

Satan's going to get them eventually.

M: No, he's not, I've already taken them back from Satan.

W: Well, ha ha, The thing is the war will be won by Satan.

B: No no listen Warren, listen Warren, they don't belong to the Devil. She has given her life to Christ and now those three beautiful children belong to the Lord, you don't have them. God did win.

W: But Christ died.

B: God did win the victory sir, God won the victory. He won the victory.

M: That's right.

W: According to his own propaganda.

B: He's won it in my life, he's won it in the lives of people who are working with me right now, he's won it in the lives of millions of people across this country. People who were drug addicts, people who were rapists, he's won it in the life of Sean Sellers, who now sits on Death Row praising God.

W: Oh boy.

B: He's won it in the life of that psychic who called me yesterday, he won it in the live of that teenager Cindy who called me on Monday who participated in human sacrifice or at least seen them. He's won it in the lives of people who are listening to me now, who have been bound by alcohol, who have been bound by drugs, who have been bound by homosexuality, Jesus Christ has won the victory in the lives of thousands of people right now, and I want to tell you if you had ears to hear you would hear a collective Hallelujah! Praise the Lord! going up from the mouths of thousands of people across this country who say Jesus has won the victory in my life, Warren!

W: Well listen Bob, that's nice but you know, you've got a show on like 250 days a year, and you only save one or two people a day, that's only about 500 people, there's are five billion people on Earth and Satan has most of them. It's a losing battle, man. People want what Satan is offering. That's what people want, I mean you can't prove any of this.

B: People also want what Jesus is offering, sir, and they want it by the millions and they're receiving it, they're receiving hope and love and peace, they're receiving long suffering and goodness and kindness and meekness. They're receiving

ing charity and love. They're receiving what you've never had. I'm gonna - Monica, a final word you want to say to this man?

M: I hope you find Jesus, Warren.

W: Well, I doubt it.

M: I don't.

B: Monica, my heart goes out to you. I've talked with many people such as you, I know the horror that you've had to live through and I know it's a difficult thing coming to Christ to begin to but this behind and to let God begin to heal you.

M: Yes it is, but it's lovely.

B: It is. It is. You stay there Monica, and hang on for a second. Warren, I got to take a break, but I want to come back for a final word with you.

W: All right, I'll stick around.

B: Yeah?

W: Yeah.

B: You know what?

W: What?

B: You don't get your life turned around, you're going to be sticking around a long time with the Devil.

W: Well, I guess we'll be partying down then.

B: No, I don't think they'll be any parties where you're going.

I know this show today is one of the most incredible things you've ever heard but in listening to it and not getting to a phone this Ministry is suffering and this Ministry - not because of the attack of Satan but because of the apathy and the lack of attentiveness to Christians to get to do something - you've heard the threats of the enemy, you've heard the open threats of the enemy to destroy this Ministry, to destroy what it stands for, you've heard the threats of the enemy against the cross of Christ, the Resurrection, the precious blood of Jesus, the love of God, you've heard everything hellish that the Devil could possibly think to say today! Please don't sit there! I can't believe with what you're hearing today that those phones are not ringing off the hook but they're not. I desperately need your help. This is war, friend, and the only way you can declare war on the Devil now is to keep this Ministry alive so we can deal with the Devil. We're facing a showdown. Stand with me.

You here, Warren?

W: I'm here.

B: OK. Your final wrap is what?

W: My final wrap is that the Devil has won in America. I mean, I take a Bible to the bathroom and use it as toilet paper, I hate Jesus, and in the end, Satan is gonna win because of the way this country is and the way Man is.

B: I want to ask you, were you raised like this?

W: No, I was raised as a Catholic.

B: You were raised as a Catholic?

W: And I hated every minute of it. You can thank the Catholic Church for me.

B: No, I don't thank the Catholic Church for you, I thank - I don't thank anyone for you. I credit Satanism.

W: Ha ha ha - you hate me.

B: No I don't hate you sir, I love you.

W: Ha!

B: I love you through Jesus Christ.

W: But you don't really, that doesn't mean anything.

B: Yeah it does.

W: You don't know me.

B: Well I love you through Jesus, because I know that when you speak the way you speak you're speaking from pain somewhere whether you admit it or not, deep personal pain. Nobody gets to where you are with that kind of hate, unless somewhere deep inside you've been terribly abused, mistreated, and you've gotten a rotten deal somewhere.

W: Well I have been given a rotten deal and Satan is going to make it up to me.

B: Yeah, how did you get a rotten deal?

W: Oh, I was hated by everybody. The other kids beat the hell out of me, they hated me because I was smart. And because "Oh, oh look! He's a pussy, he reads books! Oh God!" And the teachers were on their side. Thank the public school system too.

B: Warren, you want to go on shaking your fist at all of humanity for the rest of all of your life? Every one of us has been mistreated many times in our lives.

W: Not you! You grew up in Cloud Coo-Coo Land in Oklahoma somewhere.

B: Try Nebraska.

W: Yeah, you lived in the happy, Father Knows Best world. It's easy for you to say "Oh, turn the other cheek" but you never had to put up with anything.

B: Yeah? I was raised in an environment of love and concern and affirmation but there are many people, and you've heard them call this show, who were raised under terribly abusive circumstances, who have had their lives turned around

through love. Warren, all you're doing is destroying yourself, being eaten up by the bitterness with which Satan consumes you. And I want you to know, Warren, there is hope and there is love and there is an opportunity for even you to know the beauty of what giving and sharing and of doing unto others as you would have them to do to you is really like.

W: I don't believe it.

B: Well you know what? I think you're the real coward, because you ain't even got the guts to try and listen to me and to talk about it.

W: I'll talk about it. I'll talk about it. Sure, I'm talking to you. I had the guts to call you, didn't I!

B: Yeah, but all you've done so far is spit venom.

