

SIMPLY THE SICKEST

Welcome everybody to another MOULD MAGAZINE. If you have the guts to believe me, then this is the fourth time, I suppose. We are still a totally underground fanzine, but with a little difference, I would say !! Till this issue we received over 100 cassettes full of metalmusic. It sounds marvellous, but it's true. So here you got nearly 150 reviews of tapes, records, zines...etc. COOL !! If we would had have an thank-list, then it would had taken all the space for about 3-4 pages. So we dropped it. We say thanx to all BANDS/ZINES/LABELS/RADIOSTATIONS/ARTISTS/DISTRIBUTERS/COMP.TAPES and so on, that have helped us with anything. This fanzine is dedicated to you !! Of course we want all-serious bands/zines/labels or whatever to get in touch with us, for an honest exposure in our upcoming issues. ONLY METAL !!!

Alright muthas, see you all around. Hope you will have a nice reading...PREPARE TO MOULD !

PANDEMONIUM is as you know a great death /black metal band from Poland !! Their latest tape "Devilri" was sent my way, a few months ago. Of course I already knew, & was familiar with the bands music and existence (just take a look in Mould 3). And an interview was immediately sent to their guitarist & vocalist Paul.

Hello Paul !! Anything cool going on in the name of PANDEMONIUM these days ??

- "Right now we work with some new stuff. It will probably see the daylight this summer. It will contain for about 45 minutes of music, and be kept in the black/death climates !!"

How has the response being on your latest tape "Devilri" ?? How many copies are out?

- "People's response to "Devilri" is very good. We get lots of propositions to gigging, which we take of course. At the end of '92 the tape had sold in 6000 copies. It's a big number and we're really proud of it. I think the stuff on "Devilri" contains, is worth such a big sales."

I heard that you are going to play in Sweden soon... Could you tell us more ??

- "As far as I know. We will probably play in Sweden with Inverted(Hi pals/Ed.), but I don't know exactly when it will happen, but hopefully someday soon."

What do you think of Tape-trading ??

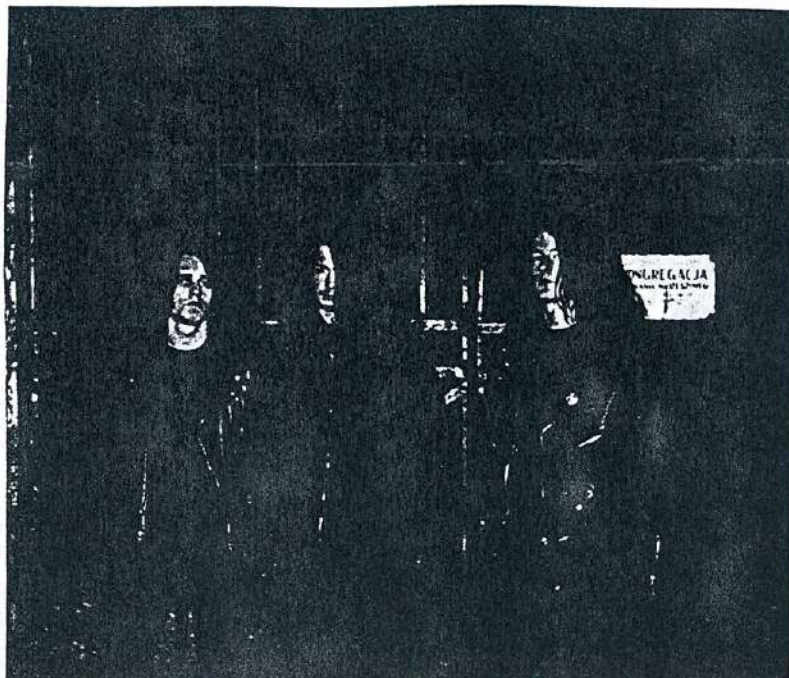

- "Sorry, I don't trade tapes. I am not a demo collector. I think you understand it."

Have you heard from any labels yet ??

- "We have got some propositions from some small Colombian, Swiss and American labels. As for now we'll record the material for our familiar-label Carnage Records. We will see what will happen later, maybe we will wait to get some interest of some bigger ones."

Please tell us about your merchandise ??

- "All the time we offer anyone our "Devilri" demo. There are 6 songs professionally

recorded in a studio, kept in black/death climates (Price = 6 Us\$). Besides that we recommend you our T-shirt (2 sided, black = 15 Us\$) !!"

What comes up in your mind when I say Turbo music ??

- "We should might have done an ep for them some time ago. It would have contained 1st demo, but nothing more was heard about it. We claimed that it was better to concentrate on the new stuff, and do it for a polish label... The effect was that we recorded "Devilri", signed with Carnage not Turbo music. Carnage's deal seemed alot better."

Favourite `zine/ Demo/ Ep/ Lp ??

- "Favourite `zine is Thanatography from Italy. Favourite demo - Necrovore. Ep - "Medival prophecy" with SAM-AEL... And lp... "Hammerheart" - Bathory !!"

Thanx Paul for taking the time answering this shit, any last addition for all the readers of this "crush the skull" `zine MOULD ??

- "Thanx for the support. Greetings to you Perra !! And to all the readers..Of Mould Mag, buy our demos and T-shirts guys !! Blessed be..."

Hey... Just grab a pen and write to this undergroundact... Here's the address: PANDEMONIUM - PAUL, ZACHODNIA 68/26, 90-403 LODZ, POLAND !! Keep your eyes and ears open for this band in the future...

This band, DEAD HEAD. Has been around in the underground for a several years now. And of course they are one of my fave bands !! Here you got a pretty long interview with one of their guitarists, Robbie Woning. And the man behind the questions is Sami Paldanius.

Ok, hello Robbie and a good year 1993. I think you have just been in the studio recording your new album "Angelheart". So, I want to know how it went and did it come out like it was supposed to come ??

- "Yes, well first of all there will be a different title, because we had somekind of concept & all, but then the Acrostichon-Cd came out, and it was almost the same concept. So we now change the title into "Dreamer deceiver" which is better anyway... The song is still called "Angelheart" by the way, and yes it's about the GODLY movie.

The way it came out I don't know because we're halfway recording, but the sound will be heavier than the first fucked-up Cd, we have a better guitar sound, also we have a complete process in our own hands. Unlike last time when the mastering was fucked-up by a stupid guy in Austria, who will find a bomb in his car one day. This time we will do our own mastering and all... People say a producer is okay, but alot of big artists do their own production and stuff, and we have so much studioexperience anyway. We worked in studios, especially Ronnie did it alot.

Don't have so much to say about your first album, but I think that something was missing. It didn't sound full as for example your "The festering" demo Are you still satisfied with your debut album and will this new one fill in the weak holes from your debut ??

- "That's the fault of this guy in Austria, because the mastertape sounds way better. I have that on DAT-tape, hmm, the first Cd will be out with new mastering, it will be released along with the 2nd Cd... The songs on "The feast" were very good. Maybe all the people that bought it, liked the songs, so they didn't care about the thinner sound, also the sound ain't that bad. It sold a lot actually for our means, couple of thousands alright."

You told me that you were on a tour with MASSACRA in November 1992. How was that tour ? Tell us something about the countries, audience & other things?

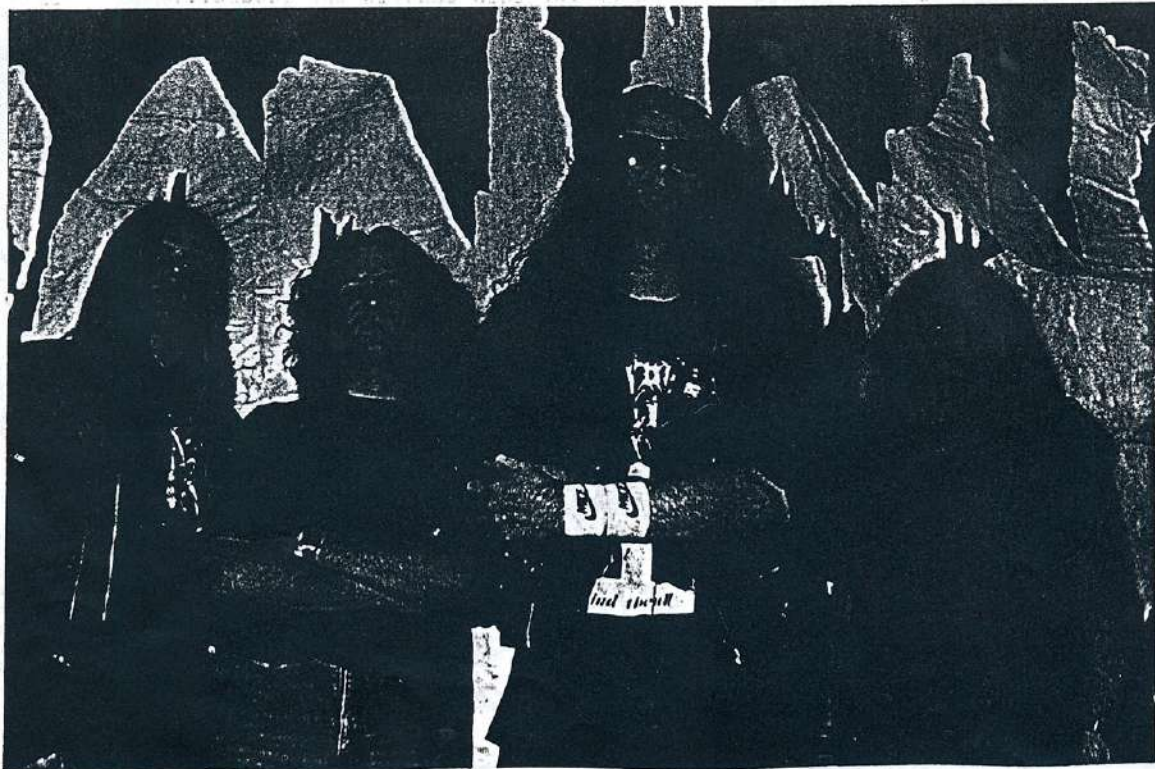

- "First of all this tour was planned to be with Cadaver/Massacra, or maybe before that Dark angel was planned to be on it. Anyway, we heard about it when it was two days before. So we had to really hurry to be there on time. We were on no bills, all the clubs thought Cadaver would play, but they just didn't showed up. So we had to fill their place, no-one came for Dead head, but I think most people liked us anyway, they were pretty wild on some nights. On other nights there wasn't too much people, but then Metallica was playing 15 km from there. I had a free vacation for three weeks all over the continent and spent a lot of money on shopping. It was pretty much okay, MASSACRA are cool guys, Matthias is a fucking kackfass. We did alot of Germany which was also cool for us."

Did you use the same studio and the producer for this second album as on your debut ?? Is your cooperation working out well ??

- "It's not really a producer, it's us and the guy from the studio, he's been in a great band called Frankenstein, who were very famous in Holland, 10 years ago. We knew him since then, so we are friends. He's trying to keep our recordings within the borders of studiototechnology but we share the same opinions."

Talking about your label Rising sun. I think they are not so much concentrated on underground because your debut are quite unknown in the underground scene. Do you think that they should concentrate more into underground ? And now they re-pressing your debut Cd, tell us something about that too ??

- "No, that's right.. On one side it's smart to not only concentrate on underground, a band would like to become very big, right. But you're right that

Rising sun does not much underground promotion, maybe one needs to do both sides. I'll figure some things out for the next release, their other bands are not underground bands, more melodic. They're learning... They did much promotion, but Dead head isn't trendy death metal, easy to swallow shit, so it takes some time."

Are you so "big" band already that you don't have much time for underground activities? Do you find underground important for Dead head? Do you think that there's a hole in marketing for Dead head's strongly thrash influenced death metal?

- "Well, I have always done a lot of underground-digging myself. Now I have less time because, like the other guys in the band, I am just having a busy life, we work alot, I am also still in school. But all people that write gets answers, and most interviews are answered. Underground is changing with all the magazine that asking for free promostuff and then if you don't send them a thing at first, they say you ripped them off... How can you rip them off when they don't pay and have a shitty magazine. There's some rip-offs in the magazine-business isn't there?" (I hope that all fanzine-dudes now understand the point in this decision/Ed.).

Is the material in your new album much different from your older stuff?? Could you please tell us something about the new trax?

- "Yes, way different. But I think it will sound the same because we are the same guys. Only a new drummer, and he's a big change, he does some technical drumming, it's cool, stimulating us to give some more. We have more power within the songs, we learned to write I think. Tom changed his singing a lot too, also to avoid the Kreator-criticism... That's funny anyway, the music has nothing to do with Kreator, but the vocals sounds more like Kreator then like say Death... Anyway, all death metal vocalists sounds alike. At least to some point..."

About your lyrics, they seem to be rather intelligent stuff, so how is the genius behind them and from where comes the inspiration for such things?

- "Haha... Intelligent... Well, in fact they are put together in a way that the deeper meaning is kind off hidden, but also many magazines claim we are having cliché lyrics. Just at first sight... Most lyrics were anti-religious, but since this has become a trend, we are now doing some deeper shit, like the album title, "Dreamer deceiver"."

I read from your newsletter that you have a new drummer called Marco Kleinnibbelink. What happened with Hans? Has things worked out fine with this new "Necroslaughter"??

- "This new Necroslaughter... Yes, we changed his name, he hates it!! The co-operation with Hans was cool, he helped us, while we were searching for the new guy Marco. Marco is educated in music, so he tells us we are lousy guitarists & shit. We have play well now. Hans is back to school, also doing a more rock-oriented band, with the best guitarists in Holland. I like it, but they are not finished with the thing they do. They need time..."

So you consider Dead head more as live band. But now you have

got enough from Holland and probably also people in there have seen you too many times. No more single concerts, but bigger tours and foreign gigs. Has there been any discussions about tours in the near future?

- "Yes, probably, well in Holland and saw Dead head alright. Every metal-guy or girl saw Dead head in Holland, so we took some time off, we did the tour, some additional gigs in Denmark & Belgium. We wrote the new album, and after that we will a new row of gigs, with a bit of a show element, more theatrical. Will be cool, and also more interesting for us. We would like to do more tours, but it depends on the label and their distribution."

What do you think about the other acts on Rising sun?? Are they treating you equally with those better selling acts??

- "No, we are the best selling act, because their best selling acts (Gypsy kyss & Psychotic Waltz) were sold now, so we get good treatment, like free albums now & then, and good promotion, he paid for the tour, No problem!!"

OK, I think that's enough for this time. Thank alot for this interview. I think it isn't too godly experience after having an interview in a mag like Rock hard, but I still hope you enjoyed. Now the word is free for your final statements...

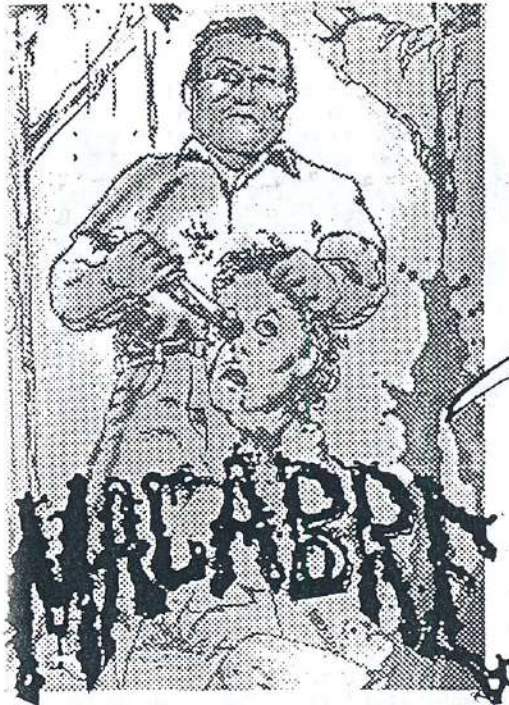

- "Rochhard is okay, Frank Albrecht we meet, who was cool, but there's some guys at Rockhard, who really dig the funky & Seattle shit and then they don't understand the Dead head concept at once, but they think the Seattle sound is new, and they don't realize that this whole sound is based on seventiesshit, from Led Zep until AC/DC and even some Hendrix. The trouble is that these guys also give points to death metal acts. So, what I'd like to say is that your magazine is Godly too?? I think the magazines that are the most open-minded are the most godly. Yes, Derrick starts on Tv, and after that there's Oprah Winfrey... And before I forget it, as for question number 5, about the marketing... Hmm, alot of people like us because we are different.. A lot of guys are into technical well played shit, and I think that's why we are still popular, we're really metal and also dark & powerful, we just combine the thrash element of aggression with the atmosphere of death metal. But since bands like Deicide play so violent, we tried to take a more song-wise approach. That's what we also like to do. Thank for the listening. See YOU!

Hey, Robbie and Panda... I am the one who shall say THANK!! Of course we're all looking forward to the new DEAD HEAD album "Dreamers deceiver". If you readers would like to reach this super band... Write to:

- "It`s doing okay. It could be better though maybe when the new lp comes out it`ll pick up." What would you`ve done if you weren`t in Macabre ??

Hello Nefarious, what`s up with Macabre this chemical days ??

- "I would be in Sinister mini-ster, or a different band."

- "Were busy preparing for the release of the new album. And were writing songs for the next album as well."

Have you heard anything from PMRC yet ??

I`ve heard alot of rumors about you during the last months, so now must ask you.. Have you released the "Sinister slaughter" album yet ??

- "No, but when we were mixing our album tipper gore was across the street with Bill Clinton right before the election giving a stupid speech. We could hear them from the street below even though we were on the 15th floor."

- "The album will be out any time now. Look for on Nuclear blast records. It`s our best stuff yet."

Which trax are you playing live?

Are you only gettin`influences to write songs from Serial killers & Splatter movies ??

- "Whatever we feel like doing."

