ADS. TO THE EDITORIAL:

I forgot to tell you why i didn't criticize Evil/Satanic lyrics in this issue. I did this cos all these bands out there who are still doing evil lyrics(satanic) give a shit if i criticize their lyrics. Either the band change their lyrics from itself or they continue on to do shit lyrics. I mean it nerves to criticize these lyrics in every review, and if i would criticize every satanic band most probably i would waste 2-10 lines in most of the reviews. So hear I'm NO satanist and I don't like these lyrics, OKAY ??? - 'NICK

CRITICAL MADNESS

The new godz! DEATH split-bands were always godly (just remember MASSACRE and REPULSION), and now there's another one, AUTOPSY. As great as the others. MASSACRE and REPULSION (especially REPULSION) changed their style, but AUTOPSY are just thrashing in the vein of the almighty DEATH. Chris sent me both demos, the debut from December 87 and the 88 Demo "Critical Madness". The old demo contains four songs which sound lots like the stuff from DEATH's "Scream bloody gore", great, pervert Death Metal. "Critical Madness" the 2nd demo shows that AUTOPSY progressed in playing as much as DEATH. But what makes the demo a little bit better than the "Leprosy" lp from DEATH, is the godly and heavy drum-play from Chris. John from REVENANT wrote me that AUTOPSY will release a lp on a UK label, but I don't know anything about it, future will show! *REVIEWER WILL BEASE NICK!*

INTERVIEW WITH TROY
DIXLER (VOCALS) :

WOW! A real god band! How happy I am that Troy answered me in time, although it took longer than I thought! A band which contains of ex-members of MASTER, DEVASTATION and TERMINAL DEATH! If you think SINDROME continue to play simple but genius Death Metal in the vein of MASTER, you are so what of wrong, you can't believe. They are still playin' Death/Thrash Metal but with so fuckin' great riffs, millions of breaks, grind/techno parts and really cool vocals! SINDROME really fucking rules! I heard that there are some guys who say that they're dissapointed of SINDROME, and I don't know why. Okay, MASTER was godly, I'm a fan of their stuff too, but SINDROME is such a lot more interessting! Okay, now back to the demo, which is by the way entitled "Into the halls of extermination". It contains 5 trax, and every one of them is really godly, and my fave song is "Rapture in blood", but that just my own taste, and all the other sonx are as great! Something what has to be said too, is that the demo is propably the one with the best cover in history of demo tapes! Full colored and with really nice layout inside! This demo even looks better than the cassette versions of lps! I think everybody should get the demo, and the T-shirt from Troy! (Price at the end of the interview!).
SUPPORT SINDROME ! ! ! .

NICK

what's up with sindrome nowadays ?

THINGS ON THIS END HAVE BEEN GOING REAL WELL. ABOUT THREE MONTHS AGO , WE REPLACED CHRIS ON THE LEAD GUITAR WITH MICK VEGA ! RATHER THAN GOING INTO A PARAGRAPH RIGHT OFF ABOUT MICK, WE ARE VERY CONVINCED WITH ALL OF HIS ABILITIES, AND HE WILL BE WRITING A LOT OF THE MATERIAL ON THE TAPE WE ARE PLANNING ON RELEASING .

how has "into the halls of extermination" been selling ?

THE TAPE HAS BEEN SELLING GREAT ! FROM THE ORIGINAL PRESSING OF 2000 TAPES , WERE DOWN TO THE LAST FEW HUNDRED LEFT.

how did you come about with putting together such a professional demo (full color cover, lyrics etc ...) ?

WE SHOULDN'T SAY THAT IT CAME ABOUT, BECAUSE IT TOOK ALMOST A YEAR TO PUT TOGETHER. FROM THE FIRST DAY WE HAD THE IDEA OF PUTTING TOGETHER A PROFESSIONAL TAPE (COVER, LYRICS etc. ...) AND MAKING THAT A REALITY TOOK MORE US FINANCIALLY THAN WE HAD ORIGINALLY EXPECTED. EVERY WEEKEND WE WOULD WORK A LITTLE MORE ON THE OVERALL PRODUCTION OF THE TAPE TILL IT WAS FINALLY COMPLETED. IN THE END WE WERE FACED WITH A DEMO TAPE THAT LOOKED BETTER THAN MOST STORE BOUGHT CASSETTES .