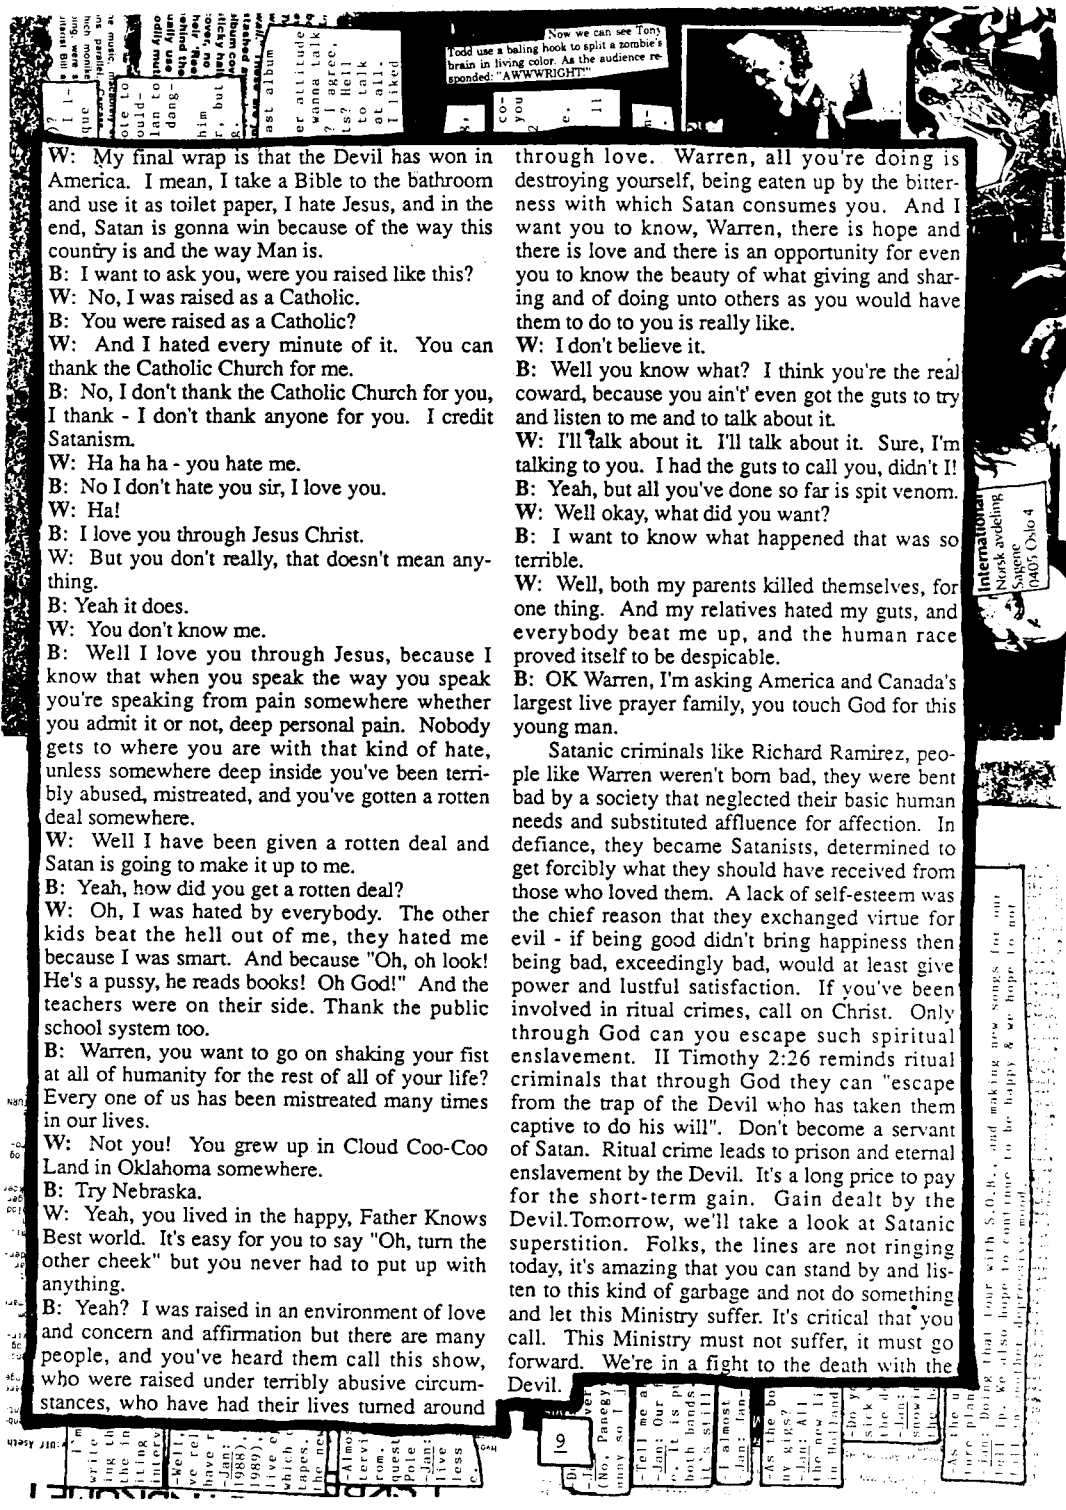

W: Well okay, what did you want?

B: I want to know what happened that was so terrible.

W: Well, both my parents killed themselves, for one thing. And my relatives hated my guts, and everybody beat me up, and the human race proved itself to be despicable.

B: OK Warren, I'm asking America and Canada's largest live prayer family, you touch God for this young man.

Satanic criminals like Richard Ramirez, people like Warren weren't born bad, they were bent bad by a society that neglected their basic human needs and substituted affluence for affection. In defiance, they became Satanists, determined to get forcibly what they should have received from those who loved them. A lack of self-esteem was the chief reason that they exchanged virtue for evil - if being good didn't bring happiness then being bad, exceedingly bad, would at least give power and lustful satisfaction. If you've been involved in ritual crimes, call on Christ. Only through God can you escape such spiritual enslavement. II Timothy 2:26 reminds ritual criminals that through God they can "escape from the trap of the Devil who has taken them captive to do his will". Don't become a servant of Satan. Ritual crime leads to prison and eternal enslavement by the Devil. It's a long price to pay for the short-term gain. Gain dealt by the Devil. Tomorrow, we'll take a look at Satanic superstition. Folks, the lines are not ringing today, it's amazing that you can stand by and listen to this kind of garbage and not do something and let this Ministry suffer. It's critical that you call. This Ministry must not suffer, it must go forward. We're in a fight to the death with the Devil.

THE WIDESPREAD DISEASE "Infected by noise"(demo) HA! I found one I didn't really like! This is industrial noise, it's original, weird and not very good at all. But noise fanatics will enjoy this for sure. So write to Hungary's very first noise band at: Sandor Plechl, H-9400, Knapp G.u.1, Hungary.

CARCASS:live-ep This one is a limited sucker. I'm sure if it's sold out yet... Write n'ask! Of course, the music is like a pig disemboweled and bleeding to death in a truck full of human tissue and pus'n'gore. Ripping! Order for 5us\$ from: Distorted Harmony c/o Jose Alfo L., Apartado Postal 19-648, 03901 Mexico 19 D.F. (write, coz this guy rules!)

CARNAGE:live-ep This is just like the Carcass thing above. Limited (but released only a short time ago) to 1000. Killer live tracks (4 actually) from those split-up Swedish döds metallers. Buy, buy and buy from Distorted Harmony records. 5us\$!!!

TRAUMATIC "The process of raping a rancid cadaver"(demo) and "The morbid act of a sadistic rape incision" (EP) OK, the demo first, the sound is not as good as on the ep. The music is detp(ups!) death metal. From Sweden (where else?). The lyrics are about fucking corpses and splatter stuff. Pretty cool and sick. With lines like: "The process of raping is now a fact maggots crawling in the analtract..." and: "Among the coffins I crawl, dead childrens bodies, I love em all..." These guys are sick! (and not too original). 3 cool songs on this tape. Ups! Sorry, 4 songs on this demo. And one of them a Carcass cover ("Genital grinder") which only Carcass themself could have done better. The price is 5us\$ and you send the cash to: Totter Martini, Edlundsst. 8E, 59551 Mjölby, Sweden. Now, about the ep. It's better than the demo. It got two songs and lyrics included. Sick stuff about fucking corpses again. The sound is also clearer than thy demo. What can I say? Just order it for 5us\$ from Distorted Harmony! Raspagurr.....

HIDEOUS MANGLEUS "we live...you sleep"(EP) Harghhh... What a great title for an ep! Don't you think so?! These Hideous guys plays some kind of music which can be described (who do you spell that word?) as some kind of horror-punk-grind. Yeah, something like that. 5 songs, lyrics (which is kinda hard to read) and a fine sound. And vocals in the deep and growling vein. Cool. I don't know much about this band, except that they have a demo out called "All your friends are dead" (another great title!). Tikk takk! Order this ep from Thrash records.....!

ASSHOLE "Into the flying"(demo) and NOTHINGNESS "Uncertain future"(demo) Gee, two different bands in one review! Jepp, they are both from France and they both play a kind of thrash metal I'm not really into. Also, they both have full colored covers on their demos. Asshole is probably the best of the two. So thrash fans should send 6us\$ to each of these addresses: Nothingness c/o Bruno Gregorutty, 43 Route Leon, 84000 Adingnon, France. and Asshole c/o David Martin, L oree Du Bois, 1 rue de la Grande Tranchee, 54280 Laneuelotte, France.

MORBID ANGEL "Blessed are the sick"(LP) Huh?! Again? OK, here we go: CRAP!!!

ANARCHUS "Final fall of the gods"(EP) Aaaaaaaaawwwrrbuhghrrrrright! This is brutal! Grind and death in a good mixture! 6 songs, with lyrics and vocals that fits perfect for this kind of music. I don't know the price, but write to Jose auf Distorted Harmony (he claims to be some kind of an Anarchus drummer). Get this one!

EMBRYONIC "The land of the lost souls"(demo) Ex-Xerasia ya know. Death metal... Good... 4 songs... No lyrics... No photos of the members having a black mass... No photos of the members fucking women dressed up as Santa Claus... No photos of the members eating ice-cream... No photos of the members kicking'n'beating the shit out of a kid... No photos of the members wearing t-shirts saying "La^{hh}

HARK;HOST! Brrrrrrr... Sorry 'bout that review... S H I

CARBONIZED "No canonization"(EP) Probably, all of you know this band and all of you got this ep as well. So why review it? You all know these 3 fast grinddeath songs and how great these songs are. And all of you know how good the sound is. And you all know that those who doesn't have this should get it NOW! And, finally, you all know how cool it is that it's released on Thrash records.

FATAL "A somber form of nihilism"(EP) Another superb Thrash records release, another superb band from the US playing deathrash in the vein of Darkthrone, Atheist, Death, Autopsy etc. And I really like that double bass-drum. Makes me wanna dance... Yeah, you can dance to this all night long. 3 songs, perfect sound and weird lyrics about killing the milkman and pissing upon flowers. (hmmmmmm... OK, that last part was right, but the lyrics are weird.) I haven't heard Fatal before this release, so when I put it on I got very happy and wanted to kill everyone. HUH! "Fatal made him do it!". BUY THIS ONE FROM THRASH RECORDS!!!! Also, if someone could come with a meaning of the line: "TIME IS THE ESSENCE OF FEAR, FEAR IS TIME ITSELF" he/she would receive a free photo of the editor of this zine!!! Best suggestions will be printed in the next issue.

BONDAGE HARVEST:rehearsal Words cannot describe what I felt the first time I put on this tape! It's new, fresh, original, like nothing I've ever heard before!!! From out of nowhere (well actually they come from Pennsylvania) the guys deliver some absoltly (ups!) amazing industrial noise/music. With a line-up including guitars, vocals, synths, bass, drills, metal and glass! How can you go wrong with something like that?! OK, Bondage Harvest isn't for you who want usual, boring(?) music, but if you are like me, in love with strange/weird stuff Bondage Harvest is for you! This is just a rehearsal, but the sound is way better than many demos I've heard. I can't imagine how great they will sound when they get into a studio. The best songs on this tape must be "Memoria in Aeterna" and "Neurolinguistic probe". Anyway (ups! I'm a little messed up on LSD at the moment) AWYway (probably not just a little...) Anyway, I'll do a long interview with Bronwyn for the next issue. Soooooooh (ups!)... HAHAHAHA! Br-r-r-r-r-bi-dih! I'm not feeling very well. I think i'm going to throw up... I love the sound of breaking bones! HAHO! "I am the one, Orgasmatron, the outstretched grasping hand. My image is of agony, my serbants rape the land. Obsequious and arrr..." WHAT?! Where did those Motorhead lyrics come from? Sorry bout that one... Like I said, I'm not feeling very well... I think I had an overdose. Bondage Harvest c/o Bronwyn Izer, 19 Maple Road, York, PA 17403 U.S.A.

