PAT, GUY & JEAN-PAUL

IS THERE ANY RECORD LABELS WHO HAS SHOWN THEIR INTEREST ?

-- Not for now, just a letter from Peaceville records only.

DO YOU HAVE ANY MORBID STORY TO TELL ?

-- I think we repeat in a morbid rehearsal, cause it smells of wet and putrid corpse from the ground, for us it's an excellent motive to repeat there ! Ah ! Ah !

HOW'S THE FRENCH SCENE ?

-- The scene in France is bigger now and there are good bands like: Merciless, Asshole, Shud, Decomposed etc. They really kills you know ! But relation between some bands are bad, it's a pity for the Thrash scene in France.

FAVEBANDS/INFLUENCES ?

-- It's hard to say, we have no influences, but we listen to many bands we like, such as: Morbid Angel, Nocturnus, Massacra (Gods !), Invocator (Gods !), Malevolent Creation (Gods of Gods !), and all kind of thrash like: Forbidden, Incubus, Death Angel, Faith no more, Classical music, but no fuckin' rap or Acid, cause this music is the death of this one !

ARE YOU SATISFIED WITH YOUR DEMO ?

-- Yes, I think ! We're going to try to sell more again ! Buy our demo !!!

WHAT DO YOU THINK ABOUT SATANISM ?

-- Personally, I hate satanism, but we must respect the religion of each humans thoughts and desire !
SAY HELLO TO SOME FRIENDS !

-- I want to say hello to all bands we played with our written to, and hello yo our friends of No Remorse (New Gods !) and all brutal deathrashers from everywhere ! Keep the faith in what you do !

LAST ADD !

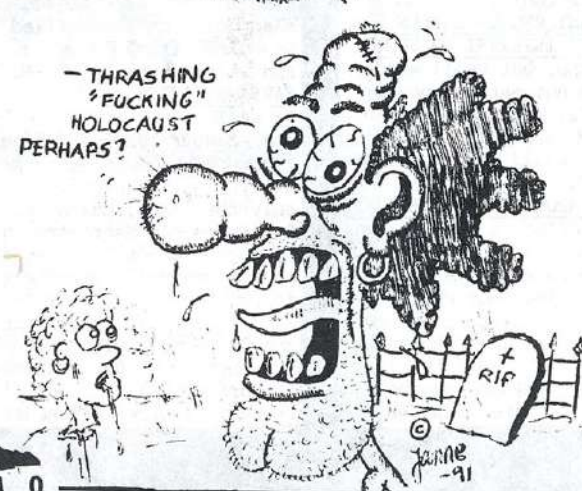

-- I would like to thank you Henrik for your interview. Thanx again for all. We are ready to answer your letters, don't hesitate, your friend Patrick ! Buy this 'zine help the underground !! Future will see !! bye ! We fuck Wild Rags !!!!

WHAT GETS A MAN MORE EXCITED THAN GETTING THE DICK SUCKED ?

-THRASHING "FUCKING" HOLOCAUST PERHAPS?

HYSTE'RIAH G.B.C.

Hyste'riah G.B.C. comes from Helsingborg and they play Thrashmetal in an original way mixed with many types of music. Hear can you get to know Hyste'riah G.B.C. a little bit better. Tom Hallbäck has answered the questions.

HOW DID YOU PUT HYSTE'RIAH AND GOD B.C. TOGETHER ?

-- Well, we've been together for nearly 2½ years now with the same line-up since the start. Hyste'riah were searching for a competent drummer which they couldn't find, so Jerry tried to get me into the band, since we were having some small problems too. Anyhow, we finally met up, jammed and put our bags together and it turned out great. The reason we didn't go for one of the names or totally new name was that we felt that it was a mix of both, and we were gonna play the older stuff as well as the new stuff we were already writing. We just shorted the name to Hyste'riah G.B.C. instead of Hyste'riah God B.C. which it of course stands for !

INFLUENCES/FAVEBANDS ?

-- I listen to a lot of different stuff like Elton John, Motörhead, Pink Floyd etc., so it's not just thrash and stuff like that. Klas and Jerry listen to some different music too. I think everything you listen to have an influence on you without you knowing it.

HOW MANY GIGS HAVE YOU PLAYED AND IN WHAT COUNTRIES ?

-- We've been playing gigs since '87 in Sweden, Denmark and Finland. We're on the way to Czechoslovakia in August and later this fall we'll be on a Euro tour on Hellhound, hopefully !

LINE-UP ?

-- Our line-up today is me, (Tom Hallbäck), Klas Idenberg and Jerry Kronquist. We're looking for a new singer right now, so if you feel you could be the one, drop us a line !! Klas is a blond mother fucker who usually pukes, Jerry is a caveman and a megawimp, and Tom is just great ! (Humm). (bloody egotripped son of a bitch-Ed.)

DESCRIBE YOUR MUSIC !

-- It's both easy and hard. It's thrash or rock'n roll with doom, rock, blues, speed etc. A lot of different stuff. I am not the one to label the music ! Just as long as people like the music it's great ! But we're not deathmetal, and thanks god for that !

TELL US SOME ABOUT YOUR FORTHCOMING ALBUM !

-- The new album is called Snakeworld and it's out when you read this, on LP and CD. It contains seven lovesongs that are very hostile !! We recorded the fucker in Landskrona at the same place where we did the God B.C. album. Klas And I produced it and we re-mixed it a couple of times too. We were in contact with Hellhound rec. from Berlin and we were babbling with them about the contract for quite some time and we signed with them in late September '90. when one of them came over here and gave us lots of beer and jaegermeister, T-shirts, CD's etc !!! The album will be out in Europe and distributed through SPV in Germany and some other countries. All the songs are great so get a copy of this excellent piece of rock music ! Musicians on the album are me, Klas and Jerry. Ray did the vocals and Manck from God B.C. did two of the solos.

WHY THE TITLE SNAKEWORLD ?

-- The album was way back supposed to be called God has sent Us, which Jerry came up with, bad as that was a terrible title and the album was delayed when we told Wild Fags to fuck off so we changed the title to Snakeworld and it's a title I'm very satisfied with ! The title suits well with the lyrics also and we live in a fucking Snakeworld too don't we ?

WHAT DOES YOUR LYRICS DEAL WITH ?

HYSTE'RIAH G.B.C.

-- Everything from vegetable stealing arabs to coffee drinking Jehovas ! Anything as a matter of fact. We're not stuck with a certain thing that we have to write about all the time. Most of my lyrics comes right out of my head so it doesn't take very long for me to write a song. A song like "Land of Democracy" is about this country has become now by everything. Some people are afraid to view their thoughts and write or talk about it, but we do what we wanna do and that is it ! We fight for ourselves !

WHAT DO YOU THINK ABOUT THE DEATHMETAL AND THE GENRES FUTURE ?

-- I'm not into deathmetal at all because deathmetal is the kind of music which bands singer, guitarist, bassist and drummer could change places without anybody notices it ! I'm sure there's a lot of

good death bands, but as long as people start their songs with a growl I turn it off ! That was funny 10 years ago, not now ! Hopefully people will realise that it's a matter of playing well and not scream like a fucking sliced carrot !

LAST ADD !

-- Thanks a lot for reading this ! Feel free to contact us or Hellhound rec. for info on gigs and merchandise. Please, enclose an IRC or 2 for sure reply. If you can't find the Snakeworld album then contact us; The Snakeworld album is available for Scandinavians for: LP 104 SEK, CD: 110 SEK. This includes postage and packing, all orders must be paid in cash and sent to the following address: Hyste'riah G.B.C., P.O. Box 5092, 250 05 Helsingborg, Sweden. Keep your head held up high ! It's time to fight for ourselves !

Since Karlén hasn't got more brains than a 75: a he answered this interview in Swedish, so I had to translate this. I don't think there is much more to say about it, so Karlén has answered this interview:

HELLO KARLEN HOW DO YOU FEEL TODAY ?

-- Yes, thanx, I'm getting a little horny on my 75:a. It's only one problem, I mis-

sed last part of MacYver, Fan !! MacYver will be in the studio when we record the new LP, cause if anything breaks he will shit in the blue cupboard !!

TELL SOME ABOUT THE NEW LP !

-- We will record it in June, it is all booked now, it's going to be in Sunlight. We haven't got any bigger feelings for recording it there, but there is no be-

ter studio in Sweden, so we just have to record it there. We sounds a bit different now than on the first LP, we have more power now. We have signed on C.B.R. for 2 LP's. Some of the songs on the LP will be Mind Possession, Shadows of fire, Branded by Sunlight, The Treasure Within, Art of Horror.

INFLUENCES/FAVEBANDS ?

-- We try not to get influenced by others, but we listen to bands like Unleashed, Slayer, Immolation, Autopsy, Mayhem, Motörhead, Voivod, Sadus, Bolt Thrower, Entombed, Bathory, Kreator, Destruction, Tribulation, Iron Maiden, Morbid Angel.

HOW'S IT WITH YOUR BAJSTRÄNNERI ?

-- Last time I were there had my staff mismanaged, so I had to kick Sivan, Bempa & Harna. So now I have to burn shit on fulltime. But any bankruptcy wont it be as long as I am a great consumer !

WHY ARE YOU SO FUCKING GREAT ?

-- I can't say so about the first LP, but the new I hope will be great !

WHAT'S YOUR LYRICS ABOUT ?

-- Anal vibrators and sodiak blindstyre.

Ha ha ! No, I'll try to be honest. It's about what Rogga thinks. The titletrack will be The Treasure Within. It's about us thrashers and that people can think what the fuck they want, but we always have our music and that can no one take from us.

WHAT DO YOU THINK OF DANCEBANDSMUSIC ?

-- Dans ala bajs is nice if you bajs at the dance floor, fuck disco and let Vikingarna plunder !

FAVEBEER/BOOZE ?

-- All fits to me ! Booze and don't lose!

HAVE YOU CHANGED RECORD COMPANY NOW ?

-- Yes, we have C.B.R. now !

LAST ADD !

-- Thanks for the interview. Do what you want, tomorrow could it be to late ! Watch out for our new LP, cause it has got a hole in the middle !

1st demo, "Mourning September. A new in a few months. Their music is becoming very brutal doom/death. A band to watch out for all over the world ! Christben't: Formed in October last year. Play brutal grind with influences like Carcass, Terrorizer, Entombed, Pungest Stench, Godflesh etc. Have a live tape out. Will record a 12" for some label and will have a demo out in the not too distant future.

Persecution: Formerly known as No Remorse, back then they played speed, but now they play death. Have a demo, "Tortured Existence", but hope to an EP soon and the music should be and more grungier. Have had drummer hassles for a while, but it's all sorted out now, and are playing their first gig for over a year soon.

Abyss: Play brutal deathrash. Have an official rehearsal out. Abyss includes three members from Necrotomy. A demo soon and haven't played live yet.

Crepitus: Just split-up.

Melbournes future looks promising with young bands like Anatomy + Damnatory coming up.

Anatomy: Play deathrash in the vein of Sepultura+Death. Released a demo at the start of the year, "Dark Religion". Have a very brutal vocalist. Damnatory: Haven't released anything yet, but play a lot of gigs and are fast becoming one of the most popular bands in Melbourne. Play grind + some covers of the likes of Carnage+Bolt Thrower.

Spectral Birth is a 2-piece who have 2 demos "The Turbulence"+"Raze". Play deathmetal, but of course can't play live.

The scene in Sydney is really fucked. Sydney used to have the best scene some years back, but most of the bands split-up. It's mostly thrash there. There is a grind band called "Eulof", who play stuff in the vein of Napalm death.

Frozen Doberman is about the only active band in Sydney at the moment. Sold out their demo, have done lot's of touring and just released an EP.

White Trash: Not long after forming did lots of gigs + tours and a demo and a track for a compilation LP. But aren't up to much at the moment, just sacked their singer. Adelaide has 2 main deathmetal bands, Martire and Sarcophagus.

Sarcophagus: Just released a reh./demo, but will have a studio demo soon. They intence/brutal death + some covers of Terrorizer + Cannibal Corpse.

Perth has one deathmetal band, Rupture, who play doom/death/Nihilistcore. Have a demo called "Mass Slaughter Everyone".

Canberra has Armoured Angel, currently Australias most popular thrash/death band. Have 2 demos, "Wings of Death", "Communion". Their music could be described as some where between Celtic Frost and Bolt Thrower.

Walpurgisnacht are a satanic deathmetalband, and will hopefully have a demo soon. There is also a fairy mayhem deathrash band in Canberre called Mortuary. And some young bands like Malidiction.

Brisbane has never really had any good death bands, but now there is Blitzkrieg, who play deathmetal and covers of Deicide, Death, Obituary, Sepultura etc. A demo very soon. Also rumor of a new band starting up there, Carcass/Righteous Pigs style. And another new deathband is called "Black Plague".

Anyway, that's about it in Australia at the moment. Watch out for Necrotomy and Disembowelment, they're gonna take over the world !

Thanx alot for this Patrick, and to all others: support his 'zine:Ggrrooarrhh'zine ! see flyer !

AUSTRALIAN SCENEREPORT

First I'll start with Melbourne.

Melbourne is fast becoming one of death/grind capitals of the world, with lots of great bands.

Necrotomy: play full on grind mixed with some doom. Released a demo late last year, "Cranil Dismemberment", the production wasn't too great, but the music fuckng killed. They are known as Australias answer to Carcass. A new demo from them in late June '91, "Oretic Awakening". Also play some covers of Righteous Pigs, Napalm Death, Carcass, Godflesh, Entombed...

Acheron: play death/grind. Released their first demo in early '90, "Eternal Suffering". Just released a new EP. Gigging actively around Melbourne, with plans to tour to Brisbane and Adelaide.

Disembowelment: Just completed their line-up troubles by recruiting Tim of Archenon on bass. They previously Dean to Necrotomy. Just recorded a track for the MBR records compilation, which will also feature Theron, Unleashed, Cadaver, Crematory, Rottrevore + others. Just sold out their

SJØLMORD

...is a HC band from Holland. Their music is great and harmonic ! The Line-up and helluva lot more can you read about this band in the interview below answered by Stefan:

HOW DO YA FEEL TODAY ?

-- Pretty good, we've just finished our demo "Buck'em Danno !", and it has got 6 pretty good (we think), brand new songs.

IS THE HARDCORE-SCENE BTG IN HOLLAND ?

-- We don't really know that much bands actually, but there are quite a few. We know Blatant Yobs, Aarchrust, BYOB, Cry of Terror, Demolition 4 and some more, all of those are very good bands.

IS THERE ANY RECORD LABEL WHICH HAVE SHOWN THEIR INTEREST ?

-- No, not yet. With the new demo we're trying to get attention of a good record label. We'll just work hard and see.

TELL A LITTLE ABOUT YOURSELVES IN THE BAND !

-- Well, I'm Stefan, the drummer, and I work in a club called "The Beast". We organize concerts from rock to New Wave to reggae to Hardcore, almost everything. Our singer is Djoez, he works in a factory which makes lightbulbs and stuff. Freek is our guitarist, he's a bus mechanic. Together with Djoez he has one hobby: Brewing beer (and it tastes good too !). Fred is our new bass-player, he is unemployed at the

moment. He's a big horror-fan. The things we like to do most is making music and visit concerts. Also we like to party a lot !

INFLUENCES/FAVEBANDS !

-- I don't know exactly which bands we're influenced by, we just listen to a lot of bands from all kinds of music, and tries to make a sound of our own. Favorite bands include No Means No, Voivod, Dead Kennedys, Suicidal Tendencies (first album), Bolt Thrower, Bad Religion, All, Germs (first Hardcore band ever), Kinghorse, Thin Lizzy, Dinosaur Jr., Jesus Lizard, etc. etc. etc.

HOW HAS THE RESPONSE BEEN ON YOUR RELEASES ?

-- The response has been excellent, better than we expected. But it's really hard to get known as a Hardcore band in a time when everything

you hear is Death metal and stuff like that. **TELL SOME BIOGRAPHY !**

-- We have existed for 4½ year now, and we love playing the music that we do. That's all I guess !

HAVE YOU PLAYED MANY GIGS ?

-- We've played 40 gigs so far, but it's getting better and better. April and May are booked full, almost, so it's a promise for the future.

WHAT'S YOUR LYRICS ABOUT ?

-- The lyrics are about almost everything we experience in our daily lives. They're told in an absurd way, so humor is essential to us. Some subjects we (Djoez) deal with are: dope, the Gulf war, tequila, incest, some really stupid T.V. shows like Geraldo, ego-trippers, etc. etc.

limits. In hardcore you can do whatever you like. The only thing that really pisses me off are some straight-edgebands who think their own opinion is the only really right one. Let everyone think what they want (except the rascist/fascist motherfuckers), and don't attack people because they have a slightly different opinion then you have.

WHAT DOES "SJØLMORD" MEAN ?

-- Sjølmord means nothing, actually. It's supposed to mean suicide in Norwegian, but we're not sure about that. It just sounds right.

DO YOU GET INSPIRED BY HORROR-MOVIES ?

-- No, we don't get inspired by horror-movies. **TEEL ME A LONG MORBID STORY !**

-- You should read the "Dead Girl"-lyrics. It's about a little girl who gets gassed by her parents for doing something she shouldn't have done. It's a real morbid story. **HOW'S THE FUTURE FOR HC ?**

-- I think there will always be a future for hardcore, as long as bands keep on trying to be original. The big Advantage Hardcore has is that it has got nothing to do with trends, so there are not that many

SAY HELLO TO YOUR FRIENDS !

-- I'd like to say hello to everyone who likes our music and supports it, we need your support. **LAST COMMENT !**
-- Thank for your time and place in your 'zine. Peace, Love, and stay Hardcore minded.

ASH

comes from Gävle in ay deathrashdoom ! Together for a year. Kalle-Vox, Mackan-Guitar and Björn-Drums. The band is no looking for a second guitarist. They have had a couple of second guitarists on try, but none did fit in. The band has played 4 gigs. They're going to play a gig the 27 August with a couple of other bands in Gävle. They are about 16 years old, so they're pretty young. They will record a studiodemo as soon as they have found a new guitarist, until then send an empty tape for recording some tunes to: Henke Brannerydh, Duro.v. 41B, 803 28 Gävle, Sweden...