MADIFFI*

what about a new demo or lp contract?

RIGHT NOW, WE ARE REALLY BUSY WORKING MICK VEGA INTO THE BAND. WE'VE BEEN CONSTANTLY WRITING NEW MATERIAL, AND PROBABLY AROUND JUNE WE SHOULD BE RELEASING THE NEWEST MATERIAL. AS OF RIGHT NOW, WE WILL MOST LIKELY RECORDING ~~OUR~~ SONGS PRIMARILY FOR LABELS, AND OF COURSE TO LET THE UNDERGROUND HEAR HOW RAE LATEST MATERIAL SOUNDS.

sindrome consists of ex-members of such legendary bands like master, devastation and terminal death? what's up with these bands?

NONE OF OUR PREVIOUS BANDS ARE STILL AROUND. FOR THE MOST PART WHEN SINDROME ESTABLISHED ITS LINE-UP, OUR FORMER BANDS DIDN'T SEEM TO CONTINUE FOR ONE REASON OR ANOTHER.

if people would open their minds & unite to form a whole, peace would be at hand & we'd share a common goal".....

anything to say to the readers of v.o.d. mag?

THANKS TO VANGUENESS OF DASTARDITY MAGAZINE FOR TAKING THE TIME TO PUT TOGETHER THIS INTERVIEW. ANY ZINES, RADIO STATIONS, OR TAPE TRADERS INTERESTED IN SINDROME EITHER FOR MERCHANDISE OR INFORMATION SHOULD WRITE TO OUR CONTACT ADDRESS BELOW!

thank to troy -NICK .

what do your lyrics deal with? what influences you when you write them?

OUR LYRICS DON'T DEAL WITH ONE PARTICULAR TOPIC. WE DON'T TRY TO GET STUCK HAVING TO WRITE ABOUT ONE SUBJECT OR ANOTHER. AS SOON AS YOU PUT LIMITS ON YOUR LYRICS/MUSIC, THE SOONER YOU WILL GET LABELED WITH A CERTAIN TYPE OF SOUND. SOME OF OUR TITLES DEAL WITH FANTASY AND OTHERS WITH A REALITY SIDE. IT JUST DEPENDS ON THE IDEA THAT WE ARE BUILDING ON.

INTO THE PAILS OF EXTERMINATION !

The kings of splatter and noise from Belgium!!
I made this interview in October 88, before they made

AGATHOCLES GRINDCORE THRASH

their Split-EP with Riek Boois. I think, that AGATHOCLES is the best Noise-Band from Belgium. They play a very brutal and fast style of noisecore, influences are: Napalm Death (!), Repulsion, Carcass Slayer (?), Hellhammer, and many more. Now the interview with Jan (a great guy!):

HOW WOULD YOU CALL THE MUSIC STYLE OF AGATHOCLES?

Well, it's grinding thrashnoise filth & death; I think you can call it whatever you want. Bernd, how would you call it?

ARE YOU SATISFIED WITH THE SELLING OF YOUR DEMO?

Yes, we are very happy with it 'cause the demo is not very good, I think. We are very happy with it. Thanx for all the guys who have send me their money! THANX. If you don't have money to buy it, get it by tape trading & send me 1 IRC, and I'll send you the cover and lyrics.

FUTURE PLANS (DEMO, VINYL,...)

By the time you read this, our split EP with "Riek Boois" will be out. We'll also do a new EP in the future & also on a comp. LP of UROAR-Records from Sweden.

THE BEST GIG OF AGATHOCLES?

Let me think. Well, I never liked any of our gigs so far.....it's always been too nice & slow for me (slow? - Bernd), but on 20/2/88 it was good, I think. About 20 people on stage, diving, slamming etc. Yes, that was great!!