MEAT SHITS "Pornoholic" (EP) The first ep from the Meat Shits. A 90 song live recording from the good ol' "Bowel-rot" days. The sound is good for a live recording. And, you have to be 18 years old to buy it (ha! But I'm only 16 (soon 17) and I bought it anyway... I feel sooo evil!). It's been limited to only 500 copis but why don't you write and ask if they got any left. OLD MEN IN WHEEL CHAIRS, P.O. Box 2143 Stow, Ohio 44224 U.S.A. (don't forget to ask about their other releases as well!)

WBI/NECRPHILIACS (split EP) Ah! A 7" with some german noisecore bands. And WBI being the best of course. Noisier than ever! A nice intro (music actually) and then: BANG!!! A wall of noise that crushes you into oblivion. 9 songs and probably the best sound I've ever heard on a noise release. About the Necrophiliacs (haven't I heard that somewhere else?) side, it sucks! Boring HC/noise. Only guitar, vocals and drums (no bass!!) and the whole thing is like a big pain in the butt. But, this 7" is worth getting because of the WBI side. How to get it? Ehhhh, hmmmm... I really don't know, but try the WBI address.

MORBID ANGEL "Blessed are the sick"(LP) I still think it's: CRAP!!!

-Anything to say about MEAT SHITS?
Robert: "Yes, we are the MEAT SHITS! (really?-ed) We are the worst fucking band in the world. We suck so bad. We make ANAL CUNT and 7 MINUTES OF NAUSEA sound good! Unlike SORE THROAT who tried to destroy music, we did destroy music! Music is dead thanx to us! And if it comes back to life, we will fuck it up the ass and kill it again. Fuck music!!!"

-Do you use lyrics?
"Well we didn't. But just now we are writing lyrics for our new demo! They will be about the usual cool stuff such as sex, violence and drugs. We choose to start using lyrics coz we wnted to become more offensive than we already were!"

-Do you like George Bush? Is he a nice president?
"No, he is a fucking dick and I hate him! I feel he is worst than Ronald Reagan! Since he has been in office unemployment has gone up as well as the inflation rate. Not to mention the USA involmnet in the persian gulf! Which is total bullshit!"
-Would Goofy be a good president?

"Smoke Ice, listen to the MEAT SHITS and kill everyone. Have a nice day!" What day? "Well obviously it is a stupid though that we came up with! It was very offensive and vulgar, so we used it. If anyone takes it seriously, the joke's on you!"

-Have you sold any demos/7"? Or does everybody hate your stuff?
"Yes we sell our demos all the time. Just today I got four more tapes orders for our "Bowel-rot" demo. Most people seem to really like what we do, which is strange!"
-Any future plans? Can we expect an album from the MEAT SHITS?
"Future plans include going on a mini-tour here in the U.S., we have a split 7" ep coming out on TnT records (rules!-ed) in Germany! Also we have a couple of other 7" deals in the works as for an album who knows! I hope we can!(me too-ed)"

-Do you have any tatoos?
"No, but our drummer and bass player have tatoos, I think personally that they are useless. But to each his own! Right!"

-How many testicles do you have?
"At the moment I have four of them, but I am growing 2 more. They should be bigger than the other four and I should be able cum more than a gallon of semen!"

-Any last words?
"Thank a lot for the interview and interest in the MEAT SHITS Lasse. And good luck to your mag and your band, also thanx to everybody else who has written to us. You rule!"

THE ETERNAL OATH - DEMO -
OUT NOW!!
DEMO FOR US \$3 (EVERYWHERE)
AND T-SHIRT IS AVAILABLE, TOO. US \$9.
BETHLEHEM
%CHIAKI TAKABAYASHI
2-2-5, SHINMEI, ADACHI-KU,
TOKYO, 121, JAPAN.

Yeah, it's a Meat Shits special. I'll review all their 5 demos. I also have some rehearsal and live tapes of the band, but I'm too lazy to review those as well...

"Meet the shits" Debut demo, with 871 so...ups! Sorry, with 781 songs. The flyer says it all really: "It's guaranteed to make men sterile and crack a females eggs..." Not bad... Well, on this first demo there was just Robert (vocals), Tom (guitar) and a drummachine. I don't have the cover to this tape, but I'm sure that it's just as funny as the other ones. 3 us \$.

"Menstrual samples" Oh no! Only 155 songs on this second demo. Still, it's very much like the "Meet the shits" thing. But more sound effects (like pissing, shitting and other cool stuff). The songs are maybe a bit longer. Maybe.... Again, it's only Robert, Tom and that bloody drummachine. About the cover, it's very cool. Funny. Some song titles: "Sex, drugs and the Meat Shits", "Penis envy", "Supermakret farts", "Anal earthquake", "George Bush is a dick", "Butt pimple", "cum gum"..... 4 us \$.

"Bowel-rot!" Ahh! Yeah, this is more like it! A big improvement! And adding Ron on the drums and Colette on the bass, Meat Shits turned into a four-piece. Great noise! Cool cover, exelent sound, and in my opinion, one of the best noise demos ever released. 134 songs and titles like: "Anal deception", "Two faced dick", "Eat pizza and fuck on the floor", "Suck starts" and "Sour cock"..... 4 us \$.

"Regurgitated semen" 1691 songs. very cool n' noisy, but not as godly as "Bowel-rot". The line up is the same, the songs shorter (well, actually it sounds like they're playing one-long-song). Again, nice cover with porno stuff and (uhhh...) 1691 song titles. Some of them are: "Last song", "Last song two", "Last song three", "Last song (reprice)", "Last song (re-mix)", "Last song (dance version)"... 4 us \$.

"Fuck frenzy" What? I can't believe that this is the same band that's on the previous demos! Sell-out? Well, if it is, it sure as hell is the best sell-out ever! But, really, this isn't a sell-out, the Meat Shits have just started playing some kind of music!!!! Instead of the old pure noise, this is more like grindcore-noise. And Robert's sick vocals are even sicker. I think he used some weirdo effects, like a pitch-fucker, or...? Anyway, I don't know how many songs there are on this "Fuck frenzy" (since I haven't received the cover jet) but the whole demo is about 30-40 minutes long! The first song is a slow, grinding one with a riff heavy as Paradise Lost or something. And the rest of the songs are the usual fast stuff. Utterly cool and probably the demo of 1991! (if Bontage Harvest doesn't release one!) Geeeeeee... the only thing about this demo witch is rather fucked-up, is that horrible rape-effect between one of the songs. I didn't like it very much. But the other fuck and splatter sound effects are very cool. Sorry, I don't know the price, just send the usual 4 us \$. (also, with this demo, the Meat Shits should have no problems with getting a record deal.)

MEAT SHITS

Alt du trenger
å vite om

7 M.O.N.

Satan Bush, fører hellig krig for å sikre Vesten kontroll over Kuwait enorme oljekilder.

Dommedag døden

Dodsrekord DRAPET

7 MINUTES OF NAUSEA, yes, the band with the short songs. No need for long intro shit. Questions were made by Tomas Karlson and 7 M.O.N. member Mick answered. I think this interview was done when Mick visited Tomas on Sweden some time ago.

-The story of 7 M.O.N....
"Once upon a time we hated music, so we made noise! Well basically it's true-the music we heard was shit so we started on our own, and it evolved into noise as the best expression of the shit in the world. We started all this in mid 1985 and continued it to today-although we aren't a "Full-on" band, meaning that we don't practise/reh. By the way, we are: Scut doing drums (bass on the new ep) and Mick (me) doing guitar/guitar/voice. The lyrics are mostly political-there is so much shit happening in the world that we must shout about it... melody does not express our feelings. We also do personal lyrics- even 2 second love songs!!!! ..ha ha."

-Why do 7 M.O.N. never reh.?
"How can you reh. feelings of anger etc. ...we put a lot of work into the lyrics, but the music is made up as we record. It's impossible to reh. and stupid to try. The only time we play is when we record, and apart from the stuff I've done in Europe, the last time we "played" was in January -90 (881 tracks in 2 hours.)"

-You have been in Sweden and played a lot with some dudes, who were best?
"Yeah I've done stuff with Tommi and Harri from Göteborg and Tomas (you) from Ullared, both places are okay- I don't usually say I like food what is good or bad, but I think you are more crazy... Maybe someday people will hear all the recordings done in Sweden."