NECROPHOBIC

Necrophobic comes from Stockholm, Sweden and they were founded in 1989. Their debut demo was recorded in march 1990. It was called "Slow Asphyxiation" and all 500 copies were sold out. After this they were featured on Witchhunt records complication LP. In the end of 1990 Deaf Records showed their interest in signing, but it didn't turn out the right way. In April 1991 the band recorded a second demo called "Unholy Prophecies". It was recorded in Sunlight studios. This demo satisfied Necrophobic pretty well, it was more heavier and brutal, even if they had wanted it heavier and more brutal it seems to satisfied them. The line-up is Joakim Stener-Drums, Davis Parland-Guitar, Stefan Harrvik-Vox (session member) and Stabel-Bass (session member). You can buy the latest demo through sending 20 SEK or 5\$ to Necrophobic at this address: Necrophobic, c/o Joakim Sterner, Arkadvägen 5, 121 47 Johanneshov, Sweden. You can also buy an ultra great T-shirt, black with white print on both sides for 80 SEK or 13\$. Old demo is available for 1\$+tape (including colour cover). Write...

ANIMOSITY

ANIMOSITY is the band. Since their inception in 1987 they've proceeded to thrash the state into tiny, whimpering bits. Having completed their pillage of Colorado, they now aim their relentless hate cannons at all of the Americas, the World, and YOU.

HALE KENDALL is the vocalist: the tortured throat within the frenzy. Not content with singing, he rips words from air like a panther attacking venison, then spits them back out to let them die on the stage.

BILL TRESSLER and **NICK NICHOLS** are the guitarists: a six-string slaughter team gripping their tools like jackhammers, shattering forth through concrete rhythms, then erupting from the rubble with their twin lead assault: Tressler's bulletproof, savage strangulation paired with Nichols' swift, deliberate slashes of hate.

SCOTT WOLFORD is the bassist: and he doesn't care if you think the bass should stumble around quietly in the back. Wolford disciplines his machine with an open and generous hand. He slaps it. Pulls it. Beats it. And throws it in your face.

PETE SCHROLL is the drummer: a misdirected urchin so gorged with fury that he has been known toretch pukeblood in mid-song, then send cymbals and drums toppling from the force of an attack so fierce that he flings himself from the drums and crumples in victory against the back wall.

GET OFF MY BACK is the new record: a five song vinyl hate-bomb, destined to crumble the foundations and send shrapnel through the flesh. The title song is an anthem for apocalyptic youth, the ultimate and total rebellion against tight-assed, power-crazy cops, parents, politicians, and whoever the fuck else thinks he can tell you what to do. "With My Death" screams in anger at our pathetic, war-obsessive world through an intense narrative of discipline, desperation and final, ultimate relief through death. "Eternal Hatred" is the real story, from beginning to the approaching end; all that God/Satan/preacher hype is set to rest, and the truth is now put forth. "No Pacification" is a diatribe of merciless killing, inspired, in Tressler's words, by "a yuppie in a Saab who cut me off on the freeway." (Some people would open fire; Tressler opens his mouth, with satisfying results.) "Forced Entry" is a lesson in blueballs; we wish you could feel it, just once.

THE FUTURE is something you must either desire or fear. Inevitably, you will be face to face with **ANIMOSITY**.

...???!!?! (?!)... Well, I could have started this interview a little better, but no buts... Leukemia comes from an ugly place called Malmköping in Sweden of course. I suppose everybody has heard about Hypnosia Mag and the guitarist Kentha makes that 'zine. The rest of the band contains of Jocke-Vox, Jörgen-Bass and Janne-Drums. This interview is pretty long and informative so there's nothing more to tell than: Start reading Mr Buttfuck... K-Kentha, J-Jocke...

HELLO LUNATICS, HOW ARE YOU TODAY ?

J- Stick & runka, jag är bakis som fan!
K- Sov i en röd ambulans. Lite bakis... honestly, I think life's pretty OK, but I do suffer from a hangover.
J- I think writing in English sucks... And Henke is fat and the mage. (pile it, of course !-Ed.)
K-I would say like, Marulk är really cool guys. (Ahh, din jävla dyngkuk har duk heter dom väl, saller ?-Ed.)

J- Mogge bara dominerar. Hello satan from a bunch of trendings karnevalsungar.

K- Det vet du Vovven.

J- That was about it.

HOW IS IT WITH THE EASTEUROPE TOUR ?

J- I think it's turning out cool. In seven days we'll be there hopefully. With svett Micke som inte ens tänker komma hem.

K- Quite horny guy... Henke, are you getting sucked up ?? I'm just wondering... (Keep doing that !-Ed.)

J- As it looks now, we'll play with Holy Moses on a festival in CSFR. Hopefully with Necrophobic & Vader. By the way Vader has a better cover than music.

K- Jag vill ha större vader.

J- I wont say anything more...

WHY DID KENTHA START PLAYING GUITAR WHEN HE WAS A GOD BEHIND THE DRUMS ?

J- That was nice of you. He is as bad as always on both things so it doesn't matter. And he's quite disgusting too...

K- Fun to hear from you that you think I'm good behind the drums, but the thing is that when Jimmy quit I bought a guitar and started to play the guitar, cause I do all the songs.

J- Yeah, He's right you know, but I had to nag at him for a while before he understood that I was right. He' so fat you know !

K- Hey, talk about yourself fetthjärna !

WHO'S GONNA BE SESSION MEMBER UNTIL YOU FOUND A NEW DRUMMER ?

K- For starters we got Jani from House of Usher, but he think it's much more fun to drink lots of beers so that turned out bad. J- And after that we got problems cause there wasn't so much time left before we should go to CSFR, but one day Kentolof got one of his bright days and asked Micke from Authorize and he said: Why not ? And Micke came to us the 1st of August and we drove away the 11th. All our regards to Micke for helping us out that time. We'll come and brake your house one day din jävla bäver-

P.O. BOX 18314
RAYTOWN, MO. 64133
U.S.A.

K- Now we have a drummer, I think his name is Janne and he is an acidlover. We'll see how things turn out...

DESCRIBE YOUR MUSIC !

J- I can't ! I think we want to do our thing, but I think it's thrash if I must say something.

K- Thrash with influences from deathheavy-metalpop, yeah everything.

TELL ME ABOUT YOUR DEMO !

J- Yes, I really would like to do that if we had a new demo. It was meant that we should have recorded a new deom in Sunlight in August, but without a drummer we thought that it was a bad thing.

K- We're maybe going to do a self-financed record, but it's really expensive, but we are going to make it ! If it wont be a record we'll make a demo of it !

J- Yeah, sometime in December/January. We will see.

MOTTO ?

K- Our motto is to do what we want and never let anyone stand at us. Have fun, play gigs, meet new friends, cause there is may nice people in the scene y'know !

J- Haha, this could be a long answer and it's going to... We can start with the beer, I love Falcon Export. I think together with Lapin Kulta it's the best Swedish beer (Jocke you're nuts ! Lapin Kulta is a Finish beer !-Ed.)If you're looking for other countries, I think Cyprus beer Keo rules. It's the best beer I've ever tasted and Zenth, now it's your turn...

K- I must agree in Jockes words, he's so wise y'know. Other good beers are: Heinek-en, Elephant Beer, Beck's, Oh my god there is millions of good beers. Now we take the fave 'zines. One of my absolutly faves is Trechoma, it's so godly, another one I love is Isten what a guy !! He's amazing. Some good Swedish 'zines are Hymen, Flotzilla(även om Julle är ett jävla spån), okej Jocke take over...

J- There's many good 'zines many more bad 'zines, but some of the good are: Nuclear gore I think it's the best today, N.R.G. is a fodly mag from Denmark with a full-color cover, Despot, Hymen Abnormalcy and of course the one and only Read All About It, vilken jävla lirare. Now we Has come to the favebands and it is always a hard quetion, cause I love all kinds of music like: R.E.M. (they're the best for the moment), Kayo, Slayer, Entombed, Atheist, Beatles, Ratata, Gorement, Fleggrune, Pil, Protected Illusion, Meshuggah and tons more.

K- Okej, I could have written ten pages with favebands, but I'll name a few of them: Unleashed Belinda Carlisle, Napalm D., Doga, Dismember, Slayer, Kim Vilde, Kekes and many more... Hmmm, movie is also very hard, it's changing from day to day, but for the moment I adore Linda Lovelace for President, Rain Man, Intruder, Anal Attraction etc.

J- I think comedies are the best, I love all movies with Stece Martin, Chevy Chase and Shelly Long, who is the prettiest thing on this earth. And now it's our fave-demo, I have two and I start with the 2nd and that is Rosicrucian demo which is so godly and there's only one better demo and that is Void of Compassion with all our Tribulation I can't find words for it, it is amazing I get tears in my eyes, snyft.. K- Fan, Henke, this is also a very hard question, but I think it's the Rosicrucian demo. It's so good fro being a demo, I really look forward to hear their LP. FavelP is not so hard and I know that Jocke agree with me so we can say it in the same time. K & J- Slayer: Reign in Blood. It's the ultimate album and we think that no one can beat this record...

J- My absolutly favetoilet is of course my own, but if I must mention another toilet, it must be Sofias toilet. I can tell you all that her toilet rules. I hope you all can try it one day. What's your fave-toilet Zenth ?

K- This is the hardest, nut I think it's Bäs glasbord när han ligger där under och runkar när jag skiter på det. It's the best...

KENIHA, I HEARD THAT YOU MADE A FOOL OF YOURSELF WHEN PRESTIGE WAS IN ÖREBRO, TELL ME ABOUT IT !

K- I don't know what you're talking about. (Too drunk to remember or.. don't want to remeber ?-Ed.)

JOCKE, WHY DID YOU CHANGE YOUR NAME FROM BRAINCANCER TO MISERY TO LEUKEMIA(ANOTHER TYPE OF CANCER) CAUSE IT WAS...

J- Braincancer sounds bad in my ears I wanted to change it to Conviction, but the other dudes didn't like it, so they found Misery and I thought that it suxx too. And one they me and Kenneth sat and watch a program on TV and there was a girl who had Leukemia and we thought it was good name and nothing more, and then we saw it once again and decided to change our name, and it's just because it's a good name and absolutly not because it's a another type of cancer. Don't like it ? (Yeah...-Ed.)

OKEY, GUYS TELL ME EVERYTHING ABOUT THE TOUR IN CSFR !

K- I must say it was very great to be there Just the trip was worth the money. It took us three days to drive and we have been so fucking drunk in eight days in a row ! I think we we're the most discusting guys on earth ! (That's right !-Ed.)

J- Olle is right this was a 8 day party that none of us will forget. After the first gig we wrote autographs for a half hour. It was crazy. They wanted our clothes, earrings they wanted everything. For one day we felt like Abba or something.

CONTINUED ON NEXT PAGE!

K- And everybody was nice to us, even if no one spoke English down there. They promised us that we should come back and play, and I think we will play in Poland, Austria and maybe USSR too. We'll see... KENTHA, HOW WAS IT TO BE A GLAMSTER ?

WHAT DID LEGACY RELEASE ? STILL AVAILABLE?

K- Still today I'm a glamster. I must ask, how did you know about Legacy ? (Well, I don't think I should say anything about my under cover agnets...-Ed.) We recorded one demo or what I should call it. And it's not available and that's for sure.

HOW PISSED ARE YOU AT ME SINCE I DIDN'T PUBLISH YOUR ADDRESS IN 100% P.T. ?

J- It's okej. At first I thought you did it to be mean, but now I know better. Du är ju en fin pojke som inte skulle kunna göra så.

K- Puss på magen.

WHAT DO YOU THINK ABOUT THE SCANDINAVIAN SCENE ?

J- I think it's very good, the Swedish is the absolutly best with killeracts like: Tribulation, Entombed, AIK, Meshuggah, Necrony, Authorize, Fleggrune, and many more. But I think there is a few gigplaces now, when Rockborgen/Fagersta is gone. I really hope that babs and Tid Är Musik will find a new place in Fagersta. we're all holding our thumbs.

K- I think Finlands scene is growing for every day. They've got oads of great bands such as: Demigod, Protected Illusion, Convulse etc.

J- But Denmark and Norway is not so big yet, but I'm sure it'll get bigger and bigger for every day, I also hope so.

IS IT A REASON TO DO A SHORT AND BORING INTERVIEW IF MATTI KARKI(DISEMBER) DOES ?

K- No, there's no reason to do a short and boring interview, but that's his problem. Maybe people thinks this view is boring, but we just do our best, and it's miles longer than Kätkis. Or what do you think Henke ? (Pages longer, not miles. Better too... if that's what you wanna hear.-Ed.)

HOW'S IT GOING WITH HYPNOSIA ?

K- Just now, very good, my third issue is send for printing and it is on 80 A5 pages with a very good lay-out and printing. Order it for 3\$ or 15SEK you wont regret it. I promise you.

LAST ADD !

J- Thank you very much Henke for having us in this issue, but I can't understand why. (You asked for it !-Ed.) I hope this issue will be better than the first, cause that suxx. I want to say hello some dudes: Food for being such a nice pepparkaka, AfroKeksMicke for being a postpolers, Tomas Brolin for being a real fighter, Martin Ahx for being an Yngwie and Kloss for being a gammal punkare.

K- Yes, Thanx for a good view, I hope you will do a good thing with this view. Hello to posten in Malmköping, you making the life go round. Take care and Love & Peace.

BECOME A ROCKSTAR-SEND YOUR DEMOS TO:

GORY MEATBALL!!!

IMMOLATION-DAWN OF POSSESSION

This is the debut album from the death metal kings from New York. The album includes 10 tracks and they are all really great. The music is dark and thrashy ! Sometimes they reminds me about Morbid Angels new one and also about Unleashed but it's quite original. The cover is cool but it could be better. The members in Immolation are: Ross Dolan:bass/vox, Robert Vigna:guitar, Tom Wilkinson:guitar and Craig Smilowski:drums. So if you like thrash and death you have to check this one out, that's for sure !!!

GRAVE-INTO THE GRAVE

Yeah, at last it's hear, Graves debut album and it's fucking great ! The album include 11 songs of brutal and melodic death metal. The music is really brutal and dark. The songs is almost only new ones, but there's some godly oldies too. And you have to look at the cover, the drawing isn't so good but the big grave logo is really cool. As you may can guess I really like this one so I really recomend you to buy this one right now !!!

ALTAR-NO FLESH SHALL...

Well, this is Altars first demo and it's really great. I think this is more death metal than thrash metal. And the vocals is brutal. The demo includes 4 songs + an intro and a outro. I think the music is little in the veins of Pestilence, but it's quite original anyway. The sound is ok, the demo is recorded in Gorysound in Finspång. Well, this tape I've got is an advance tape, so I don't know how the cover is, but Jimmy told me that it's gonna be really cool. So, suport this band and buy this demo for 20 Sek + postage in Sweden or 5-6 \$ elsewhere look at the interview for the address !!!

EXEMPT-TOMORROWS EXMPTION

I don't think this reh./demo still is for sale, but it's good anyway. The music is deathrash in the

vien of Sepultura. This rehearsal does only include 3 songs, which all are included on the demo, so this review is quite unnecessary. The sound is ok for being a rehearsal. Read the demo review for further...

EXEMPT-WAKE UP

The music is still death-thrash, and reminds me about Sepultura, and Entombed on some solos, but how bad this sound this is really great music. The sound is not good either. I don't know what's good on this demo, it just seems to that Exempt got a bunch of catchy riffs here and there. The demo includes 6 trx+outro and intro. Buy this for 5 \$ or 30 SEK at: Exempt, c/o Joel Andersson, Bredfjällsgatan 56, 424 35 Angered, Sweden.

LIFELESS IMAGE-VICTIMIZED

This Swedish HC/crossover band plays 8 trx on this demo. The sound is weak, but the music is good. The vocals is pretty untight sometimes, but that is maybe what HC/Crossover is all about. They play a funny Kisscover, but I think they should have rehearsed it abit more. Well, the demo is very good if you look at the music, but the sound and vocals must be improved. Buy this demo for 25 SEK or 5\$ at: Kennet Bergrgren, Slaggvägen 5, 732 33 Arboga, Sweden.

PUTRID OFFAL- UNFORMED

Here we have some really great grindcore from France. They have done a split-7 with Agatocles and their split LP with Exulceration is probably out when you read this so check it out. Well, I haven't heard so very much grindcore but this band is really great and very original I think because they doesn't sound like old Napalm Death, that's for sure. I don't know so much about this band either but we shall probably do an interview with this

band in next issue. Well, you have to write to this band right now, and here is the address: C/O Fred Houriez, 89 Av. Scwetzter, 59282 Douchy, France

NOCTURNAL RITES- DEMO 1-91

This is Nocturnal Rites first demo and it sounds quite good, but the sound have a lack of power, especially the drums that sounds like like shit ! The music is slow and gothic and it's very shitty that the sound isn't so good. The music sounds a little bit as Autopsy & Cancer. Sorry to say but I don't know so very much about this band because I got this demo only a week we finished this zine so I haven't heard this demo so much because of that. But if you want to buy it the price is 25 Sek or 5 \$ from: C/O Nils Eriksson, Äppelv. 25, 902 58 Umeå, Sweden

MASTICATOR-DISEMBERED...

This Swedish deathmetalband plays brutal deathmetal with very brutal vocals. The sound on this demo is ok, but no too good. Maybe the guitars should have been a little bit more louder. I don't know if they're trying to do original solos or the sound is so bad, but they are really original. This demo is pretty average and it's yours by sending 4\$ or 20SEK to:Nicklas Rudolfsson,Backeröd 125 50,495 00 Ljungskile,Sweden.

ANCIENT RITUAL-DARKEST RITUAL

This band from Belgium plays very good satanic Thrash metal, or maybe I should say real Black metal. Yes, this is really good and original too. The sound is very good. I must say that this is the first satanic band who really plays with melody I have heard. This band has been followed with bad luck, and they plays to honour their deceased guitarist Philip. The lyrics deals with history and occultism. You must buy this demo for 6\$ at: Ancient Rites, c/o Theys Gunther, Kraaienneststraat 11, 3290 Diest, Belgium.