Do the members of Napalm Death know your cover-version of the cult song "DECEIVER" and do they like it? (I like it. It's a very fast and powerful version!)

Hey, Bernd, I'm glad you think our version is powerful!! Thanx my friend. Yes, Mick knows it & he likes it. in the early times we loved to play "Deceiver" but now it gets a bit boring, but if the crowd wants that we play it, we will do it.

Tell us something about your new songs & lyrics
About now, we have 20 songs. The old lyrics were mostly about religion but the new ones deal mostly with "How disgusting meat eating" is. We try to combinate gore & reality to get good and meanful lyrics. Read them & judge for yourself.

Do you like melodic HC/Punk, too?

Yes, of course. I like bands like: Honor role, Violent Children, Armia (brilliant Polish HC), Minor Threat, High circle, Chain Reaction, Niet,.....+ more like that. I really love "Straight Edge" bands, although I'm not straight anymore!

BRUTALIZING
GRINDNOISE

ULTRA
GRI Which Belgian bands can you recommend?

Here in Belgium are lots of bands. But most of them think, they are more than us and I don't like that attitude. Best Belgian bands are Ronald Ruck (which are superb & the friendliest band (after Agathocles? - Bernd)), Dreft (my dear friends), Extrem, Occultation, MAD, Tyfoon,.... + some more. Dont forget DISGORGE, who are also very friendly!! THANX: Guys!!

Would you use other kinds of instruments for making new songs?
 No way, we'll never do that. Not that I don't like other instruments,
 but I don't think it would sound good.
 ARMIA (Pol) use a violin in their songs & that's GREAT!!
 So check out the ARMIA-LP!

OUT NOW! **RiekBoois**

Do you like to read zines?
 Yess!!! They rule. It really makes me happy that there are still
 people who do zines. But it's a pity that lots of them don't
 write back, if you send them your demo etc.
 But Bernd, 100000 x thanks for doing this interview with me,
 my friend, & for giving us spare. THANK, Bernd.
 Good luck with VOICE OF DOOM. If people want to write us, please
 enclose an IRC. THANK. I'll always write back but please, an IRC

ronald ruck

Ronald Ruck is a very
 "noisy" band from Belgium.
 Anneke on vocals, Dirk
 plays the guitars and
 Flap (hi!!) bass &
 drums (?). 11 short &
 fast songs are on the
 demo tape, it's called:
 "Ruck off & DIE".

The sound quality is not
 very good and the total
 rec. time are only a few
 minutes. But who cares?

I think, that their sound
 influences are: Electro
 Hippies, Tumor (BRD),
 and so on. There are some
 good ideas in their lyrics.

-AY
OF THE

AAARRRGGGHHHH! First FUNERAL BITCH, then SINDROME and now ABOMINATION, the third band which arised out of the sacred ashes of the legend in Death Metal, MASTER!!!! And ABOMINATION are a killer band, just like the other mentioned bands. Although ABOMINATION play another way than MASTER (just as it was done from SINDROME too) they're are so fucking godlike! They're more technical but a little bit different from the great SINDROME sound, the only thing left to say is that ABOMINATION is as great as SIDNROME, MASTER and FUNE FUNERAL BITCH, and I can really not understand people (FUNERAL BITCH/MASTER freaks), who say ABOMINATON and SINDROME are dissapointments, they're fuckin' great bands! But now I gotta speak over the demotape the guys around Paul Speckman (ex-MASTER -shouter), Aaron Nickeas and Dean Choiles, put out, right? So here I go! The first song "Over the edge", is a really great opener, the demo cont. with "Reformation" and "Impedning doom", two songs which are as great as the first song and there begins to happen something in my brain, "Curse of the deadly sin" is hammered in my ears, and I feel it tortures my brain cells, the

nightmare continues with "Tunnel of damnation", I'm near madness, and it is my good luck that "Follower" is the last attack of devastatin' death metal on this great demotape! This demo, with these 6 songs of total pervert death metal with millions of ideas, breaks, tempochanges etc., is a fuckin' MUST for everybody who reads this! The demo is \$5/\$6 (overseas), and there's a T-shirt available for \$10/\$12 (overseas), and believe me, THIS STUFF IS WORTH IT'S PRICE!!!! ABOMINATION KIIILZ!!!!!! Oh, to speak over the lyrics, they seem to be occult ones (just see the titles of the songs), and the demo has a cover in the occult vein too. To speak over the cover, this demo has a really cool and nice cover & layout!!!!!!