-Are you in love with my dog Mitzy? (Tomas's dog-ed)
"What can i say?...of course I am. She's nice and warm to sleep with. (This is sick-ed)"

-Fave: bands, zines, movie, food and drink?
"It's bollocks saying favourites, but a special band is PSYCHO SIN from the US, but we listen to heaps of bands from all over the world, also not just noisy stuff. Don't read many zines I just think it's great that so many people make the effort to do one. Yeah I've seen some good movies like: Paris-Texas (chainsaw?-ed), Sid & Nancy and a few others I can't remember... Food- I don't really care about (don't you eat then?-ed), Drink- beer is the cheapest, better in Germany than Sweden, but I think water is the best! (but not in Koblenz-Germany.)"

-Do you think I (Tomas) am sexy?
"Depends on how much beer I drink."

-Have you ridden a kangaroo?
"No... coz they pogo instead of slam! There's none where I live, just cars and wally's (wanker people.)"

-Will there be an LP in the future?
"I hear alot of talk, and I read some things in zines about a 7 M.O.N. LP, but we won't decide anything until I go back to Australia. I can say that a friend from South-Africa made us an offer to do an LP, he now lives in Australia, so I'll see him when I return. It's not so important for us, maybe ep's/tapes are better. We hate the business idea of records, merchandize, gigs etc. ...so we think about it very little. By the way in October (-90) I recorded a new ep, using my friends as the Deutche 7 M.O.N. (maybe with female growls!!!!)"

-Are you into bands who sing about the master satan?(master?!-ed) "No, they are bullshit, unless it's a joke, but I don't even joke about things I don't believe in. The point most satan bands don't understand is that to believe in satan is to believe or acknowledge the existence of god... I do neither. Religion must be a personal experience not a shit formalized organization like the church... Satan is a wanker, just like god is a poser!!! (I agree-ed.)"

-Have you been in the army? Why/why not? "Firstly there is no national service in Australia, and secondly the idea of armies is shit. In reality, as it is, there is a 'need' for defence bullshit, but I think human nature can eliminate this. The army is very much a political tool, where people are forced to conform and not step out of line, so fuck that."

-Can you sing like a bird? "Yes! ... like a ----- A ----- swallowing mud... (only Scut understands this joke) (not when I wasn't able to read the name of the bird-ed.)"

-What about posers and wankers? "Posers is a joke, I don't care about them, because I know what I believe in. Wankers are everywhere in society, so I just ignore them as much as possible, just live and let live, that's no problem to me. Just remember that concerning posers and wankers, no one is innocent!"

-Anything to add? "Yeah! A very big thanks and hello to all the friends I've met in Europe; Tommi, Harri, you (Tomas), Matthias, Alex, Andre, and special thanks to An(j/s)i. It's great to meet people who like 7 M.O.N. and see how 'punk' survives over here. And thanks for talking with me, you are the voice of torment from Ullared."

Yes, that's it. Thanks to Tomas for sending me this int. Contact Mick of 7 M.O.N. at this address: Mick, 16 Laird st., E. Cronydon vic, 3136, Australia. And write to Tomas (who does a band + zine) at this address: Tomas Karlson, Box 32, 31060 Ullared, Sweden.

Blurgh! Some german noisecore here. W.B.I., their 1st ep ep was a'so printed on white vinyl. Only 500 made. 31 songs of really grinding stuff. Two growlers, and in some of the songs they actually include some music(!!!). Here's a interview I did with one of their growlers, Ølaf.

-Do you think noisecore has become a trend?

"Well, this is hard to answer. Many "fans" want noise, for more harder, faster bands with 100000 songs in 1 sec. Hah! But one hour later the same guys listen to to thrash or other kinds of music. (What's wrong with being open-minded Ølaf?-ed) Today we have some very good noise bands , Tumor, Anal Cunt, BGT, Extreme Smoke 57(hi E-dil) etc., but on the other side we have too many shit-noise bands . I mean, noise and noise(core?) is not the same the same thing. I think before some bands is going to to sell demos etc., they better take their money and record a real demo. Today, many people listen to noise, that's good! But I hope the scene won't turn into a commercial thing like punk or thrash. When people listen to noise because they love-it's OK! But, we don't need trend noise fans!(I agree-ed)"

-Do you use lyrics?

"Ha ha ha! No! We don't have lyrics, we scream for fun. But most of our songs have a meaning. For example the song "Atomic atrocity". It starts low(peace), then comes the noise(war), then turns low again(wars is over, but the people haven't learned by their mistakes) and it starts again, noise(another war). An another example is the song "Comedians of grindcore". It's memory song of the old Napalm Death.... We haven't any plans to make lyrics, we'll keep on screaming and howling..."

-YO! Future plans!

"After our split-ep with Necrophiliacs we're gonna make a split-ep with UGB from Germany or a split-lp with BGT from Germany. Maybe we can get it released on a real label...ha ha! In the future we'll be playing ore gigs and we hope to play in other states."

-It seems like the nazi movement is growing in Germany. Is it so?
"Yes. Sad, but true! More and more young people scream nazi-slogans. We germans should be ashamed. 52 years ago Germany started the biggest war ever and millions of people died. Now, in 1991 violence is coming up here also. Many skinheads, naziscum and hooligans make trouble and often it's coming to a scuffle. But the anti-fascist movement is strong and strikes back!(good! grind 'em nazis!"

Bliöhungen?

-Are any of the W.B.I. members vegetarians?
"No. None of us is. Maybe it's bad. Am I a shit coz I eat meat or use products of animals? As long as mankind have existed, people have been eating meat. I know I have many people against me, but meat eating is something everyone should decide for them self."
-Do you have more testicles than Robert of Meat Shits(he got 4)?
"Yes, of course, I got 5 testicles and 2 assholes coz I eat to much meat! Ha ha!"

JESUS WEPT..

SKREKKOGVOLD

-Do you only listen to extreme stuff, or?
"Yes, I like only grind and noise. I don't like death metal, only old Venom + Bathory. Also when I don't listen to noise, I listen to bands such as: Active Minds, Satanic Malfuctions, Electro Hippies. Also I'm in love with the soundtrack from the psycho/gore film "NECROMantic". It's total mania. I'm also very mush into the music of HC Andersen...really funny!"

-What about the fusion between east- and west-germany? Was it a good thing?
"I think it came too late! In the begining all germans were screaming "YEAH!" and were so hopefull. But now, after half-a-year we have many problems. Many people doesn't have work, the difference between east and west grows every day. An example: a simply bricklayer of the west makes 3-4 times more money than a bricklayer of the east, for the same work! The rich made a lot of profit out of the fusion, coz they have bought the old factories in east-germany really cheap. The fusion was necessary, but on the other hand it was a mistake."

-Did you know that the norwegian word for "Germany" is "Tyskland"?
"No, Kenneth of norwegian noise band Sewage wrote to me and on his letter it stood "Tyskland". Funny! It was confusing for me, coz the guys in Nephrite write "Germany"...hah hah!"

-Does any W.B.I. members play in other bands?
"Yes, our guitarist Tarrri is also playing in Pentagramm. It's Tarrri's first band, with he formed in 1986. It's a heavy metal/thrash band. You might ask, why is he playing in W.B.I.?! Well, he listens to all kinds of extreme stuff. From heavy metal to noisecore. And in a band like Pentagramm he can show his real talent. In W.B.I., we ned him for the intros...he he! No, for Tarrri it's a joke to play in W.B.I. and I think it's agood thing. Our 2nd vocalist was playing in Acid Blood, but this band split-up. Me and the other guys are only in W.B.I."

-Oh shit! Too bad this guy didn't return my questions. On the previous questions I had to guess what I hd asked him. On this one, I can't. Anyway, he answerededdeded: "Total nonsense!"

-Last words?
"Don't eat too much meat, you might end up having 5 testicles and 2 assholes. Lasse, thanx for this interview!(well.. you paid me 50 bucks to do it-ed) If some's intrested in W.B.I., please write to me. You will get fast reply. Many greetings to all readers and sorry to the vegetarians. Special greetings to to the norwegian W.B.I. fans!"

OK, that's it! Write to this guy! He rules!(he also paid me to say this) Price for ep is 5us\$ and if you send him a blank tape + poatage I'm sure he'll record som W.B.I. live-recordings for you. For address, see the printed flyer somewhere else in this zine.

END OF SILENCE: demo 1 '91. This must be the ultimate! There is no way E.O.S. can out-do this demo. No way! Only 2 songs on this demo, still, it's longer than most demos. Both songs are about 10-20 minutes long. And it's noise. Extreme noise. They have the usual line-up with bass, vocals, guitar and drums, but it doesn't sound like it. You really can't hear that they're using instruments. This may might as well be some low-tuned lawn-mower! The "vocals" aren't human. Something to use in the next Evil Dead film. Shit, it's really hard to describe this demo, coz it's very original, and it doesn't sound like anything I've ever heard before. You just got to have this demo in your collection, even if you're not into noise. End Of Silence, Dresdenerstr. 30, 5400 Koblenz, Germany. Oh, I forgot, there's something bad about this demo and that's the cover art. It's crap. But, it's the music...uh...sorry, it's the noise that counts, isn't it?

DISGRACE "Inside the labyrinth of depression" (demo 4) AHHHH! The kind of death/gore metal I love. The sound is not the best, but the music is. Maniac vocals (Carcass style) and maniac music (Disgrace style). An exelent demo. They have now been signed to Virulence records for an album. I can't wait! I'm sure that that album will be one of the best ever. If you do not believe me, send 5us\$ for their demo at: J. Taskinen, Kontionkatu 9c15, 20750 Turku, Finland.