SUFFER - M.O.G.

This is Suffers second demo and it's called "M.O.G."(=Manifestation of God"). And this demo really rules!! Everything from beginning to end is great ! The only thing I miss from the first demo is the captivating chours, but that's the only real thing I liked on the first demo ! The line-up is Ronny Eide (Morbid Mag)-Guitar,Joakim Öhman-Vox and Guitar,Patrik Andersson-Bass and of course Perra Karlsson-Drums ! The tracks are:"Sleeping Beauty", "Human Flesh","Infectious" and "Manifestion of God". The music is Death/Thrash and it's pretty original. The vocals is a lot better than on the first demo. Well, this is an Buy or Die demo ! You can buy the demo for 6\$ or 30 SEK, send your money to Suffer,c/o Perra Karlsson, Fasadv.11,692 72 Kumla,SWEDEN or Suffer,c/o Joakim Öhman, Skogsv.8A,737 49 Fagersta, SWEDEN. As I said Buy or Die !!!!

SHUD - DE PROFUNDIS

This band hails from France and they play pretty good Thrash, but now they've changed their style a bit to more Death. Well, this demo is pretty good as I said, it's also pretty original, but the beginning of "Visions (of your death)" really reminds me about Metallicas "Seek and Destroy".The line-up is:Patrik-Vocals,Polux-Leadguitar,Manu-Rythmguitar, Cyril-Bass and Damien-Drums. This demo comes with a very great cover it has full colour and looks very great, it is also numbered, so you know how many ex it has sold, I got 390, so it sells pretty good. Here's the tracks: "De Profundis(Intro)","Light of Knowledge","World of Terror","Visions(of your death)","Blindfold" and "Emotion Machine" and it's pretty long too. Buy this demo for 7\$ on this address:Shud, c/o Damian Carraz,24 Bd Limbert, 84 000 Avignon,FRANCE.

AXEMASTER - SAMPLER

This is an US band who plays a mixture of power/thrash-metal. This sampler includes 12 tracks of good music, but the sound quality isn't to good. Nine of the tracks has been released earlier as "Death before Dishonor" (a full length cassette-Album). The three others are new compositions. The band has made one LP and one shaped picture disc. The Lp, "Blessing in the Skies", and the single, "The Vision", are both released world-wide. This band has also got a female as management, that's cool ! If you wanna know more about this band read the interview ! Contact address:THE AXE CHAMBER, 581 first ave., Kent, Ohio 44240, USA...

C.O.D. - THE PUTRID REH.

This French band plays very great Crossover ! Actually this rehearsal hasn't got any studio sound as you understand, but it is good ! It has got two tracks, these: "Fanatic" and "War of Tyre". The first one is the best. And here is the line-up: Angus-Guitar,Bruno-Guitar & Vox,Richard-Drums and Jeff-Bass. The line-up has changed since this reh. was recorded, they have got a new bass player called:Michaël. They will soon also record an 6 tracks LP. You can buy this rehearsal for 4\$ on this address:C.O.D.,17 rue Chabaille,80100 Abbeville, FRANCE. Do it !!

UNLEASHED - WHERE NO LIFE DWELLS

Unleashed's debut album is the best from Unleashed so far and it's the best from Century Media so far too ! All tracks are great and my fave is "Into Glory Ride". It has totally 10 trx and intro. This LP is fucking great, so what more to say than: Buy or die !

ANIMOSITY - GET OFF MY BACK

This mini-LP is made by the American band Animosity and they're fucking brilliant !! This is original Thrash in the veins of old Exodus. This mini-LP is produced by Mosh Pit Rec. was made in 1989, and I haven't heard anything new about this band. The members are: Hale Kendall-Vocals, Bill Tessler-Guitar, Scott Walford-Bass,Nick Nichols-Guitar and Pete Schroll-Drums. Hales vocals reminds me a bit about Don in Dark Angel, but no so brutal ! This mini-LP includes 5 fine tracks of thrash, this is a must for you !! Buy it from Mosh Pit Rec. (See Advertisement)

DARK THRONE - SOULSIDE...

Soulside Journey is Dark Thrones LP debut and I know that many of you has this record allready, but if someone should have missed it... When I first heard this LP I was surprised, it wasn't so brutal as I thought, lots of thrash harmonies. This might sound like Entombed sometimes, but their style is original. The members are: Ted Skjellum-Lead Guitar & Vocals,Ivar Enger-Rythm Guitar,Dag Nilsen-Bass and Hank Umarillo-Drums. The album contains 10 tracks of great death. Together with Therion,Paradise Lost and Autopsy, this must be the best band on Peaceville. So if you haven't got this record go and buy it at once ! This kills, but it isn't to brutal.

BUTCHERY 'zine from Peru Attention bands of style Thrash/Death/Power/Speed /Grind... Send all stuff (Bio/Demo/Photo/Info)for promotion in my 'zine ! Bangers & Zines write for trading etc to: Butchery 'zine,c/o Sergio Soto C.,Jr. Eleazar Blanco No.260, Purblo Libre - Lima 21, PERU

RIGID DOMAIN

Here's an interview with the Danish band Rigid Domain, this band is a quite special band, cause of their female singer Julie. The rest of the band contains of Claus-Guitar, Peter-Guitar, Lundgren-Drums and Niels-Bass. Their music is speed metal, not very fast, but good ! Well, let's kick this interview off !

HOW DO YOU FEEL TODAY ?

-- We're at the beach right now, swimming, sweating, playing ball, getting red in the sun. So we're fine !!

FAVEBANDS ?

-- Our favebands are: Lundgren-Sepultura, Skinny Puppy, Slayer, Front 242 and many more... Niels-Testament, Forbidden a. s. o. Julie- All the above mentioned, especially Testament, but I also listen to alot of sleaze like, Aeorosmith, Guns'n Roses, L.A. Guns and stuff like that. Peter-Panthera

(goes for all of us), Testament, Joe Satriani. Claus (Lange Øgle)- Same as the rest of us and Steppenwolf... (HØ HØ) MOTTO ?

-- Our motto is: Hva så (Mh hähh) prinsel (Mhhh) Schallvi gå i biffen... or: Haans und Fraanz... or: Shake 'em Don't break 'em !!

TELL SOME BIOGRAPHY !

-- Our biography is quite long so why don't you read it (Yes, but where can I find it?-Ed.), And we can say that we now (since dec. Jan.) have a new drummer in.

RECORD DEAL/NEXT RELEASE ?

-- We got a brilliant management and they are working hard to get us a deal, but we are going to be on a German sampler with one track.

WHAT DEMOS HAVE YOU MADE ? SATISFIED ?

-- We made three demos so

far, the first were with the old singer, we're most satisfied with the last demo (Death's just...). But we have already got alot of unrecorded songs which are cooler, and I think we have finally found the "Rigid"-style !

HOW HAS THE RESPONSE BEEN ?

-- The response has been very possitive, we sold all our demos, but we hope to be able to make more copies of them soon !

WHAT DOES YOUR FEMALE FRIENDS THINK OF RIGID DOMAIN ?

-- Nothing, I'm just a member of the band, you know. (Yes I know !-Ed.) My female friends likes what I'm doing- Thinks it's cool to have the "Balls" to do it !

DESCRIBE YOUR MUSIC !

-- We would label our music as American Thrash with some speed in it, but why categorize ? We like what we are doing, and it's Rigid

HOW WAS THE ROSKILDE FESTIVAL ?

-- Playing at Roskilde was great, great X 5. No, fucking great ! Nice people, nice food, alot of mud and rain, but a very determined audience, although it was 2:30 in the morning ! The crowd (around 2000) were really into it !

HOW MANY GIGS HAVE YOU MADE ?

-- 40-50 gigs since 1989, quite OK, considering how small DK is and how difficult it is to get gigs here.

FROM WHERE DO YOU GET THE BEST RESPONSE ?

-- Our demo has recieved nice response, but it's allways great to play in front of a good crowd. That is the best and most honest response you can get !!

WHAT'S YOUR FAVEFOOD ?

-- Our favefood... Hmmm... Lundgren: Pizza, Peter: Hardcoregrudy + Maggieburger, Niels: Food of any kind, Claus: Fried Shrimps + strömning (baudr) Porretærte, Svensk Pölseret !!, Julie: I'm allways on a

diet... but I love a big red Hereford Steak with baked potatoes !!

HOW IS IT TO PLAY WITH PEOPLE FROM THE OPPOSITE SEX ?

-- All the guys are gays, so it's no problem (... Joke !...) No really... Månske opdager du engang den lille forskel ! We can learn alot of eachother because we are different sexes, sometimes it helps to have a girl with you, so that it doesn't get to "Macho" all the time !! And I can allways advice the boys in what afterwards they should wear !!

WHAT ZINES HAVE YOU BEEN FEATURED IN ?

-- Alot- we don't allways know which 'zines we've been featured in... As many as possible. Some big ones + some from Mexico, Japan and other funny places. Some bad, some good 'zines- like yours !

WHO CAME UP WITH THE LAST DEMO TITLE AND WHAT DOES IT MEAN ?

-- Julie came up with the title, and it basically means that you shouldn't care too much, and don't

let anything get in your way to achieve what you sat out for in the beginning- Thrust yourself when there's no one else to thrust !

SAY HELLO TO SOMEONE !

-- Hello to Åke Erikson, Peter Melin, Roland, Julie's old classmate Mikael who moved back to Sweden, wherever he is ! Yngwie, Mats from Fate, Electric Boys (HØHØ), Abba, and other great Swedes ! All who wants to hear our music, hopefully we'll get to play in Sweden sometime, until then; Have fun. LAST ADD !

-- Thanx for the interview. Now we will go swimming. YO !

FRENCH SCENEREPORT by Patrick/Mortuary

The Thrashscene in France is certainly not the biggest in the world, but many good bands borns everywhere.

This movement was born when the split LP "Agressor/Loadblast" "Licensed to Thrash" was out. Many bands wanted to follow this movement, but without many problems, cos here in France it's very hard to find a rehearsal to repeat and sometimes very good bands split cos they haven't found it. This kind of music is not appreciated by media or other press. The big problem too is that the fans are lazy; they prefer to drink up their money, instead of buying demos. They goes to shows when bands in the vein of Metallica & Maiden play live, but all is not negative, they are the true Thrashers, but they are a minority. The majority doesn't understand what the word "Underground" means and tries to make money on the bands. But now it's time for me to inform about the bands. Maybe the best (For me, sure!) Massacra, who has released two fantastic LP's called "Final Holocaust" and "Enjoy the Violence". It's for me two lessons in brutality on scene. They are incredibly violence making all the time. The big pr-

oblem is that the majority of the bands wants to make Deathmetal. So if a band find a Morbid Angel riff they're directly cloned to the death style, but there are again good, original bands, like Penetrator in HC veins. The essential of the thrashscene is in the north and the east of France. There are too many bands to mention here, but a few is: Scrotum, Merciless, Mestema, Prayers, Mortuary, Asshole, Mortal Fear, Endless Diatribe, Aleister and many more.

But in the south is the scene good too, with Agressor (Excellent Deaththrash) and the excellent Shud and Nothingness. There are too Epidemik, Septic Tank and may others too !

In the middle of the country there are good and interesting bands too, like Hotopsy, Misanthrope and the future gods, I think, Noyivous Straight ! Decomposed and Broken Fear are also resperentable for the deathmetalscene here.

It's end, I hope it's quite complete, if you need more informations on a band, don't hesitate to write me.

SUPPORT THE FRENCH UNDERGROUND !!!

We thank you for that Patrick and for you who wants to write to him use the address in the Mortuary Interview.

GOREMENT- Human relic

I must say that I got really suprised when I listened on this demo, because I thought this should be boring death/grind as CARCASS, but ooh I was wrong!!! Helvetes ja, this demo is really fucking great! The music is in the veins of: BOLT THROWER, XY-SMA and PUNGENT STENCH and so on... I must say that I do not like the vocals so much, but the growler is now kicked from the

band. The line-up is: Jimmy:vox, Patte:guitar, Danne:guitar, Nicke:bass and Matte:drums! Well, Patte told me that this demo is sold out by now, but their demo is out soon... Fore more info about this demo see the article.

DOOMSDAY- S/T

This French band play some sort of Bay-area thrash with much power metal and it really remains me about:ICE AGE! I really like this band. There is only 2 songs on this demo, and the first one is really great, but the 2:nd song is not so good as the first one! The members are:Yogo:guitar, Phil:guitar, Ivan:vox, Coyote:bass and Laurent:drums!!! I do not now so much about this band either, but if you like power/thrash you got to order this for:3dm, 2 \$, 10 F or 1 L, from: C/O Lionel Hozotte, 51 Rue Charles Chefson, 92270 Bois Colombes, FRANCE

INVERTED- Tales of Estaban

This is a quite new grinding death and this is their first demo. The demo starts with some calm riffs that sounds like METALLICA! Well, right after that the suinger starts to growl and the you hear that this is another death metal bands with some brutal stuff! The line-up is:Joakim:vox, Mats:guitar, Lars-Håkan:guitar, Dan:bass and Kristian:drums! The sound is quite bad and that is shitty because this is a interesting band! The price is: 25 Sek + postage or 5-6 \$ + 1 i.r.c., from:

C/O Dan Bengtsson, Pl 2373, 441 96 ALINGSÅS, SWEDEN

AUTOPSY TORMENT- Darkest rit.

This is the new Autopsy Torment demo and it is much more death metal now and satanic too! The line-up is: Tomas:vox, Danne:guitar, Phåle:bass and Kalle:drums! Well, I think this is a good demo but the sound is not so good and that is shitty! The music is very heavy, dark and slow! This demo is to short! The price is 20 Sek or 5 \$ (I think!) from: C/O Tomas Karlsson, Maraton Vågen 4 B 302 54 HALMSTAD

ABNORMITY- S/T

This band is also a death band from Sweden and they are quite brutal! The sound is not the best I have heard but it is o.k. The members are:Christopher Vowden:vox, guitar and bass and Linus Johansson:drums. This demo is quite boring when they play the slow shit! If you want this tape, send 20 Sek + postage or 6\$ from:

C/O Johansson, Tempusv. 5, 183 40 TABY, SWEDEN

CAUTERIZER- Rehearsal

This is a cool death metal but the sound sucks! The members are:P.g.:vox. Gucka:bass and Bood:drums/guitar! I do not know a shit about this band so this review is quite short. If you like some this maybe is for you? The price is:???, so you have to find it out!The adress is:

C/O Bood, Lärarbstaden, 179 00 FÄRENTUNA, SWEDEN

DROOLING VEGABLES- Live

This is a live/reh. with Drooling Vegetables from Denmark. This band has got the worst name I ever heard, anyway Jon Albjerg played in this band before so he gave me this and it is quite good. They play thrash with lots of funky rhythms! One moment it is great and a nother it is shit! The members were:Jon:guitar/vox, Flemse:guitar/vox, Keld:bass and Morten:drums! The tapes includes 12 songs and if you want it, send a blank tape + 1-2 i.r.c. The band also got t-shirts for sale: white with black print on both sides, front:logo & carrotman and back:man in pot + gothic script. Price is: 60 Dkr/Sek or 13 \$ from:

C/O Jon Albjerg, Brombervej 17, 5260 ODENSE S, DENMARK

DANISH SCENE REPORT made by Ibber

The most wellknown Danish bands will probably be those of King Diamond, D.A.D. & Sort Sol, but we also have some other and just cool bands in the land of the best beer. In this scene report I will concentrate on the metallic stuff, but please note that there also lots of cool blues and rock bands here. One of the most well-known underground bands here must be Invocator, who made two succesful demos, where of the latest one, entitled Alterations, is still available for the price of 6\$. As you all probably know they were about to release an EP on US Wild Rags, but this deal went down, so now they're on Black Mark Productions, and their first LP "Excursion Demise" will be out this summer/fall, watch out for it, cuz it'll be a killer! I've heard three tracks from it on a promotape and they promise good for Invosadus future! Contact:INVOCATOR, c/o Jakob Schultz,Torvegade 7-2 tv.,6800 Varde,Denmark. Talking with Invocator, two of the members also play in a death-band, called Maceration, which have released a livetape, which isn't exactly my cup of tea, but to those who enjoy bands like Autopsy, old Death and perhaps a little touch of Obituary, this might be interesting. The livetape is available for the price of 6\$ or a blank tape+IRC. They recently recorded a promotape which is way better than the other tape, perhaps you can also get this one recorded. Write to: Maceration,c/o Lars Bangshott,Kongensgade 84-3.,6700 esbjerg,Denmark. Staying in the Invocator area; Their ex-drummer Simon has now founded a new band called Sinister. They have now changed to another name, which I can't remember right now, but anyway they did a quite good demo in the vein of Invocator, which is available for the price of 6\$ to: Sinister,c/o Simon Melsen, Strandbykirkevej 51,6705 Esbjerg Ø, Denmark. OK, before I drive away from Esbjerg there's a new band up there,Eidetic. They play wierd, psychedelic Technometal and they're quite good at that. Definitely recommended is their debut demo "Non Conspicuous Warning" which is available for the price of 6\$ to:Eidetic,c/o Jonas Rendbo, Blichers Allé 21,6700 Esbjerg,Denmark. Right, no we're out of Esbjerg, but we still have Invocator in our backheads,cuz in

Aalborg Per, drummer of of Invocator, sings in a HC/crossover band, Geronimo, who have released a demo, "...A couple of words for you", which contains 20 songs in 18 minutes. The tape costs 6\$ and they're also planning to do a new tape soon, probably entitled "Falling Forever". Until then; order this tape from: Geronimo,c/o Thorkild Thellefsen,Molleskovvej 42,9200 Gistrup,Denmark.

In Aarhus we have Pixie Killers, and their demo "Haunting Season" is probably one of the best demos from Denmark. Progressive Thrash with great musicians and vocals, that kicks anyone else away. Also the tape has got a record alike sound and prof printed cover, with lyrics and all, and finally it's recorded on chrome tape with Dolby C, so there's actually no excuse for not sending 6\$ to:Pixie Killers,c/o Tue Madsen,Heibergsgade 10 st.th.,8000 Aarhus C,Denmark.