Yeah! A real cool band from San Diego! The 2nd demo from INFAMOUS SYMPHONY was sent to me by RICHARD of WILD RAGS and I thank him for it, cos this demo totally rules! Cool, fast and interesting US Speedcore with a Metal influence, which makes the whole shit more interesting. Although this demo is totally sold out you can get some stuff from I.S. anyway, cos they have a lp called "Manipulation" out on WILD RAGS! I'm sure it is as great as this demo! DEFENCE CONDITIONS JUST FOR FUN!

DEF-CON hails from Harburg, and has already released a demo entitled "Just for fun". the production of the tape is quite respectable. Hardcore with punk and thrash (metal) influences, would be something good to describe DEFCON. Soon they will release a split-ep with COX ORANGE. There will be newer tracks from DEF-CON (I'm too lazy to write the whole name all the time, the real name is DEFENCE CONDITIONS) on the ep. The new stuff is more metal influenced and this makes the whole music better. The demo is available for DM 5,- from Manfred "Manne" Luff Eichenstr. 23 8856 Harburg/W.Germany With the demo you get stickers and an info sheet of the band.

Bernd

A band which has already quite a lot of stuff is Cat-o-Nine Tails. The first release was their demo "Allegro non troppo" and after it the LP "No place for living legends" was released. The latest release from Cat-o-Nine Tails is their split-ep with Human Error. It's better than the old stuffs sound wise and musically. The new stuff is still melodic german Hardcore but with more power than the old stuff. The stuff is available from:

EVICTION

This most promising band from Pittsburgh plays HC with Metal influence which always reminds me of the old CAPITOL PUN- EMENT.8 sonx which are really interesting should be worth the price (\$ 4) of the tape. The cover is cool too, and the lyrics are good too, so get up and get this it's worth the money! Most probably there'll be an interview with EVICTION in No.2!!

EXTREME DEATHCORE CHAOS

A band which has probably not the best name at everyone of you is BLOOD. The first three demos of this band were real shit, and so it's no wonder that lots of people still think BLOOD is a shit band. But that's not true! BLOOD progressed alot in the last year. The 4th demo "Heinous Noise" was the first demo to show musical progress. On the 5th demo entitled "Spasmo paralytic dreams" they were even able to play their instruments, and produce a bloody noisecore massacre in the vein of the old NAPALM DEATH stuff. And now till the latest tape "No regret" they progressed even more. Now they mix ultra-fast noisecore parts with slow and grindy parts in the vein of the great GERMAN band in the grindcore/noisecore style. SUPPORT THEM! Tape traders should write to Bernd too, he is a serious guy and has a list of over 20 pages!!!!!! The 4th and 5th demo are available for \$4 (DM 6), and the 6th tape isn't available, as it is just a tribute tape.

INTERVIEW W/ BERND:

what's up with blood?
OH, WE ARE PLANNING A RECORDING FOR A RECORD OR A NEW DEMO-TAPE IN THE BEGINNING OF 1989 WOTH THE NEW AND FINAL LINE-UP. AND WE ARE GOING TO MAKE MORE LIVE-GIGS.

what were the reasons for the new line-up changes before the sixth tape, and is blood serious now?
i mean the first demos were just fun,

or?
WE ONLY CHANGED THE SINGER. THE FIRST WE HAD, WAS GEIER-HE WAS THROWN BECAUSE HE WASN'T INTERESSTED IN THIS KIND OF MUSIC. THE SECOND WAS "BESTIAL BERND"- HE HAD NOT ENOUGH TIME FREE FOR THE BAND BECAUSE HE SPENDS ALL HIS TIME FOR THE JOB, BUT HE WAS OK-THE THIRD SINGER (FOR THE "NO REGRET" TAPE) WAS