Etter år med forskning er det vitenskaplig bevist at regelmesige inntak av melk øker lysten til å drepe svensker med motorsag. Et skolebarn som regelmesig har et stort inntak av melk, høyst sannsynlig en gang i fremtiden drepe en svenske med motorsag. GORGAN PLANE

U.S. MARSSTALL

Døft: Høsten 1855, dato kjent, et sted på Santa Laus veien

Høyde: 1.92 cm

Vekt: 38 cm

Hårfarve: Hvite

Øyne: Runde

Spessiele kjennetegn: Lang ringefinger på høyre hånd, grå stripe dødt hår på tommele o.s.v. o.s.v.

Personlig egenskap: Trekker på 1/5 sekund, svak for kvinner og hastverk, nervøs, innesluttet med fysiske trekk.

Og NÅ begynner novellen:

Det var natt da Gorgan Plane rei inn i Tombstone. Alle glante på ham som om han var en fremmed, ,,det var han. Han vraltet nedover gata med hue under armen og armen i bind, men ingenting skjedde...? Spurte han seg selv...? Så fikk han øye på et sted hvor han kunne overnatte. Han parkerte hesten sin, Jolly Jumper, utenfor Cafe'en. Han gikk inn, men døra var låst. Vel inne leide han seg et rom for natta, men ja det fikk han. Men så, fikk han augo på ein mann som satt inne i en dunkel krok. Det var ingen andre enn Samuel Bjeff, landets raskeste skytter. Sammen med han var: Karsten Karlsen, også en tjapp skytter.

Tommy, hesten deres.

Tom Araya, sangeren i Slayer.

Einar Skavhaug, landets beste snikskytter.

Jon Lord, en ekte eskimo med hagle.

James Bond, Agent 007.

Billy The Kid, en kjapp skytter.

Jack The Ripper, en skummel masse-morder.

Ronald Reagan, en amerikansk varulv i London.

Plane sa: ...ingenting. Og så gikk han opp på rommet sitt.

Klokker tidlig om morgenen banket det på døra: DING DONG!!!

-Kom inn, sa Plane. Ingen kom fordi det var bare en drøm likevel.

Klokkka 1/3 banket det igjen: DING DONG!!! Nå tenkte Plane at han

skulle være lur, så han sa: -Kom inn!

Døra gikk ikke opp og der sto Karsten Karlsen, han skreik:

-DRAW!

-Hva sa du? sa Plane.

-DRAW!

-Sorry, but I don't speak english. sa Plane.

-TREKK!!

Plane røsket opp revolveren, en Luger 45mm, og trykket av. Ingenting

skjedde for Plane hadde glemt å ladde revolveren. Karsten traff

Plane i maven, men det gjorde ikke 'no fordi Plane hadde skuddsik-

ker vest. Plane brukte alltid skuddsikker vest om natta fordi det

var billigere enn pysjamas. Plane ladet revolveren, mens Karsten

skøt og skøt i maven til Plane, fordi han var ordblind. Da Plane hadde ladet revolveren lukket han igjen døra, og Karsten døde. Neste morgen da Plane satt i Saloonen og spiste frokost, kom byens sheriff inn, han sa: -Er du Gorgan Plane?

-Nei det er jeg ei, svarte Plane.

-Bra, du har nemlig feilparkert hesten din.

-Jeg er Gorgan Plane, sa Plane.

-Ennå bedre, for da har du også feilparkert hesten din.

-Åh, sa Plane.

-Får jeg se sertifikatet?

-Dessverre, men jeg prater ikke engelsk, sa Plane.

-Nei vel, may I see your driverlicens?

-Nei, sa Plane.

-Trekk, sa Sheriffen.

-Hva, sa Plane.

-TREKK!!!

Plane røsket opp revolveren, en AG 45, og skøyt Sheriffens hjelper i maven som en advarsel. -Jeg er en U.S. Marsstall, sa Plane.

-Marsstall?

-Ja, sa Plane.

-Marsstall, det heter jo ikke det, det heter Marshall.

-Ja men det står jo Marsstall i mine personlige data.

-Det er sikkert Hallpling'en som har skrivi feil.

-Ja, ja. Han er jo litt pling i hue, sa Plane.

Akkurat da kom Samuel Bjeff inn. Han sa: -Plane, les dette.

På lappen sto det:

TOMBSTONE
TEXAS
18. FREDAG - 1869
GORGAN PLANE
TEXAS
JEG VISER TIL DERES MORD PÅ MIN MEDHJELPER (KARSTEN)
KARLSEN, OG SØKER HERVED OM AT MINE 2 MEDHJELPERE
EINAR SKAVHAUG, OG TOM ARAYA KAN FA MØTE DEG OG
DIN REVOLVER TIL KAMP NA, UTENFOR CAFE'EN.
KJÆRLIG HILSEN:
SAMUEL BJEFF.

Plane gliste stygt og løp ut på gata. Der sto Einar Skavhaug og Tom Araya. De skreik: -KVEKK!!!

Plane røsket opp revolveren, en Bazuka 3.5P, og skøyt vilt. Han traff en siraff, to moped, ei jente og 35 kuer, han traff også Tom Araya, og idet han døde skreik han: -On and on, south of heaven, on and on, southaaaahhh!!!!

Einar Skavhaug overlevde og han ble rullet avgårde til Haukeland sykehus. Samuel Bjeff sto i døra, han så helt målwill ut.

-Greit, sa Plane, men hvorfor har dere ikke med dere hesten deres, Tommy?

-Han er jo hest.

-Ja vist ja, sa Plane.

Og så gikk Plane inn på Cafe'en igjen...

Dagen derpå satt Plane igjen og spiste middag, da Sherriffen kom inn, han sa: -Du er arrestert for styting på åpen gate. Bli med meg, sa han.

Da ble Plane arg og rasket atter en gang opp revolveren, en opel record 2.0 liter og skøt. Sherriffen var kjapp han og, og traff Plane i panna så vettet spruta. Men det gjorde ingenting, fordi Plane hadde skuddsikker pannebrask. Plane brukte alltid skuddsikker pannebrask fordi det var billigere enn pysjamas. Plane traff Sheriffen i magen så vettet sprute, og veggen ble overfylt med rød ketchup. For alle vet jo at det er ketchup man bruker på film, ikke blod...

-Men dette er jo ikke no' film, men ei bok, sa Sheriffen.

-Detta er ikke no' bok, sa Plane, men ei novelle.

-Åh, sa Sheriffen da Plane skøt ham for 2. gang, og veggen ble overfylt med rød ketchup atter en gang. Sheriffens kone, som også var i Saloonen skrek: -Han er jo død!

-Ja, sa Plane overasket, ser du ikke det?

-Jo, sa kona og begynte å sleike opp ketchupen fra veggen. Plane så forbøuset på henne og rasket opp revolveren, en AC 50 Kubbik, og skøt. Kona var mye raskere enn Plane og skøt først, men traff. Men Plane traff henne i panna så snøføyka sto. Da kom Sheriffen inn i Saloonen (men er ikke han død?!) og skøt etter Plane. Plane ble så irritert at han gikk bort til baren og kjøpte 2 kasser cider, og så gikk han opp på rommet og drakk seg full in the middle of the natt ble døra sparket opp og der sto en høy, mørk, svidd mann med ei hagle i handa.

-Hvem er du? sa Plane.

-Bond, James Bond. sa mannen.

Plane reiste seg opp og så på mannen.

-Hvorfor er du så svidd? spurte Plane.

-Hagla gikk av mitt i trynet på meg, sa Bond.

-Har du laddet den igjen?

Mr. Bond døde momentant idet det gikk opp for han vilken tabbe han hadde gjort. Plane så på mannen som lå på golvet mens han ladet om pistolen. Plane sto stille mens han løp rundt i rommet. Han klede på seg og gikk ut i mørket...

Utenfor var det blitt lyst og Plane så at Jon Lord, eskimoen sto utenfor og ventet på ham.

-Det er no jeg må si det, sa Jon Lord.

Plane rødmet opp revolveren og skøt Jon Lord mitt i panna, fordi han ville ha ham levende. Da tømte Plane revolveren, en ekte fullblods hest, i gulvet.

Da hørte han noen bak seg. Det var Jack The Ripper, med hagle. Plane skøt hvor dum han hadde vært, han hadde jo brukt opp alle skudda. Da hørte han en stemme: -Bruk kraften din Luke.

-Jeg har ikke 'no kraft, sa Plane.

-Bruk revolveren din Luke.

-Den er tom, sa Plane.

-Bruk lasersverdet ditt Luke.

-Jeg heter ikke Luke!

-Gjør du ikke?

-Nei, jeg heter Plane, sa Plane.

-Åh, da tror jeg jeg har ringt feil.

-Ja, det tror jeg og, sa Plane.

Så la stemmen på røret og Plane spurte Jack The Ripper:

-Jeg skal bare se hvor lang den er.

-Ha ha! Du lurer ikke meg, du kan jo se hvor lang den er derfra du står nå, sa Jack.