And while we are talking professionalism, in my hometown, Odense, we have Rigid Domain, which sure heading for the top, what they prove on their latest demo "Death's just another whore bitchin' with my life!", which is a quality Thrashproduct. They have now also almost secured 'emselves a deal, so you can expect a record summer/fall. Until then order their two latest demos for 6\$ each at:Rigid Domain,Poste Restante,Odense 3,Denmark.

A band which haven't been lucky to secure a recorddeal are Desexult. After four demos of pure Thrash nothing has happened yet. But now they've decided to drop the name and all earlier stuff. The new style should be a lot á la Prong & Living Colour. Sound interesting...? If you wanna know more about 'em, send an IRC to:Esbjerg Slot Sørensen,Carl Bertelsengade 4-3. tv.,8000 Aarhus,Denmark.

Back in my own area again saddest thing happened when Sliced Pimples broke up in the fall, after their two brilliant LP's "Fuckin' serious geuss why..." and "Brains Condemned to serious laughter". The other members are continuing in another band without Claus. I haven't heard any of it yet, but Julie of Rigid Domain told me that the stuff she'd heard was very promising. If you wanna know more about them, write:Progress Tatto Magazine, Vestebro 110-1,5000 Odense C,Denmark.

Another band from my own area is Northern

Empire (former P.O.D.), who've gained very good response on their "Make Believe"-demo, a thing I really don't understand, as I think this tape is boring as fuck. (Fucking is absolutely not boring-Ed.). OK, perhaps my negative opinion against 'em has got something to do with, that I've seen 'em live sometimes and read interviews with 'em, and they're the most arrogant snobs ever to be; worse than Dave Mustaine! Anyway if you wanna hear some progressive powermetal, then order their demo for 6\$ at: Northern Empire, Postbox 315, 5100 Odense C., Denmark. We stay here in Odense with a quite new band, Dark Region, who play excellent thrash. There's nothing new in neither music, lyrics or name for that sake, but they do it in a cool way, and especially Pauls guitarplaying is brilliant! And of course they're 100% cool people as well! They've planning to do a demo soon, but until then I think you should send a blank tape+IRC to drummer Janus, and ask for some live stuff at this address: Dark Region, c/o Janus Rønstrup, Marienslystvej 40, 5000 Odense C., Denmark.

In Odense we've also got a quite new deaththrashband, Plutonium. Ehh... I really don't wanna say that much about 'em, cuz they're not exactly my style, but I know 'em personally and they're niceguys indeed. You can contact them on this address: Rytmeposten Ungdomsklub, Østre Stationsvej 27a, 5000 Odense C., Denmark. Also from Odense comes Cronnetor, and be sure to watch out for them, cuz they'll be something in the future. Thrash with balls! Send a blank tape+IRC to this address for recording some reh.stuff: Cronnetor, c/o Tinkaer, Skjoldvej 29/1, 5200 Odense V., Denmark.

I actually haven't heard any stuff by Odense Deathsters Revulsion, but I include them because I know Frank, their bassist, nice guy (Thanx for the banda ing, Frank!). Write 'em and ask what's up: Revulsion, c/o Steen Twid (Som en skid), Dragebakken 535, 5250 Odense SV, Denmark. We've also got a good pukrockband here in town, called Belly Flops. I've seen 'em live a couple of times and they rule on stage! Unfortunately I haven't their address, but watch out for 'em! Eagles Preach split up recently, mainly because no one wanted to work together

with Ziamak (Syremak), but it really doesn't matter, cuz they were quite bad anyway. Straight rip-off thrash. I don't know if they still sell their "Rule No.1" demo, but try and ask at this address: Carsten K. Hansen, Redegaardsvej 119-1, sal, 5000 Odense C., Denmark. Despite all rumors, President Flesh from Copenhagen hasn't split up, though they have changed line-up. Out goes Ant & Martin (Now in Squirm), in comes Jens-Guitar (also drummer in Bog-Handle), 266 (drums), Klaus (Vocals). "The eternal need of..." LP is now sold out, but they'll record a new LP some time. So watch out for these hardcore dudes! Conspiracy, also from Copenhagen, is formed by former Mental Decay members, and the music also reminds me of M.D., but fortunately not that bad! Still it's not really something that can turn me on, but if you wanna hear some standard thrash, then I suggest you should send 6\$ to: Conspiracy, c/o Peter Jørgensen, Mich-Beringsvang 1D-2, tv., 2650 Hvidovre, Denmark. Sinisters new name is: Chiro Therium. President Fleshs new address is: Anders Nielsen, Amioisvej 17, 1852 Frederiksberg C., Denmark.

Mortterrahm from Aarhus have recently released a demo in the Sepultura vein. I haven't heard this one, but I once heard some reh.stuff, which was quite good. The demo costs 6\$ at: Mortterrahm, c/o Holmstruggårdsvej 16, 8220 Brabrand, Denmark. Hosts of Chaos are a very new band from Aarhus. I've heard some livetracks, which weren't that bad. A mix of Hardcore, Thrash & Death, though the wight on death. They haven't released anything yet, but if you are interested in hearing them send a tape+IRC to: Hosts of Chaos, a/s Thorbjørn Laursen, Paradisgade 9-3, sal, 8000 Aarhus C., Denmark.

"Ciao ciao Ceausescu" is the weak title of Scandal so what's demo, which I first was told should be Hardcore. But then I heard a livetape with them, and this was a little bit different than I had expected. It's more like Sepultura I think. If anyone should be curious to hear these dudes, try sending a tape+IRC to: Scandal so what, c/o Thomas Mulstrøm, Magleogade 1, 4220 Korsør, Denmark. It's a quite hard for me to write about Copenhagen's Little Devils, cuz they're

awfully nice dudes, but their music's a little boring to me. Their "Sleep is small pieces of death" demo contains 8 tracks of fast hammer deaththrash, and a new demo, "Unidentified rotten object", is on its way. Until then the other demo is still for sale for 6\$ to: Johnny Jonaff, Gymnasievej 123-3, th., 4600 Køge, Denmark.

From Svendborg comes Feticide. I heard an old reh.tape with them, which was very noisy grindcore, but now they should have changed to some sort of death mixed with progressive metal, at least after thomas words, but who can trust him? OK, I think you should send him a blank tape and please ask for my tapes! Thomas "Death" Bøjden, Stubbevangeln 13, 5700 Svendborg, Denmark. OK, I'm through this, and it became a little longer than I expected, but I thank you for your patience, and I hope you know a little more and enjoyed this. Thanx!

OK, this was a pretty long scene report, but who complains? Well, I must put a thing in here, Ibber got a 'zine called Mad-mag, see the flyer-->! He made a 'zine called T.E.D. before, see review. Yes, and so all bands write to him or the other guy with the address on the flyer! Thanx Ibber!

JIMMY SHOWS US HIS FUCKING UGLY FACE !!!!!

This is a new Thrash/Death band from Kumla, Sweden. When this will be released I suppose their demo will be released. when I write this Fallen Angels guitarist Loppa is Stand-in guitarist. Here is an interview with the horror-fanatic Jimmy!!!!!!:

WHERE, WHEN, HOW DID ALTAR START TO PLAY ?

-- Altar started in September 1990, I suppose, when our former drummer Per Karlsson joined Suffer.

WHY DID WORTOX END UP AS A BAND ?

-- As I mentioned in question no.1, our former drummer Per Karlsson joined Suffer, so we decided to start up something new, but Wortox did sound like a lobotomized horsedick anyway !

TELL ME YOUR LINE-UP !

-- Right now is it Ainar Carlsson-Vocals & Bass, Frille Johansson-Drums & Boozedrinkin, Låpez Bulow(Fallen Angel)-Stand-in Guitar and me, Jimmy, on Guitar & eppeläppjordsfräs-video sucking ! We are searching for a vocalist and a Guitarist, so if anyone is interested to play or sing something between Thrash and Death Call Me !!

TELL ME ABOUT YOUR FORTH-COMING DEBUT DEMO !

-- Well, at the moment we don't know where we are going to record it, but it should be ready in the end of May. We haven't entitled it yet, I think it will contain 3-4 trax. We have a few ready now and we work on new material right now. **FAVEBANDS/INFLUENCES !**

-- The whole bands favebands has got a big variety, but the standing favebands are:Deicide, Slayer,Morbid Angel,Kreator,Pestilence... My own favebands, among the others, are:The Pogues, Forbidden,Deicide,Slayer, Testament,Therion... Ifluences ? Well, the main influences are:Slayer, Kreator,Pestilence,Death Colds,etc. I must say that I don't understand this Carcass hysteria.

FAVEDEMOS/ZINES ?

-- As I told you before I think your Mag was fucking great, but I also like Hymen,Mould Mag,Hypnosia, Flotzilla and a coming Fanzine by the name Fantasy 'zyne made by the great guy Per Strömberg in Örebro. Watch out for Fantasy 'zyne it'll be great. Demos ? Well, there are so many good bands, but Gyllene Terrors demo "Den siste Svensken" and Necronys "Severe Malignant Pustule"

are good demos ! Necronys demo is so fucking disgusting, but I think it's funny. ...it's too bad that it's so much Carcass influenced.

WHAT DO YOU THINK ABOUT SATANISM ?

-- Satanism were from the beginning a faithful religion as well as Christianity, but when groups like Deicide and Morbid Angel tries to live up to it, I think it's a joke, but it's interesting to read about it though.

HOW'S THE SCENE IN KUMLA ?

-- There are no scene in Kumla, but in Örebro a couple of miles from here, is it pretty good I think. Fallen Angel,Gyllene Terror,Genetic Garbage,Necrony are all good bands from Örebro. How's the scene in Mörbylånga ? (Fucking Brilliant... we have a fabulous danceband called Lasse Trofasts and Mörbylånga ha also got a great 'zine... but I can't remember the name right now... !!!!!!!-THE EDITOR) **FAVEBEER/MOVIES ?**

-- Pripps Fat,Heineken,Lap-in Kulta are our favebeers. Movies:We are all horror fanatics in the band, so our favemovies are:Hellbound,Nightbreed,Street Trash,Bad Taste,Salòs 120 last days are some cult movies. (NO Jason-movies !! Arrghh ... Only JASON RULES !!!-Ed) Stephen Kings: IT is fucking great also.

FUTUREPLANS ?

-- At first we hope the recording of the demo turns out well and a vocalist and guitarist would be ace. And to sätta på Reefat El Sayed i röven(Print that!) (I did, you fucking ass-fucker!!!!-Ed)

MOTTO ?

-- Stay fast and drink is my motto. Anyway stay away from heavy drugs.(Heavy drugs ?..Oh, you mean the Nuclear Radiation coming from Barsebäck,or...?-Ed) **AT LAST !**

ABRUPTUM

ABRUPTUM is a quite wellknown death band, and they are a true satanist band! Abruptum was formed back in 86 when they were called: Thrash Until Death but then they were not so serious! They have recorded 2 demo tapes both are sold out but they shall soon release a single! The band plays dark and heavy death metal and it is quite original, sometimes the music is slow and heavy as PARADISE LOST, and one moment is fast and brutal as CARCASS! Abruptum is latin and means Abyss! The members are: IT: guitar, drums, bass & vox and ALL: lead vocals! They also have a horde for true satanist only, so if you are a true satanist write to them! All the lyrics is in latin and is about Satan and evil stuff !!!!!!! Well if you want to writ, here is the adress: C/O IT, Profilv.8A, 612 35 FINSPÅNG, SWEDEN!

GOREMENT

GOREMENT is a quite new band and they are also quite unknown, but they are fucking great! Well, here is some history about them: Gorement started to play under the name "SANGUINARY" in Jan. 89, then they played thrash! And their line-up was not the same as now. Now the line-up is: Jimmy: vocals, Patte: guitar, Danne: guitar, Nicke: bass and Matte: drums! In April 91 they recorded a 3-track demo entitled "Human Relic" and it is almost sold out by now, but their new demo is should be out sometimes in October sometimes I hope! Their music is brutal death metal in the veins of: XYSMA, PUNGENT STENCH, CARCASS, BOLT THROWER and so on... So if you like death metal, you have to check this band out, because they are godly, write now to:

C/O Patte Fernlund, Trollstigen 86, 611 45 NYKÖPING, SWEDEN

DARK TRANQUILLITY was formed in December 1989 under the name SEPTIC BROILER. The band hails from Gothenburg in Sweden. The band did a reh/demo under the name S.B. called "Enfeebl'd earth" and it was recorded in August 1990. The line-up is: Anders Friden: vox, Niklas Sundin: guitar, Martin Henriksson: bass, Mikael Stanne: guitar and Anders Jivarp: drums! The band have got a new demo out now called "Trail of life decayed" and it is much better than the E.e. demo and if you want to buy it, the price is: 30 Sek or 6 \$. The bands influences are bands like: Morbid Angel, Sepultura, Paradise Lost, Deicide, Entombed and many more... Well, I do not think there is so much more to say, so I suggest that you write to this great band at once! The adress is:

C/O Anders Jivarp, Valebergsvägen 149, 427 37 BILLDAL, SWEDEN

Yes, here they are again, SUFFER! This pretty long interview has been answered by Per, drummer. The rest of the line-up contains: Jocke Öhman-Guitar, Patrik Andersson-Bass and Ronny Eide (Morbid Mag)-Guitar. Well, what more can I say about this band? Buy their awfully excellent demo "M.O.G.", see prices and address at the end of this interview! So lets find out what Per has to say !:

DO YOU ANSWER ALL YOUR MAIL ?

-- Of course I do !! There's no doubt, I answer all my mail. I am no Rip-off... And will never be.

WHY DID YOU QUIT ALTAR ?
-- I didn't quit Altar !! The true story is just like this: I went to Fagersta in September last year ('90), and some kind of "try-played" with Suffer. And when I came home I called up Äinar (Bass/Vocals in Altar) and said that I maybe was going to join Suffer, and he said OK ! But I also told him that it wasn't for sure yet so I could go on and play drums for 'em until they had found an other drummer. Even this time he said OK!! Later that night, Äinar called me up again and told me that the-

band... And that they would replace me with another drummer, Frille (An old friend). And this time I said OK ! But after all this, Jimmy says that I wasn't kicked out of the band... I jumped of Altar to join Suffer, he says ! But now you know the true story folks. I can also tell you that they now even have kicked out their rythm-guitarist Dian, and "stand-in" for him is Loppan from Fallen Angel... Anyway, at first there were a lot of "Bullshit" around me and Altar, but now I don't think it's so much any longer. Wortox (R.I.P. (eanuts)). And Jimmy are a cool person, even

if he have talked shit behind my back... I don't care any more ! Write to Altar at this address: Altar, c/o Jimmy Lundmark, Kjellingatan 26, 692 38 Kumla, Sweden.

ARE YOU HAPPY WITH SUFFER ?

-- Yeah !!! Musically I am much more satisfied with Suffer than Altar. Now can I play more like I want, and not that ordinary thrash metal ! It's a lot funnier...

WHAT'S YOUR PERSONAL FAVEBANDS ?

-- My personally favebands are: Mega Slaughter, Nocturnus, Roxette, Deicide, Psychotic Waltz, Syron Vane, Morbid Angel, Naked City, Godflesh, Entombed+ many more !!

DESCRIBE YOUR MUSIC !

-- We just hate to categorize our music, we play what we feel for... I don't care if we play Hardrock, Thrash, Black, Death, Heavy or whatever. You should stay open-minded... Keep the original music up'n'load !!!

HOW WAS IT TO RECORD YOUR DEMO IN SUNLIGHT STUDIOS WITH TOMAS SKOGSBERG ?

-- It was just great to record there, Tomas is a cool producer (He really rules !!) And it was for about 32 trax in that studio. I hope that we will return to that studio later...! It is not strange that Sunlight Studios is so popular, it's a quality studio !! Keep up the good work Tomas !!

ARE YOU SATISFIED WITH IT ?

-- Of course we are satisfied with the sound of the cassette, it's very good. Maybe the drums will be a little louder next time... I hope so ! We have sold for about 175-200 copies this far... It's OK !! We have also sent out around 50 tapes to some labels, radiostations, 'zines, comp.-tapes and so on... It will be cool to hear everybody's opinion about it ! HAVE YOU GOT ANY BETTER CONTACTS SINCE THE NORWEGIAN DUDE RONNY JOINED ? -- Ronny joined Suffer before to be exact, and he has got alot of contacts here and there... I hope that it will lead somewhere !! But only time shall tell... OK ! HAVE YOU PLAYED ANY GIGS ? -- Only 2 with me, it was in Avesta 30/11 '90 with Dismember/Merciless and Beyond. And in Örebro 15/2 '91 with Genetic Garbage. Before I joined they had played with bands like: Equinox, Death Mission (On a festival in Norway), From Beyond, Hasty Death, Suffocation + more ! Maybe we will play some gigs soon, but nothing's for sure y-

et so I shouldn't say anything. WHAT'S YOUR FAVEZINES/DEMOS ? -- Favezines: Sacroformity, Blackthorn, Morbid mag, Poserkill, Slayer mag, Laceration, Mega mag, Isten, Putrefaction, Underground Militias 'zine, Fenzine... + many more ! Favedemos: Psychotic Waltz - And the devil cried, Morbid Angel - Thy kingdom come, Mega Slaughter - Advance tracks for LP, Therion - anything, Tribulation - A void of compassion - Posers in love, Meshuggah - Demo '90, Carbonized - Advance tracks for LP... + Thousands more !! ISN'T IT A PROBLEM TO LIVE SO FAR FROM THE OTHER MEMBERS IN THE BAND ? -- It's only 140 km, and I can take the train whenever I want... It's cool ! Of course I hope that I can move soon... we'll see !! HOW MANY COPIES HAS "M.O.G." SOLD ? -- As I said before, about 175-200 copies so far. And we get letter after letter with orders, it's great !! I THINK "M.O.G." HAS GOT PRETTY ORIGINAL DRUMS, I MEAN YOU DON'T PLAY THE SAME COMP VERY LONG. ARE YOU SATISFIED

WITH THAT ?