- "Our influence is serial killers and mass murderers. That is all we write about !"

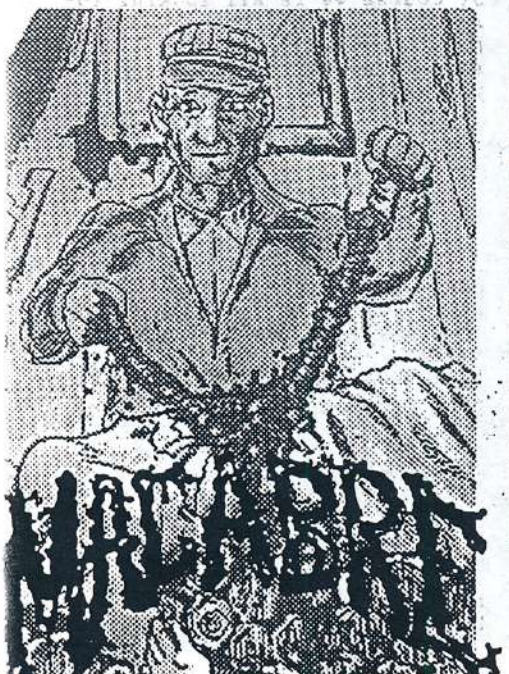

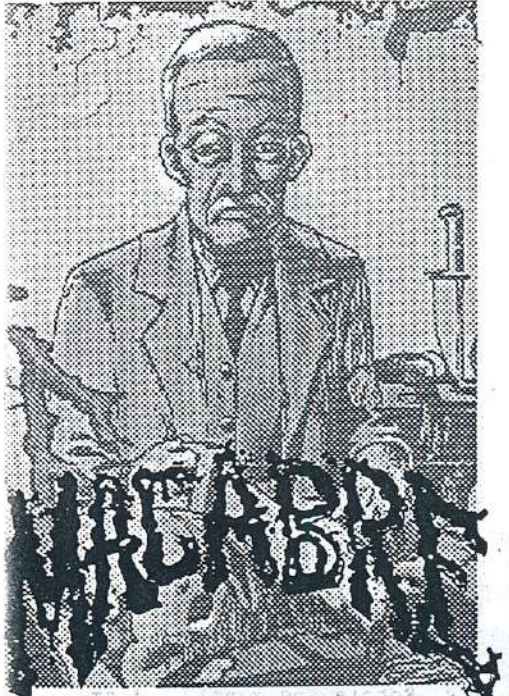

What do you think of horror zines like Gorezone, Fangoria... ??

How is your fan club "Macabre murder club" doing ??

- "Their cool, but I don`t read them too much. I mostly read books on serial killers."

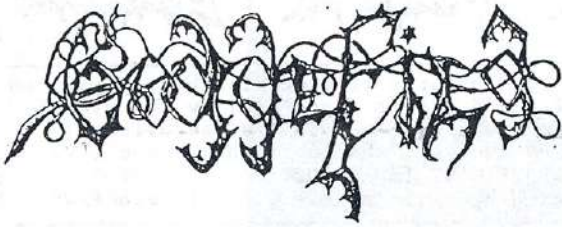

Last serious shitty words ??

- "Check out the new album when it`s out I think you`ll like it. If you want T-shirts,write us !!"

MACABRE

P.O. Box 9375, Downers Grove, Illinois 60515, U.S.A.

Here's yet another new death metal act from Karlskoga, Sweden. Named GODDEFIED. Their line-up consists of: Jonas Aneheim-Lead guitar, Mattias Pettersson-Drums, Richard Eriksson-Bass & our interview victim Jan Arvidsson-Guitar/Vocal. They got something going with WILD RAG RECORDS, anyhow...Here is now an interview with them !!!!

When do you think that your 7" ep "Abysmal grief" will be out ??

- "We've just heard from Richard C. that he wants to release it as an 6 tracks CD instead of an 7" ep. We don't know a shit when it'll be released.?"

How did you came in contact with WILD RAG ??

- "We sent our first demo "Assembly of the damned" to WILD RAGS in December 1991. They were interested to distribute it. In late '92 we sent "Abysmal grief" to Richard C., he wanted to release it as a 7" as you know !!"

You sound pretty much as DISMEMBER/ENTOMBED, do you agree ??

- "We are pretty influenced by AUTOPSY, SLAYER, MASSACRE, CARNAGE. Yes we sound a bit like those bands, but that mainly comes from the production, as we all know SUNLIGHT is the best studio in Sweden. And the producer is really cool. (Yes, SUNLIGHT is a really cool studio. But it is really up to each band to create it's own sound/Ed)"

In January, you recorded three new trax..How will you release these ones ??

- "We aren't really sure yet. Due to "the long delays while pressing vinyl it'll probably be released as a demo through WILD RAGS. We haven't heard from Richard yet...So all we can do is wait !! (Maybe you can find them too on the planned Mini-CD ??/Ed)"

What is POPPEE FABRIK actually ??

- "A really great synth-death-pop band from Karlskoga. I have currently helped them out by playing the guitar in that band. POPPEE is well-known among the Nazi-punks in Germany."

Do you know what your ex.guitarist Micke Persson is doing nowadays ??

- "He is studying in Umeå, he wants to be an engineer and he is playing golf while not reading books in the classroom. His father is called Prutt-Gunde (Fart-Gunde). Prutt-Gundes favourite habits is watching TV and switching between his 567 channels. He also likes to take a falukorv (Falu-sausage) and tell Mickes friends that they doesn't have as big cocks as his Falukorv. This is true !!"

How is the Thrash-scene in Karlskoga ??

- "There are not too many bands here in Karlskoga, the bands are: AHRIMAN, a great death metal band with Günther Järn (Iron) as lead singer, really cool music. Next is ABHORRENCE (Hohoho/Ed.), bad name, but we've told 'em that there are many bands with that name but they won't change it. By the way, they're playing thrash in the vein of SLAYER, SEPULTURA, METALLICA. The vocals sounds like TIAHAT.COOL !! A Metallica influenced band called HORTICIA has recently popped up. And last but not least there is an outstanding good and brutal death metal outfit called GODDEFIED, NO...Just kidding. We do exist though."

Have you been featured in many `zines ??

- "Not many, but a few. For example: RECENSION MAG & APOLLYON. We haven't spread that much flyers and stuff. So we have our self to blame for that !!"

Well, do you have any last words to this interview ?

- "As the 7" ep not will be released, you all have to wait for the mini-CD, which is set to be out someday on WILD RAGS !! And keep in mind, SUNLIGHT is still the best studio around. Thanx for this interview, Man !!

Okay Janne, thanx for the time. And all the readers shall now write to this upcoming monsters of death:

For the ones who were familiar to the last MOULD - issue, you surly remember the highly praised band LUBRICANT. From Nokia (gummistövlar or what ??), Finland. Their demo "Swallow the symmetric swab" just kicks ass, and their new mini-CD is even more intense and full of surprises !! It's released on the germish label MORBID RECORDS. And by the way, what a friendly band this one is... And there's nothing more I can say, then... LUBRICANT IS A GODLY BAND - SUPPORT 'EM!! Here is a better interview than in the last fuck, answered by Paul Daniels...Oh, I mean PANDA !!

Are you satisfied with your forthcoming mini-CD, I mean the recording `n stuff ??

- "Well, I have learned to like the production just recently, but I`m 100 % satisfied with the songs. The sound is quite light and thin, but I think that is suits us fine. The coverthings will be really great and professionally made !!"

Since the last.int. in Mould 3, you`ve been playing in both Sweden & Germany, any cool memories ??

- "Yes, we were in Sweden in the beginning of October `92 and we played 2 cool gigs there. And then in December `92 we played a small tour in Germany, 4 gigs, and that was really excellent !! Many cool memories from both trips. The thing we appreciate most is that there were so wonderful people in both countries and everybody were so kind to us !! We got many new friends from those trips & it is really important for us !!"

How is your deal actually with MORBID RECORDS ??

- "We recorded our mini-lp/cd with our demo-sale money & we sent the DAT-tape to MORBID REC. and they pressed 1000 lp`s and 1000 cd`s, and we`ll have 20% of every press that they will make. And we also sent a proposal for the cover/ innersleeve and they will finish them also. We know that MORBID RECORDS isn`t big, but they have been 100% honest & supportive to us, so we are rea-

lly satisfied with our deal."

Do you have any gig or tour plans just now ?

- "Not at the moment, because the other LUBRISGUYS are tightly in the army, so we don`t have any possibility to play tours and also rehearsing is almost impossible. We are trying to play as many gigs as possible, but there aren`t so many in Finland, it`s a shame !! Maybe after a year or so, we`ll play a full lenght tour in Europe, but nothing is certain yet !"

What do you think if ICED EARTH ?? Which are your favourite bands ??

- "Fuck you !! You slimy little creature from Graceland. Do not torture me...AARGHHH, cut your hair !! (I don`t stink so !!/Ed.). Iced earth has been my worst nightmare since our trip to Sweden. I think that only PEPEDA can make even worse music than Iced earth !! Well, my fave bands are RHCD, Bad religion, Klamydia, God forsaken (Hi there/Ed.), Bolt thrower, Paradise lost, Tiamat, Gumboil, Ramones... And many more !! Opps... The almighty KISS, of course !! (Where is PRINCE?)"

How many copies has you sold of your "Swallow the electric chair" demo actually ?? Do you have any cool distributors around the world ??

- "We have sold about 800 copies and it`s still selling. We have many distributors around the world and only WILD RAGS seems to have ripped us off. We sent him 70 copies and to this day, we haven`t seen any money for those tapes. It`s a really big shame, but there`s nothing we can do !! (Hey Richard C. send LUBRICANT the moneys right away. For your own best,man.../Ed.). We have distributors as ADIPOCERE REC., DROWNED PROD., MORBID REC., MEGAGRIND PROD. (Right on dude/Ed.).. And many private persons !!"

Did you had any other label -interest before MORBID records picked you up ??

- "Few interests from even smaller labels than MORBID, bigger labels weren`t that much interested or informed about LUBRICANT, that`s strange !!"

Do you have any problems with your mail ??

- "Yes I have, at the moment !! Now I have for about 50-60 letters on my desk, waiting for me. But I`m so busy with my school, that at they`ll be a little deleyed I`m afraid ! Nowadays I receive about 40-50 letters a week, so that confronts me with a slight problem."

The three other members of LUBRICANT are now doing their military service, what about you ??

- "Yes, they are wandering in the forests and that makes our rehearsing and other things very complicated. My turn to go to the army is after a year and a half, if everything turns out as I`ve planned it !!"

Any last addition for my slimy readers ??

- "Oh.. No cool words. But I`ll say thanks for this interview Perra, and for all the support you have given to LUBRICANT. Big greetings to all our friends all around the world and under it. Order our mini-lp/cd called "NOOK-LEPTIA" Bye, bye !!!

Ok readers... We say thanx to Panda and Lubricant for this enjoying time, hope to see you even next time around.

DISEMBOWELMENT

The ones of you who are familiar to my older issues, can remember a band from Australia called DISEMBOWELMENT. They are a really brutal act and has just released their debut mini-album "DUSK". Find out more about them in this short int. with their drummer Paul Mazziotta.

You have just released your debut mini-CD & soon you'll also have your debut album out on Relapse. Could you please give us all necessary info. ??

- "Well our CD-single has 2 tracks from our 2nd demo. They have been re-mastered & re-mixed & they sound heaps better. We also have an unreleased track on the single. Our Lp has 7 tracks on it & runs for 60 minutes. Hopefully it should be out May/june."

How has RELAPSE treated you so far ??

- "So far so good. At times they are a bit slow & have delays on a few things here & there. But generally they have treated us good."

You're also featured on the "Pantalgia" Comp. Lp

DISEMBOWELMENT

on MBR Records..Are you satisfied with that cut ??

- "The recording we produced for MBR is probably the most brutal song we've ever recorded. No kidding !!"

Have you heard of ROTTING FLESH MAG from Australia ??

- "Yes. I've heard of it, but I haven't checked it out yet."

How many copies did you actually sold of your last demo "Deep sensory..." ??

- "We sold just over 800 copies !"

Do you have any problems just now ?? - "NO !!"

How is the scene just now in Australia ??

- "It's a little quiet at the moment. I really hope an overseas act comes out here really soon."

Do you have anything to addition to this worthless piece of interview, feel free to say whatever you like to all my readers, Paul ??

DISEMBOWELMENT

- "Well, I hope everyone can check our Lp out when it's out. I'm not just saying this, but our Lp is very different to any death metal Lp ever."

Ok Paul-dude, thanx for the view answers anyway. If any of all you readers would like to get in touch with DISEMBOWELMENT... Just write a letter + enclose an I-R-C to:

SCATTERBRAIN

This is absolutely one of the craziest bands around these days... SCATTERBRAIN !! After I heard their first album "Here comes trouble", I totally go apeshit... Anyway, here comes even more trouble. Glen Cummings answered my questions....

Hey Glen, what's actually up in the SCATTERBRAIN camp these days ??

- "Actually a lot of things, we are finishing up our songwriting for our 3rd album. We have 16 written... And a couple of more on the way ! We're about to sign to a new management company, and that's like a breath of fresh air to us.... Renewed hope + fresh blood. We are also talking to several possible producers for our 3rd album. Busy...Busy !!

How did your "Here comes trouble" album sold world wide ??

- "I'm really not sure, I'd say 200.000 (Maybe more:??).

Do you have any cool memories since the time as LUDICHRIST ?

- "Ludichrist was a lot of fun. And quite a learning process for us !! I could tell you a thousand unbelievable stories, but I'll just give you a few choice excerpts (lesbians with beer bottles, drunken midgets, jumping off bridges, dress shopping for ourselves, playing in... A karate studio, a record store, a tuxedo shop, a storage garage, a chicken restaurant); Get the picture ? (Yes, I stink so !!/Ed.): Those were really low-budget days... If we would get paid enough for a jar of peanutbutter + gasoline (to get to the next show), we considered ourselves successful !!

What are you doing besides the band ??

- "Not much to be honest... I study guitar, write songs, and spend as much time with my girlfriend as I can. (She lives in Nashville, Tennessee). It's been a quiet year, a lot of reading + studying for me... And it's making me feel old.

Are you planning to release any new album ?? Are you still on In-effect records ??

- "We're now with Elektra records in the U.S. That's Wear or Warners worldwide. We released our second album "Scamboogery"

with them last year... But I'm not surprised you didn't know, we kinda got lost in the shuffle (sometimes I am stinking even more/Ed).

Well then, have you played any cool shows lately ??

- "We played about 10 shows last month. Honestly they were all great... But then again I have a blast every time we play. We tried out/ debuted about 10 of our new songs + they all seemed to get a purty darn good reaction !! I can't wait to record this next album + Hit the road.

Are you still good friends with John Connelly ?? What do you think of the new Nuclear assault ??

- "I think I'll always love John Connelly. He was a real inspiration + also a friend. At a time in my life when I desperately needed both. Ever since John moved up to Connecticut (about 4 and a half hours away), I haven't seen him, that was about 3 years ago. I hope all is well with John, he's a great guy + He deserves more than he usually gets. I haven't heard any recent N.A. stuff, or seen them live in a while... I can't imagine them being anything but INCREDIBLE !

Thank a lot Glen, do you have any last insane words to all the readers of MOULD MAGAZINE ?

- "I sure do. Write to us !! Let us know you're out there. We have T-shirts for 15 US\$ (postage + packing included). Watch out for new album... Yet untitled, sometime in the fall on Elektra/W.E.A. cassettes and Cd's.

If you like original metal music, then do not hesitate to get in touch with Glen and the boys at this address (enclose an I.R.C. for sure answer) :

SCATTERBRAIN, P.O. BOX 3407, FARMINGDALE, N.Y. 11735, U.S.A.

"Drunken milkman driving drunk, swerves on the curves. Chevrolet heads his way... A flash-A crash !! Milk & blood, blood & milk. Family of four, family no more. Drunken milkman, driving drunk".

Just this lyric explains how crazy this band really is. Write them immediately, or listen to the new Scorpions !!!!!

BIOCIDE

This is a new and very aggressive band from the states, Antioch, California to be exact. They are called BIOCIDE (so.. you had already figured that out... Great !!). Anyshit, here is now an cool view with....Their lead guitarist...Dave Phillips. Enjoy !!

Well Dave, BIOCIDE is a pretty new band for me and the readers... Could you please tell us all the facts on how you actually formed the band ??

- "Chris and I had just left our former bands, so we just decided to start playing. Then we had got a few songs together, and decided that we were going to form a band and we needed a drummer. So we got Eric. Eric is Chris's girl-friends brother. We then started practising at a public storage space, and one day we were jamming and James just showed up and said that he wanted to join the band, and we had never saw this guy before and we thought he was crazy. But for some reason we said Okay. So he went & got his stuff and we have been jamming ever since !!"

How has the response being on your latest tape ??

- "Our "Biocide '92" demo is doing very well. We have sold about 500+ copies. And we are starting to get a good following."

You have played with alot of cool bands, let us hear about your craziest one ??

- "Our craziest gig was when we went to Los Angeles to play with SADUS, HEXX and EPIDIMIC. On the way there we followed Sadus, and on the way we lost Eric because he followed us with one of his friends in this fucked up VW. So we got there and we got our hotel and we waited all day for Eric to show up, but he never did. So we went down to the club, and we thought we were

going to have to cancelled because we did not have a drummer. But when we pulled up, Eric was sitting outside the club. It turn out the show got canceled any way's because some one got killed inside the club the nite before in a fight, and the club became a crime seen and no one could go in. To sum it up, we drove 16 hours round trip for nothing."

You are practising the door next to SADUS, how does that feels ?? And how does it look like in your room ??