CHUCK FROM DEATHCORE, BUT HE DIDN'T TAKE THIS SERIOUS, ONLY AS A PROJECT AND HE CHANGED TO AN ASSHOLE. THE NEW SINGER IS CHICKEN AND I THINK WE DON'T NEED ANOTHER ONE LATER. - YES, BLOOD WAS ONLY FUN AT THE BEGINNING, BUT ALL GREW UP AND SO BLOOD IS SERIOUS SINCE THE 3RD "DEMO".

who are you influenced by/musically?
WE ARE INFLUENCED BY ALL BANDS WE LIKE AND HEAR. DAMNATION-CAN, CARCASS, SORE THROAT, AGATHOCLES AND MANY LIKE THIS.

did you send out any of the new tapes to labels in order to get a lp contract? are there any reactions yet?
NO, -WE DIDN'T SENT SOME TAPES OUT TO ANY RECORD COMPANIES, BUT I HOPE WE GET A CHANCE AT THE WILD RAGES-RECORD-USA, BUT THAT'S NOT SURE YET!

am i right, when i say your lyrics, especially the ones which were written from you are about gorestuff? are you influenced by gore flix when write them?
THIS WAS THE PAST, BUT SINCE THE 5TH DEMO WE ONLY WRITE BETTER LYRICS ABOUT RELIGION, SOCIAL PROBLEMS, POLITICS AND ALL PROBLEMS WE THINK ABOUT. anything to add.?

OH, YES-THANXX TO ALL WHO BOUGHT OUR TAPES, CAME TO OUR GIGS-ALL MAGS WHO WERE INTERESSTED IN US AND ALL OUR FRIENDS OVER THE WORLD. OUR NEXT RECORDING IS FOR YOU!

thaxn to bernd.

SOUTH AMERICA DEATH METAL HOLOCAUST PART I

+++The demos and records reviewed here weren't sent to us by the bands, I got them by tape trading, and I only speak about them cos S. America has such a lot of great bands which need our support. But V.O.D. needs the support of the S. America bands too, so ANY SOUTH AMERICA DEATH METAL BANDS, SEND YOUR STUFF TO US, WE'RE LOVERS OF SOUTH AMERICA DEATH METAL, AND WE'LL BE FAIR AND SENT FREE COPIES, TO YOU TOO!!!! THANK IN ADVANCE! So here are a real few reviews on some stuffs:

First band to be reviewed is the Brasil Death Metal band GENOCIDIO. GENOCIDIO already put out an EP on their own label ULTRA VIOLENCE, but now we gotta speak about their music. GENOCIDIO play total sick, pervert and fast Death Metal which reminds a lot of the great SARCOFAGO! Yes, this vinyl contains 5 tracks of hyperfast death metal which will destroy you! My fave track is "Pack of blood" a real killer! Sorry, I don't know the price of the ep, but I know there's a Livetape w/ a fantastic cover and a sticker for \$ 7 available. They have Shirts too, they are \$ 10. So support GENOCIDIO!

CORPSE is a band from Brasil too, but they play more SLAYERish stuff, but anyway with lots of power. The debut demo from CORPSE contains 3 of their own songs plus a cover of SLAYER's Metal storm. Although the production of this tape lacks, it's good. So here's the contact address:

KRANIUM is a band from Peru, and the really fuckin' long reh. tape from 6/88 contains a lot of tracks of typical S. Now to a total God band! BLASFEMIA is one of the sickest, most pervert and lethal bands from South America, and definitely the best band from Colombia I heard yet. They already put out an EP which is a symphony of total evil and sick Death Metal with distorted guitars and vocals, yeah these vocals are such kind of genial and evil, unbelievable! BLASFEMIA is a real unknown band in Europe and U.S.A., cos none of all tape traders I know had heard of BLASFEMIA before, and really nobody had the ep, to tell you the true, I got it only on tape, but Eliseo is gonna send it soon perhaps it'll arrive just tomorrow. Okay, please contact Eliseo and ask him for the address of this genial band!