-- Thanx a lot for saying that !!! It's cool when people are saying that I am an original drummer, it's what I am looking for - To be as original as possible. One of my favedrummers is Steve Flynn of Atheist, he handles the drums just perfect !! And I don't like to stay so long at just one drum-comp... It's pretty boring, I think.

WHEN AND WHY DID YOU START TO PLAY DRUMS ?

-- I began to play drums when I was 11 years old (now I'm 18), and why ?? I think I had to break too many plates ! And I have never been regretful for that I began to play drums ! It's the funniest instrument ever, it's not boring at all !

WHAT'S THE MOST MORBID YOU'VE EVER DONE ?

-- Crashed with my bicycle at the back of a car I woke up the day after at the hospital in Örebro, I didn't know where I was. My sister Maria called me up at the hospital, but I didn't know where I was. I don't even know what kind of car I crashed with. I think that's Morbid !!

HAVE YOU GOT ANY RESPONSE FROM ANY LABELS YET ?

For those who don't know can I tell that this band was called Afflicted Convulsion before, but they changed it to Afflicted after a while ! Here's an interview with Joacim (Guitar). What more is to say than start reading !

LINE-UP + FAVEBEER ETC. !

-- Well, the line-up is: Me (Joacim)-Guitar, Jesper-Guitar, Yasin-Drums, Fredrik-Bass and Joakim-Vox. We are all severe alcoholics, there's never too much alcohol in anything, the stronger the better. Favebeers are: Danish Carlsberg Hof, Spendrups fat, Crocodile, Kronburg etc. and of course Absolut Vodka, Explorer, Kronkatt-Vodka, glue, thinner, heroin in the filmjolk, that's more exciting stuff! Slanga Myror !

HAVE YOU GOT ANY GOOD RESONS FROM ANY RECORD LABELS ?

-- So far only from smaller labels, we're still waiting for the bigger dickheads to wake up and realize we are the best band in Örnberg... Peaceville said we were too fast, ha! INFLUENCES/IDOLS ?

-- We have no influences, but ourselves when we write songs, that's the best way. I don't have any idols, except maybe for the alcoholic dudes in the films "Repmänad" and "Sällskapsresan". I know that you don't want to know my favebands, so here they are: VOIVOD, CARCASS, JIMI HENDRIX (GOD!), LARD, XYSMA, STILLBORN, MINISTRY, PINK FLOYD, BAD RELIGION, ATHEIST, old BLACK SABBAT, THE CULT, ANTICIMEX, KING'S X, TRAUMATIC, PAIN-EATER, JELLO BIAFRA & D.O.A., IRON MAIDEN, SLAYER, TIAMAT, DISHARMONIC ORCHESTRA + 1000 others.

WHEN DID YOU GET TOGETHER IN THE BAND ?

-- Late in 1988 as Afflicted Convulsion.

WHAT'S YOUR OPINION ABOUT SATANISH, LIKE MANY OTHER BANDS ARE INTO ?

-- It's not our topic, my personal opinion is that I find it useless, but they shouldn't affect anyone, neither offend.

WHAT'S YOUR LYRICS ABOUT ?

-- Stryk ! No seriously, they're about realistic subjects like drugs, pollution, greed, poysivity etc. Not the usual Death stuff, but then again, we're not your usual Death band either ! WHAT DO YOU THINK ABOUT THE FUTURE FOR DEATH ?

-- I'm not the one to tell... I don't know ! Like Ö1 maybe !

WHAT'S YOUR OPINION ABOUT YOUR LAST DEMO ?

-- I hate it ! No, but it could've been better than it turned out. It could do with a re-mix or something. I prefer our single ("Ingrained", 6\$ from THRASH rec.) lots more, the sound, playing and the songs are a lot better on that one ! More psychedelic grinding ! Heavier...

LAST COMMENT !

-- Hello everybody, buy our stuff ! Thanx for this interview and good luck with issue 2 of this excellent (?) 'zine ! Quis: What goes fast and hearts ? Answer: AFFLICTED ! hahahahaha ! Mors !

SJÖLMORD-Buck 'em Danno ! This is the latest release from the Dutch Hardcoreband Sjölmord. This demo includes 6 tunes of great HC. The tunes are: "War's no Summercamp", "-Out-", "Missing Link", "Stoned on the Job", "70 grams" and "The Bottled Romance of Mexico". I don't know how to describe their music, cause I haven't heard so much HC, but what I can say is that it's some kind of mixture with Skatecore and the ordinary HC and believe me it's great ! It's very much melody in the tunes wich makes it very easy to listen at, so why don't send 6\$ or bf200 or f10 or dm10 to: Sjölmord, J.V. Riebeek Straat 41, 4461 Goes, The Netherlands.

SJÖLMORD-Into the Nineties This is Sjölmords 3rd demo and it was released before the "Buck 'em Danno !" demo. This demo is not as good as the last demo, but it's good anyway. This demo does not include as much melody as the last does, so that is probably why I didn't like as much as the last. This demo contains following tunes: "Dead Girl", "I Live in a Dump", "Man in the Woods", "D.X.P." and "Stefan 13-3-89 +" (?????). I you want to know more about the band read the interview. You can find the address at the review upstairs ! The price for this demo is the same as the one upstairs !

F.Z.Ö.-Den felande länken This is a HC-band from the world famous city Finspång. This is fucking great of course, but I must say the vocals isn't the best I've heard. The music is very wellplayed and it is very clean too. The members are Sami-Guitar, Bempa-Drums, Drette-Bass & Vocals and Mattias-Lead vocals. The tunes are: "Kryp till Korset", "Gunbrådan", "Härta äter gammal Ost" and "En eller Ett". As you surly

understand they sing in Swedish. Well, what's more to say ? Buy or Die !!!!! Cause this HC really rules ! Send 25 SEK or 5\$(I'm not sure about the prices) to: F.Z.Ö., c/o Mattias Philipsson, Ås Sonstorp, 612 94, Finspång, SWEDEN. It's a 7".

WOUNDED KNEE-Please Explain This is also a Finspång HC band performing on a 7". This is a pretty old thing, cause it was recorded in 1988, but you can still buy it. This band is more ordinary than F.Z.Ö., but it is great as well. The lay-out on the back- and inside of the cover is pretty messed up, so don't except any important or useful info there ! The Line-up has definitely changed since then, cause then it was: ????. The tracks are: "Please Explain", "Factoryslave", "Gångstryk", "Dustmen Strike" and "Running like a Moose". This is great stuff ! Order from: Wounded Records, c/o Ragge Sjögren, Profilv. 7A, 612 36 Finspång, SWEDEN.

REPUGNANCE-Covetous Divinity This demo was reviewed in "100 %...", but that shitty review is not to be taken serious ! This band plays pretty simple Deathmetal and makes that very well. No stolen Entombed riffs or stuff like that. The tracks are: "Devil's Legions", "Winds of Death", "Go to Jericho", "Subduded Trauma" and "Facies". The Line-up: Micke-Guitar & Growls, Hedlund-Bass and Matte-Drums. As I said this band plays original and that is good, cause in these days it's a mayor problem to be original. Order this demo for 25 SEK or 4\$+2IRC at this address: Repugnance, c/o Micke Timonen, Stenbacksv. 10, 772 04 Saxdalen, SWEDEN. Buy or...

MORTALITY-Demo 1989 This is Mortality's first demo and this demo does, like the second, reflect Mezzrow, but it's good ex-

cept for that. One of the tunes has been performed on the Rockbox Sampler, I can't remember which one, but the tunes are: "Eternal Curse", "Mortality" and "Mesmerized by Fire". All you want to know more about this band read the review. This demo hasn't got the best sound. I don't think this demo is for sale any longer, but you can always ask Bosse for it. Address: Bosse Tågström, Fägelv. 3A, 610 60 Tysteborg, SWEDEN.

Are we relatives to monkeys? I don't know. But I know for sure that a new fanzine is on it's way called: **FENZINE!** The first issue will be out in early January! It will consist of these bands: TIAMAT, KAZZOL ENTOMBED, BOLT THROWER, SUICIDE, MUCKY PUP, DEATH, EXCRUCIATED, EDGE OF SANITY, BIOHAZARD, HOUSE OF SEASONS and many other stuff. Bands that will give exposure to yourselves send your stuff to the following address: **FENZINE**, c/o Micke Timonen, Stenbacksv. 10, 77204 Saxdalen, Sweden. Because of course it'll have demo and record reviews! Send your stuff and I'll send a FREE copy! Artworks are welcome and comcists etc. but glam-bands are certainly not welcome

PUTREFACTION 'ZINE NO.3

Wow! This one of the best 'zines I've read! It features death on 44 A4 pages with large printing. It has about 30 interviews and 10 articles on the prof-type of lay-out without backgrounds. It features many big deathbands like: Noc-turnus, Cannibal Corpse, Dark Throne etc. The English isn't so good, but ok! The 'zine don't include reviews, only arti-cles. The interviews is humoristic and the questions is ok! This 'zine is prob-ably sold out by now, but you could always try sending 20 SEK or 5\$ to: Putrefaction 'zine, c/o Tomas Nyquist, Finningevägen 58A, 645 42 Strängnäs, Swe-den. Certainly recommended !!!

ABNORMALCY MAGAZINE NO.1

This 'zine is written in Swedish and it's a very good debut issue. The back-grounds and layout is very impressive except for that he has got big print-ing. It has got 52 A5 pages with a pink cover. It includes 15 interviews and 16 reviews(Gigs/Demos/'Zines). The int-erviews has got standard questions and some interviews are maybe a little sma-ll. The 'zine features punk, HC and Dea-th, so this 'zine could be interesting for punks and deathfreaks. I can really recomend this 'zine. The price is 15SEK and that includes postage. Write to: Abnormalcy Mag, c/o Martin Ahx, Hermelin-vägen 39, 612 45 Finspång, Sweden.

MOULD MAGAZINE NO.2

The second issue of Mould Mag has got 40 pages in A4 size with large print-ing. It's written in English and it fea-tures Death/Thrash etc. It has got 20 interviews and about 20 reviews/articl-es. The lay-out is good, but the Engli-sh could be better. This 'zine is aver-age with a plus, this editor shows that he is not a rookie in this business. The price is 20 SEK or 5 \$. Address: Mould Mag, c/o Perra Karlsson, Fasadv. 11, 692 72 Kumla, Sweden.

PROGRESS TATTO NO.1

This is a professional made mag on glo-ssy paper in A4 size. Full colour cover as well. Half of the 'zine is dedi-cated for tattos and the rest to under-ground music(Thrash/Death/HC etc). It has got a full colour poster. Lots of bands are featured on reviews and int-erviews. It's printed in 5000 copies!

SUPPURATION NO.1

This is a deathmetal 'zine on 40 A4 pages with small printing! This 'zine is still for sale, even if it has been out a year!! This 'zine is very good for being a debut, but it's pretty boring to read cause every-thing is so old! This editor is also doing a 'zine called Gropiss(Punk'zine!). Suppur-ation no.2 will come sometime this year I suppose. This 'zine is better than the aver-age ones, but to old. Buy it through send-ing 10 SEK or 3\$ to: Supporation, c/o Ola Sjöberg, Åkergatan 10, 660 50 Vålberg, Swe-den. It's written in english!!

Here's a scene report made by Joern of the Radio show Stonehenge ! It was made in the beginning of June 1991. Thanx Joern !!

-- Howdy Folks this is Joern of the radio-show "Stonehenge" ! I'll do my best to update you on what's goin' on here in the Norwegian underground... First of all I want to thank Henrik of "T.H." for letting me spread all this bullshit in this morbid mag. Let's get on with it !

Firstly the sad news... "Dead", the vocalist in the cultband "Mayhem" is deceased... He shot himself... Mayhem's forthcoming LP "Mysteris Dom. Satanas" will then be suffering an even longer delay... It's also worth mentioning that Stian "Occultus" has left "Thy Abhorrent" to play bass in Mayhem... Watch out for some mindblowing stuff sooner or later ! "Dead" R.I.P.

As most people know, some of the bigger bands in Norway has released some albums. Cadaver's "Hallucinating Anxiety" has been out for quite a long time on the Earache sublabel Necrosis... Every one who hasn't got this LP should get it now ! Darkthrone has also released an LP on Peaceville, entitled "Soulside Journey", which also should be a part of everybody's recordcollection. Darkthrone is nowadays working on new songs for their next album "Goatload", which also is going to be released on Peaceville.

A forthcoming vinyl release to watch out for is the Old Funeral 7", which is out anytime on Thrash rec. This band is in my opinion the best ever from Norway, they're going to get huge ! T-shirts is also available from this address (12\$): Tore Bratsetn, Hellbackane 36, 5215 Lysekloster, Norway...

Other news from the same area is that the band "Amputation" is split-up... Some members from Amputation & a Old Funeral ex-member has founded a new band called "Immortal" ! No demo out yet, but watch out for 'em ! Address: Harald Naevdal, Friggsvæg 11 A, 5050 Nesttun. Harald is also doing a mag called "Bad Taste" (It's a Deathmetal 'zine !-ed.) Support it !!!

Two bands from the Sarpsborg area which has got some new stuff out now are: Balvaz and Buttocks. Balvaz's demo is called "Phlegm" and really worth checking out ! Lars Lie, Kallerød, 1625 Manstad, Norway. Buttocks demo 1991 is entitled "Urcemurkel Turkus"... Their music have progress more and more to the more brutal side of Deathmetal, so get this tape now ! Thomas Andresen, Åsheim, 1735 Varteig, Norway...

danne and bempa

These two guys hail from a very well-known Undergoundcity, I'm talking about FINSPÅNG of course ! Finspång has got lots of bands like: Trimmad Elg, Edge of Sanity, Pan-Thy-Monium etc. This interview is made with two members of Finspångs most famous band, Edge of Sanity ! D=-Danne, B=-Bempa. Dan Swånö, Granv. 26, 61236 Finspång, Sweden... Bempa Larsson, Klövern. 47, 61234 Finspång, Sweden...

IS THE MUSIC YOUR PROFESSION OR WHAT ?

D- I don't see music as my profession... I'm working in a factory and my free-time is totally filled with music and its subforms, such as letterwriting etc. I play many different kinds of music too, which keeps me going... It is easier to create good deathmetal when you have influences from somewhere else... I don't think I'll be able to live on Deathmetal even though we might break and turn big... I know the entombed guys had a rough time when they were unemployed and they are very big... It's up to you to judge...

B- No, it's more of a hobby. I wouldn't mind if it turned into my profession. But as long it's fun it's a hobby.

WILL YOU LEAVE THE UNDERGROUND AFTER THE LP WITH EDGE OF SANITY ?

D- No, absolutely NO ! NO...fucking NO ! It's now things starts to happen... There are no "Overground" for a deathmetal band. Underground is where it's created and it will always remain underground and so will we. We have other bands that don't see the

same kinda succes as "EOS" like: Pan-Thy-Monium, Incision, Abscess and other brutalizing acts that keeps us going.

B- Hopefully not ! Cause I still like to get letters and communicate with the people into deathmetal all around the world and just because we release an LP it doesn't mean we leave the underground forever... The contract is only for 1 LP so maybe we will be back in the first position again.

TELL ME ALL SERIOUS FINSPÅNG BANDS WHICH YOU ARE MEMBERS OF !

D- Edge of Sanity (Death metal), Pan-Thy-Monium (death music), Unicorn (Prog Pop), Wounded Knee (HC), Manfred Villes (Snäll Pop), ULAN (Punk), Deformed (Grindcore), Abscess (Thrash), Incision (Death metal), Tom Nauga & Deppdöden (Real Rock).

B- F.Z.Ö. (HC), Edge of Sanity (Evil Corpress), Pan-Thy-Monium (Spy), Manfred Villes (Lisa Nilsson Kopior), Deformed (Grindcore), Abscess (Ttttthrash), Pedestrians (Ankdamm).

MORBID ANGEL SUCKS !

D- Morbid Angel are true godz of brutal grinding Death metal. They rule forever !

B- Sucks on what ? (On Danes dick, I can't see any other reason why Danne like them so much !-Ed)

FAVELP/MOVIES/BEERS/WORK/FAVEBAND/INSTRUMENTS !

D- Fave LP: Mercyful Fate: Don't break the Oath, Fave Movie: 24 carat 4, Fave Beer: Lapin Kulta, Work: SLEEEEEE-EEPPING !, Faveband: Mercyful Fate, Instruments: Vocals, Drums, Guitar, Bass.

B- Fave LP: Celtic Frost: To Mega Therion, Fave Movie: Top Secret, Fave Beer: Fosters, Bye...

Work: Fräsning, Faveband: Celtic Frost, Instruments: Drums, Bass !

YOUR OTHER BANDS, LIKE P-T-M HAVE THEY GOT ANY INTEREST FROM ANY RECORD LABELS ?

D- P-T-M do have label interest yes... From Rigid and Osmose I guess... Maybe, Maybe. B- A few, more or less interesting... P-T-M has really grown since the start.

TELL ALL ABOUT THE LP !

D- Boss is a great person in every situation. I think he pressed too few copies. The cover is great/ Songs are a secret/ NOTHING BUT DEATH REMAINS... OUT NOW, BYE!!! The same goes for Benny, except he thinks that Donald Arneson är en Brunko.

MOTTO !

D- Live fast, die dead... B- More dinosaurs on Earth !

WHY DO YOU HAVE THE FINSPÅNG SENCE OF HUMOR ?

D- Because I'm born here and I practise it very much... DIN LEGOBIL !

BRUNBAK !

B- Don't play fireman with Gustav because Arne har mer än. (????-Ed)

SAY HELLO TO YOUR FRIENDS !

D- Hello ! LARSSON/JAKOBSSON/OLA/JANOS/MOGGE/JOCKE/ROBBAN/CRICKA/SAM/RONDA/UNICORN !

B- Hello to: HOLOCAUSTO (BEHERIT) SAM KILLFUCK, SAZT MAG, OLIVER, ADVIN, HERVE HERRBÅT HEJ DIN BÅTMAT !