- "It is not that big of a deal, and our room is small but it dose the trick. We practise in this old where house it is haunted, and none of us really like to go there by ourselves." (Cool/Ed.)

What are you doing besides the band ??

- "Besides the band. We all lead separate lives. Eric works at the local High school. James is a mantince man at a oil refinrey. Chris work's on car's and I paint house's. James is also married and has two kids. Eric also has a son."

What do you like Bart Simpson ??

- "I used to like him. But he sold out and dose Butterfinger "Candy bars" commercials. (What kind of question is that.... Haha !!)."

Which are your biggest influences ??

- "I know Chris is influenced by KISS. For Eric, James & myself, I don't know ??"

Well mate, any cool last words for the HOULD readers ??

- "Buy a BIOCIDE demo it mite change your life...."

Okay Dave.. Thanx a lot for the answers, really cool !! And for all you agressive readers... Don't miss this KILLER band. Get the demo by sending 5 Us\$ to either: BIOCIDE c/o Dave Phillips, 3101 Buchanan Rd 204, Antioch, Ca. 945 09, USA !! Or just 5 Us\$ to MEGAGRIND PRODUCTIONS (add elsewhere).

God forsaken

A while ago, this band - GOD FORSAKEN, released one of the heaviest debut albums ever on french label Adipocere records. Entitled "Dismal gleams of desolation". As I've been in touch with this band for a very long time, I decided that it was time for an interview... So my friend, Hannu Kujanen (Guitar & vocals) answered the questions !

How has Adipocere records treated you so far ??

- "Pretty good actually, I guess that we got the best underground label to release our album !! And to be honest Adipocere records is everything we thought and even more ! Anyway, both sides have done what the deal is for."

Have you played any cool gigs lately ??

- "Yeah, we played our first gig in this year (23.1), and it was the first time the audience actually digged our music !! It was great to play and we got drunk afterwards of course. We will play 3 more soon, we are truly looking forward to these gigs."

Are you still in contact with After world Records ?? How did your 7" actually sold ??

- "Yes, After world rec. have done a re-press of that 7" ep. So, it's still available for the public. The ep came out good and it got us known in the underground."

Say hi to some of your contacts in scandinavia ?

- "Okay, hi to Joel (Exempt), Henrik in Norway and to all my penfriends !!"

Are you going to record any new album soon ? Or what will happen in the God forsaken camp now ??

- "No, we will see how the first album goes and maybe we'll record 2-3 new songs for promotional stuff only."

Your influences ??

- "Old heavy metal bands like the mighty GODS Black sabbath !! And the rest comes from our minds/hands..etc. We want to be just God forsaken and don't sound like the 250 other boring bands."

Any cool memories since the time as Putrid ??

- "Hmmm... It's always cool to remember how it all got started. We have come a long way now and still we have not give up, y'know !! The first gig was funny though. It was for about 500 km away from here and we had to take the train, and when we got there (late of course) we had only 15 minutes to relax before we had to play !! We only had 4 songs at the time. But it was worth it... That's for sure !!"

Thanx pal, any last words for the readers ??

- "Okay, let's say that everybody can write to us and we hope to do a tour in Sweden someday. Oh, we have a new Reh. tape out also... Ask for it when you write !!"

Hell yeah, that was the int. with God forsaken !! Good luck in the future guys... If any sad soul now wanna get in touch with this heavy fuckers, then you should write to Hannu at this address :

GOD FORSAKEN c/o Hannu Kujanen, Sorvarinraitti 1B7, 614 00 Ylistaro, Finland !! (And be sure to include an I.R.C. pals !!)

CYNIC

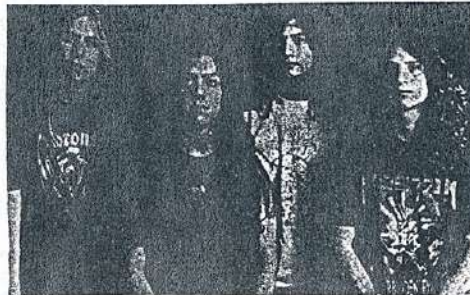

Here they are, the fucking CODS in the band CYNIC. This is the worlds best band together with DREAM THEATRE. MOULD is really proud to presents this interview with their guitar virtuos, Paul Masvidal.

So Paul, when will your debut album be out on Roadrunner ??

- "We will beign recording in the 2nd week of April. The Lp will be released by the end of this summer '93. We've had many delays because for one our equipment was held in europe for 6 months after the DEATH tour. Once it arrived a hurricane hit South Florida and damaged the whole area, which set us back another 2-3 months. It will have 8-9 trax and is very different from all the other Roadrunner stuff."

What about the 2 new members, why the departure of Tony ??

- "We have only one new member, Darren McFarland. (Ohh, sorry/Ed.). Tony and the band weren't communicating very well. And each of us had different ideas for the band."

Is the guy in Canada still selling your demos ??

- "I hope not, he's not suppose to be selling anything at this time."

Will there be any kinda tour for CYNIC soon ??

- "Once the Lp is released we will tour Us and europe. Nothing is scheduled yet."

What do you actually think about DEATHHILL LUNATICS Volume 1 ??

- "I think it was good, had alot of diversity" (Thanx Paul/Ed.).

What would you say if Nasty Ronnie and NASTY SAVAGE would reformed ?

- "Nothing really, except for GOOD LUCK !!"

I heard that you will not do anything more with Chuck/DEATH ..Is it true ??

- "Yes, we finished with DEATH after the tour, we wanted to move on to CYNIC and play our music."

Were do you rehearse and what does it look like ??

- "Well, Sean and Darren live there. It's like a studio, warehouse with an open area with stage for rehearsal. Then an upstairs with a living room and another loft with bedroom. We also have a kitchen and bathroom/kitchen area. It's been set up nice since the storm passed. (Sounds really cool to me/Ed.)"

Thanx for this beautiful interview answers Paul, any last addition to all the readers ??

- "Thanx for reading this interview (if you have) and if you're interested in a new original and experimental form of music - Pick up our Lp on Roadrunner, released in Summer '93. Thank you PERRA !"

Yeah, check this great band out immediately...THEY RULE !!

JESUS SAVE started out back in Nov. '89. They have released three demos, and have appeared on a few comp. Cd's and so on. Their style can be described as Thrash metal with some HC touches. The only thing I think is sad, is that I can't find a perfect sound on any of their releases so far. That is pity !! Anyway, they are still searching for a full-length album deal. So you might take a listen to JESUS SAVE, and condemn for yourself. Take a chance at: KAWANO, SUGUINAMI-KU, NARITA HIGASHI 4-27-2, TAJIMA APT. 102, 166 TOKYO, JAPAN !!!!!

...7", ALBUM REVIEWS.

Well, all record labels... Listen up, send all yer stuff to us for an honest exposure on this page, and bands can do the same if they are interested !! Over to some serious talking....

BLESSED SICKNESS (Us) - Debut 7"/ PSYCHOSLAUGHTER R.

This band outta Ohio is playing some really brutal death metal, and this 7" ep is the bands first experience on vinyl. The first track "Skullfuck" is really heavy, with some cool harmonies. A quite short one as well. "Without a trace" is next, some weird riffs along with some experimental drumming. I really like all the guitarleads, they're cool. "The butcher" is the B-sides opening song, and the vocalist Vince is here sounding somewhere between Darren in Sadus & Chuck in Death. This track can't be much longer than "Skullfuck" song. This 7" ends with the tune "Amputated offerings", still as brutal death metal as all the other trax. And the great guitar-harmonies is even here. I really looking forward to their forthcoming full-length album on PSYCHOSLAUGHTER RECORDS. But you can still get this brutal piece from Sean and his label, through sending 5 Us\$ in the states & 6 us bux elsewhere. Just send cash to: PS-RECORDS, P.O.BOX 22, BELLE VERNON, PA. 15012, U.S.A. !! 7,5/10

DARKIFIED (Swe) - "SLEEP FOREVER..." 7"/ DROWNED PR.

Some evil black/death metal then. This band is more of hobby project of members from MARDUK, PAN`THY`MONIUM...etc. As all of you already knew that, I'll not torture your ears with more bullshit. Anyway, this is the DARKIFIED's debut 7", and it including the trax "Sleep forever...", "The forgotten city" (a re-recorded song, originally on their debut demo "DARK" released 1991) and "The whisperer in the darkness" (another "Darkness..."-song). This 7" is recorded at Gorysound studios, and mixed + produced by Danne Swanö. It's a really clear and good sound, I like that. I don't know if this band is still alive and out there, but you can always buy this ep for 5 Us\$ from: DROWNED PROD. P.O. BOX 39048, 28080 - MADRID, SPAIN. (And oversea-dudes pay 6 Us\$, okay!!) 8/10

INTERNAL DECAY (Swe) - "THE FORGOTTEN DREAM" LP/CD ADVANCE TAPE/ EURO RECORDS.

Another Swedish band, INTERNAL DECAY. After their debut demo, simply titled as the band. EURO RECORDS decided to pick this young and fresh death act. The band is on this 8 tracked album (+ intro/outro) trying to catch up some really heavy riffs, which they really do, sometimes !! I find their music somewhere the doominess of PARADISE LOST, and the originality of AT THE GATES, with a few keyboard-parts. The only re-recorded song from their old demo is "My hatred", the other 7 trax is: "To each his own pain", "Repossessed throne", "The anguish of twilight", "A forgotten dream", "Ex oblivione" (not the ALTAR-song), "Tears of blood" & "...And darkness shall fall" !! This is a really good debut album, and all freaks in the heavy school should get this one when it's out. For further info. Write to the band on this add: KIM BLOMKVIST, STATIONSGATAN 21 B, 195 41 MÄRSTA, SWEDEN. 8/10

DEMIGOD (Fin) - "SLUMBER OF SULLEN EYES" LP/CD/MC DROWNED PRODUCTIONS.

Hell yeah !! The underground godz DEMIGOD from finland has now their debut full-length album out !!!!! Of course it's a really brutal and heavy death metal piece, this one. And the listeners got pretty many songs to listen to as well, 11 songs on MC/CD and 10 on the LP-version. Almost an hour of Gore. And the

cover, well the whole package got a scream of quality. He myself got very hard to listen to this growling vocal to much, I find it quite monotonous. But the music speaks then, so after a while I totally go nut again !! As the Drowned flyer says: -This is a fuckin' massacre !!!! Just check out this band if you are into the brutal side of death metal. LP/MC costs 12 Us\$ & the CD costs 22 Us\$, from DROWNED (address at the DARKIFIED review). 8,5/10

PRIME EVIL (Us) - Debut 7"/ RAGE RECORDS.

One of the most sad happenings last year, 1992, was the split-up of old "cult" band PRIME EVIL. Anyway, RAGE RECORDS released their first/last or only 7" Ep ever. The first track "Terminal dementia" starts up with a heavy and really catchy riff, great drumming. Fucking brutal thrash metal !! The B-side track "Global degradation" got some crazy drumming, which reminds abit the old POSSESSED drummer. But this is more thrash located though. This really are one of the most original and godly 7" ep's released ever, and I am fucking glad that it was RAGE who released it, cool label. This 7" is not for sale anymore, due to the bands split-up. But you should not miss this labels other releases, write immediately to: RAGE RECORDS, P.O.BOX 4441, NY, NEW YORK 10185-0038, U.S.A. 9/10

PUTRID OFFAL (Fra) - "SPLIT CD WITH EXULCERATION"/ ADIPOCERE RECORDS.

This band old demo tape "Unformed" wasn't my favourite. But I think that the band has grown alot during the last 2 years. This is a prof of that, really fast riffs and some grinding drums. And a respectable sound too, can be heard. The trax here is: "Purulent cold", "Repulsive corpse", "Premature necropsy", "Rotted flesh", "Symptom", "Garroting way", "Suffering" and "Mortuary garland". + Intro & outro...etc. If you're into Grind core, then you shouldn't miss this band, I really think that they can satisfy your soul. This Split CD costs 20 Us\$ from the band itself, add: PUTRID OFFAL c/o HOURIEZ FRED, 89 AV. SCHWEITZER, 59282 DOUCHY, FRANCE. By the way, this band has currently played live with bands such as FEAR FACTORY & BRUTAL TRUTH, that is really cool, I think !! 6,5/10

PLUTOCRACY (Us) - "FREEDOM DENIED"/ PS-RECORDS.

Even if you didnt found out that this is a 7", I better tell yaa, it is !! And it was released on PSYCHOSLAUGHTER RECORDS last year. And as you might know, I had an cool interview with PLUTOCRACY in MOULD 3. So of course I really like this quality band. This 7" ep contains 2 trax, "Freedom denied" & "Plutocracy" (re-done originally from their 1991 demo). Their lyrics are very critical against politics, and sucha subjects. And the music is fast, and...Pretty original, actually. Get this ep for 5 Us\$ (Europe/the rest) and 5 Us\$ in the United states of America. From: PSYCHOSLAUGHTER RECORDS c/o SEAN PANEK, P.O.BOX 22, BELLE VERNON, PA. 15012, U.S.A. !! 8/10

NIGHTFALL (Gre) - "PARADE INTO CENTURIES" LP/CD ADVANCE TAPE/ HOLY RECORDS.

This album is already out on HOLY RECORDS, France. But this 4 track Adv.tape was sent to me a while ago. NIGHTFALL play some slow'n'easy metal, well, Doom metal with some heavy metal influences. I would say !! The track "Thoughts" is my personally fave track. And there's not so much to say about it actually, if you like GODSEND/CATHEDRAL...etc. Then you should not hesitate to order this full-length album (CD=18 Us\$, LP=13 Us\$) from: HOLY RECORDS, 4 BD GUTENBERG, 93190 LIVRY-GARGAN, FRANCE !! 8,5/10

BAPHOMET (Us) - "BOILED IN BLOOD" 7"/ AFTER W.R.

This 2 track 7" inch was recorded live at the last Skyroom show in February '91. Of course we are dealing with brutal and highly experimental death metal on this one. The sound is okay, to be subha'brutal live act. (Kenny har lirar in/Ed.). But this is nothing to compare against the bands full-length one (out on DEAF) "The dead shall inherit". By the way, I think that this band has changed their name by now, because the-

re is another BAPHOMET in Germany. I don't remember the new name but you can still order this single anyway. 6 Us\$ everywhere to this address: AFTER WORLD RECORDS c/o JASON WINELAND, 188 REA STREET, HILLSDALE, MICH. 49242, U.S.A. Also ask for that labels single release with GOD FORSAKEN !! 6/10

DISASTROUS MURMUR (Aus) - "WHERE THE BLOOD FOR EVER RAINS" MINI-CD/ NAPALM RECORDS

A really cool and upcoming label from Austria is NAPALM RECORDS. This is their debut release, in form of a mini-CD with DISASTROUS MURMUR. The bands second vinyl actually, as they released their debut full length album "Rhapsodies in red" through the Osmose label last year. This one includes 6 trax recorded both 1989 & 1990. So as you might understand, this record contains old demo trax. Anyhow, with a really dirty sound they attack through trax like "In to the dungeon", "Ptomaine poisoning", "Molten Gristle"...etc. And their music can only be described as very BRUTAL death metal. For me it sounds abit like CANNIBAL CORPSE sometimes. Just get it by sending 15 Us\$ to this address: NAPALM RECORDS, FICHTENSTRABE 34, 8790 EISENERZ, AUSTRIA !! Also check out their forthcoming releases !7

ROSICRUCIAN (Swe) - "SILENCE" MC/LP/CD, BLACKMARK

This Thrash record was released by BLACKMARK last year. After some problematic months for the band, since their old record label TOMBSTONE just didn't gave a fuck to release it. So... It's recorded in SUNLIGHT studio, and a really good and clear sound can be found. The only thing I don't like is actually the vocals. I find them very irritating in almost every song. But their guitarists is pretty good, they got feeling. My favourite track is the 6:15 minutes long track "Within the silence". It includes some really tasty harmonies and burbonic thrash metal. Get the record if you like a dose of thrash. You can also contact the band at this address: ROSICRUCIAN c/o LARS LINDEN, HAMMARBACKSV. 17C, 724 67 VÄSTERÅS, SWEDEN !! 8,5/10

SACRIFICIAL (Dk) - "ADV. FOR DEBUT CD" TRECHOMA

A really cool promo tape this one !! They have progress a lot since their demo. And even if I still like that demo, I got to tell you that this is far better. Heavy and dark metal, with a cool and brutal vocalist. On this some kinda advance tape we got 4 trax: "Conducted strain", "Thus I cry", "Destitute of compassion" & "I fall in temptation". What can I say more ?? Well, I really hope that you will check out this release on this new and fresh label. You will not regret it. 9/10

EXCRUCIATING TERROR (Us) - "LEGACY OF TERROR" ADV. TAPE FOR 7" EP/TORCHED RECORDS

Brutal death metal is what this new label presents as their first release. And fuck, there's alot of really heavy and cool guitar-riffs here. Sometimes they even reminds me of some old Brutal truth stuff. It's sad that it's only a single, because this band could easily do an great album, That's for sure !! So I hope that a brutal label will sign them soon. Maybe it get a bit monotonous with all this grind-parts, but I don't care too much about that. Just get your claws on this ep when it'll be released. Write to the label for more information: TORCHED RECORDS c/o GEORGE A SOLIS, 941 HALF E 40TH PL., LOS ANGELES, CA. 900 11, U.S.A. 8,5/10

CEREMONIUM (Us) - "ADV. FOR DEBUT 7" EP"/NECRO-HARMONIC PRODUCTIONS

Another new Us-label is NECROHARMONIC PROD. This ep is hopefully out when you are reading this. This New Jersey band, CEREMONIUM, is totally down tuned and dark. Yeah, really heavy death metal. And they can for sure plays their instruments, no

doubt about that. 2 trax in form of "Incarnated entity" & "Drowning in despair and darkness" can be found here. I think they must be a bit influenced by bands like Nihilist, Bolt thrower and Autopsy. Anyway, watch out for this new band. And please write to their label, address: NECROHARMONIC PRODUCTIONS c/o ROY FOX, P.O.BOX 1253, KEARNY, N.J. 07032, U.S.A. 8/10