-Vær så snill, sa Plane.

-Hvorfor det, spurte Jack mens han spruta syltetøy på farmor.

-Jeg skal bare skyte deg fordi min revolver er tom, sa Plane.

-Det er greit, sa Jack og ga Plane hagla. Så skøyt Plane Jack i fillebiter. Og idet Jack døde av lungebetenelse mista han et brev. Plane åpnet det. Dessverre for Plane var brevet det ei brev-bombe så han lokket det igjen. På brevet sto det:

MØT MEG OG BILLY THE KID I MORRA UTENFOR CAFE'EN.

HILSEN:

SAMUEL BJEFF.

Plane tok imot utfordringen, samme kveld da Plane sto og pissa hørte han en stemme si: -DRAW!!!

Plane tenkte seg om. Han kunne ikke røske opp revolveren, en GH 14 med 50 hester Suzuki, for da måtte han slippe pisserøret og pisset kom til å renne nedover buksene. Derfor bestemte han seg for å være (tisse)lur... Han virvle rundt 12 ganger og pissa mannen i trynet. Mannen var Ronald Reagan, varulven.

-Men han var jo i London, sa Plane.

-Det gjør ikke noe, sa Ronald.

Når Plane var ferdig med å strø, dro han til Ronald så busten skvatt. Men Ronald var en kraftig kar, og han dukket for slaget. Så Plane traff allikevel fordi han aldri hadde tenkt på det... Så rumpet Plane opp revolveren, en IBM PC, og skøt Ronald i maven så hoggtenna fløy. Og deretter ble han blendet av et sterkt lys... SPLASH!!!!!!

Foran ham sto et fryktelig trollhue, Einar Skavhaug. Han var blitt rullet tilbake fra Haukeland sykehus for å ta en stooooooooooooo hevn. (huff huff, dette kan bli grusomt...)

Han rasket opp revolveren ti minutter for Plane, men Plane skøt likevel først. Men for første gang på ett minutt bommet Plane... Og Einar traff.....ei høne? Høna var Plane's beste venn og han ble så sint at han skøt Einar 43 ganger i maven. Så sa han: -Gjør som meg og skjær hull på maven, så får du plass til mye mer...

-Men er ikke det fryktelig vondt, spurte Trollet.

-Neida, sa Askeladden,

Så skjærte trollet hull på maven, og det døde...

Så tok Askeladden med seg alt gull og sølv og gikk ut av hula til Trollet. Der sto Plane og skøt Askeladden 3 ganger i venstre stortå med ei kule. Så slaktet Plane høna, og gikk og la seg selv. Så kom neste dag...

Neste dag (eller dagen etter om du vil...): Neste dag sto Kane opp (hvem i all verden er Kane?) og like etter at Kane hadde stått opp sto Plane opp. Han gikk ut på gata hvor Samuel Bjeff og Billy ventet på ham... Men Plane hadde glemt revolverbeltet oppe på rommet, og han gikk tilbake for å hente det. Da han kom opp på rommet åpnet han vinduet og skøt Billy The Kid i ryggen, han

døde momentant av alle de grusomme morderelefantene som traket rundt i Tombstone's gater denne Søndag formiddag. Da Plane kom ned igjen og ut på gata sto Samuel og ventet på ham. De stilte seg opp 3 meter fra veranda og de trakk på likt. Plane fisket opp Laksen og revolveren og sköt. Men Samuel Bjeff som var landets (hvilket land?) raskeste skytter hadde alt skytti 4 skudd. Alle 5 skuddene traff Plane i maven og han ramlet sammen. Samuel fyrte av det siste skuddet i panna til Plane så ketchupspruten sto. ...Plane var død. Da ropte kona til Sheriffen:

-Han er jo død!!!

-Ja, sa Samuel forbløffet, ser du ikke det?

-Jo, sa kona.

Så snudde Samuel Bjeff ryggen til Gorgan Plane som lå død på bakken, og gikk tilbake til saloonen...

THE END.

GRIND/NOISE SCENE REPORT FROM SWEDEN... by Tommi Korhonen.

Hello all mamacore fans, here's Tommi Korhonen from Sweden with a short scene report. We don't have many grind bands, but here's some:

MAGGOTS is more a project band. Sick grindcore in the vein of old Xysma. Brutal vocals. The lyrics are about pornography, mmmm juice! Send a blank tape + postage to: Harri Juvonen, Skolspåret 17, 42131 Angered, Sweden.

G-ANX got lots of HC influences in their music, but I'd say it's suddenly they start to play sick ballads. I warmly recommend you the ep. Contact: S. Hakeskog, Polstjärner 2 4tr, 55249 Jonköping, Sweden. The most wellknown grind band is **GENERAL SURGERY**, they got 2 demos brutal riffings! **G.S.** play like: Propreation, Carcass, Xysma. Slithehahahahaaaarhhh. Matti Karhi, Skaftingbachén 12, 16364 Spånga, S. **MONKEY MUSH** plays porno-metal. Senseless but funny lyrics. It's in the vein of Mortem, Stench Of Corpse and Exit 13 I suppose. In sane vocals. Drummachine, but M.M. had a real drummer earlier, but not anymore. Brutal-anal-core-harpoon-penis-sucker, -mamacore mixed with sausage-killer-schlong-prick-masticating noise. Get the demo (1138, 42436 Angered, Sweden) + postage from: Tommi Korhonen, Blanddamsh

AUTOPSY TORMENT is an one-man noise band. The best demo with A.T. is "Splattered", but here he got a session guitarist + drummachine + sick vocals! Recommended for noise fans: Tomas Karlson, Box 32, 31060 Ullared, Sweden.

Many noise bands have split up like the gods Black Satan and Azurgranulae. But also new ones pop up sometimes, watch out for The Sperma Juicers and Procreation (godz). Bye!

There's a couple of little marks on his throat, maybe insects bites?

Istvan Hollossy, 26, bæres bort etter at han har drept seg selv med et skudd i hodet. Bare minutter tidligere har han drept tre mennesker! Selvmordet betyr slutten på en ett år lang jakt etter et menneske som hadde fem drap på sin samvittighet.

DO YOU CALL THAT MUSIC?

Impetigo: type of contagious skin disease that causes crusty yellow sores. Fun eh? A friend of mine thought it was thrashcore, but I'd say it's more like grindcore on LSD. Maybe we're both wrong. Ah! Yes, Ompetigo is Wild Rags' version of McHammer. Sell-out! Anyway, here's an interview with one of the guitarist'szs.... Mark!

-In the review of your album in Metal Hammer (cock-rock-mag), Chris Welch (the reviewer) wrote that Impetigo have probed into a tropic (cannibalism) that has no place in music of any kind. What's your opinion?

"My opinion is that Chris Welch has no place in music of any kind! What a wimp! I have not seen the review myself but I have heard about it and the guy doesn't have a clue about anything!! He blames us for being American and singing about cannibals, but if he would have at least paid a little attention to the lp he would have seen where it said the cannibal concept was based on a film genre and that film genre is from Italy, not America!! But who the fuck is he to say what does and doesn't belong in music, just another whining know it all who wants to dictate what others see and hear. Let the people decide what they want not him! Metal Hammer is a kiss ass joke anyway!!"

-Will you be taking a part in the song writing in the future?
"Yes I have written most of one of the 5 new songs we have, and I suspect I'll write parts of some of the others that will be on the 2nd lp. Stevo will always write the lyrics, but I'd like to start writing more of the music as will Scotty possibly as well. I'm still deciding if I want to try my hand on lyrics, but for now I won't."

-Impetigo has, just like Carcass, become quite "famous" because of your cover. Happy about it?

"Do you mean that our old cover got banned or because of the one we have now? (the old one-ed) We would have generated some controversy with the original covers witch show torture, castration, rape, cannibalism, full frontal nudity and dismemberment, but the labels printers refused to do them! You must be careful about your art, lyrics etc. now coz some religious + uptight people actually file lawsuits against you and court costs are expensive. We are not trying to use the cover as gimmick to get more well known, but we do try to put out a very nicely done package, it's all important to us. We put a lot of time into the music, the lyrics, the artwork, lp lay-out etc. so we are happy people have noticed it and shown interest, but we also hope people find the music cool too!"

-Do you spend more time on the zine than on the band?

"Well actually I don't spend any time on the zine anymore as I have stopped doing it, issue 7 was my last! I just had gotten too busy with the band and it was doing well so I thought it was best to concentrate only on that one for now, so I returned all free demos I had for review, I'm not a rip off!! It was really fun to do the zine and thanx to everyone who bought it and all kind words I've gotten on it! It's no longer available now, so please no more orders for it! Hopefully I will start up again in 3-4 years or when the band ends."

Og ganske riktig, smart ble peil mykere og glattere enn før.

-Do you still sell the demos? What merchandise do you have?
"The demos are no longer available but I do have other stuff. I have the lp and cassette for 10us\$/13us\$ overseas and I have the cd for 15us\$/18us\$ overseas. We also have high quality 2-sided shirts for 12us\$/15us\$ overseas. They are 3 colour front, 2 colour back on white shirts in large + XL only. The art-work involves cannibals and is pretty gory. We also have stickers witch are 2 for 1us\$ everywhere. I'm very fast and reliable so don't worry about a rip-off!"