LAST COMMENT !

D- I'd like to say this very special word... AVERY-SPECIALTHANKTOYOU BECAUSE YOU-UDID THIS VERY DIFFERENT AND STRANGE INTERVIEW WITH ME AND BEN-NYWELIKED IT VERY MUCH AND DOLAI-SFOREVER ! (Puh...-Ed)

B- Next time I see a sword I'll send you a flyer...

Cemetaryium

Cemetaryium is a band who has been alive quite a long time now so I thought: Why not an Interview? and here is the result, and the whole band has answered the questions !:

TEEL ME ABOUT THE DEMO, IT HAS AN ORIGINAL SOUND, SATISFIED, RESPONSE ?

-- Well, we recorded the demo in only two and a half days in a poor 8-track Studio, so considering that we are pretty satisfied. We had only three hours to mix it, so we had to let a few small mishaps pass. Since we only had eight tracks, we had to switch channels all the time because of the elaborate arrangement ideas and so on. Still, we think we came quite close to the sound we wanted to have. The response has been good except from "100 % P.T.". Flotzilla called it a masterpiece and Aftonbladet had it on their "Best right now List. More good reviews are coming from several other magazines not yet released.

LINE-UP, PROFFESION, FAVE-BEER ?

The line-up is at the moment: Perre-Guitar-Gros-schler (a dutch beer)-plumber, Peter-Guitar-Norrlund-works in a Lampshop (Can you beat that ?!), Jocke-Drums-Spendrups Fat-Printer, Pirre-Bass. Maes Pils (Beer from Belgium)-Student at The Great University of Stockholm and last but not least, King Rat-Vox-San Miguel-Forkliftoperator. We are all single, so all beautiful girls can keep in touch. 44.

INFLUENCES/FAVEBANDS ?

-- Like most bands we get influenced by our favourite bands, which in our case are for example: Suicidal Tendencies, Bad Religion, Iron Maiden, Bad Brains, Faith No More, Frank Zappa.

TELL ME SOME BIOGRAPHY !

-- The band was formed as a Punk-band in October-84 by Perre and Jocke. Under the name Otakt we released a Four-track EP in November-87. We changed the name to Cemetaryium when we recorded our first album Faith and Fear in June-88. Since then we have recorded demos in October-89 and May-90 and now the last one in January-91. A few of our songs have ended up on compilation records like: Really fast vol. 4 and vol. 5, an EP from CBR records, and we have recorded a Discharge-cover for the Minor Threat/Discharge tribute album. We don't think you have heard Drunk with Power like that before. Dr. Alban, eat your heart out on a plastic plate !

WHAT'S YOUR LYRICS ABOUT ?

-- The lyrics has changed from pretty standard punk-lyrics to more personal lyrics. The songs are for example about the death-penalty ("It's all in a days work"), the reunion of Germany ("A new order is forming") and sex trips to Thailand ("The infector takes a trip"). We like to leave something to the listener instead of just spelling it out like most punk-bands do. And to write about Satan and demons would be ridiculous. FUTUREPLANS ?

-- We will probably go

into the studio sometime this autumn and record new songs we have written during the spring and summer. In July we will go to Poland to play and maybe continue to Germany, Holland and Denmark.

WHAT DO YOU THINK OF THE SWEDISH UNDERGROUNDSCENE AND THE FUTURE FOR IT ?

-- There are a few people that keep on organizing concerts, doing 'zines and we contribute with as much as possible. It's important that all kinds of music gets opportunities to play concerts and get played on the radio etc. The future look good though. Live music played by real people will always survive, contrary to what certain popstars today claim.

DESCRIBE YOUR MUSIC !

-- Violent. Like a giant Orgasm for sale !!! Dark thoughts that charge ahead with the speed of a schizophrenic tornado. A visit to everyones private hell. Have a nice day...

WHY CALL YOURSELF CEMETARIUM ?

-- The name came from King Rat who put together the two major influences on our music, death and insanity. Cemetery and Sanitarium blends and becomes CEMETARIUM.

HAVE YOU PLAYED MANY GIGS ?

-- We have lost the count actually. Somewhere between 80 and 100. Some of the best were in Poland and Finland.

SAY HELLO TO YOUR FRIENDS !

-- Hello Africa tell me how you're doing ? We'd like to thank Hans Scheike, Achromasia, Johnny/Unleashed, Buttfuck, Nicke/Entombed, Radio Metal Corner, Anders/Hy-men 'zine.

LAST COMMENT !

-- Thanks to you who lets us appear in your 'zine. All the best luck in the future. You can order our new demo by sending 25SEK to: Cemetaryium, Box 199, 125 24 Älvsjö, Sweden... Or call Jocke at 08/7988636. We will be happy to play a gig for travel money, and we are a great liveband ! See you...

MUSIC FOR SECT LEADERS

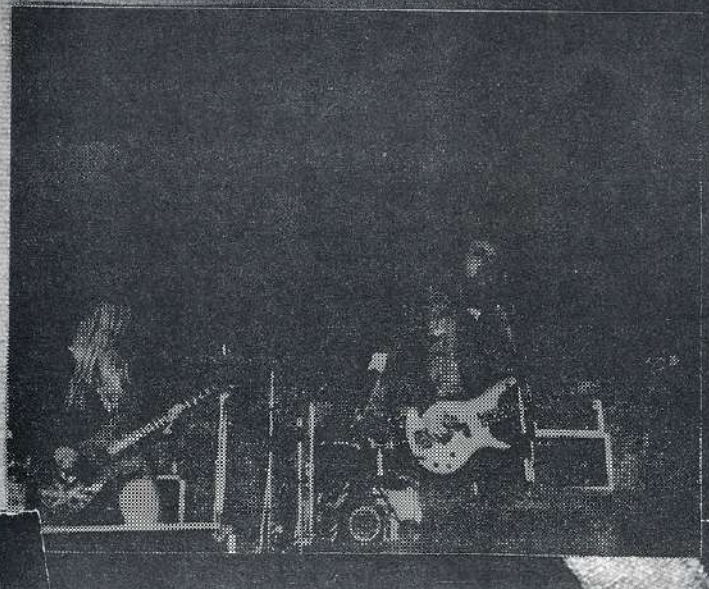

The finish gods Prestige is soon up to release their third LP and here they are to get interviewed. So for those idiots who wants to know the line-up buy a record, cause it has always been the same line-up in Prestige ! Well, Örkki answered the questions:

HEY ÖRKKI HOW ARE YOU DOING ?

-- Thanx for asking, everything's okay we're about to finish this spring tour after two gigs, then we have a change to rest a bit. Lack of money is still depressing... I hope we'd get millions of bucks with this tour, but no... hah.

TELL ABOUT THE TOUR WITH DARKTHRONE !

-- Yes, we invited them to have a few gigs with us in Finland in 2-4.5. We played three gigs & people seemed to like what they heard. Best gig was in "Riihimäki", there were over 300 people ! Dark Throne guys were cool and friendly & I think we bring them to SF again if they haven't got anything against that, and I don't think so, heh.

PRESTIGE

TELL ABOUT THE NEW LP !

-- Studio is booked in July, so the releasing date will be in September. Songs differ a bit from former ones, I think they're faster, more aggressive, but there's also some doomy stuff in them. We will change the studio and producer, perhaps we will produce it ourselves, reason is that we know now what we really want to do & we don't want anyone to tell us how it should be done. We are the ones who know it ... Cover will also be different, we will give up this humoristic image a bit, I've drawn some paintings and a danish girl has drawn something ... Let's see...

HOW MANY COPIES HAS YOUR ALBUMS SOLD ?

-- I dunno anything about this latest one, but I expect that it has sold more than the debut. The debut has sold 3000 copies in Finland and some 1000 in Holland. It's also released in some other contries, but I don't know the exact numbers.

TELL ME A MACABRE STORY !

-- Prestige had a gig last weekend ! (Uuuhhh-Ed.)

FAVEDEMOS/'ZINES/BANDS !

-- Personally I like at the moment such bands as: Adolescents, Bad Religion, Accused, Suicidal... (New LP), Atheist, Dark Throne, Invocator... Best demoband I know is Maple Cross from Finland. And bout 'zines, there's tons of great ones, ex. Isten, Progress Tatto, Underground Empire etc... and of course Thrashing Holocaust.

HOW HAS THE RESPONSE BEEN ON YOUR RECORDS ?

-- The first one quite variating reviews, but the last one has got only possitive ones. I think we have made some progress... We try to forget the whole debut and concentrate on the new material, because it's totally different, we're not the same band as three years ago...

HAVE YOU HEARD SOME NEW SWEDISH VINYL STUFF LATELY ?

-- well, I dunno, Fallen Angel is great, also Hysteriah G.B.C., I'm not sure if I have recieved any other records lately...

DO YOU LIKE JOJVITTO ?
 -- ???!!! Never heard, but I think that has to be a finish project band or something, because word almost means the same as smörvagina, heh. (Smörvagina=Butterpussy-Ed.) What the hell is it ? We have a project band called Heppihirviö, wich means something like dick-monster, wierd !

TELL US SOMETHING ABOUT THE WIERD DUDES IN THE BAND !

-- ? Do we have such ? I mean we're all decent citizens. Well, Aku is a bit wierd, and Ari, maybe Tero, but I'm not... I dunno, who is normal anyway...

FAVEBEER !

-- Groltch. Also Amstel is OK !

DO YOU LIKE PORNOMOVIES ?

-- Sometimes, in a mood. I think if you watch such film it has to be violentic or something. I find the usual ones really boring, they're all alike.

MOTTO !

-- I think this is a cli-sche, but it suits me: Live tomorrow, die today... oops. I think this band is quite open-minded, so humor is essential part of us, so the only motto I can think of is cheers !

DESCRIBE YOUR MUSIC !

-- It's extreme thrash with a sence of humor. Quite old-kinda thrash you might say, you know, straight, aggressive etc. There's also some HC stuff in it... I don't know, I think that didn't say anything ?!

INSULT ME BAD IN FINISH !

-- Hah, I know you have to know tens of guys who can translate this to you, but who cares, heh. Öklö Yrjänö yökkää ärsysti persläven yli, örkpöä ! Well, I don't think anyone can translate that, heh...

FINAL GROWL !

-- Aargh ! Thanx for the interview, all people feel free to write and ask about merchandice. All the best, cheers !

HEFFA HK KLUMP

- HUR SKA DET GÅ ?

Heffa Klump comes from a place called Hortlax in the north of Sweden and they play pop-punk-rock ! Well, this is original må jag säga ! It's shit that I don't know the trax or line-up, but who cares anyway ? This is pretty good even if the riffs isn't very surprising all the time. They sing in Swedish, but the sound is perfect. The demo is 25 minutes long and it costs 20 SEK or 3 \$ at this address: Heffa Klump, c/o Fredrik Granberg, PL 109, 940 10 Hortlax, Sweden. Oups !!! They sing in English too !!!

GYLLENE TERROR - DEN SISTA SVENSKEN

This demo is made by Swedens absolutly best punk-band Gyllene Terror (R.I.P.) ! The demo is including 6 trax on Swedish, these: "Fosterlandskomplex", "Repet...", "Dö din fan", "Dear fuhrer", "Sjöragnar" and even the swedish natiol hymn "Du gamla, Du fria". This is the best punk I've ever heard !! The sound isn't too good, but it's OK ! This band was hunted all around by svartingar cause someone spread out that they were rasistic, but they weren't. They was even escorted by police after a gig ! Well, buy this or you will come into a Fosterlandskomplex ! 20 SEK or 4 \$ would probably be enough for this demo at this address: G.T., Fredrik Larzon, Byggmästareg. 15, 703 58 Örebro, SWEDEN.

Here we have done some reviews over horror/splatter movies! Jimmy in ALTAR has helped us with some... We are also intrested to trade movies so all horror maniacs write now! O.k. here we go...

DEMONS

Demons is really a fabolus movie, with demons, blood and action ! The producer of this movie is the godly Dario Argento. The soundtrack is made by Mötley Crüe, Accept and a couple of more. If I shall say anything negative about this movie, so looks the demons pretty wierd while there eyes are lightning and their bodys full of slime ! The actors are good especially survivors ! And something I hate is that it's so dark that you can't see some of the transformations and all the blood and gore, so that's shitty too ! There's also Demons 2 and 3, and Demons 2 is really good, but the story in Demons 1 is much better. Unfortunately, I haven't seen Demons 3, but I will ! If you haven't seen this movie, then DO IT !!!!

Niclas Johansson

DAY OF THE DEAD

Day of the Dead is the third and the last part of George Romeros zombie trilogy, adn my opinion is that zombie movies are boring(???-Ed.), but this one is really good ! I don't know why ! (It must be Bub who makes this movie tremendous !-Ed) It must be becuase the godly Tom Savini compensates the boringness by making the best zombie make-ups and FX ever ! The last 10-15 minutes is loaded with gory and splattering stuff, and I say: SEE IT ! It's a good zombie movie !

Jimmy Lundmark

INTRUDER

What can I say about this picture ? Well it's a real slashing butcher movie with a lot of blood and band saws and things. It's written and directed by "Evil Dead II" coauthor Scott Spiegel and that doesn't make the film worsen. They used the same weird visual tricks that Sam Rami used in "Evil Dead" and that's great ! But one thing is bad, you can spot the killer early in the film, you know who the killer is after only 20 minutes, I did it anyway ! This film must be uncut if you want to enjoy it, else you miss the gory splattering parts. But it's a real meathook film so I suggest, go and see it ! Jimmy Lundmark

Jimmy Lundmark

STREET TRASH

This is a bad movie and with no story ! But if you bad and disgusting humour maybe this is something for you, but it is nothing for me !!!

Niclas Johansson

ZOMBIE FLESH-EATERS

Yeah, this is a fuvking masterpiece in gore! The film is from 1979, but the quality is good! As you may understand this is about zombies, and the zombies looks great! And they does not look like the zombies from all other films! Well, this film is quite brutal, and the scene when a zombies eats a shark under the water is fantastic! The beginning of this film is quite boring but the end is full of gore and action! Ofcourse this movie is done by the master Lucio Fulci, and if you like zombie films you have to see this !!!!!!!!!!!!!!!

Niclas Johansson

HELLBOUND

This is a brilliant up-follower to Hellraiser, written by the great Clive Barker. I'm totally honest when I say that this film is one of the best Horrormovies made this century ! It's a total masterpiece ! It's a lot of gory scenes in this movie and that is something that a gore-fanatic like me wants. And I really love the scene when the evil Dr. Channard regrets the wanting to be a cenobite and still forcing into the satanic cenobite-machine, which mess him up real ! And praise hell Satan to his baldness the one and only: PINHEAD, who is an out standing character in this movie. But if you're thinking about seeing this movie, see it totally uncut, cause in Sweden is it cut more than 5 minutes, so you wont understand a fucking Shit ! See this movie you wont regret it ! I look forward to see Hell on Earth(Hellraiser III).

Jimmy Lundmark

OPERA

This movie is made by Dario Argento and it's from 1987. I don't like this movie so much, but it's not bad! The movie is about a female who's singing on a opera house and she is "haunted" by a fucking psycho killer... sounds wierd heh? Anyway, a heavy metal band from Sweden called NORDEN LIGHT is doing some of the soundtrack! One shitty thing is that this movie cut quite a lot in different countries but I have the uncut version but I don't understand a shit what they are talking about coz it's in Italian!!! Well, no more bullshit, this is a good and the way that D.A. is unbelievable, so you better check this one out!!!!!!

Niclas Johansson

THE HIDDEN

Well, this isn't a splatter film, but it's a godly horror/action movie!!! The story is about some people are "possessed" by something that looks like a big spider! The people who's "possessed" being crazy and murder people robber banks etc... and it's almost impossible to kill the "virus". I shall not tell you the hole story coz than it's not exiting! But this is a gre-

at movie with lots of action, so if you want to see some real good action/horror, then see this!!!
Niclas Johansson

CANNIBAL FEROX

Hm, this movie is pretty old, but as you who has seen it knows that this movie is great. There are lots of brutal and gory scenes, with alot of blood. This movie has got a story, but after you've seen this movie you know that the movie doesn't get better because of that. The director is Umberto Lenzo, and he has succed with this classical movie from 1981. Anyway, the story is about a bunch of fools who're searching for proves that there's no cannibalism, but you can figure out if the gets proves for that or not yourself. After this only one person survives and is smart enough to not tell anybody about it. A strange thing in this movie is that they make a fucking drama about a small pig gets killed by a snake. Well, this movie is great, especially for being so old. Yeah, try to see this one hell of a movie.

NECROPHOBIC - SLOW ASPHYXIATION

This is Necrophobic's first demo. They play pretty good deathmetal with some thrashy stuff. The sound is ok. This demo was recorded in March '90. It contains 3 trax. The demo is available through sending blanktape+1\$ to: Necrophobic, c/o Joakim Sterner, Arkadv. 5, 121 47 Johanneshov, Sweden.

NECROPHOBIC - UNHOLY PROPHECIES

The second demo includes 3 trax. This demo is much better than the first, the sound is very good, cause it's recorded in Sunlight. The music is more deathmetal now. Also this demo is available, but this one costs 20 SEK or 5\$ at this address: Necrophobic, c/o Joakim Sterner, Arkadv. 5, 121 47 Johanneshov, Sweden. If you want to know some more about this band read the article...

PUTRID - EXHUMATION

The band was formed in the end of '90 and this demo was recorded in the end of April '91. The music is deathmetal with gory vocals, which I don't like, but the music is very good. Also the sound is good. Putrid will release a 7" this autumn. Buy this demo for 4\$ or 5\$ overseas. Send your money to: Juha Koykkä, Kirkkotie 4 as. 4, 66300 Jurva, Finland.

CONVULSE - RESUSCITATION OF EVILNESS

Convulse must be one of Finland's best deathmetal bands! This is their 3rd demo and it includes 4 tunes of morbid death! This is brutal and fast sometimes grindind and sometimes slow. You can get this demo through sending 4\$ or 5\$ overseas to: Convulse, c/o Rami Jämäsä, Halimaantie 60 29, 37100 Nokia, Finland.