CRUCIFIER (Us) - "UNPARELLELED MAJESTY" ADV.TAPE OF 7" EP/PAGAN RECORDS

An upcoming black metal act from the States (again) is CRUCIFIER. 4 fucking evil trax: "Sodomy of angels", "Spirits", "Demons of filth" & "Something wicked this way comes" (Cool title/Ed.). I think that this is an pretty original black metal band, with some really doomy parts here & there. The man behind this release, Tomas, is also the editor of the great underground mag HOLOCAUST. He has just released his 6th issue of that one. Feel free to write him: PAGAN RECORDS c/o TOMASZ KRAJEWSKI, P.O.BOX 12, 86-105 SWIECIE 5, POLAND !! (Enclose an I.R.C.) 7/10

ALASTIS (Swi) - "THE JUST LAW" ADV. TAPE OF DEBUT ALBUM/ HEAD NOT FOUND RECORDS

Another black metal band is ALASTIS from Switzerland. And don't you ever forget that this band released the "Black wedding" demo back in '90. A really true tape. Anyhow, this is the band debut full-length vinyl "The just law". 9 songs of cool black metal. And even here some doomy parts is included: This is real underground metal, need I say more ? Try to write the label: HEAD NOT FOUND RECORDS c/o METALION, P.O. BOX 447, 1701 SARPSBORG, NORWAY !! 7,5/10

ALCHEMIST (Aus1) - "A JAR OF KINGDOM" ADV.TAPE OF DEBUT ALBUM/ LETHAL RECORDS

This is a really strange group from Australia. After two original demo tapes they are now back on the streets again with this full-length album "A Jar of kingdom". Even if this advance only contains 4 trax from the album, I can hear that this will be one of '93 most promising releases. Really insane metal/rock, influences must come from bands like Autopsy, Pink Floyd..etc. This is even more insane than the last years album of HARVEY WALLBANGER. At first it was meant that ALCHEMIST was going on an European tour after the albums release, but the whole tour got cancelled for some reason. Don't know why ? Please, do yourself a favor.. DON'T MISS THIS ALBUM !! Write their label for more information: LETHAL RECORDS, WOHLMUTSTR. 15/2/16, A-1020 VIENNA, AUSTRIA !! 9/10

ALTAR (Swe)/ CARTILAGE (Fin) - "SPLIT LP/CD"/ DROWNED PRODUCTIONS

A very good split album is what we find in this one. The ALTAR side starts up with a horrible intro, and vipps.. You're in the first track "Nothing human", some fast riffs and drumming along with some growls from vocalist/bassist Ainar. A cool break in the middle, hell yeah !! "Lifeless passion" is one of my personal... lly fave tracks, alot of both fast & uded heavy parts is included. And a even cooler break in the middle than in the first song. They have also re-make an old demo-song from "No flesh shall be spared", it is the track "Decapitated". But it was alot heavier on the demo. "Daymare" is a acoustic piece before the song "A message from the grave". A really wierd one, with lotsa great

drumming and so on !! The last song on ALTAR's side of this split is their title track "Ex oblivione". This track contains a lot of great harmonies and fast riffs. And I really like the vocal in this last cut, cool !! And the ending of their side is just brilliant, you got to hear this man. Well, over to CARTILAGE. Here we find 5 trax, and the titles are: "The underworld", "Afterlife sorrow", "Why do I watch the dawn?", "Consanguine to understanding", "Blessing in depths". And they sounds more or less exactly like ALTAR. Fast riffs, great drumming... You name it dude !! So, all in all I think that this is a split-album that all of you shall have... I don't know the price of this split, so you have to write to DROWNED first and ask. Add: DROWNED PRODUCTIONS, P.O. BOX 39048, 28090 MADRID, SPAIN !! 8,5/10

MORDANCY (Bel) - "The progressive downfall" ADV. TAPE OF DEBUT 7" EP/ SHIVER RECORDS

This single contains 2 trax: "White magic's kin" & "Unsociable". I really like the opening track, it got some godly harmonies and melodic riffs. The second song is much more intense, more screamy. The vocal is more black metal-oriented on the last one. Not my cup of blood... The opening track was GODLY, but the "Unsociable"-song totally SUX! Get this 7" ep for 5 US\$ from: SHIVER RECORDS, HANS DE WYNGAERT, AMERSTRAAT 112, 3200 AARSCHOT, BELGIUM !! 6,5/10

RENAISSANCE (Bel) - "Tired blood" ADV. TAPE OF DEBUT 7" EP/ SHIVER RECORDS

Really strange release this one. A single who only got 1 track, but also two sides !! Hmm ?? Well, the track is called "Tired blood-Vaudeville", and is 12:56 minutes long. There's alot of keyboards mixed with dark metal, and really weird metal by the way. They remind me sometimes of VISCERAL EVISCERATION and MY DYING BRIDE, that might be because of all the slow parts. Yayaya...Get this 7" ep if you want to, it costs 5 US\$ from SHIVER RECORDS. (See add under the MORDANCY-review) 7/10

WOMBBATH (Swe) - "Internal caustic torments" ADV. TAPE OF DEBUT LP/CD/ INFEST RECORDS

This band, WOMBBATH is a pretty young act. As you know, this is their debut album. It got 9 brutal, intense, aggressive, death, gut, evil, hatred, torment tracks. The opening track "Prevent anemia" is my favourite on this tape !! But in a way, this feels to ordinary for my taste. `ey, who care ?? If you like death metal, why don't give it a chance ? Write to their label for further information on how you can get your own copy, address: INFEST RECORDS, BP 197, 75926 PARIS CEDEX, FRANCE. 8/10

MISANTHROPE (Fra) - "Variation on inductive theories" 4 ADV. TRAX OF NEW ALBUM 1993/HOLY RECORDS !

Yes, a very good and quite original group then. All of you know that I like this bastards, don't you ?? Well, this is 4 totally new songs: "Aquarium", "Monolith in ruins", "My black soul" & "And also the lotus". As I said, this is original death metal with lotsa crazy/weird riffs and harmonies. Even some keyboard-parts and a bit more melodic stuff can be found. If you have the chance to get this album, do not hesitate. You can buy it for 18 US\$ from: HOLY RECORDS, 4 BD GUTENBERG, 93190 LIVRY-GARGAN, FRANCE !! (Only CD) 8,5/10

THRONE OF AHAZ (Swe) - "Nifelheim" ADV. TAPE OF DEBUT LP/CD/ NO FASHION RECORDS

Here we got a new and really fresh black metal band, named THRONE OF AHAZ. You know, I am not a too big fan of black metal. But I find this band pretty okay anyway !! Råkan didn't send me any tracklist of the album, so I don't know any of the titles. That sucks !! But one thing is for sure, you better take care in the future..THRONE OF AHAZ will tear your soul apart. Remember: I warned yaa. You can reach this black metal band at: NICLAS SVENSSON, SERGEANTSGATAN 10 H, 961 45 BODEN, SWEDEN. 8/10

SADIST (Ita) - "Above the light" 3 ADV. TRAX OF DEBUT LP/CD/ NOSFERATU PRODUCTIONS

This Adv.tape contains three new SADIST-trax of the debut album "Above the light". I can't help it but this band is totally one of my favourites.

I really enjoy all this 3 songs: "Happiness `n` sorrow", "Enslaver of lies" & "Desert divinites". It's really GODLY to see that this band finally got their debut album out, they have fucking deserved it for a several years now !! Thank to NOSFERATU PROD. A huge thanx !! This band is just awesome, no doubt !! Insaine and highly recommended death/thrash. Don't be a fool, get your own copy NOW !! LP costs 13 US\$ and CD costs 18 US dollars. From: NOSFERATU RECORDS, CASELLA POSTALE 19, 95021 ACICASTELLO, (CT) ITALY !! 9,5/10

LOST CENTURY (Ger) - "Debut mini-CD `93" ADV. TAPE OF SELF-FINANCED MINI-CD

Hell yeah !! A new promising band. LOST CENTURY hails from Düsseldorf in Germany. Quite technical power metal, I would call it. All 5 trax are really cool, and well-played if I now must mention that word. Some people might be irritated on the vocals, I don't !! It reminds me of Geoff Tate in Queensryche. Anyhowya, I hope to see these guys on a proper label in the future. Andreas (their vocalist) didn't told me how much they wanted in money for a copy, so you have to write `em first. ANDREAS LOHSE, LEICHLINGERSTR. 61, 40591 DÜSSELDORF, GERMANY !! 9/10

NECRONY (Swe) - "Pathological performances" ADV. TAPE OF DEBUT CD/ POSERSLAUGHTER RECORDS

It's strange to see how some bands just grow a whole universe while others just stand on the same platform their whole career. This band, NECRONY, is a part of those who has grown a lot during the last year. It's even hard to compare their single to this CD, and figure it out that it's exactly the same band !! Here you got 12 gory, but original songs in the death metal vein. And what a sound quality then, it's fucking powerful man !! The vocals are though a bit too growly for my taste, just a bit too much. Some flute, accoustic guitars...etc can also be found here and there. Really cool !! All in all, this album must be one of `93's most promising debut albums, when it comes to death metal. So if you're looking for something different, just get this album. Write to: POSERSLAUGHTER RECORDS, P.O.BOX 41/PA 18, 1017 BERLIN, GERMANY. Or to one of the dudes behind this genius act: ANDERS JAKOBSON, SKOGALUNDSVÄGEN 2, 702 21 ÖREBRO, SWEDEN !! 9,5/10

TEMPERANCE (Swe) - "One grave" ADV. TAPE OF DEBUT 7" EP/ SHIVER RECORDS

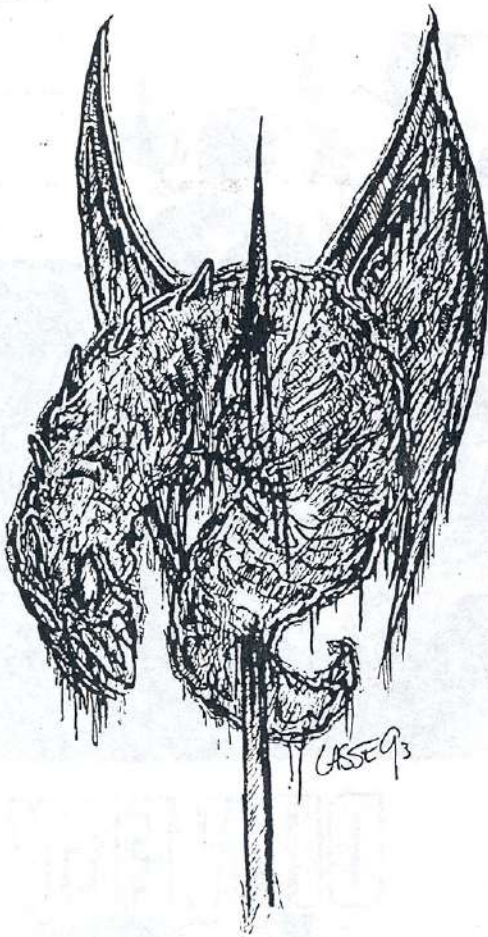

TEMPERANCE has going directly from straight thrash metal to straight death metal. And what about the sound on this two trax: "One foot in the grave" & "Left inside" ?? Yeah, what about it ?? IT FUCKING SUCKS !! I heard that they had some tour comming up, cool for `em. But not for their audience, I don't even headbang to it (the music) when I am drunk. I am sorry guys ! Please come back with something more original and own, then I might be more interested. Get this 7" ep only if you want, 5 US\$: SHIVER RECORDS, AMERSTRAAT 112, 3200 AARSCHOT, BELGIUM. 3,5/10

ORGY OF PIGS (Ausl) - "Where feelings die" DEBUT CD/ DOMINATOR RECORDS

O.O.PIGS play somekinda thrash metal with a touch of MOTORHEAD, I think. The sounds remind me of their old records anyway. All 8 tracks are played in a original way, my two favourites are the 3rd song "Soul shatterer" (The pounding bass rules in the beginning of this track !!), and the 6th track "Oubliette" (where did you find all the noise in the background of this track ?). As the recordlabels info-sheet tells us: - "Behind it all it's a genre-free band, with a deliberately low key image, who - Let The Music Do The Talking". Yeah, right ! Take a chance for 20 US\$ at: DOMINATOR RECORDS, P.O. BOX 743, KENT TOWN, 5071, SOUTH AUSTRALIA, AUSTRALIA. (At least a CD goes for 20 dollar). 8/10

TYRRANICIDE (Us) - "EP `92" 7" EP/ BAD CARD REC.

I didn't expect this little piece of vinyl to be so good. 2 tracks called "Hard like a machine" & "His and hearse". Some guitar-riffs sounds pretty similar to old BLACK SABBATH or maybe GODFLESH. A screamy/heated vocal, quite pissed off if you get the point !! Yeah, I LIKE IT. What do I need to say more than GET IT !! ADD: BAD CARD, B.P. 6, 59271 VIESLY, FRANCE. (Don't know the price.) 9/10

Angel kill

ANGELKILL is a fresh act from the States. They formed in the later half of '88. By vocalist/guitarist Blakk !! So far they have released 2 demos and this new promo-tape "Garden of crosses". I think that this tape might be available on CD as well. Anyhow, the new tape got 9 trax. And really strange trax, I must say !! It goes from straight Heavy metal, death metal, black metal... Whatever METAL !! Blakk's vocal sounds a bit like Tom G. Warriors voice, I think. So, what are you waiting for. Contact 'em immediately. Address: ANGELKILL, BOX 371, LeCLAIRE, IA. 52753, U.S.A. They will also release their older demos on CD !!

Inuria

Yabba, the new tape by INIURIA is out. It's entitled "...Forgiveness" and contains 4 really heavy songs. It all makes me think back to all the vikings and so on !! Slowly I bang my head. My fave track is of course the opening track "The Golden Halls Of God", and for the unknown - This band was called IMMORTAL DEATH before, and this is their debut cassette under the new name. By the way, the vocalist reminds me of Johan in TIAMAT. It's cool to see that a band like this survive, and I know that have been fighting a few years now. So I say...KEEP UP THE GOOD WORK DUDES ! I dig your heavy style. 30 Skr/5 Us\$ to: STEFAN KARLSSON, VETEVA'GEN 70, 703 76 ÖREBRO, SWEDEN !!

EULOGY

Tampa, Florida has been known quite a while for having a really cool scene. EULOGY is a new band for me, but they formed back in '89. They play really intense death metal, not far away from all the bigger and signed bands over there. The only difference between all the bigger bands and EULOGY, is that this band PISS ALL OVER them !! So far they have been supporting a lot of known bands, and I also think that they got a GODLY deal coming up as well. 7 Us\$ isn't enough: EULOGY, 13224 MORAN DRIVE, TAMPA, FL. 33618, U.S.A. (Their "Dismal" demo contains three trax recorded in MORRISOUND STUDIOS and produced by Tom Morris & the band itself !!).

ORGANIC INFEST

Time again for another brutal act, this time they're named ORGANIC INFEST and is hailing from Puerto Rico... Yes, that's true. They're playing really brutal and gory death metal... And here is now an cool interview with Freddy-dude !

Please tell us all about your forthcoming album ??

- "Well, this is our debut lp and it's entitled "Penitence". It comes with 7 songs of brutal, intense heavy death metal. It has full colour cover, lyrics and will be released in both Cd and cassette -versions. It's set to be released in May through J/L America. The production is really good, we have used a 24-tracker (digital) for it. Don't you miss it when it's out !!"

How did Organic infest actually formed ??

- "We formed in October 1991 with Chegui (Bass) and me Freddy on guitar, then after a while we found our drummer Juan. Juan has also his other band, called Flema. Our releases so far is the demo "Drown in blood" and the "Promo 1992". You can get the promo through sending a blanc tape a couple of Us\$ to my address. The promo has 2 songs."

You've played with both Impetigo & Nuclear death, any other cool shows comming up ??

- "Yes man, that's right. This show is the best for us so far. Also the bandmembers in those bands are killer mates. On that show it actually came 300-400 people to smashing those head and do some stage diving. The other shows that we usually plays is

mostly together with local bands, and this shows is also always turning out killer."

How many copies has you sold of your demo "Drown in blood" ??

- "Well, we sold around 150 copies in 1 month, and the other 50 copies that we sold was in trade and things like that. We only make 200 copies of that demo, and we never thought that we could sell 200 copies in just 1 month so that's really cool for us."

Do you receive much mail ??

- "I receive 3 or 4 letters a week. I don't receive so much mail because we don't have any flyers of the band out now. And the band don't have such a promotion that we need. I think, when the lp comes out that I'll receive more letters and shit then. And to those who read this interview, please write me. I am not a Rip-off !!"

Which is your fave bands on Deathmill lunatics 3 ??

- "I liked all the bands on that compilation. But the absolutely best were DAWN OF DECAY, PHLEBOTOMIZED, DISSECT, NIGHTFALL & DISABLED."

Are you straight edge ??

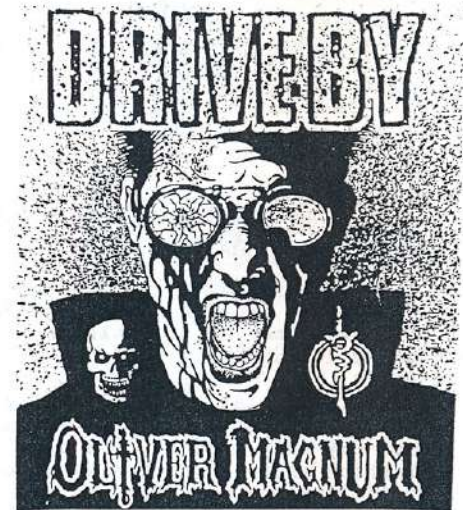

- "Sorry, I don't understand this question ??"