REENCARNATION is a band from Colombia too, but their Ep isn't so good as the great BLASFEMIA one, but anyway they play Death Metal which might be liked by a lot of our readers, REENCARNATION got a lp+ep out so ask Eliseo for their address too!

Two bands I don't like at all are PENITENCIA ((Peru) and SACRILEGIO (Colombia), but perhaps their future stuff will be better than the rehearsal Eliséo taped me!

Some news from more famous South America bands:

- the new lp from MUTILATOR is out! I was told that it ~~is~~ sucks!
- the new lp from the infamous godz, SARCOFAGO entitled "Nazareneus-Torment-Continue" will be out soon! If we believe in what the members of SARCOFAGO say, it is even better than the debut "INRI".
- PENTAGRAM the masters of Chile have broken up, snuff!

IMMER ÄRGER MIT DEM ZENSOR...

PSYCHIC POSSESSOR is a new killer band from Brasil. They already have a demo and a lp both under the name "Toxin Diffusion" and both releases are godly! Super technical and totally grindy Death Metal/Grindstuff, really great! Eliseo should have their adress!

DESASTER is one band more from Brasil, and they rule too! Their debut demo "Hands of anguish" contains two trax, that isn't too much but these 2 songs are such kind of grindy Death Metal in the vein of the legendary "7" from PENTAGRAM, so a real must!

RATOS DE PORAO is a band which mixes Death Metal with Hardcore, and does a real good job. R.D.P. already released 2 or 3 lps, and I know the latest one "Dirty and aggressive", which is really good but short! Ask Eliseo for their adress, or order the lp from COGUMELO recs.!

WOW! A band from Mexico, and a fuckin' great one too! **TOXODETH** comes really from Mexico and is ready to destroy the world! Eliseo taped me their demo from 87 "Splendor Dead" and the one from 88 "Phantasms" and they both rule! High speed Death Metal, power drums, shredding guitars and crude vocs. plus genial Intros, oh these intros real killer ones! You must ask Eliseo for their adress!

A band from Brasil which does killer music too is **NECROFAGO**, although their 88 demo "Brutal Mutilation" has a very bad production and is very short, it is a holocaust of Death Metal which will blow you away! Send \$ 5 for the demo to: **NECROFAGO** c/o Arnold

Rua Do limao 114, Expositao
37900 Passos, MG BRASIL.
++if ya tell arnold to record ya some more stuff on the tape he'll do it! they have shirts too!!!++

9:00 Last but not least there's **MX**. After their demo and stuff on the **DEATHTHRASHER** comp. lp here's their debut full length album entitled "Simoniactal" This lp contains 5 trax which remind alot of the great sonx on **SEPULTURA**'s new lp "Shizophrenia". Great ripping death

thrash metal. Write to this adress and ask for the price of the lp:

FUCKER RECORDS
Rua Augusta, 135-Vila Helena
Santo André-SP CEP 09175 BRASIL
++A very good band named **WARHATE** can be contacted at this adress too. They are a anti-nazi/militarsim band!++

Okay, this were the few reviews I was able to write, hope it was interesting! Special thanx to Elsieo Franco and Arnaud Battez at this place!!!!!!

more demos:

IRON WARRIOR

Something ~~new~~ in history of Death/Thrash Metal for me is a one-man band. This band is done by Dana Lee, and the debut demo entitled "Thy deadly illusion" includes 2 trax of real heavy Doom/daeth stuff. Real good in my view so get this demo with a real nice layout for \$ 5

from: Dana Lee
688 Antigua Cres.
Oshawa, Ontario L1J 6B4
CANADA.

THY DEADLY ILLUSION

A band which has made a big progress is EXXOR. The 2 adv. trax for their 89 lp, Steve sent to me, are a real lots better than their "Live in Kriens" tape. HC/crossover which reminds me a bit of CONDEMNED is what will be on the lp. I think CHAINSAW MURDER will release it but I'm not sure.