MOONCALF- KILL THE FOOL

This tape includes 3 great tracks in the veins of METALLICA. The sound is good, but that depends that it is a taste from their debut album (I think). The songs are: Thou art God, Kill the fool and Hi Jesus dead dummy (Cool name- Ed) I don't like so much thrash, but this is really great and original. The price of the tape is: 5 \$ I think. They have also done a 8 songs demo but I don't know the price on that one sorry! But for more information write to: Mooncalf C/O P.O. Box 18314, Ray Town, Mo. 64133, U.S.A. Made by: Jens A in Desultory

DARK TRANQUILLITY- TRAIL...

This is D.T. first demo under the name D.T. and it's a lot better than the S.B. demo. The line-up is: Anders Friden: vox, Mikael Stanne: guitar, Niklas Friden: guitar, Martin Henriksson: bass, Anders Jivarp: drums. Their music is quite original death/thrash in the veins of MERCILESS, KREATOR & SABBAT and more... The demo has got a good sound and a professional printed cover, so I think that I shall not drag this out, so I just say: Buy it! 30 Sek or 6\$ from: C/O Martin Henriksson, Labackav. 53, 430 50 Källerd, Sweden

NECRONY - SEVERE MALIGNANT PUSTULE

This is a new death/grind band in the vein of Carcass and Repulsion. This is their debut demo and I must say that I really like it. Many people say they are Carcass rip-offs, but if the cover and lyrics hadn't been so splattered, I don't think people would have said so. Listen to the music. So, deathbangers this is for you! Send 25 SEK or 6\$ to: Necrony, c/o Rickars Alriksson, Breduvev. 17, 70378 Örebro, Sweden.

DISMEMBER- LIKE AN EVER...

Well, it took some time for this album to come out, but at last here it is. But I liked the CARNAGE album more but this LP is a great one too. It includes 8 songs and the cover made by the great Dan Seagrave. The line up is Matti Kärki: vox, David Blomkvist: guitar, Robert Sanneback: guitar, Richard Diamon: bass and Fred Esty: drums and Fred must be one of Sweden's best drummers. Sometimes this sounds a little bit as ENTOMBED. Well, I suggest that you buy this album coz it's great. See the interview

EDGE OF SANITY- NOTHING...

This is E.O.S. debut album and they play quite good death metal and this band is for sure original! The line-up is: Dan: vox, Sami: guitar, Andreas: guitar, Anders: bass and Bempa: drums. -- I feel bussy coz of this month mail I haven't be able to answer.

TELL A LITTLE ABOUT YOUR NEW DEMO?

-- It's not recorded yet (How did you know that we should do a new demo?) Well, it will contain 3-4 new trax and we will do more work in the studio this time. We will also rec. 3 trax for a 7"ep on Obscure Plasma Rec., 1 new, 1 almost new and Cr-ematorium.

This festival had alot of different kinds of music, but we try to concentrate on the most interesting bands. Depict Phatos (Ex-Valcyrrie) started the whole thing. They played songs from the last demo and also alot of new ones. This is definitely a liveband, they had got alot of energy pounding out on stage. After Depict Phatos' 30 minutes, Temperance entered the stage and the audience liked them very much. Even if they haven't played much with their new bassplayer, it sounded great. They played almost on ly new songs like: End of the World, guardians of Mortality etc. Also their show lasted for 30 minutes and then Prestige started their gig. This band must be one of the best live bands ever, and of course they were the best band this evening, no shit !!! Now, people started to stagedive and Slamdance... Prestige played their aggressive music with much energy. They played songs from both their albums. Last band out was Thrashholes, and they had some real problems with the sound cause Mr Policeman showed his ugly face and turned down the sound as low as possible. Thrashholes inspiration to play died and their show wasn't too good, infact bad, but it was definitely not their fault. Anyway they played some cool songs from the new demo at least. To summon up a bit I can say that Prestige was the best band, but I can't say if Depict Phatos was better than Temperabce, but Depict Phatos impressed me alot. So, Prestige ruled this evening.

blems to deal with, but what the hell ! There weren't any extra songs by Carcass and that was probably the biggest disappointment of the evening. The last band were Gwar. The audience were very curious about this band. Not because of the music but the show. And what a show, the hole place where bathing in blood (Fake of course). Very pleased and tierd to death we were heading home. I just wonder why there weren't any Swedish bands playing ?????? By: Uffe Karlsson !!!

DEATH METAL

Greece has joined the world's death metal craze, and there are literally tons of new bands sprouting up here and there.

Death Courier are an eminent death trio from Patra, with many hints of thrash. So far, they 've released one demo, called "Deny your destiny" (no longer available), and an 7" EP called "Necroorgasm", with three songs. The demo had a rather bad sound, yet it managed to sell some 500 copies. The EP is a magnificent piece of deathrash with a killing production. It has sold hundreds of copies and the band doesn't have any more copies of it ; allegedly it's deleted, but, if you 're really interested and search well, you could still get a copy of it... anyway, the band was signed to WILD RAGS Recs quite recently ! This label released a limited edition 4 song tape, including the EPs tracks, so buy it as soon as you can. It 's still hazy when they will release their LP. DEATH COURIER, Jim Trousiotis, Efesou 54, Ano Ovrta, 26500 Patra - GREECE

Rotting Christ are a band that needs little or no comments... you know and I know how great they are ! When they started, they played what they called "Necrocanibalistic Deathnoise", which was intense and chaotic grind/noise , sounding like early Agathocles and Fear Of God. They released two rehearsals ("Leprosy Of Death" and "Decline's Return") and a split EP with SOUND POLLUTION. Later on, they realised death metal fitted most their sick minds and a godly demo ("Satanas Tedeum") followed. Quite recently, they released a magnificent death opus, the mini-LP "Passage To Arcturo" from the Greek label Decapitated Records. Every death maniac has to have it, not 'cause it's Greek, but because it's great ! Buy it from Panos Tzanetatos, Aspasiias 55, 155 61 Holargos, ATHENS GREECE, for 12 \$ (Europe). You can contact the band at the following address : ROTTING CHRIST, c/o Sakis Tolis, Menemenis 22, Nea Ionia, 142 31, Greece.

Varathron are another godly death metal band from Greece. So far they've had two demos ("Procreation of the Unaltered Evil" and "Genesis of Apocryphal Desire") and an 7" EP ("One step beyond dreams"). Future plans include an LP. You can order both the EP and the second demo for 5 \$ each from: BLASPHEMOUS DISTRIBUTION, c/o JOHN HIOTELLIS, 10 FEDONOS STR., 17236 ANO HARAVGI, ATHENS GREECE. You can contact the band at: Varathron, c/o Stefan, P.O. Box 31232, 10035 Athens, Greece.

Necromantia are one of the world's most original occult/death bands. They were formed by Morbid, a member of Necromancy (R.I.P.). They have an original, demonic sound, based on the strange harmonies that an 8-string bass can create, helped by howls and growls, whispers and keyboards as well as the typical instruments. They released a promo tape in 1990, which you can get by sending a blank tape and 2 IRCs. The sound is rather bad but you can still feel the paranoia ! During 1991, they will release a split LP with the dutch NECROSCHISMA in DECAPITATED Recs. and their own LP, "Dominion of Fire" in PENGUIN Recs. Write now to NECROMANTIA, c/o MORRID, P.O. Box 79006, 17202 HILMILTOS, ATHENS, GREECE

SEPTIC FLESH are the last Greek death metal band you really must check out: So far they've released a 5-song (plus intro & outro) masterpiece called "Forgotten Path". It has an excellent sound, a professional color cover and... godly songs, with some unbelievable solos and some extremely raw parts. I can only compare them with some great Swedish bands and I'm sure you'll like it. Send 5 \$ to SEPTIC FLESH, c/o SPIROS ANTONIOU, METEORON 8, AG. ARTEMIOS, 11631 PAGRATI, ATHENS GREECE.

OK, here come some addresses and info about some Greek death bands worth listening to:
 Seleface, Techno-death (not like Atheist, but good): 1st demo for 5 \$ from Petros Mihopoulos, Vizadiou 7, 12462 Haidari, Athens Greece.

Septicemia, Death. 35 minutes 6-song 1st demo for 5 \$ from Septicemia, Kanelopoulou 68, Neo Faliro 18547, Athens Greece.

Deviser, one man band from Crete. 3 \$ for the 2nd demo called "Psychic Completion" from Manthos Hnarras, Vamvakopoulou, 73100 Hania, Crete Greece.

Mortal Pain, Deathrash, 1st demo 5 \$ from Nikos Loudakis, Kotzia 13, 15126 Maroussi, Athens Greece.

Mortify, Deathrash, 1st demo 4 \$ from the address of Necromantia.

Some words about Grind/Noise in Greece

A few years ago, Greece had a ruling Grind/Noise scene with Rotting Christ, Sound Pollution, Χτυκά Κατάλοινα, Grinding Disgust, etc. Things have changed a lot since then, but there still are some bands like:

Necrophobia, extreme grindcore with little hints of death. 5 \$ for the second demo from Tsavdaras Stelios, Kifisias 9, Depo 54655 Salonika Greece.

Necrotomy, grindcore. Send a blank tape and two IRCs for their rehearsal to Petros, Kidonion 24, Papagos 15669, Athens Greece. Molten Angel, grind/noise. 2 \$ or a blank tape and a buck from Jim Sarelas, Koumanoudi 29, Gyzi, 11474 Athens Greece.

Cannibalistic Carcasses, 12 industrial/noisecore songs in their first demo called "Don't Kill Animals". 2 \$ and an IRC (or a tape and 2 IRCs) from the address of Necrophobia.

Some words about HC/Punk in Greece

There are many HC/Punk bands down here, but few of them have anything to do with metal, 'zines, etc. Most of them have Greek lyrics. A few names are PANX ROMANA (2 LPs), ΠΟΡΦΥΡΙΑ, ANTIAPAZH (= Reaction), (an EP and an LP), KOINONIKA AΠΟΒΑΗΤΑ (=Society's Rejects) (R.L.P.), (a split 7" and a split LP), ANTI, XAOTIKO TEAOE (=Chaotic End), ΓΚΟΥΜΑΓΚ (lots of releases) etc., etc. A band that needs your support and has English lyrics are Lethal Compression from Crete. They had their "Ultra React Core" demo out in 1990, with 8 tracks from a rehearsal and 9 live. It costs 4 \$ from George Aretakis, 54 Kondilaki Str., 72300 Sitia, Crete Greece.

Some years ago, there were lots of thrash bands; now there are quite less. The older and best of them are **Flames**. They've had many LPs and a "Best of..." was released this year, but they maintain their underground character and play in festivals with cheap tickets, etc. An up and coming thrash band are **Acid Death** who had their "Rotation Of Insanity" demo out in 1991. You can get it for 5 \$ from Vaggelis Koursaris, Tertipi 68 70, 10445 Athens Greece. **Cryptic Force** are another thrash band, with some core influences however. Their debut demo contains 7 tracks (30 minutes) and costs 4 \$ from Joe Tamvakologos, 4 Anaxagora Str., Agia Paraskevi 15343, Athens Greece. **Epidemic**, who have supported Sacred Reich when they came to Greece, released a mini-LP called "Artificial Peace" this year. German style thrash, influenced by Kreator and Sodom, quite good. Send 10 \$ to: Epidemic, Souliotou 62, Neos Kosmos 11744, Athens Greece. Mind you, there are many other thrash bands in Greece, like Danger Cross, Acetic Voice, Asfyx, Sadistic Noise, etc. etc.; I just picked out a few I considered most important.

TECHNO/SPEED/POWER

Medieval Death ... what can I say about them? Very original techno thrash with some deathwave (e.g. Dead Can Dance) influences and originality. You've got to hear them by sending 5 \$ to Nick Zaios, Georgiou Argenti 8, 54453 Salonika Greece.

Deceptor are, objectively, one of Europe's best underground power/speed metal bands. They are currently looking for a contract for an LP, but their 1989 demo is still available for 5 bucks (it has one of the best productions a Greek band has ever had) from John Koutselinis, Kalidopoulou 12, 54642 Salonika Greece.

Guardian Angel are a German style power metal band who have released a very good demo in 1990 available for 4 \$. Quite recently they got a new singer and they've become even better. They'll release a second demo pretty soon and you can contact them at Guardian Angel, Ioannou Theologou 39, 15773 Athens Greece.

Sound of Silence are a heavy/power band with a great future. Their first demo doesn't have the sound it deserved, yet it still is magnificent, conveying this special feeling of quality metal. Great keyboards in the cover of "Flight of the Bumble Bee" and two more superb tracks complete a really good demo, which you can get for 4 \$ from Giorgos Kandris, Propontidos 38, 16232 Vyronas, Athens Greece.

Some more bands you might want to hear are:
Dimension 2 from Crete, Techno-progressive, their 1st demo has a pretty bad sound, but they're quite good. 3 \$ from Dimitris Argirakis, P.O. Box 50224, 54013 Salonika Greece.

Gladiators, power, "Dead Man's Walk" demo 4 \$ from John Nikolakopoulos, Trias 19, Vriliassa 15235, Athens Greece. Other bands worth to be mentioned here are Angel Heart, Pandemonium, and Blind Side. **Condemnation** are a band I'm expecting a lot of in the near future. They haven't released anything yet, they just recorded their first rehearsal for me and I can tell you it's a great speed metal band that shows much promise, so lie in wait for them.

ZINES

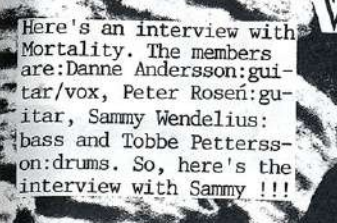

Here in Greece, there is a unique phenomenon: A few years ago, there were no more than 5 'zines. Nowadays however, there are more than 40 'zines (yes, you've read correctly, the number is forty !!!) and new ones appear every day. That's far from being good for the scene, because not all of them are good and have to offer something good. I've even seen 'zines with 2, 5 or 10 interviews, and two 'zines that had interviews from exactly the same bands! More over, many of them are unreasonably pricey. Anyway, there are a few 'zines that really deserve your attention. If I only had to mention one, that would be the notorious DECAPITATED. Even though it's been almost a year since #7 was out (Panos was in the army), it's just great. It's written in Greek, that's why I don't mention its price. But Panos also distributes a few mags, demos, LPs and EPs in Greece and has his own recording label, so you must write to him. Other really good 'zines, written in Greek however, are "Megamosh" and "Troopers of Metal". But fuck 'zine had two great issues out, then disappeared for a long time, and as I've heard, #3 will be in English, when it comes out. A "must" for death metal fans is Blasphemous Mag; written in English by Morbid of Necromantia, Stefan of Varathron and two other guys, #1 has interviews with bands like Blasphemy, Atrocity, Sadus, Nocturnus, Entombed, Sarcophago and lots more. Get it for 4 bucks from Morbid or Stefan (their addresses are already given).

It's propaganda time now !!: I also have a 'zine, along with a friend. The name is RIOT, and our virgin copy will be out in September. I don't tell you buy it, (I'll chop off your limbs if you don't) anyway, I give you some info about it: there will be some 40 interviews of Greek and foreign bands (including most of the bands you read about in this review) in some 100 A4 pages; no glossy paper or colour covers, but a pretty good print; there will also be some interesting (I hope) articles except from the typical scene reports, demo/LP/gig reviews; finally there will be three different editions of the 'zine - French, English and Greek - (I advise you to buy all three and start learning Greek and French!). The price won't be more than 3 bucks hopefully anyway you'll hear more from me pretty soon. I want you to write to me, not only for the 'zine, but for any kind of info on my country's scene, for trading, etc, etc. Bands/'zines please write, preferably well before September. I'm desperately seeking for distributors of my 'zine (English edition), so do me a favor and help me. All letters are answered and no shitty IRC is required. Write to the bands I told you about, tell them you read my words about 'em (so that they will blame me for possible mistakes) and support the world's underground scene. Be positive, resist all kinds of control and oppression, be yourself and have fun. ...'cause I surely will!

My address is: RIOT 'ZINE, c/o John Christoforidis, 61 Frangoklissias Str., 15125 Maroussi, GREECE. Stay well. A big thank and hello to my friend Henke who gave me a chance to present the Greek scene. Support his 'zine!

DISHARMONIC ORCHESTRA

Here is an interview with the Austrian masters "DISHARMONIC ORCHESTRA". The members are: Patrick:guitar, Herwig:bass and Martin:drums! Well, here is the interview with Patrick!

WHEN DID YOU START THE BAND?

-- Disharmonic Orchestra was formed by Martin and Patrick in August 1987. October same year Harald (Now in DISASTROUS MURMUR) joined the band. In February we released our first demo "The unequalled visual response mechanism". After that Herwig joined the band and soon the 2:nd demo tape was recorded. It was called "Requiem for the forest". Just after the demo was recorded Harald left the band. In April 89 we signed a 3 Lp contract to NUCLEAR BLAST REC. and released same year a split lp with PUNGENT STENCH. Our first full-length album was recorded in August 90 entitled "Expositionsprophylaxe" and the album has received great reviews in several big mags!!!

HOW DID YOU GET SIGNED ON NUCLEAR BLAST RECORDS?

-- When we played a gig in March 90 in south Germany with: PUNGENT STENCH and DISASTROUS MURMUR, a guy of NBR was there and has seen us live and he liked us so we got the contract 3 weeks later!

HOW MANY COPIES HAS YOUR DEBUT ALBUM SOLD?

-- We have sold 12 000 by now and it is still selling o.k.! There are just made 1000 in multicolour vinyl!!!

WHAT IS YOUR LURICS ABOUT?

-- They are very surrealistic and irrational. You can think about it whatever you want them to be about!

INFLUENCES/FAVEBANDS?

-- In the beginning we were influenced by bands like: VOIVOD, DAMNATION, NAUSEA, MASSACRE (Fl), but now I would not say that we are influenced by any band or type of music. My faves are: LAIBACH, ENTOMBED, PUBLIC ENEMY, ICE CUBE, COIL, NIRVANA, PITCH SHIFTER, NWA, AZAGTOHOTH and so on...