Thanx alot Freddy, any last addition to all the readers of this lousy 'zine ??

- "Thanx alot PERRA. Good luck with your zine. You have helped us alot. And for all the readers... I just have one thing to say: Don't miss our album "Penitence" when it's out !!! STAY INFESTED !!!"

Thou as the man say... Write him immediately !! Address:

ORGANIC INFEST c/o FREDDY,

This is a really fresh thrash band from Oklahoma, Usa. Called OLIVER MAGNUM. A while ago they sent me their promo package, including their latest offer. "Drive by", a 5 track demo of powerful thrash metal. The vocalist remind me sometimes of Forbiddens (Rip) one. In late '89 they released their debut album through Colossal/Restless Records, they did some cool shows as well. Support act was played for such bands as: Anthrax, Armored saint & even Pantera !! With this demo "Drive by", the band is looking for a new record deal. But it must be pretty heavy for 'em, as thrash metal isn't so popular these days. But it's really nothing wrong with this band, they are very good musicians and so on !! Their line-up runs: Mark Mueller - Vocals, Dan Kurtz - Bass, Monte Humphrey - Guitar & Curt Daugherty - Drums. And my personally fave track on this one is the 4th track "Lies", it's sounding abit like Rising force with a touch of Metallica.. Anyway, it's hard to explain... Order this one for 8 Us\$ from: OLIVER MAGNUM, P.O. BOX 3951, ENID, OKLAHOMA 73702, U.S.A. !!

ASTAROTH

A cool friend of mine, Larry Sapp, formerly with Tampa's BRUTALITY. Has now started up a new brutal outfit, called ASTAROTH. In September last year they released their debut demo "Drowning in blood". It was pretty well recieved in the worlds underground. Anyhow, now they are back with an even better sounding product, through their just released 2nd demo tape "Lost state of dreams". Here runs now an quite informative interview with this singing guitar dude.

What's happening today, Larry ??

- "Well, today it's easter day, and I just got back from doing the family stuff. So I am sitting down doing bunches & bunches of mail, including Travis from SKELETAL EARTH amongst others, you know !! We got for about 25-30 letters a day. So the band is our everyday kinda thing."

Could you please tell us all the details why you left BRUTALITY ??

- "It first started out with just bad wibes. Beetween me and Jeff. And I think that Jeff was getting a bit power hungry because he wanted in on what I had started and built, from scratch basically. I don't know ? It just seemed to go downhill, we played a really big show with DECIDE in October '91. After that, the guys came over to the practice one day and they just started to turn their shit down, and started taking off. I'd payed for the "Metamorphosis" tape, over a thousand dollars for it. And it seems that Jeff and Jim still owe me a few hundred dollars a piece. Y`know, it's even up to 700 Us\$. Danny has payed me back... So I really don't have any crims with him. Basically that's about it, I got ripped off, the wibes were really bad, I am alot happier now with ASTAROTH, so..You know, it's just the deal !!"

Are you satisfied with your new demo "Lost state of dreams" ??

- "Yes, I think it's the best work I have done so far. It's alot better than the "Metamorphosis" tape, that I did with BRUTALITY. It's just tons better, I think just that there's alot more feeling into it. A lot more vision. Better song-writing, I've better bandmembers to work with. I pretty much like to do whatever I want, and I am the vocal-point in the band, and that is pretty much what I wanted. I couldn't have that in BRUTALITY."

How's the death.metal scene in Tampa now ??

- "Not bad but not great. We're seeing a few shows, I've seen one with the GENITORTURE last week. It was a really good show, lotsa simulated sex-scenes on stage, you name it man. It was a pretty radical show. MORBID ANGEL hasn't played around for a long time. I heard DISINCARNATE's new album, the drummer live right across the street from me. And he used to be in ASTAROTH. So I heard the advance of their new album, and it was a real bitch man. I've to say that my favourite track on the album is the last song, so if anybody gets to hear it. Listen to the last song, it's the best song on the

tape, even if the whole tape is bitchin'. Okay !"
Have any labels showed interest in ASTAROTH ??

- "The main one so far has been OSMOSE Productions. They are distributing the tape as well, and they have treated us really cool so far. If anybody wants to grab a demo, if they can't get any, get a letter to us at our address or to OSMOSE productions. And they will be trying to get you a tape. Also HOLY Records has shown a little interest. However, they haven't made any type of offers or anything. So we're waiting on saying too much on this front."

What's your opinions about the Ku-klux-clane ??

- "Well, let me see. I am not much into hate groups or anything like that. I am pretty much a learner myself. I don't know ?? It just seems like these Skinheads and the Ku-klux-clane, they just go out for raise your heads, y`know !! That ain't my bag man, you can keep that. Don't really wanna talk about it."

Any gigs or tours coming up ??

- "Our first gig shall be at the end of May '93, this year. We just got our new drummer, his name is James Marsinik. Tony played the drums on "Lost state of dreams", Tony Laureano. However, he lived a little bit too far away. He lives in Orlando, and we live in Tampa. And if anybody knows, that's probably a 65-70 miles trip. And he was making that trip three nights a week. And his car was shitting out on him. Y`know, he had to back out. We didn't wanted him to leave, and he didn't want to, but it just ended up that way. So we got James now, he's just as good drummer, he's very good and he's really easy to get along with. And he's working on the material. And it's coming out great."

Hope you enjoyed this interview.. Any last spooky words to all the readers ??

- "Yeah, the new tape is out. It was released on April the 7th, I believe it was. It's out there, it's ready. We've had very high recommendations from Ace's records in Tampa, James Murphy from Disincarnate. Y`know, all kinda people really liking the new material. It's really, really heavy. We tune down lower than any band we know, lower than CARNAGE, lower than UNLEASHED. Way lower than BOLT THROWER.. Hmm, people...Just try it !! Send us a letter and we'll get you something, we get you a single or something. And just write to the address after this interview. Okay, that's the end of this interview !!"

Yes fuckers, get in touch with this extreme act outta Tampa. Get their latest tape through sending 5 Us\$ to this address:

ASTAROTH c/o LARRY SAPP, P.O.BOX 8552, TAMPA, FLORIDA 33674-8552, U.S.A.

They also got a T-shirt, which costs 10 Us\$. And also their older tape "Drowning in blood" is available for just 4 Us\$. And I also thinks that you will recieve some stickers with each order !! This band is the one you've been looking for !!!!

Almost 3 years has now this band, EXEMPT working on some gruesome riffs and material. Their first studio demo "Wake up!" became a bit monotonous after a few listenings. But their latest demo tape "Ill health" contains 6 fresh thrash-death trax, just check out more about `em in this interview, that I made with their bassplayer Joel Andersson.

How did you found your new guitarist Daniel Berlin since the departure of Jani Pietilä ??

- "We found him in a trash can !! No, just kidding. When we kicked out Jani, we were looking for a new guitarist. (Of course/Ed.) We met Daniel for the first time at Bergslagsrocken `92. But we never knew that he could play guitar. Two weeks after we kicked out Jani we met Daniel once again, at a gig in Gothenburg (Valvet) and we asked him if he played any instrument, and he said guitar. So we asked him if he wanted to give it a try, and he took the chance. He had a band at the same time but they were nearly splitting up so he joined us. He`s cool, he`s only 17 years old !!"

How has your both demos sold `till now ??

- "Well, the first demo "Wake up" was sold out in less than 6 months. We did only 300 ex. And I think it`s good to be a debut. We are satisfied with it. Our latest demo "Ill health" has sold cirka 300-310 so far and it`s still selling good, so all motherfucking trendies... BUY OUR DEMO !!"

About this Black metal trend which is going on just now. What do you think about it ??

- "I think it`s ridiculous !! Corpse paint ?? Bullshit !! All

black metal bands fave band must be KISS and ALICE COOPER !"

You played in Poland a while ago, please tell my readers about that trip ?? Is there any other cool upcoming gigs for you ??

- "Yes, we played in Poland at the 30/31 of January. We played in Gdansk and Stupsk. In Gdansk it was a festival with 9 bands. We played with PANDEMONIUM, DEAD INFECTION, BETRAYER, BLESSED, ANATHEMIZED, CENOTAPH, DAMNATION & ASPERGILLUSS FLAVUS. We also did an Tv-interview and they recorded us live on stage. I haven`t seen that video yet. The audience was really crazy. They were into the music !! After the gig a lot of beers & Vodka. Big party !! Next day we played in Stupsk, with PANDEMONIUM & DECAY. This time the audience was more listening to the music instead of going wild Did an radio-interview. And of course, after the gig it was a motherfucking party !!"

How is the A-TEAM distribution thing working out actually ??

- "Well, the bands, zines, labels..etc send me a sample & wholesale prices, and if I like it I distribute it !! And if I don`t like it I send back the stuff they sent me. I never pay in advance. I always pay after I`ve sold the stuff. NO RIP OFF If any labels, bands, zines that want distribution for their stuff. Please don`t hesitate !! Send a sample + wholesale prices. And please, give reasonable prices. If somebody wants a list (only in Sweden) send a 2,90 stamp. I distribute PHLEBOTOMIZED, GOMORRAH, MOULD FAG, GOD FORSAKEN, NUM SKULL ZINE, PANDEMONIUM..etc. And remember, I am not a rip-off."

Any new trax done since the latest demo "Ill health" ?? Titles..etc ??

No, we will never ever do any new trax !! Hey, just kidding you outta controll dude. Yes, we have some songs ready and some of the titles are "Blood in my bed", "Meanless", "Fear of emptyness" etc. "Meanless" is like 10 minutes. So it's a lot of variations !!"

DEAR VIEWERS ??

- "For Subway systems !! Do you like this word ?? (Hell yeah, PERCY RULES !!) It must be your favourite word Perra !!"

Fave demos/ Zines/ Albums & T-shirts ??

- "My fave demos are: PROBOSCIS - "Demo 1992", VIBRION - "Erradicated life" & PHLEBOTOMIZED "Devoted to God". Zines : MUTILATION, WRATH MAG, EMANZIPATION, DISPOSABLE UNDERGROUND to name a few. Have you heard from any interested labels yet ?? What will your next release be ??

- "Yes and No. Mostly NO !! Coz they have many shit to release instead of releasing our stuff. HaHa !! Our next release will be a double live album or EXEMPT "Golden hits" Time shall tell. No..To be honest I don't know. Maybe a new demo."

What do you think about your cut on the 3rd volume of DEATHMILL LUNATICS ?? As well as the other featuring bands ??

- "I think it's the worst Comp.tape I know !! What do you think ?? ..NO !! I like DEATHMILL LUNATICS. Our song on the 3rd volume is okay. Really not my favourite but most of those who has listen to it like it. That's great !! And the other bands on Vol. 3 is great !! PANDEMONIUM (Hi Paul), PHLEBOTOMIZED (Hi Barry), CONVULSE (Hi Toni), MOURNING SIGN (Hi Thomas), DAWN OF DECAY, GODDEFIED..etc Cool songs !!"

Now I must get out of the toilet for this time, feel free to add whatever you want to all the readers ??

DEMO

This is MOULD's own little journey through the worlds underground demos. All METAL bands can always feel free to send their promo-packages to me for an honest exposure in the upcoming issues of MOULD. Alright...Let us cut the crap, over to some demo reviews !!

CRANIAL TORMENT "Oneiric presence" DEMO 1992

The intro of this tape is very cool, but I must admit that when the first track "Abortifacient soul" starts, everything turns just to a mess. The guitars sounds out of tuning a bit, and the vocalist just want to sing (Sing ??) as brutal as he can. Even the 2nd track "Obscure meaning of the things" is intense, with lotsa crazy riffs. And I can assure you that I definitely not listen to this demo every day. But I heard that they now has changed some members and so on, so they might be back soon with some new & more interesting material. And if you still want to contact this band, their address is: CRANIAL TORMENT c/o MARTELLO LUCA, VIA AVONDO 27, 111 00 AOSTA, ITALY !! The tape also got an track with their old line-up, called "Human prey", plus an outro. (PK)

THE ETERNAL "Dreams of immortal desire" DEMO 1992

Ultra DARK metal, is what I usually call this kind of metal. THE ETERNAL hails from, as you might know, Austria. (Not England). This is their debut tape, it includes almost 30 minutes of sadness. 4 trax and a Intro. Their lead vocalist, Frank, sure has a dark voice. And I can not help it, but some riffs and stuff reminds me of NOCTURNUS and MORBID ANGEL, with a touch of PARADISE LOST !! All in all, THE ETERNAL has created a quality demo with a really dark atmosphere. And even if this one is recorded on an 8-tracker, it really have a respectable sound. So if you are into the Heavy and sad side of metal, do not hesit-

ate to send 10 Dmark in Europe and 7 Us\$ overseas to this address: THE ETERNAL c/o FRANK V. NEUBAUER, SCHOPENHAVERSTRASSE 25/5, 1180 VIENNA, AUSTRIA, EUROPE !! (PK)

ARCHGOAT "DEMO 1992"

These satanic goat worshippers in ARCHGOAT formed in Turku, Finland, early '90. This is the bands debut demo and it includes these trax: "Rise of the blackmoon", "Death & Necromancy", "Soulplay", "Black messiah" and "Jesus spawn". The music is really heavy black metal, with some death metal influences. They are now signed to NECROPOLIS RECORDS from the States. And their debut mini-CD is now out, what I have heard. If you're into darkness, sadism and shit, then this band is for you, contact them at: ARCHGOAT c/o KAI KULATUNGA, ASKAISTENTIE 21, 208 10 TURKU, FINLAND. (PK)

IMMORALLY DEMONIC "Justifiable violence" DEMO 1991

Although a old demo, it's one that shouldn't be passed up. Death metal mixed with speed! That's how to describe this straight up man. Not much technicality, not much slowing down, but a KILLER band with vocals between death/thrash. 5 songs in 25+ minutes. Professionally done, 5 Us\$ in the States and 6 elsewhere to: IMMORALLY DEMONIC, 8039 MCNULTY AVENUE, CANOGA PARK, CA. 91306, U.S.A. (SC)

MANIFREST "MIND" DEMO 1992

This band here, MANIFREST, sounds a lot like DEICIDE. But without the really fast double bassdrums, I would say. Anyway, the demo includes 6 trax. The 4 really dark ones "The gates", "Obscurity", "Mind" & "Maze of death". The beautiful melodic song "Possible vision" plus a Judas priest cover in "Breaking the law" (with guest vocalist Dan Swanö from Edge of Whatever). This demo was recorded in Gorysound studio, Sweden. A fucken great sound. I don't know what this band is up to these days, so why don't you write to: MATTE BORG, BROMSPLAN 4, 70366-0-0, SWEDEN !! And find out by yourself..(PK)

GERONIMO "A journey to oblivion" DEMO 1992

What I know, GERONIMO started out as a more Hardcore orientated act a several years ago. But they have now after a few tapes develop more into a death/thrash kind of band. Well, their latest tape "A journey to oblivion" is a highly recommendable masterpiece. The sound has a quality like heaven, really fucking heavy. The demo is by the way recorded at Delta studios, Germany. And is produced by E. Strauss and the band itself. Congratulations guys, you really did one of the best demo tapes of 1992. Original death/angry metal with some slow parts, and mostly with two vocalists. Get this one motherfuckers, send 6 Us\$ to: GERONIMO, MØLLESKOVEN 42, 9260 GISTRUP, DENMARK !! Labels: You're nuts if you don't contact this band. (PK)

CROSS FADE "Ruined" DEMO 1992

This demo is one of the best demos I've heard in a long time. The music reminds me a bit of the great SADUS, really aggressive. There isn't so much more I can say. The sound on it is really cool and the cover is not awful either. Get this little angry tape through sending 5 Us\$ to this address: CROSS FADE, 191 MASTIC BLVD, MASTIC, N.Y. 11950, UNITED STATES OF AMERICA !! (VH)

DETESTOR "Wasted soul" DEMO 1992

This demo starts up with crazy drumming. And only 1 minute after that I realize that this one is all about ordinary death metal. The vocal-parts really reminds me of Panda in LUBRICANT sometimes, mostly when the drummer Ale screams in the background...Really insane !! And as I said the music is not too original, their musical influences must come from Cannibal corpse and bands like that. Their biggest dream is to do an 7" ep & to play some shows.

DEATH METAL

It wouldn't be too hard, I think !! If you want this demo, then you have to exchange your money to Italian-ones, because this demo costs 7000 lire from this address: DETESTOR c/o RIGEL BERLINGERI, VIA D.OLIVA 37A/5, 161 53 SESTRI PONENTE, GENOVA, ITALY. (PK)

EMACIATED "...Of lincending misery" DEMO 1992

Ever heard of them ? Thought not !! Welp, they mix death metal & grind with some repulsive vomit growls. 4 songs in 20 or so minutes. Good or not so good production, the mix could of been higher for the vocals. Not bad for a first release, I look forward for new material soon. Not sure on prices, but for info: EMACIATED, c/o ROB OROFINO, P.O. BOX 695, THROGGS NECK STATION, BRONX, N.Y. 10465-0617, U.S.A. (SC)

DARK OPERA "The day of pariah" DEMO 1992

This is a Polish band who is playing death metal. The music is pretty stubborn & a bit monotonous. SAMAEL must have been a big influence for this band, DARK OPERA. The quality of all 5 trax is okay also the sound is respectable. And the cover is in full colour, great !! The impression feels right, it's sad that so many bands already have done what D.O. tries to do and sound like. I recommend this tape to all of you who are looking for really heavy & dark death metal. Write to: PAWEL JOZWIAK, 91-465 LODZ, MURARSKA 7 M 25, POLAND. (JE)

DISPATCHED "Dispatched into external" DEMO 1992

A pretty new band this one. Dispatched play/really simple "death metal". The guys in the band is not so good on playing their instruments, if you understand what I mean. I can't say more than that the production sucks, the trax are very simple and f-cking boring. The ones of you who don't got so high claims when it comes to music, can buy this tape for 25 Sek from: J.KIMBRELL, TORGG.25 K, 64600 GNESTA, SWEDEN.