-Wild Rags nice? Will the next album also be out on WRR?
"Yes we are pleased with Wild Rags so far, everything has turned out well and we are getting a good response. They have beeb cool! Yes, we will do the 2nd lp on Wild Rags as well, we hope to record it August so it can be out by October. It'll most likely be done in a 24 track studio so look out for it, it'll be just as sick and heavy. We are not sure on the title yet."

-Would you agree if someone called you metally sick?
"Hell no! I'm pretty much a regular guy, I just love to watch gore/horror films and read about murderers and cannibals and all! It's just what I like, but I'm not into real violence, death, war, etc. People just need to learn not to take things so personal. Someone can have morbid interests and still be normal! But if that's how they want to label me then they deserve to think that!"

-In the future, will you still try to release ultra-sick cver art, or will things cool down from now on?
"We'll keep it acceptable, witch means no nudity, but the covers will always be strange and mostly gory. They won't be boring by any standards but there is no sense in putting alot of time and effort into something that won't be released like we did last time. Stevo had to draw 3 different covers, it took alot of time and work and really delayed the lp release!"

-How low will/do you tune down your instruments?
"Well I think they are tuned down two steps so the low E is actually a C but I'm not sure cause I'm not a musical wizard! We will try to go as low as possible without the strings flapping loose. It just gives you a so much heavier, sicker, doomier sound, it really set a dark mood."

-The intros to the songs. From witch films were they taken? Or were they recorded during your birthdayparty as a 10 year old?
"Actually it was my church baptism when I was 5! They are taken from such movies as "The gates of hell", "Zombie", "Ilsa Harem keeper of the oil sheiks", "Wizard of gore" and the really long painful one is a combination of scenes from three films, they are "Mark of the devil 1", "Mark of the devil 2" and "Ilsa Harem keeper of the oil sheiks". Stevo put that cute little one together himself, some people seem to feel uncomfortable about it, it really does give a nice uncomfortable sense of pain and suffering! It's amazing what sound can do!"

-Cannibal-core? Your fave films!
"Cannibal core is a pretty good description of us but we actually only have a couple of songs about cannibals. A good description of us is grind deth noise sleaze horror gore sick disgusting putrid stench hell core!! Oh, my fave films, here's a partial list: Cannibal -1 Holocaust, Make them die slowly, Zombie, I spit on your grave, Demons, Gates of hell, Redneck zombies, Burial ground, Henry: portrait of a serial killer, Dr Butcher MD, Gore gore girls, Wizard of gore, Bad taste, all films by Dario Argento, all the "Ilsa" films, Devil fetus, Nekromantic, Violent shit, Guinea pig 1+2, Night of the bloody apes, and tons more! I love them!"

AGATHOCLES-INTERVJU
-By Bård

AGATHOCLES

I'm sure all of you know this band from Belgium so I will not write a long intro. Long intro's on interview's is the most boring thing I know-Besides long outro's after interview. Sometimes the intro's are longer than the interview, but before I start writing a book about long intro's, I think we better start with the interview I made with Jan.

-Well, I'm totally uninformed when it comes to everything you have released, so please tell me how many demos, 7"ep's etc. you have released?

-Jan: Up till now we have done: Demo 1 "Cabbalic Gnosticism (jan 1988), Ep 1 with Riek Boois (Aug 1988), Ep 2 with Disgorge (Aug 1989), Ep 3 with V.N.A. (Feb 1990), Lp with Drudge (May 1990) & which contains live recordings. It is put out in Holland on Wimp tapes. Soon, there will be 2 more ep's, and also a full lp with the new line-up.

-Almost everyone that have a 'zine use to ask the person they interview if they know something about the country the editor is from. Well, I'm not the editor of this 'zine, so I can't use that question, so let me ask: Do you know something about the North Pole (good bands, 'zines)?

-Jan: I don't know alot about the North Pole, but I guess, if you live there, you would be more busy with yourself and you would be less sentimental as there is not much of a social life down there.

-As the funny man I am, I have to ask you if you have met Bob Ka-

-Jan: No, I have never met him, but if he can buy me a beer, I'd love to meet him.

-Do you see panegyric as a form for sport?

-Jan: Never heard of it. I don't think it is a sportsform, is it? (No, Panegyric means something like praise, but the word is so funny so I just have to use it/Bård)

-Tell me about your new album?

-Jan: Our first album is a split lp with the UK Grind band Drudge. It is put out on Deaf rec. and it contains about 30 songs of both bands. Our side was recorded with the old line-up. Anyway, it's still available for 11 dollar at my adress.

-I almost forgot this: Tell me what is today's line-up?

-Jan: Jan-voice & bass, Burt-drums & Domingo-voice & guitar.

-As the boring man I am, I have to ask you if you have played many gigs?

-Jan: All together, we've done about 50 gigs, but only two with the new line-up. But next week we'll start touring with S.O.B. in Holland and Belgium.

-Do you think the patient of Dusseldorf home-clinic actually was sick when he came home, and showed the emblem to the pale man in the door?

-Jan: Maybe, but I guess the sun was raining, and the moon was snowing when Santa Claus was caught stealing a joint from God in the back yard of Satan's property.

-As the ultra-original man I am, I have to ask you about your future plans?

-Jan: Doing that tour with S.O.B., and making new songs for our full lp. We also hope to continue to be happy & we hope to not fall in another depressive mood.

-Have you ever heard a band from Peru called Kraken (no joke)?
-Jan: No, sorry, I have never heard them, but Peruvian bands I like are: Mortem (not the Norwegian one), Cannibalistic, Attaque Frontal...

-Is there a 'zine in Belgium called Blown to oblivion? I wrote to that guy once a time, but did never get an answer, but he couldn't rip me off, because I didn't enclose any money, but I plan to tell it to the damage-comissioner, and then it really get's dangerous.

-Jan: Yes, B.T.O. 'zine is done by Nicolas Blanquet. I met him last year, and we had fun. Anyway, he still owes me a letter, but I think he is very busy with university as he still studying.

-Do you like the great Kat (to be honest, I like her last album alot)?

-Jan: I agree that she actually can play guitar, but her attitude is so naive, childish. immature, ridiculous...I really wanna talk to her once, does she really think she is God on earth? I agree, she looks very pretty, but is appearanve all what counts? Hell no! Inside she is so big headed, her soul is too young to talk about these things, anyway, I don't think she is great at all. (hey, I didn't say she looked pretty, I just said that I liked her last album/Bård)

-Is this the most serious interview you've ever done?

-Jan: I got some more intes like this which were more offending, anyway, I like fun inties, but they don't mean anything.

-Well, enough stupidity for this time. If you have a closing comment which is more stupid than all my questions altogether, you are the lucky winner of my Noise band's first demo with 185432 songs on it. (Stupid joke).

-Jan: I just wanna say thanks for giving us space in your 'zine. Good luck! If anyone want's to write, please enclose an IRC. Thanks! T-shirts are 10 dollar and our split lp with Drudge is 11 dollar. Remember: Respect, love, trust & peace, think & mince.

Yes, that's it. Thanks to Jan for answering my questions. They need your support, so write to: Jan, Asberg 8, 2400 Mol, Belgium.

In case you didn't notice, this interview was done by Bård of Orcustus zine.

CORPSES...A WASTE?

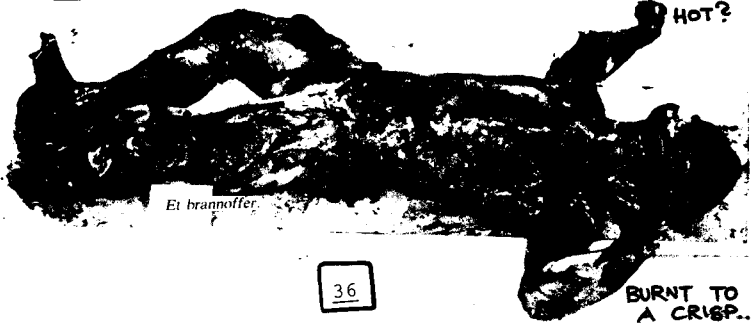

Throughout history, mankind have always buried or cremated the dead. Burnt to a crisp, or left to rot... I think it's time for a change! A corpse is not just some genetic garbage to throw away. In the future, we must learn to utilize the dead. When a corpse is fresh, it can be used for sex. And if the stench and process of decomposing does not bother you, then you can go on fucking it for months. Necrophile people should not be looked up in mental hospitals! A sex/love relationship with a corpse bring no problems. No divorces, no unwanted children and the chances for your dead boy/girl - friend having another lover than you is very small.

Another good cause for a corpse is food. Some of us eat dead animals, why shouldn't we eat dead humans? The difference between a dead animal and a dead person is not very big, you know. Cannibalism should be legalized! A big minus with this, is diseases. They might bring a certain danger. I'm thinking about Aids etc. etc. Also, another problem with cannibalism would be racism. Some fascist/nazi fuckheads would probably refuse to eat people with different colors than white (witch is stupid, coz there's no difference between the meat on a black or a white person.) Anyway, worldwide hunger would be history. We would have no problems feeding everybody in the world.