TELL ME SOMETHING ABOUT YOUR NEW ALBUM!

-- The new lp "Not to be undimensional conscious" will be out in January 92. We have already the cover finished which is very strange and made by my brother Gerhard. We will have another cool intro by Helmut Wiederschwingler who did our intro on our debut. The title will be "Inrophyllaxe 2". I think there are going to be 8 to 10 songs and we will make some cool coversongs for the Cd as bonustracks. Be aware of a sick, wierd and strange album!

WHAT DO YOU KNOW ABOUT SWEDEN?

-- Sweden is a very nice country with alot of goodlooking girls (Your horny bastard-ed) and with alot of selfcoping bands and with weak beer! We all love Sweden although everything is sooo expensive. We would love to play there again very soon!

HOW HAS THE RESPONSE BEEN ON YOUR DEBUT ALBUM?

-- We have got very good response in many zines also in big ones like Metal Hammer, Rock Hard etc... We are very pleased with the response, because the product is not so very good!

DESCRIBE YOUR MUSIK!

-- We do not want to label ourselves, but we call our music SICK, WIERD & STRANGE!!!

ANY NEW SONGS?

-- Yes we have 4 new songs now. They are very strange and with tons of sick drum parts and riffs. The songs are more complex and longer. All about 3½ to 4 min. Titles are: Idiosyncrasy, Sequences of a mental stream and Not to be undimensional and the latest one does not have any title yet!

WHAT DO YOU THINK ABOUT SPLATTER/SATANISM?

-- We are not into this type and we do not like it so much. We do not care when people are into it, but that is nothing for us!

DO YOU LIKE PORNO MOVIES?

-- If they are very erotic and with goodlooking girls I like them for sure, but I do not watch them often!

HOW IS THE SCENE IN AUSTRIA?

-- The scene is getting bigger, but still much to mention. Bands like: PUNGENT STENCH, DISASTROUS MURMUR, NECROSIS.....

FUTURE PLANS?

-- In August we have some gigs in U.S.A. In December shall we record our new Lp and make a "Sandwich of love" tour with ATROCITY in Scandinavia!

SOMETHING TO ADD?

-- Thank for the interview! YO, power to the people no delay! If you fuck with me I put my foot in your ass!! (Din karate fixerade jävel-ed!)

-- No, they all rejected us (Bastards!)

WHERE HAVE YOU GET YOUR BEST RESPONSE?

-- From the Underground press. We have got great reviews and are very grateful to you!

FAVEBAND?

-- I don't know if I have any faveband, but close up there are Fear because their lyrics are funny and Frankie Lymon and the Teenagers cause he had the best Faketts ever.

WHAT DO YOU THINK ABOUT DANISH BEER?

-- I've never tasted Danish beer (Is Nordic Wolf Danish?) If yes then I have. But I like Vodka (Absolut Helrör rules!-Ed) and my fave drink is a melonball.

GIVE US SOME INFO ABOUT YOUR NEW DEMO!

-- It will be called "An age of thunder" cause that's one of the song plus it's sounds cool, but we have no money to record now.

HOW'S THE WEATHER RIGHT NOW?

-- It's beautiful, 70-80 F and clear. Great sexweather. (So when you wrote this you were in the garden and fucked your "love doll" or?-Ed)

IS IT EASY TO GET GIGS IN YOUR AREA?

-- No, it sucks. No place for unsigned bands to play and the crowds are lame!

HAVE YOU GOT ANY BAD REVIEWS?

-- Yes, from a few death zines and from many major labels who rejected us.

HOW MANY COPIES HAVE YOU SOLD ON YOUR DEMO?

-- We distributed 1000 copies of P.P.F. worldwide, some sales, some giveaways.

HOW MANY ZINES HAVE YOU BEEN FEATRED IN?

-- About 20-30 per year.

SAY HELLO TO SOME PERSONS!

-- Hello to Lou from Sick Of It All, James Ström from Sweden and Hyapatia Lee (My favorite porno star!)

-- What? You must be high! Big Mac's are great except for the cheese which I peel off.

LAST ADD?

-- Last add- Advice to aspiring musicians: Go to School and become a Lawyer or Doctor: they make more money !!!

Well, that was it, so now you have to write this great band at once and here's the address:

Here's an interview with the American band The Horde Of Torment and they play thrash. They have done an LP called Product of a sick mind on S.A. Bucher. Well, here's the interview

THE HORDE OF TORMENT

WHAT'S YOUR OPINION ABOUT ZINES?

-- I haven't seen a copy of Thrashing Holocaust, but I wouldn't mind checking it out. Maybe you can send us one?

HOW MANY GIGS HAVE YOU PLAYED AND WITH WHICH BANDS?

-- We've played close to 40 shows. The big bands we've played with are Death Angel, Sacred Reich, King Diamond, Forbidden, Vio-lence, Gwar, Dark Angel, Sadus...

ARE YOU COMING TO SWEDEN, ANY TOUR?

-- I wish I was. At this point no. Hopefully if we get picked up by a label we could go over there.

DESCRIBE YOUR MUSIC!

-- It's melodic, dark, heavy, groove, speed/thrash. It has changed a lot from when we first started.

FUTURE PLANS?

-- We are currently looking for a new drummer and we are auditioning 13 guys within the next two weeks. After that we'll work on new material and then start playing again. We will be shopping our "Inherit the sin" demo to labels in hopes of getting picked up but if nothing happens we will probably record again at the end of the year.

HOW HAS THE RESPONSE BEEN ON YOUR DEMOS/LP AND HOW MANY COPIES HAVE YOU SOLD? ARE YOU SATISFIED?

-- We've always had great response on our demos from people that have bought it or magazines. The labels have liked them but never wanted to commit to the band. I would say for the time we put out our demos I'm happy.

FAVEBANDS/INFLUENCES?

-- My faves are Slayer, Kiss, Megadeth, Metallica, Danzig, Ramones, Jane's Addiction, Testament, Faith No More, Misfits and some guitar stuff or movies soundtrack.

WHY DO YOU CALL YOURSELF THE HORDE OF TORMENT?

-- We were looking for a name because we were originally called Pestilence and had to change the name because the Dutch band signed to Roadrunner. We had a friend in Las Vegas named James Bagley who was in a band called Jamie Gardner and the Horde of Torment and they never even played out live and broke up. We liked the name and couldn't think of anything so we asked if we could use it and they said sure. Since James has got a new band called Area 51 who are great.

WHAT DO YOU THINK ABOUT THE DEATH METAL TREND?

-- I'm surprised by how large it's become. It's strange because when we started we were in that underground, real heavy vein. Like Slayer or Dark Angel at the time and often got compared to them. It seems as if music has become more brutal and extreme and we've become more accessible and mainstream.

WHAT DO YOU THINK ABOUT THE UNDERGROUND?

-- I think the underground is great. That is where we started and it has been very good to us. We would not have gotten this far without being in and supporting the underground.

FAVEFOOD?

-- I like Chinese or Italian or fast food. It doesn't really matter I just love to eat as long as it's good.

MOTTO?

-- We don't have a motto, we just practice, practice and move on. We try to progress and find our own sound and become better musicians. We hope it will pay off some day.

WHAT DO YOU HATE?

-- Labels who don't want to sign us, liars, posers, AIDS, war and being poor.

LAST ADD!

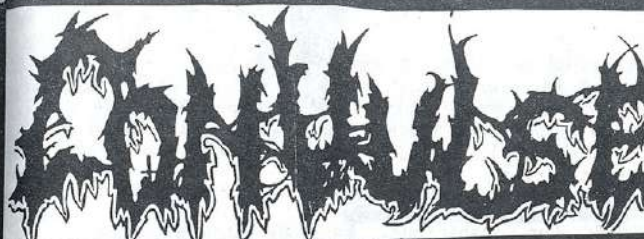

-- Thanks a lot for the interview. We have merchandises so write our management.

HOW DO YOU FEEL TODAY?

-- Quite good... We make new tracks and rehearse a lot.

IS THERE ANY RECORD LABELS WHO HAS SHOWN THEIR INTEREST?

-- Yeah... About 5-8 labels from all over the world has shown their interest. We choosed Thrash records from France, we'll do an LP with them and it will be out in September. Keep waiting on it!

INFLUENCES/FAVEBANDS?

-- Of course there are many bands who influence our music, but... we don't copy anyone. Our favebands are: Xysma, Bolt Thrower, Paradise Lost, Dark Throne, Vader etc.

FAVEDEMO/ZINE/LP?

-- Demo: Vader-Morbid reich, LP: Bolt Thrower-Warhammer, Zine: Isten no.5.

TELL ABOUT THE MEMBERS OF THE BAND!

-- I (Rami) am 18 years old, I studie in "Gymnasium" and I go with girlfriend. I do a lot sports and drink beer. Favebeer is Koff 3. Jani is 19 years old and he works in a state building. He has two fuckin' big killer dogs and he loves beer. Patti is 17 years old and goes in vocational school. He differs a little from us, 'cause he doesn't listen to deathmetal at all, he listens to Pink Floyd! Janne is 18 years old and works in resort hotel as a lifeguard. He scares dogs and drinks all too much!

HAVE YOU PLAYED MANY GIGS?

-- We have played 10 gigs under the title S.D.S. and 10 with the Convulse name.

HOW IS THE FINNISH SCENE?

-- It's growing very fast. Some good bands: Xysma, Disgrace, Funebre, Sentenced, Amorphis, Purtenance, Beherit etc. Maybe here are almost too much bands nowadays. IS THERE A BRIGHT FUTURE FOR DEATH/THRASH?

-- I think so, but this all can end very soon. It's hard to say how long this dream continues.

DO YOU HAVE ANY HOBBYBANDS?

-- No, I haven't!

WHAT'S YOUR LYRICS ABOUT?

-- They are mainly from themes like: Religion and gore. I don't like from religious people, cause they're always intruding their views.

DESCRIBE YOUR MUSIC!

-- It's gloomy, dark, heavy and brutal. It's a mixture of slow and grind parts.

ARE YOU SATISFIED WITH YOUR DEMOS?

-- We're not satisfied with our first and second demo, but the third one is still good. Maybe the sounds would be more brutal and heavy.

MOTTO?

-- Godless is truth. You'll see it!

SAY HELLO TO SOMEONE!

-- Hello to: Sentenced, Xysma, Funebre, Disgrace, Beherit, Amorphis, Menticide, Purtenance, Luxi, C. Moyon, Pat (Thrash Rec.) etc etc etc etc etc.

"NO RIP OFF!!!"

NO REMORSE-Slashing Video Jippi jai kai you mother-fucker!!!! At last the Gods have released their bootleg video. It is 45 mins long and contains excerpts from several gigs during 90-91. The video includes 7 tracks, these: "Braindead", "Never Betray", "Heart of Stone", "Call it Destiny", "Mr Injection", "Guardians of Mortality" and the cool song entitled "Party all Night". No Remorse plays wellplayed Power/Speed and many says that they are Metallica rip-offs, but that's not true, of course some stuff sounds pretty much alike Metallica, I don't care. The line-up is: Freddie-Guitar & Vox, Mange-Bass and B-häng-Drums. After this video they have changed their bassplayer and the new one is called Janne. You can buy this video by sending 80 SEK or 15\$ to: No Remorse, c/o Ernerot, Riddareg. 52, 352 36 Växjö, SWEDEN...

TRAUMATIC-The Morbid act.. This is Traumatic's first 7" and it includes following 2 trax: "The Morbid act of a Sadistic Rape Incision" and "The Grotesque Mutilation of Infested Organs". This is total brutal death in the veins of Carcass! The members are: Larsson-Vox, Totte-Drums and Manuel-Guitar. The 7" is better than their debut demo. Traumatic will also appear on CBR's "Swedish Death Metal Sampler", but only on the CD version. I think this 7" costs 30 SEK or 6\$. Order it on this address: Traumatic, c/o Larsson, Industrig. 11NB, 595 00 Mjölby, Sweden.

GRAVE?
Sorry to say that I don't know the name of this 7", but something that I know for sure is that this 7" is fucking great! The 7" contains 2 trax, these: "Eroded" and "Inhumans". These two trax are fucking great! Grave must be one of Swed-

ens best Death bands. The Members are: Jörgen-Guitar & Vox, Ola-Guitar & Vox, Jonas-Bass and Jensa-Drums. If you wanna buy this masterpiece send 5\$ to: Century Media Rec., Balkenstr. 17-19, 4600 Dortmund, Germany.

EIDETIC-Non Conspicuous...
...Warning. This is a new Power/Techno metal band from Denmark. I must say that I got really surprised when I heard this first time, because it sounds so different! The tape includes 4 songs and the members are: Morten K.-Vox, Dan A.-Guitar, Jonas R.-Bass, Peter L-Drums. This is really original stuff, also great, but a little to slow perhaps. You can buy this demo for 6\$ at this address: Eidetic, c/o Jonas Rendbo, Blichers Alle 21, 6700 Esbjerg, Denmark.

FALLEN ANGEL-Trapped in...
...Syberia. This Mini-LP is made by the Örebro Thrashers Fallen Angel and it contains 7 trax of pure Thrash a'la Bay Area. The members are: Johan Bulow-Guitar & Vocals, Joacim Persson-Guitar, Mattias Hedenborg-Bass and Fredrik Lindén-Drums. Musically is this Mini-LP much better than the "Hang-Over" demo, but the vocals is sometimes not so good, but it's OK. So if you wanna hear some good Thrash order this LP for 60 SEK or 12\$ at this address: Fallen Angel, c/o Johan Bulow, Rönnev. 5, 702 20 Örebro, Sweden.

TOXAEMIA?
This is a 7" with the godly deathmetalers Toxaemia! This 7" contains 5 trax of very good music. I don't very much about this 7", I suppose it will be released by now, if you want to know about this band write to Stevo. The line-up is: Stevo-Guitar & Vox, Linus-Guitar, Emil-Drums and Pontus-Bass. Write to: Toxaemia Stevo Bolgakoff, Styngenv. 10A, 591 34 Motala, SWEDEN.

INVOCATOR

This band is probably to most people in the underground, and even perhaps you've heard them without reading 'zines, cause this band is a wellknown band cause of their demo sold so much (read Metal Forces). Here's an interview with Jesper H.:

***TELL SOME HISTORY!**
-- INVOCATOR was formed back in '87 by me, Jakob Schultz and two other members who are on our first demo: Simon Melsen and Otto Hansen. I originally started the band under the name "BLACK CREED" (in the evil days!) and that was with Simon Melsen. We got Jakob Schultz and Otto in the band in the summer '87. BLACK CREED was started back in '86. Now Per M. Jensen has replaced Simon and Jesper M. Jensen has replaced Otto.

***WHAT'S YOUR INFLUENCES/IDOLS?**
-- In the beginning influences were SLAYER, DARK ANGEL, DESTRUCTION, SEPULTURA and so on, but now it's more Death metal and stuff like that. DARK ANGEL and SLAYER are still influential, but not as much as MORBID ANGEL, ATHEIST, ENTOMBED, DARKTHRONE, PESTILENCE, NOCTURNUS etc. My personal idols are: TREY AZAGTHOTH (MORBID ANGEL), MIKE DAVIS (NOCTURNUS), JOHN DRENNING (GRIMSON GLORY) and YNGWIE MALMSTEEN.
***DESCRIBE YOUR MUSIC!**
-- It should be easy, cause we sort of mix Death metal stuff and with balls out o-

Thrash! I would call it Death Thrash, but some call it Death metal and others Thrash metal. I don't care, it's actually up to the listeners to judge upon our music!

***HOW IS IT GOING WITH THE RECORD DEALS?**
-- Well, we canceled the deal with Wild Rags. It was mutually decided because it all went too slow for us, and we felt that Richard C. wasn't 100% into doing stuff with us. We've now signed to Black Mark Prod. for an LP release this summer. We'll record it very soon, and a possible title is "Excursion Demise". Look out for it! 8 tracks, 6 brand new and 2 old from "Alterations".

***TELL A LITTLE ABOUT THE DUDES IN THE BAND!**
-- Ok, this is me (Jakob H.): My nose is a bit damaged... I don't know why... I like to play guitar, drums and tuba* visit my girlfriend. I'm lazy and eat all the time, but I'm very slim anyway... Oh, I use glasses and has an eye disease! And here is Jakob Schultz (Called Schultz): He's got spots in his face, but not as many as me, haha! He's the big guy in the band, and he likes to relax and watch TV ("Lykke-hjulet"), Oh, also play guitar and squeeze his girlfriend. The there's Jesper M. Jensen: A tall dangling fellow... he's in a theatre acting like a moron! He enjoys music and girls... but has a hard time finding a place to live... Got a cool motorcycle-moustache! The last one is Per M. Jensen:

He's not! He's very weak and likes to relax* play drums and smoke hash. A friendly, but sometimes very negative person, who can have problems with spots too! He works as balcksmith... ha! Tall too, but no moustache at all...!?!?

***WHAT'S YOUR LYRICS ABOUT?**
-- Emotional feelings, the most. A lot of things actually. One about drug addict, but written from his mind and thoughts and pains. We get a lot around in different topics, and we always write with a personal touch, to get them more exciting and special. People don't seem to get a shit of it, but that will perhaps change if they get into them...?!
***HOW MANY EX HAVE YOUR LAST DEMO SOLD?**

-- We've sold 1300 copies and that's really shocking! Who would've thought that? Not me, anyway we're really happy with the sales, and people still order it! The 1st one sold 600 (sold out).
***TELL SOME SHIT ABOUT THE NEW LP!**

-- It will, as I said before, have 8 songs on it: (In the wrong order) "Excursion Demise", "Absord Tempration", "Beyond Insufferable Dorman-cy", "Inner Contrarieties", "Forsaken Ones", "The Persistence from Memorial Chasm", "Occurence Concealed" and "Schismatic Injected Therapy". It will be recorded 2nd of April in Stockholm, Motezuma Studios. I cannot tell anything about the cover etc, coz nothing is 100% sure yet about the visual side of things I hope it will be set for summer release.