MEMORY GARDEN "DEMO 1993"

Hey, a new and really cool act in the heavy school is MEMORY GARDEN from Kumla. I can not do anything else than enjoy all the 6 trax: "Badlands", "Fear the dark", "Marion" (my favourite), "Nice day for a funeral", "Shimmering blue eyes" & "Endless winter". The music is straight, old and true Heavy metal. In the vein of Black Sabbath, Trouble, Candlemass and so on. Must be one of the better demos this year. Watch out for 'em. Send 5 Us\$ to this bass-dude: KEN JOHANSSON, SOLHEMSGATAN 10A, 692 33 KUMLA, SWEDEN !! (PK)

VISCERAL EVISCERATION "Savour of the seething meat" DEMO '93

Another great band is VISCERAL EVISCERATION. At first I had a hard time to listen to the whole demo at one time, because the trax are really long. Anyway, if you like PARADISE LOST a la "Gothic" but with much longer trax then you must headbang to this demo as well. 5 songs with a really good sound quality. Also some female opera-vocal is included. Write to this label if this sounds interesting for you: NAPALM RECORDS c/o MAX, FICHTENSTR. 34, 8790 EISENERZ, AUSTRIA. (PK)

PHLEBOTOMIZED "Devoted to God" DEMO 1992

The kids in PHLEBOTOMIZED has created one helluva demo in this one, their debut "Devoted to God". Brutal death metal mixed with some melodic keyboard parts. The sound kills, and I really looking forward for their new mini-CD, to be released on CENOTAPH Records. Maybe it's out now, I don't know ?? I just want everyone to check out this masterpiece. Send 6 Us\$ to this godly band: PHLEBOTOMIZED, OTTERSVEEN 128, 3205 VG SPIJKENISSE, HOLLAND. (VH)

DECORTICATION "Lucichrist - The third god" DEMO 1993

Aggression, pain, hatred is what this new band DECORTICATION presents on their debut demo. I really like this

one. Original death metal with some black metal touches. All three "Rot my christ", "Blasphemous possession" & "Lucichrist-The 3rd God" is well-variated. And after you have listened to this demo, you scream for more !! Buy it for 5 Us\$/30 Sek from: DECORTICATION c/o PIERRE TÖRNKVIST, FLUGSNAPPARGR.8, 974 54 LULEÅ, SWEDEN !! (PK)

MUSSORGSKI "The bath in the X-rays" DEMO 1992

A two piece band from Poland, Hmm... This must be the worst demo I have heard. I don't exactly know what I shall call this music-style. Maybe some kind of Industri-metal-Shit or something like that. 12 trax totally out of controll. Take a look at titles like: "Oil-chemical corporation", "New york - Miami", "Seventh son's blues kill"...etc. The only highlights on this cassette is the singer Tom's funny english pronunciation. Send \$4 to their management, address: KASSANDRA PROMOTIONS c/o GREG FIJALKOWSKI, 06562 WYSZYNY, WOJ. CIECHANOWSKIE, POLAND. (JE)

SHUD "PR.Tape 1992"

A pretty well-known band is SHUD. Their music is not my favourite, and when they play fast it only turns into a formless mess. Really wierd ?? The only good thing is the slow parts and Lead singer Oliviers voice. Brutal shit ! The sound is okay though. If you want to buy this demo or any other stuff from this band please write to: SHUD c/o CARRAZ DAMIEN, 24 BD LIMBERT, 84000 AVIGNON, FRANCE. (PK)

OSSUARY "Demo 1" DEMO 1992

Yet another new band to hit the scene. This is a good demo, not only cuz it's heavy brutal death metal, but also cuz there's 4 vocalists, 2 guitarists & a rythm guitarist too! 5 songs in around 30-35 min. With new material on the way and better production, this band will only get bigger. The demo is 5 Us\$ from: OSSUARY c/o ERIC ARMUSIC, 82 MANHATTAN ST., ASHLEY, PA.18706, U.S.A. DEATH

SACRIUM "Somnus es morti similis" DEMO 1992

SACRIUM is a new death metal band, with a lot of heavy metal influences. This is their debut tape, three trax and almost 20 minutes of slow and sad metal. I heard that they soon will have a new and better tape out. Their biggest influence is a band called PARADISE LOST, so I don't think I need to tell you how this band sounds a bit like. Contact 'em at: JONAS GRANVIK, HERRHAGS-VÄGEN 127, 791 76 FALUN, SWEDEN !! (PK)

DIVINE EVE "The last of the sunset faded" DEMO 1992

Some really fucking cool & brutal death metal then. DIVINE EVE from the states has released a 4 tracker full of godly and raw music. To me it sounds pretty much like ENTOMBED (old demo) & AUTOPSY. But with a touch of their own identity. Yeah, this is brutal and down-tuned death metal. Get this one for 5 Us\$ from: DIVINE EVE, 3600 SAILMAKER LN, PLANO, TEXAS 75023, U.S.A. (PK)

FROZEN DOBERMAN "Crankin'" DEMO 1992

In Australia there's a very straight and powerful thrash act called FROZEN DOBERMAN. If you take MEGADETH at their "Peace sells..."-days, but with a little more technically, then you come pretty close to this tape. 4 catchy trax in form of "Crank", "Apparition of you", "The growth" & "Office hours". I think 4 Us\$ is enough for all you metalheads, from: BROKEN SILENCE MANAGEMENT, P.O. BOX 574, PARRAMATTA, N.S.W. 2150, AUSTRALIA. (PK)

EMBOLIO "REH.DEMO 1992"

The sound quality is as always sucking when it is recorded on just a small tape-recorder. Anyhow, EMBOLIO mix some fast grind with some slow/heavy death metal. And a really creamy vocal. After a intro follows 7 trax of total insanity. I think that TORCHED RECORDS will be doing something on vinyl with this band soon, please write to George and his label for further information: TORCHED RECORDS c/o GEORGE A. SOLIS, 941 1/2 E 40TH PL, LOS ANGELES, CA. 90011, U.S.A. (PK)

HOUSE OF USHER "When being fucked with" PROMO 1993

HOUSE OF USHER has been around in the Swedish underground now for a several years. I just do not get it ?? Why hasn't any cool label signed this band ? Slow death metal with a few fast parts, and a really pissed off vocal from Stefan Källarsson. Some people compare this band with AT THE GATES, I DON'T !! This is more straight. You're a looser if you don't contact this ones : HOUSE OF USHER c/o MATTIAS KENNED, UNGERSGATAN 1 NB, 633 51 ESKILSTUNA, SWEDEN. (PK)

PASCAL "Collection of destroyed brains" DEMO 1992

This demo comes with a full-colour cover + photo, lyrics & everything. Yeah, even a printed cassette is enclosed with a quite new Polish act named PASCAL. 6 very strange trax, sometimes like the good 'ol ATHEIST. Really technical, strange & intense speed death metal. Write 'em: PASCAL, 01-104 WARSZAWA, NORWIDA 3/29, POLAND. Not Katowice your stupid dumb fuck !! (PK)

ANCIENT "In the eye of the serpent" DEMO 1993

After a beautiful intro it all goes into a TIAMAT-sounding track called "The sleep within". Pretty slow and heavy death metal. And also the 2nd song "At the other side" makes me feel good. A bit gothic, I would say. And the last track, "As the shadows dance" really turns my mind inside out. Fucken godly man !! One of the best debut demo tapes of 1993, no doubt. Get it for 5 Us\$/30 Sek, contact address: MARCUS NORMAN, BLOCKVÄGEN 14, 904 34 UMEA, SWEDEN, EUROPE !! (PK)

HAZAEEL "Clairvoyance" 1992

Here is the 2nd tape from another Polish act HAZAEEL. Brutal gore metal with "old-SEPULTURA-sounding" vocal. Nothing special actually !! 6 trax of unoriginal and boring death metal. CONDEMNED "Demo 1" DEMO 1992

So at last, a band who don't play ordinary death metal. This swedish band has existed since early '89, and plays straight thrash metal. This is their debut demo and it contains four imaginatively songs with pretty good musicians, and a respectable sound quality. Personally I am not so much into this kinda music, but I think that this band, Condemned is okay though. The best track must be "Until death ends it all". There music is pretty near to MEGADETH sometimes, I think !! All interested people should send 30 Sek/ 5 Us\$ if they want this tape, address: ARNE ELMUND, BJÖRKHAGSGATAN 21B, 663 00 SKOGHALL, SWEDEN !! (JE)

WITCHCRAFT "Uncertain facts" DEMO 1992

This is a band of three girls and a drumming boy. Not the usual stuff, that's for sure. But not my

DEATH METAL

favourite metal either. 4 songs is included. Okay, it is original, but no way that it's cool. I hope that Sherena and the rest of the gang will return with alot of more and better originality. But you can always write to 'em at: WITCHCRAFT c/o SHERENA FAWZY, SKOLEBAKKEN 66, 6700 ESBJERG, DENMARK !! (PK)

CONTAMIN MORTALIS "The pain of life" DEMO 1991

I must say, the title track fucking rules. It's simple but catchy. 7 songs total on here with a short intro. The music is simple but it all fits just perfect. It's hard to label them but I'll say thrash with some death metal attached to it. Fairly good sound, but the cover layout is a bit unreadable, including the lyrics !! Write for info/prices at: CONTAMIN MORTALIS, 15828 SYLVAN LOOP ROAD, FOSTERS, AL.35463, U.S.A. (SC)

SHAGIDIEL "Fall" DEMO 1992

Death metal with a little difference is what this new Örebro band presents on their debut demo. 5 cool trax, recorded at M.A.F. studios. Sometimes it is just too simple, but the second after it's fucking fast and technical. The only thing I must complain at, is the sound quality - I hope it will be more powerful next time !! That's all I can say for now. All cool metalfreaks should get this tape for 5 Us\$/30 Sek from: SHAGIDIEL c/o MIE-SZKO TALARCZYK, HALLTORPSV. 164, 702 29 ÖREBRO, SWEDEN ! NO CORE; NO WAR !! (PK)

EMBRIONIC DEATH "Regurgitate the dead" DEMO 1992

A really sick and gory band is EMBRIONIC DEATH from New York. This is their latest effort, a brutal six song affair. Even if it's all about almost 25 minutes of terror, I find the sound quality totally acceptable. 5 lousy bux and this tape is yours: EMBRIONIC DEATH c/o PETE, 1 HOLZMAN DR., HAMPTON BAYS, NY.11946, UNITED STATES OF AMERICA. (PK)

CYANOTIC "The chasm within" DEMO 1992

Pretty well-played is the 3 trax on CYANOTIC's debut demo "The chasm within". Brutal death music mixed with some melodic parts. AGROTH "Demo 1993"

This is a totally new band from Luleå, Sweden. To me they sounds exactly like CARBONIZED did on their "No canonization" Ep. 4 trax of brainblowing death metal, nothing else !! I don't know for sure if this demo is for sale, please write Anders & ask him about more info. Add: AGROTH c/o ANDERS EKSTRÖM, VÄRVÄGEN 14, 95149 LULEÅ, SWEDEN !! (PK)

INFANTICIDE "Demo 1993"

Not too far from Luleå: there is a other city, Piteå. And there is this band living, INFANTICIDE. Their bio tells me that they don't like death metal too much, and definitely don't want to play it. Well, the first track "Suburban scenario" is so much death metal that I just laugh. There's alot of double bassdrums and a really screamy/pissed voice. The other three trax is also fucking scary death/thrash tunes. It's quite good, but why be ashamed of playing some DEATH metal ?? 30 Sek/5 Us\$ from: ANDREAS FORS, NYGATAN 31 A, 941 33 PITEÅ, SWEDEN ! (PK)

KEKS "Nocturnal denomination" DEMO 1992

Do anyone remember this band, KEKS ?? Which I reviewed in the 2nd ish of MOULD. Now they are back with a more black metal located demo tape: 3 songs + a outro of pure occult music. Nothing for me, but maybe for you. Add: SAMUELSSON, GRÅSÅKERSV.43A, 17836 EKERÖ, SWEDEN !! (PK)

LEAVE SCARS "The terminal suffer" DEMO 1992

Some thrash riffs, proper drumming and a really dragging vocal is actually what LEAVE SCARS latest cassette is all about. Also make sure to listen to lead guitarist Marcus Freij's hot solos. BENIGHTED "The master of darkness" DEMO 1993

Do you remember Sickness from Sweden ?? This is exactly the same band, but now they belong to the name BENIGHTED ! This is their debut release under the new name, 5 grind/death-trax with some kinda vomit vocals. I think that the singer really wants to imagine that he has just such an angry voice as for example Glen Benton. Well, that's up to him. Buy your own copy for 30 Sek/5 Us\$. Add: MATS NORDBORG, VIOLVÄGEN 3, 570 22 FORSERUM, SWEDEN !! (PK)

SPIRAL SEA "Demo 1991"

What's this ?? At the first listening it's only a big bunch of noise, just a mess. The sound quality is not so good, and vocal sucks !! This tape contains three trax butokay; you say only 3 trax. The demo feels like it's much longer, like the universe or something like that. Their strange thrash music is alright though, even if it's not my favourite. Write to them at: J.WIGBOLDUS, BOOLMEER 3, 9354 VL ZEVENHUIZEN, HOLLAND !! (JE)

EXCRETION "The dream of blood" DEMO 1992

5 trax of not too original Swedish death metal is what this Stockholm-band presents on their latest tape. There is some fast double bassdrumming, some cool guitar riffs and a gruesome vocal, that's all !! 30 Sek/5 Us\$ at CHRISTOFFER HOLM, HÖKSTIGEN 22, 144 46 RÖNNINGE, SWE. (PK)

DEATH

SORCERER "Demo 1992"

Great heavy motherfucking metal !! This is somekinda cult band to some of us, really great metal. Like a heavier version of Rainbow or something, they even do a cover of that band at the end of this demo, in form of "Stargazer". But their own other 4 trax is very good worked out !! The vocalist also reminds of Thomas in Candlemass a bit, I think ! This cassette is a must for all you ragdolls out there, contact: SORCERER c/o FURULID, KÖPENHAMNSG.22, 164 42 KISTA, SWEDEN !! (PK)

MORGUE "Gospel of gore" DEMO 1992

After I'd seen the cover I became a bit scared. HORROR ! Well, four songs recorded in Gorysound studio. A lot of fast one-string death metal, but also some slow parts is included. A more original vomit. vocal from Halle !! Hey, this sounds quite much like the Swedish ALTAR. That is for sure man. My favourite of these 4 is absolutely "Desolated domain". 30 Swedish tomatos or 5 Usryka\$ from: STEFFE KARLSSON, LANTMANNAGAT.98, 583 32 LINKÖPING, SWEDEN. (PK)

DARK LUST "Shadows of the lost entity" DEMO 1992 + NECROMASS "Connected body pentagram" DEMO 1993

DARK LUST: A four track demo with an Italian death band. After a intro by Giacomina - No vara the hell's breaking loose. I really enjoy the music, and after a few listenings I really adores it !! The sound is okay by the way. And they mix the fast & the slow parts ver good. I miss a lyric-sheet, because sometimes it's very hard to hear exactly what Carlo Bellotti sings. My fave track is "Eternal emptiness", okay, over to NECROMASS then. They contains of 2 old DARK LUST members. This promo/demo is including of 2 new death tracks !! But hell, I don't like it. The songs has lost more than half of the power since the DARK LUST-time.