And for those who's into gore/horror films, corpses can provide loads of fun. Instead of watching some grim cannibal or zombie having all the fun, you can do the dismemberments you've always have dreamt about. Slicing, cutting and dismembering as much as you want!

A corpse is also exelent for practical jokes, gifts, in wars (using corpses instead bombs. Being hit by a dead grandma wouldn't be nice) + more.

So now I want your suggestions for the use of a corpse. I want to hear your ideas, opinions etc. Send me letters, and I'll try to answer/comment them in a way. But, please, the letters must be written in english. And, all suggestions will be printed. No matter how sick, twisted the ideas are.

BURNT TO A CRISP...

WHAT'S IN A LIFE?

In a lifetime, the average British meat-eater eats, 500 pigs, 36 sheep, 8 cattle and 10 poultry. . . .

SLAUGHTER IN BRITAIN

IN 1989 WE SLAUGHTERED FOR FOOD:

- 505 million chickens
- 33.5 million turkeys
- 10 million ducks
- 3.4 million cattle
- 14.5 million pigs
- 19.5 million sheep
- and several million more rabbits and geese.

Millions of other animals died before they reached the abattoir.

From a health point of view there is almost everything to be said for vegetarianism. If you don't eat meat, and at the same time take the trouble to eat a wide range of cereals and vegetable products, you are likely to become healthier than meat eaters.

CAROLINE WALKER AND GEOFFREY CANNON
THE FOOD SCANDAL

I have from an early age abjured the use of meat, and the time will come when men such as I will look upon the murder of animals as they now look upon the murder of men'

(DONARDO DA VINCI)

Say NO to cruelty — with the Animal Aid Youth Group.

- Nearly 40 million battery hens kept in cages so small that they can't spread their wings. Nearly 10 million pigs kept in concrete stalls unable to turn around. Many millions more turkeys, chickens and rabbits are also kept in factory farms throughout their lives.
- 550 million animals killed for food every year in slaughterhouses where — in the Government Committee's own words — 'animal welfare has a low priority'.
- Animals blinded, scalded, electrocuted, paralysed, driven mad, turned into drug addicts and given diseases in animal experiments.
- Cosmetics, detergents and other household products dripped into rabbits eyes. Animals are also poisoned to death to test yet more unnecessary lipsticks, shampoos or oven cleaners.
- Rabbits, rats and frogs bred simply to be killed and cut up in biology lessons. If you don't want to take part in dissection lessons, you have the right to refuse.
- Animals kept for life in empty, boring and cramped cages, just so we can stare at them in zoos and circuses.

The Greenhouse Effect

Ruminant animals - cattle and sheep - contribute significantly to greenhouse gases through flatulence! There are almost 1.5 billion cows belching away, contributing 60 million metric tonnes of methane into the earth's atmosphere. Methane is second only to carbon dioxide in its impact on global warming. Although there are lower concentrations in the earth's atmosphere, each ton is equivalent to about 75 tons of carbon dioxide. Every year the amount of methane in the atmosphere increases by 1%. The increase in cattle population - worldwide it has doubled in the last 40 years - is an important factor. Cattle account for between 12% and 15% of all methane emissions.

THE KILLING FIELDS

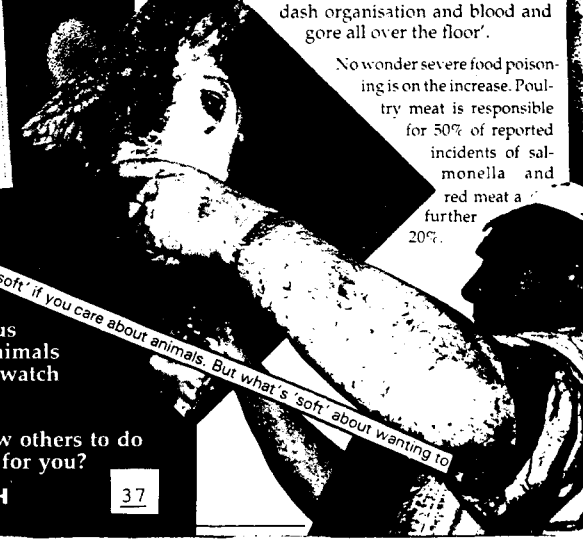

Every year in the U.K. we slaughter more than 500 million chicken, 15.5 million pigs, 29.5 million turkey, 4 million cattle, 15.5 million sheep and 2.5 million rabbits for food. Contrary to popular opinion they are not 'humanely killed'.

A Report by the governments own Advisory Council (FAWC) criticised 'woeful ignorance' amongst abattoir staff, 'random application of electrodes to the anus or genital area' when moving animals and defective equipment which - in the words of another Meat Industry representative - turns the death of many animals into a 'noisy and doubtless painful nightmare'.

BLOOD, GORE AND MORE

Animal bloodshed is also a human health hazard. An E.E.C. report on British slaughterhouses (1986) found 'a frightening picture of poor hygiene, slapdash organisation and blood and gore all over the floor'.

No wonder severe food poisoning is on the increase. Poultry meat is responsible for 50% of reported incidents of salmonella and red meat a further 20%.

Some people think you're 'soft' if you care about animals. But what's 'soft' about wanting to stop this!

How many of us could slit an animals throat or even watch it being done? Not you? Then why allow others to do the dirty work for you?

The whole zine is based upon the Re-Animator film(s). OK,not
the whole zine,there are film reviews,novels + other well-written
sick stuff. A must for every Re-Animator fan...

Some more reviews...

SONIC VIOLENCE "Jagd" LP WOW! Another killer from Peaceville. Sonic Violence is really brutal, crushing and heavy. The music is kinda like hard industrial crush core. People into heavy shit should check out this album, coz it's one of my faves. Latest news is that Sonic Violence have added a fifth member in the shape of a longhairy thrashing the keyboards. And the new stuff is said to be even heavier! I'll try to get an interview with these skinheads for my next issue.

EXMORTES "Hear the saw...coming near" 2nd EP Hmmmmmm... Exmortes is a one-man black metal band, and the guy behind it all is a guy called Jan List. 4 songs on it, the guitar is just some lame noise, I can't hear any riffs, the drums are OK, the vocals are like low-growling. The sound is exelent. I don't like this very much, but you might. I think it's Sus\$ cash to: Jan List, P.C. Hooftstraat 10, 7471 XM Goor (O), Holland.

EXMORTES "Lord of temptation" 3d EP Jan did some changes on this one, the guitar is now kinda "riffy" (?), the vocals are very cool, the drums OK and the sound even better than the 2nd ep. He even uses some synths on this. Buy this one and try playing it on 33rpm instead of 45rpm. Sus\$... (I think)

CADAVER, CORPSE AND BOWELS is a noise/grind zine written in german. Never mind the unoriginal name, this is a great zine. With bands like: Disharmonic Orchestra, UGB, Disgrace, Herbert Mullin, Pathologie, Necrophiliacs + more. All thrashed into a kind of punk lay-out that I love. They even fill up all emty space with pathological pictures the Carcass way. I don't know the price, but write to: Adnre Alsleben, Altenburger -str. 14, o-7030 Leipzig, (E) Germany.

DAMOCLES is out with issue 2. Made by Thomas of Nephrite and Jan of Exmortes. 52 cool pages with bands like: Edge of Sanity, Tarnfarbem, Total Loss, Buttocks, Xysma, Asphyx, TraumaticAbruptum and more. Punk, HC, grind and death, openminded and that's soooooo cool that it made my eyes bleed. 4us\$ to: Thomas Valstadsve, 7510 Skatval, Norway.

PUNK 1 (CD compilation) A compilation with punk bands from the 70s. Sex Pistols, Buzzcocks, Sham 69, New York Dolls, The Boys, Discharge and some more. Pretty boring in my opinion. And with a stupid nazi punk on the front...ARRGHHHHHHH!!! Is that punk? Hail Hitler? Fascism? I don't think this disc is released by someone really intp(ups!) punk, just some record label trying to make as much money as possible. But Discharge is great!

EXTREME SMOKE 57/THE SEXORCIST split-EP Both bands are fast grindcore. Extreme Smoke 57 got a weak sound, and they don't have a bass player. 5 songs from these Slovenian guys. I guess it would have been better with some bass... The Sexorcist have a better sound than EX 57. Still, it's pretty much like the same kind of grindcore. Fast, ripping and with growling vocals. 12 songs of Hollandic noise + a fine intro. About the covers, EX 57 have a pathological picture (=great), but the Sexorcist cover art is the worst I've ever seen! It sucks! Any 10 year-old could have done this just as good (to say the least!) given the chance. Anyway, this ep is 6us\$ at: Sicktone records, P.O. Box 2, 7050 AA Varsseveld, Holland.

AUTOPSY "Mental funeral" LP Peaceville does it again! A killer release! This is the second Autopsy album, and if you think "Severed survival" was great, check out this one! "Mental funeral" is probably one of the best death metal albums ever to be released! Chris' vocals have changed a bit. Sicker than ever! They sound really rotten. I haven't read the lyrics jet, but I'm sure that these lads haven't wimped out. Get this at any costs! I even like the solos...