The quality is gone, really ! I hope that their upcoming 7" inch will be a lot more interesting than this. Or else it can hurt their career. Even the sound quality sux on this one. Get these demos (especially the DARK LUST tape) from: EMILIANO NANNEI, VIA.B.AMMANNATI 22, 50142 FIRENZE, ITALY. (JE)

CEMETARIUM "Love & discipline" DEMO 1992

Some indie-hardcore influenced Metal then. 6 well-played and quite original songs is on this "Love & discipline"-tape. This is the bands third quality tape in just 2 years, that is really a killer reason to open our eyes for this act CEMETARIUM. Sometimes they even reminds me of BAD RELIGION, not my fave band but it's alright though. Send 30 Sek/ 5 Us\$ to: CEMETARIUM, BOX 199, 125 24 ÄLVSJÖ, SWEDEN !! (PK)

OBSCURE INFINITY "Beyond the gate" DEMO 1992

This band has lately released a brand new tape, but this is their debut tape. 4 Unoriginal trax, it all sounds like GOREFEST did on their old demos. The drum-fills fucking sucks on this demo, and some of the riffs is just a mess. Of course there's some keyboard parts included. This is okay to listen to sometimes, but it does not bring anything new to my mind of music. Contact address : MAGNUS PERSSON, BERGSGATAN 114, 542 31 MARIESTAD, SWE. (PK)

ACCURACY "Body of evidence" DEMO 1993

A violent 4-tracker is what we can find on this more than new tape from ACCURACY. If you have heard the "Alterations" tape with INVOCATOR, I think you can imagine how the allover sound is on this demo. Aggressive professionalism with really sharp guitar sound. An average thrash metal cassette, get it for the extrem price of 8 Us\$ from: ACCURACY c/o SIGMUNDSTR.6, 8000 MUNCHEN 22, GERMANY !! (PK)

VOMITORY "Demo 1992"

A pretty old shot this one, 3 raw and brutal death metal trax + a intro. The guitars is

very down-tuned. The vocals is just pure death metal, a bit like Karl's in BOLT THROWER. All in all, everything reminds a lot of that band. Nothing wrong with that, okay !! I think that you can still obtain this cut for 30 Sek/5 Us\$ at: VOMITORY c/o TOBBE GUSTAFSSON, ÅSMYRSBRINKEN 18, 667 00 FORSHAGA, SWEDEN !! (PK)

PROBOSCIS "Demo 1992"

Get funky dudes !! This band has for sure heard more than one time that they sound a bit like the cool PRIMUS !! Fucking KILLER musicians, no doubts about that. All three trax: "S.W.N.L", "The instinct" & "Fall in line" totally rules. Really technical stuff. I go nuts if not everyone buy this tape today. 30 Sek/ 5 Us\$ from this vocalist: MAGNUS LILJEDAHL, UTVÄGEN 3, 162 44 VÄLLINGBY, SWEDEN. (PK)

HABEAS CORPUS "Demo 1992"

Besides some monotonous drum parts, this 4-track demo is quite enjoying. Aggressive metal with lotsa cool guitar riffs and shit. For god sake, the vocal from Paul Laughlin reminds me very much of Patrick Wirén of the old techno thrashers MIDAS TOUCH. Cool ! Also the tracks is a bit too long for my taste. Try this for 6 Us\$: HABEAS CORPUS, P.O.BOX 189621, SACRAMENTO, CA.95818, U.S.A. (PK)

REGURGITATE (Now: GREEDKICK) "Trials of life" DEMO 1992

3 own trax and a PUNGENT STENCH cover, how could all that ended up ? Well, pretty good for a debut demo. Their 3 own tracks is quite original, but I really don't like the vocals. The guitar riffs is really psycho and the drumming feels out of controll sometimes. This demo doesn't make me get a hard-on, but I don't puke either. 5 Us\$/30 Sek to: DAVID BOCK, SKRÄDDARBOV.8, 774 92 AVESTA, SWE. (PK)

CABAL "Promo 1992"

Since I had an interview with this band in issue 2, they have released 1 live-tape called "Midian" & a studio

REGREDIOR "Born in the coffin" DEMO 1993

After a long and hellish intro, this tape contains nine trax of total and original death metal. Though I don't like the first track too much, I really think that rest of the trax is alright !! And it is really cool to see that even bands from Lithuania got something going on. Get this cassette LP for 7 Us\$ from: REGREDIOR c/o MARIUS BERENIS, V.M.- PUTINO 8/2-12, 2009 VILNIUS, LITHUANIA. MOURNING SIGN "Last chamber" DEMO 1992

MOURNING SIGN presents 4 fast death metal trax on this one, "Last chamber". Okay, it's also a few slower parts included. But mainly it goes in for about 150 kilometers/hour. I really like the opening track "Seems endless", it's really good and well-played. I think that they got a deal behind the corner, so get this demo for 5 Us\$/30 Skr before it is too late. I don't know a shit what to say about this act, PUGNACITY. I don't like it too much, but I don't hate it either. So, here you got 8 trax and a playtime for about 40 minutes. A good thing is that they seem to be pretty open-minded, because they mix alot of various metal-styles. The sound is okay. Ehh.. Get it for 7 Us\$ to: SIMON FRIBORG, RAVNEVEJ 5, 8410 RØNDE, D-MARK.(PK)

They mix thrash and death metal in a very original way, I would really like to see these guys in a quality studio soon. Please contact 'em at: PAX MORTIS, 11484 SHERWOOD WAY, AUBURN, CA.95602, UNITED STATES OF AMERICA !! (PK)

SEGREGATION "Blessed" DEMO '93

Dark and intense metal. Yes, this can't be better described. I don't know for sure if the four members of SEGREGATION are satanists, but their lyrics on this 4 trax is very satanic. The vocals from Petteri is too high compared to the other instruments; I think !! If you want this tape, just send 30 Skr/5 Us\$ to: MIKA SUOLANKO, RYMDTORGET 2, 415 19 GBG, SWEDEN. (PK)

DAWN OF DECAY "Promo 1993"

To start with, I really liked their debut demo "Grief" which was released last year, 1992. Anyway, this is 6 totally new and groovy tracks + a re-recorded version of the track "Life decay" from their "Grief"-demo. There's absolutely nothing wrong with the sound quality on this one, that's for sure !! For me they sounds quite much like PARADISE LOST, but with some grind parts. I heard that they will soon release a full-length album on HEAD NOT FOUND PROD. Hope that it's true. Please contact 'em at: VARATHRON c/o NECROABYSSIOUS, P.O.BOX 1265, 451 10 IOANNINA, GREECE. (PK)

DAWN "Apparition" DEMO 1992

This is DAWN's second cassette. It got 4 songs of quite strange and original brutal metal. The only thing that I don't like is the voice or growlings from vocalist Henke Fors. This tape also contains a re-recorded version of an old track, "Thirst of the dead". Anyhow, obscure people can get the tape for 5 Us\$ from: ANDREAS FULLMESTAD, VILLA BJÖRKSNAŠ V-G, 585 92 LINKÖPING, SWEDEN. (PK)

Well freaks !! That was a few demo-reviews. All metal bands can still send their stuff to us for a serious review.

SACRIFICIAL

Many of you aliens out there might know of this band, they are called SACRIFICIAL. And their demo "Lords of torment" was a serious kick in the butt for me. Anyway, their debut CD "Forever entangled" is fucken awesome. Now they are ready to brutalize the world... Hey, time for a cool talk with their guitarist and good friend of mine, Kraen Meier.

What about your forthcoming CD on TRECHOMA PROD. Please tell us about it ??

- "Well, we've just finished the recording, and gotten it all mixed, and I must say that the result has gotten like 100 percent better than I had expected/hoped. We packed 7 songs onto it, the 4 from our promo tape, and 3 completely new ones. That we're all extremely satisfied with. The CD will be entitled "Forever entangled", and it's scheduled for release on the 30th of April. (Just fucken check it out if get the chance, you wont be dissapointed !!/Ed)"

Why does it only contains new songs, and no old demo songs ??

- "We only wanted to put the new songs on it, because we do not really like the old demo songs any more. And we wanted to be 100 percent satisfied with our debut CD. Actually we had an 8th song for the CD, but we dropped it, 'cause it was to old and boring compared to the 7 other 7 songs that we did record for it. I must say that we

were extremely critical with what we put down on tape in the studio, so we really hope that everyone will like it, & give us some positive response !!"

About your "L.O.T." demo, how many copies did you sold of that one ??

- "The sale reached about 450 copies, when we decided not to reprint it anymore !! People still write and ask for the demo, but we haven't got any copies left. And we really do not wanna spread it anymore. So, if people write for it now, we'll have to send their money back."

Was there any other label interest ??

- "Yea, we've also been in touch with TOMBSTONE RECORDS, who were extremely interested in hearing our new material. Well, as we were finally able to send our promo tape to 'em, we had already signed with TRECHOMA PRODUCTIONS. But from what I've heard, they would have signed us after having heard our promo. We've also heard from RAGE RECORDS, but I don't know if they would've signed us."

You got some cool T-shirts, please tell my readers about your merchandise ??

- "Right now we haven't got anything but our T-shirts on our merchandise list, but we hope to get some new T-shirts

when our CD comes out. But for now we've only got our "Thus I cry" T-shirt, which can be purchased for 14 Us\$ all over the world, just write to me with your orders !!"

How about gigs, got any interesting gigs comming up ??

- "Well, we were meant to have done an european-tour, that TRECHOMA should make arrangements for, but I don't know what's happening about that right now? We're probably gonna do some gigs in Denmark with INVOCATOR, on some sort of a Danish tour, but we don't know about that either, guess we'll just have to wait and see."

What do you think about tape-trading ??

- "Tape-trading is a great thing for the underground. Though I'm not that much into it because I haven't got a double cassette deck player. Anyway, as far as I can see, it gives a lot of bands who might not be so known, a chance to get out to loads of people, and that's great !!"

Will you do any promo-video from the CD ??

- "No, I don't think so. Because who would show a video of a underground band? Who'd just been luckt to could release a CD. Ya know, you'd have to sell tons of records to get a video shown anywhere, so realistically seen, I don't think there

will be any of that !"

Your favourite bands ?

- "My fave bands at the moment are: DARK ANGEL, ATHEIST, MORBID ANGEL, RIPPING CORPSE, LEUKEMIA, MONSTROSITY, MALEVOLENT CREATINO, BIOHAZARD, SUFFOCATION, SADUS, PSYCHOTIC WALTZ, and I am also looking very much forward to hear anything new material from SUFFER (Ever heard of them, huh !?). (Yeah, I stink I have heard about 'em/Ed.)"

Now I must leave you for this time, what's next for SACRIFICIAL ? Any last words for all the readers ?

- "Well as I mentioned before, we're waiting to see if we could come unto some kind of european tour + a danish tour with INVOCATOR. After that, we'll probably release our second recording, as we're signed for 2 releases on TRECHOMA PRODUCTIONS. To the readers: Hope to see you on the road, if we'll ever get that far, write to us if you want further information, but please enclose an I.R.C. or 1 Us\$, for sure reply. Postrates kill more people than Manson ever managed. STAY COOL, and please - BUY OUR CD !!"

Gee, thanx Kraen for all the cool answers. Hope to see SACRIFICIAL on the road someday soon !! And get their CD now, contact 'em at:

How has OBSCURE PLASMA REC. promote the 7" ?? How many copies are out ??

- "O.Plasma has promote our 7" with flyers and by mail. It has sold 2500 copies !!"

Do you have any cool memories since the time with NECRODEATH ??

Who have done the SADIST-logo' ??

- "ANDY has made it, but now our label NOSFERATU has just arranged some little particles.. Anyway, as everyone know, this logo come from the old NECRODEATH-logo."

Will WILD RAGS ever release the reprint of your 7" ep ??

- "Now it's Feb. '93. Well, we have now awaiting our stuff for about 1 year or so, and we think that the guy Mr.Richard has completely ripped us off !!(What's the problem Richard ?/Ed.). Anyhow, we'll await one

more month from now, then we will start to spread all the "GOOD WORDS" about WILD RAGS RECORDS !"

Do you have any cool gigs coming up ??

- "We were ready to do the support act to the italian D.R.I tour, but in these days everything is split and the band didn't come !! We'll be playing some smaller gigs here in Italy soon."

Fave Demo/Zine/7" and full CD ??

- "Demo: Wounds (In the clay) with SCHIZO. Zine: DECIBEL STORM (France). 7": Black Screams (SADIST) & CD: Unquestionable presence by ATHEIST !!"

Why did Fabio leave SADIST ??

- "There is no particular reason for his departure, I think. At the end he wasn't so much into the band as in the beginning."

Any merchandise for sale ??

- "Yes, T-Shirts, Video, 7", CD/LP and so on. Write for more info."

BLACK SCREAMS

After two wonderful demo tapes, this band, WINTERS BANE, is totally one of my personally favourite bands. Their style can be described as Heavy metal with some thrash influences. Their first demo sounded pretty much like Helloween, but on the second one they sounded more like Queensryche. Anyway, they will soon release their debut album through the German label Massacre Records (Fallen Angel..etc). If you like real metal, then I hope that you will check this band out. They are fucken great, so here is an interview with their drummer, Terry Salem !!

Hello Terry, please tell us all the details about your forthcoming debut album on Massacre Records ??

- "Our album will be released at the end of May (Perfect.../Ed.). This is our first full-length one. It contains 10 songs. The first 6 are the concept from The "Heart of a killer"-demo. The title of the album is "Reflections within."

How was the recording time in Germany ??..Had a blast ??

- "Yeah sure. We had a blast with the people from the label and also some of the Mag-people. They showed us how to party the european way !!"

You have played live with such a act like SAVATAGE, Vinnie Moore & DREAM THEATRE (Gods !/Ed.). Do you have any other godly shows comming up soon ??

- "Well, we have some plans for a big tour together with a huge act in the States. But I will not say nothing for now until the album is released."

Favourite drummers, and why ??

- "My favourite drummers who got me started, Neil Peart from RUSH and John Bonham (I met his son Jason last week he came to where I work. He's just like his old man), but the people I listen to now is Nick Menza (Megadeth), Mark Zonder (Fates warning) & Vinnie Paul (Pantera), because they play alot like me."

What is this ANVIL PRODUCTIONS actually ??

- "Anvil Productions is our own management and promotion company. We have done everything ourselves, bookings, contract signing, we figure if you want things done write do them yourself. (Yeah sure/Ed)."

How many copies did you sold of your demos "Demo 1991" & "Heart of a killer" ??

- "Well, beetween both demo`s we sold about 2000 copies in 1 & a half years. Not to bad. The 2nd demo was a limited press of 500, because we had a feeling we'd get signed off of this demo. Good feeling, HUH?!!"

Are you straight edge ??

- "I don't understand this question (Really strange/ed) but I will guess it's meaning. We are a straight edge band, give the people what they want. But be sure that we're also pleasing ourselves, the people make the music count."

You also have quality T-shirts, any other merchandise ?

- "As for now we just have the cool long sleeve T-shirt for 14 Us\$ plus 1 Us\$ (postage). (There's nothing to talk about, just order this really cool Long sleeve one, you wont be disapointed/Ed). But we will soon have everything you can think of."

What's your opinions about religions ??

- "Religions are cool as long as you keep your beliefs to yourself, let people decide for themselves if it is for them."

Any serious last words to end this interview with ??

- "Well, we hope to see you soon on Tour. Buy lots of our albums and we'll be sure to be on tour. Four you Metal rules !! YOU RULE !! See ya on tour. (I fucken hope to see yaa here in Sweden someday, would RULE/Ed.)"

I thank you Terry for these answers, and of course I would like to wish you all the best luck in the future. And all readers must now immediately write to WINTERS BANE, reach them in Sweden through MEGAGRIND PRODUCTIONS. And in the states from this address :

SADUS

One of the most True bands in the underground for me is the dudes in SADUS !! In October last year I meet the whole band in Denmark... They were just a killer live act, and a real friendly band as well !!! The following questions was answered by mail a few months later, by the one & only, Darren "throatache ?" Travis. Just read or fucking DIE !!!!!

Are you satisfied with your latest European tour together with belgish Cyclone ??

- "The tour with Cyclone was very underground (No promotion), but fun. We enjoy being on tour, it is most fun when it goes smooth. I don't know when we'll tour again, but I hope we will do it soon with better circumstances. But it was a very cool tour !!"

How has your albums actually sold ??

- "Who fucking knows with Roadrunner Records ?? We are off them now. Mutially agreed !!"

What do you think of John Marshall these days ??

- "John Marshall is still in Metal church, I think !! Played the gigs with Metallica. He doesn't smoke !! New lp I think soon."

What was this "European Kill Team" all about ??

- "The European kill team was something that Ronny Eide did to try find help us out more ? Didn't really worked out, I guess !!"

The best unsigned bands in the world ??

- "I would to think SADUS is one ?? I don't know ?"

I was lucky to see SADUS down in Denmark last year, do you have any other cool shows coming up soon ??

No tours planned !! FUCK !! Help me !!"(I wish I could/Ed.)

How about your next album ??

- "Next album is very uncertain, we are writing material as of now. Steve is doing the new DEATH album, then we'll be in the studio ourselves. No labels yet... So who knows ? Date wise."

Any parties going on ??

- "Every once in a while there is a cool gig, but not many !! But I sure party alot."

Last ugly words for the readers ??

WE'RE BACK!

Schizo

a lot of great people, very friendly and positive !! In a way we miss those places, maybe one day we'll be back !!"

Last cuts for the MOULD readers ??

- "We've been through many tense moments, But I can tell ya that we're finally back on the right track !! Stick with us & support the real ones into the underground. Sounds like MANOWAR, but I am too tired to think about something else..PROSSIMA VOLTA !!"

Cool Alberto, thanx for your answers. Stay SCHIZO !! Creeps can reach them at this address: SCHIZO C/O ALBERTO PENZIN, CASELLA POSTALE 9, 95030 MASCALUCIA, (CATANIA) ITALY !!WRITE !

In May '84, this band, SCHIZO. Formed in Catania, Italy. They were heavily into acts like VENOM, DISCHARGE, SODOM & HELLHAMMER. They released a few demos during the following years, and also a really cool album called "Main frame collapse" was released on an independent label called CRIME RECORDS. But between early 1990 - 1992 SCHIZO stood absolutely still. In the summer of '92 they released a really fresh tape called "Wounds (In the clay)". I think that they even got some serious deals around the corner. So, what's the problem? Here's an interview with their bass-player Alberto Penzin !!

Do you still think that SCHIZO got that aggressive and violent feeling in the music, as you had when you started up in '84 ??

- "I think the most important thing is that we've finally reached a more mature songwriting level. And the old intensity is still there for sure !"

I heard some rumors that you'll release an 12" soon, can you please tell us more about that ??

- "Well, we're still working on the basic tracks at the moment. I guess the mini-Lp will be released sometime this summer. Expect some huge production at last, we're recording with Killer engineers."

How has your latest tape "Wounds (In the clay)" sold ??

- "So far it has sold about 1.500 copies, plus we distribute another 500 copies for promotion. We just remixed the whole demo before pressing up a new batch of 1.000 tapes, the sound is definitely heavier now."

What do you think about CRIME RECORDS nowadays ??

- "I do believe they suck !!"

You also produced the SADIST lp in WATERBIRD Studios.. Any comment ??

- "Yes, the album is out now on NOSFERATU RECORDS, check it out if you can. Producing is cool man, you learn a lot in the process."

Any plans to reform MONDOCANE ??

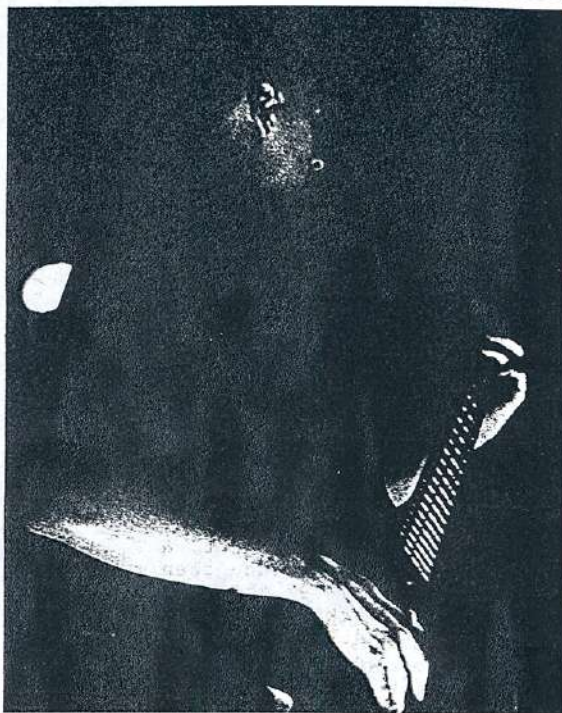

- "Not at this very moment !"

Favourite bands ??

- "Some faves are definitely FEAR FACTORY, BRUTAL TRUTH, CYNIC, SINDROME, ATHEIST, C.O.C, DEATH, EXODUS, DEICIDE, FEAR OF GOD, PITCH SHIFTER, PESTILENCE, MONSTROSITY, just to name a few !"

Do you have any cool memories from your Poland visit 1990 ??

- "Well, it was almost an adventure pal. We had quite a tough time over there, due to the amateurish organization of course. But we also met

FILTHY NEWS OR WHATEVER FROM THE DARKEST PITS OF OUR FOREST !

SELF FAGOCITY formed in May '92 in Spain. They play really stinking and raw maggot metal, and their reh.tape fucking sux. I heard that they will release a new demo and a 7" ep, hopefully they will sound better !! Add: Igor Sanchez Alexandre, C/Araba No.12 lo DCHA, 48500 Gallarta (Vizcaya), SPAIN !! Ok ! Another very strange act is the Danish MARTYRDOM. Last years 1992 promo tape contains 3 trax of dark and really strange metal, some riffs and shit reminds me of NOCTURNUS. But not half as cool !! Contact 'em at: Jonas Breum, Loejpen 4, 7100 Vejle, Denmark. REPUGNANT is a one man band from U.S.A. The man behind the project is Mike Riddick. He must be a pretty sick motherfucker. Because here you got 3 weird songs with a really disgusting voice. It's not even raw, it's awful !! Contact Mike at: REPUGNANT, 604 THIRD STREET, HERNDON, VA.22 070, U.S.A. More and more bands is working, pumpking up in Lithuania. One of all these hard working bands is CONSCIOUS ROT from Vilnius. Last year they released their debut tape, entitled "Paranoia in the evening". 4 tunes which not give me a hard-on !! Their new promo sounds a bit better, so I say: Keep up the good work guys !! Add: JUODAS, Polocko 43-8, 2007 Vilnius, Lithuania. (They play really simple death metaa111). The editor behind the zine BREEDING FEAR is also the bassist in a fun-thrash-core band called HELLRIEGEL. 10 songs recored in the bands rehearsal room !! The sound is not the best, as you might understand. Nothing but noise to my ears...Address: Trashkopke, J.Catsstraat 3A2 B7, 3630 Maasmechelen,Belgium !! A new death black metal band is BATTURWAR from Malaysia, in November last year they recorded their first reh/demo. 4 original, but very simple and dark trax !! Their fave bands is everything from NIRVANA to IMPETIGO. If you want their address, well then, here it is: BATTURWAR c/o Harry Disaster, Lot 149 Jalan 4, Taman Sekamat, BT.12 and a half, 43000 Kajang, Selangor, West Malaysia !! A pretty new death/thrash act from Falkenberg in Sweden is ENTITY. They sent me a 4 trax rehearsal tape a while ago. Some dark riffs and keyboards mixed with a more humanly voice. Hope to see these dudes in a studio soon, reach 'em at: Tomas Gustafsson, Stockrov.7, 311 33 Falkenberg, Sweden !! At last, a cool U.K act seems to be a band called SWAMPWALK. In early February this year, AZ RECORDS records released an 12" inch with the band. They also had some interest from HEAVY METAL RDS but it fucked up. Add: 81 DODD STREET, HILLSOROUGH, SHEFFIELD, S6 2NR, SOUTH YORKS, U.K. !!!!

EXPERIMENT

A quite unknown act in the worlds underground is EXPERIMENT from Chicago, Usa. Even if they have been around for a few years, I have not read their names in so many fanzines. But don't worry, here's an pretty up-to-date interview with their own bassist John Almonte.

Hello John !! How are you today ??

- "Cheers ! I'm doing pretty good, but there isn't much to brag about".

What have you been doing since the recording of your master-piece demo, "The edge of within" ??

- "Well, that demo is quite old (June, 1991 to be exact) & a lot has happened since then. Up until June of '92 things seemed to be working quite well for the band. We were playing shows often and the future looked bright for us. The demo was recieved well and the response was good and then our drummer, Aaron Nickeas, decided he would join with his fellow bandmate, Paul Speckman and try to reform MASTER. (It was 34 people in the audience last time they played in Sweded, quite successing, huh !/ Ed). When that happened, Mark, Mike and I, didn't know what

to do, so we were in limbo for a while. At the end of July '92 we got in touch with our friend Dave Chiarella, who was previously with Funeral Nation (Cool band/Ed.). We asked him to try out and things worked out pretty good. We have been working with him ever since then and things are sounding ever better than before !! So now we are finally playing shows in our area once again. I am hoping we can go into a studio soon and record some material with Dave. The new songs are fucken great. Some of the new titles are: "Whispers of pain", "Screams in serenity", "The edge of within", "In the silence of your soul" and "The truths of betrayal". Don't worry, you'll be one of the first to hear it, Perra, I promise !! (Thanx alot for the cool answer on this question, I am really looking forward for your next release/Ed.)"

Have you heard from any labels ?

- "Yes. When the hype first started, we talked to a few people (I'd rather not say at the moment) and they seemed quite interested. Amongst those people we talked to, a few were coming down to see us play at the Waukegan Metal Fest in Waukegan, Illinois. A lot of important people were at that

show to see us and then Aaron our previous drummer, decided to quit one week before that show. So that really screwed us from getting some good exposure, now it's like we have to start all over again. But, that's no problem, our new drummer Dave is great and so is the new material."

You have old members from the earlier Chicago bands such as Devastation, Abomination and Master. Has it helped you on your way ??

- "Yeah, in certain ways. I think that the death/thrash metal in Chicago has always had a certain style, it's quite different from the others in the states. Having members like Mike (Guitars/Vocals), Mark (Guitars) and Dave (Drums), who have been in the scene for quite some time, they understand the chemistry of Chicago. Yup, there's a whole lot of shit going on in Chicago. Just keep your eyes open for: NEURO-TOXIN, DYSPHORIA, RITUAL, SNAP JUDGEMENT, CYCLONE TEMPLE, SUSPIRIA, MORGUE, FLESHOLD, LOST SOUL, MACABRE (Hmm..Were have I heard that name before ? /Ed.), WELL OF SOULS & AFTER-MATH!!

What are your fave music magazines ??

- "High times (Ha.Ha), Extreme Noise/Metal Forces is okay, Kerrang is sometimes okay, Guitar World, Mould, Spin, I don't know? It's difficult to say which is my fave. I'll buy anything that I find interesting."

If you had the chance to record in Morrisound, would you do it??

- "Sure, if a label supported us or if we found ten million dollars, yeah, we'd do it. I like a lot of the material that has come out of Morrisound. I'd like to see what our shit would sound like coming out of there. It would also be interesting to work with Scott Burns, but I would much rather work with Colin Richardson who just did The Fear factory album and that fucken thing Rules !! FEAR FACTORY is fucken GODLY !!"

Do you like cooking??

- "I wish I knew how to cook."

So John-dude, what's next for EXPERIMENT??

- "Well, maybe I'll learn how to cook. No, seriously, we're going to play out as much as we can for the time being and hopefully record the new material soon, and write new material as well. We have been doing versions of Venom's "Buried alive" at shows, who knows, maybe that'll end up on the next demo?"

Now I must go for this time, do you have any last additions for all the readers of MOULD FAG RAG??

- "First of all, endless thanks to you Perra, my friend, for all the continuous interest and support of EXPERIMENT. To all the readers, I

hope to hear from you soon. Sweden is one of the places we receive the most mail from. Keep it coming !! WRITE TO US !!! May the force be with you, always. PEACE !!"

Dear John, Thank you very much for this answers. I hope that EXPERIMENT will stay around for tons of years, and I really looking forward to hear your new material. And another thing, RECORDLAB-ELS: Keep in touch with this band... Fucken high recommended STUFF !! Magazines/Fanzines, write immediately for their promo-stuff. Quality is what you get, No doubt !! And at last, all you readers... After you have read this interview I hope that you understand what a BAND this is. Just drop `em a letter or two.

"THE EDGE OF WITHIN"

RELAPSE

Yes.. It's true, not even MOULD could hold back to get an interview with this original death metal outfit, DECEASED, from the States. Just check out their old demos, and their debut full-length album "Luck of the corpse". Anyway, we reached the drummer King Fowley earlier this year. And just started up the interview with asking what's up these days ??

- "Just waiting to record our full length 2nd Lp, "The Blueprints for madness". And doing some shows, practice & existing."

I heard that you've just put out a new record, could you please tell us about it ??

- "Well, that's really an Ep called "The thirteen fright-end souls" !! It has 5 songs including a VOIVOD cover and also new recordings of "Planet graveyard" and "Nuclear exorcist" !! It is much better than our debut LP. More aggressive, better playing, better sound...etc."

Are you satisfied with RELAPSE/NBA so far ??

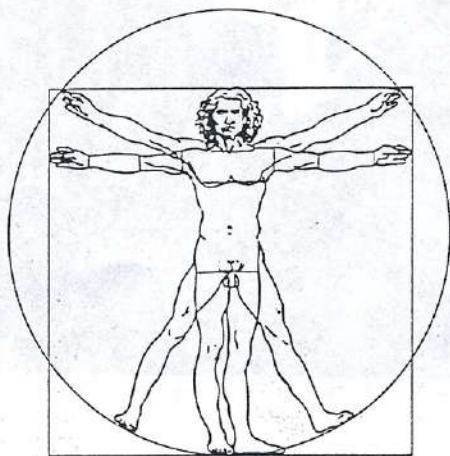

- "Yes, very much. RELAPSE is a solid for front label now slowly stealing the coveted top death metal record label. From the now very sad EARACHE !! "Luck of the corpse" sold over 15.000 copies worldwide."

You're playing alot live, huh. Which trax are you playing live ??

- "We are just doing alot of local shows right now. So no "big" shows to speak of yet. We play almost all our tunes live at some point in time. Plus occasionally VOIVOD, VENOM covers !!"

How's things working out now when Bill Clinton has taken over ??

- "Well, I honestly don't follow it much but it isn't any different yet !! Who knows what's going on in the U.S. or anywhere nowadays ?? (Hey, you're fucking right/Ed.)"

Which is the worst/best bands you know ??

- "Well the poor bands dominated '92 with alot of crummy Lp's, demos...etc. But some of my fave bands in the underground at '92's end were: The Gathering, Masters hammer, Amorphis, Afflicted, Sadist (Italy), Disharmonic orchestra & Miasma."

Do you still sell your demos, T-shirts..etc ??

- "The demos are all gone ! RELAPSE does our hats and shirts, so get 'em through them if possible !!"

Alrite King, do you have anything more to say before my readers have to turn page ??

- "Stay cool and true !! Let's finally kill off fake music. Long live the fucking legions. Thanx to all !!"

Thanx a lot to yourself King for all the answers. Really cool !! I know that all you readers now are interested to write to this godly band, just drop a letter to :

DECEASED c/o KING FOWLEY,
5953 N. 10TH ST., ARL. VA.

And if you're looking for their merchandise, I think that you better write to their record label instead.

KORTA BOLLAR... TJOCKA BOSSE !!!!!

Hello metalheads, time for some squeezing news or whatever again. Do you know that CONSCIOUS ROT from Lithuania have released a new demo? Well, I thought so. It's called "Gongenital passivity" and contains 8 new trax. More professional, wanna check 'em out? Catch 'em at: JUODAS, POLOCKO 43-8, 2007 VILNIUS, LITHUANIA !!! Also watch out for the new demo of Polish DDT (Dethroned death) it might make your brain explode !!! DDT, JACEK ZAJAZ, 12-200 PISZ, UL. SPACEROWA, 36, POLAND. (What about DARKNESSED PROMO?). Now I also know that the CIRCLE OF THE GRIND 'Zine even includes a compilation tape !! If you're looking for something like Abruptum, but not as sick. Then you better open your arms for a new Swedish project called NOMINON. They have two simple tapes out, "Daemon1" and "Daemon 2". Pure Black metal !! Just get in touch with these guys for more information. Add: JUHA SULASALMI, GÅNGLÄTEN 6A, 553 07 JÖNKÖPING, SWEDEN !!! When we're talking about Black metal. Norway got a few bands into that category. Last year ENSLAVED released their new cassette "Yggdrasil". 5 dark tracks that all of you into BURZUM and MAYHEM will like. Contact: ENSLAVED c/o EARL GRUTLE, TVEITA, 5534 VALEVÅG, NORWAY !!! What shall we do with the drunken sailor ?? Just let him listen to the new demo of the States CERBERUS (Hmm..I thought it was a 'zine). "Infernal creation" it's the title of it !! 3 trax of gutted death metal. Gee, the address is: CERBERUS c/o ANDY MARKERT, 515 FILMORE ST, RIVERSIDE, NJ. 08075, U.S.A. !! Also the new EDGE OF SANITY album shall be out later on. Called "The spectral sorrow", and for the first time to be recorded in UNISOUND studios. Hey, DERANGED will soon release a few 7" inchs. One of 'em will be out any day now on OBLITERATION RECORDS. And the OLYMPIC label in the U.S. is to releasing two new ep's with both Chicago's death metal zombies MORGUE and Indiana's AFTERLIFE. Just watch out for this releases on this new and upcoming label. Add: OLYMPIC RECORDINGS, P.O.BOX 7354, ELGIN, IL.60123, U.S.A. If you're looking for a GODLY comp.tape, then you shouldn't miss the AUDIO AUTOPSY one from U.S.A. Volume 1 has been out for quite a while now. Serious, this is one of the better death metal comp's. Get it for 6 Us\$ from: MIKE ILLNICKY, 27 PORTER STREET, SPFLD, MA.01104, U.S.A. !! And some of you might have forgotten a band called CRIPPLE from Sweden. Anyhow, their debut album is set to be out sometime in the future on INLINE RECORDS in Germany. Also their latest demo "Independent luminary" has been pressed on vinyl through French labelBAD CARD.

Their bassist Lurgo also told me a while ago that they will enter the studio soon, to record a new mini-album. Really strange. The label hasn't even put out their first release yet !! So write LURGO and ask him what is up with CRIPPLE these days: LURGO FRANSSON, DRAKENBERGS-GAT. 53, 702 19 ÖREBRO, SWEDEN !!!! Some time ago KATATONIA sent me their debut demo:"Jhva Elohim Meth" The only problem was that they had recorded it on a worthless tape so it fucked up in my tape-recorder during the second listening. Well, I could hear that they are playing well-worth-checking black metal. I just heard also that they have signed with NO FASHION RECORDS, but I don't know if it's true ? Here you got their address: KATATONIA c/o NYSTRÖM, HAGAGATAN 17 L, 113 47 STOCKHOLM, SWEDEN !!! FILTHY CHRISTIANS will also have an new album out this fall on their label WE BITE RECORDS. A new distribution firm is VOICE OF DEATH from Sweden, their debut list contains tons of cool tapes, singles, zines...etc. Send an I.R.C. for a copy: V.O.D. c/o KRISTIAN HASSELHUHN, KNEKTEGÅRDGAT.33 c, 441 37 ALINGSÅS, SWEDEN !! The WARMMASTER label in Colombia has now released an quality split album with Belgian ANCIENT RITES and the Swedish UNCANNY. Get it from MEGAGRIND or the label at: WARMMASTER RECORDS, ANNLELOW ALEXANDER CALLEJAS, A.F.A. 056642, MEDELLIN, COLOMBIA ! Hmm.. I think that I would better take a break in writing.. SLAPP !!

ISTEN #6 - WHAT A FACEACHE OF A ZINE!

Yeh, we're no longer watching the paint dry or helping the Devil shoveling coal. We've let the blood write the word and at last, the Istenietzschies are here again with yet another ridiculously fat issue full of necrotic marvels. ISTEN #6 is here for all the underworld to love or abhor...

88 pages (A4) of earthly heaven or hell! Istenecropsies performed on: MY DYING BRIDE, IMPALED NAZARENE, DARK TRANQUILLITY, GODFLESH, SAMUEL, SENTENCED, MAYHEM, MORTA SKULD, DESULTORY, SEVERANCE, MYTHIC, TRIBULATION, MASACRE, HOUSE OF USHER, HYBRID CHILDREN, MESHUGGAH... and so on.

We also offer you an unbelievable number of reviews (demos, records & zines); all written in an original (say many) and intelligent (say us) manner - kinda like deepgoing, penetrating analysis of the dying underground.

ISTEN #6 sells for \$5 (everywhere) or 20 FIM (in Finland). 2 copies for \$8. #5 & #6 together also for \$8. All the other back issues have sold out. US cash only, please - no cheques, no coins. Send IRC's if merely making inquiries - thank you.