Ask Steve. Steve Jentsch

DISASTROUS MURMUR

PUNGENT STENCH, DISHARMONIC ORCHESTRA and now DISASTROUS MURMUR, I really wonder how much Grindcore from Austria we can expect in the future! Just like the other austrian granders DISASTROUS MURMUR are influenced of all these famous Grindcore bands we all should know (REPULSION, TERRORIZER etc. etc.), but they especially remind me of CARCASS (grindy/slow parts) and when they play fast they remind me a fuckin' lot of the almighty godz, REPULSION. Yeah, the vocals remind me of Scott Carlson's ones too, so if ya

belief or not, I like DISASTROUS MURMUR a fuckin' lots! The lyrics are in the vein of REPULSION/CARCASS too, but more like CARCASS cos of the

lots of ununderstandable words! Okay, support these Grindgodz and ask Harald for their demo, which is by the way named "Embryonic utergestation" (who the fuck knows what it means?)

Harald Bezdek

AUSTRIA, (smack)!

LEPTOSOME

LEPTOSOME is a fun band which consists of members of DISASTROUS MURMUR and DISHARMONIC ORCHESTRA. Their demo entitled "Decomposed Tympanic membrane terror" contains a bunch of short noisy trax more like NAPALM DEATH not so grindy as the usual stuffs from Austria, but anyway cool. The demo is available together with D.M. stuff from Harald!!

OUTCASTS

Funny and interesting stuff we can get from this Illionis band named OUTCASTS. They play HC in the vein of bands like STIKKY or ISOCRACY, the only thing what makes OUTCASTS worse than these great bands is their singer. This guy sings such a kind of unpowerfull, unbelievable, I would not be suprised if somebody told me that the singer slept while the recording. The music is cool and you should get up and order the OUTCASTS lp from WILD RAGS too, cos the demo is sold out too! OUTCASTS contact address:
Jack Swan/3942 Arthur Terr./
Markham, Ill. 60426/U.S.A.

VOMIT, this is a thrash metal band from Greece, which plays stuff in the vein of the latest VOIVOD lp, their logo is done from Away by the way. The demo is respectable b but the guys taped me a track,

which was recorded in studio on the backside of the demo, and it is alot better than the whole demo! By the way if you didn't check it till now, the demo itself was recorded with a cassetterecorder and the production sucks. But anyway the price is \$ 4.

Speedcore in the vein of CRYPTIC SLAUGHTER/WEHRMACHT is what you can get from this South-German Newcomer! Their 10 track demo from February 89 has a respectable cover and a good sound, and the music is really interesting too, so ask for it at:

EXMORTIS

305 THOMAS AVENUE
FREDERICK, MD 21701 U.S.A.

The tape(s) of this godlike band really arrived in the last minute. EXMORTIS has already released 2 demos one in 88 entitled "descent into chaos" and one in 89 entitled "immortality's end". Both include total godlike Death Metal in the typical U.S. style but so godlike w/ cool riffs etc. etc. ! I'm really not able to write more about their music, cos I only heard the demos 1 time till now, but one thing is sure: **THEY ARE GODLIKE !**

Okay be sure too see a longer and larger review on EXMORTIS together with an interview in issue II !
===both tapes have cool covers and layouts ! SUPPORT EXMORTIS !!

BLACK PROPHECIES

Although there are really only a few good bands from Italy we here got one of them, BLACK PROPHECIES. Their demo "Azathoth" includes four trax of evil Death Metal in the vein of HELLHAMMER. Although the production is very

shitty you can hear the guitar riffs, and this is what makes this band good, godly guitar riffs! The demo is available for \$5 from:
Achille "Dark" Testa
Via Costaguta, 9
16035 Rapallo, GE
ITALY.

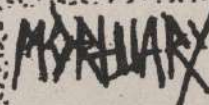

++lyrics are in the occult vein, boring alittle bit++++

Yeah this is WAR from Brasil. Although these guys haven't put out a demo yet we can review them cos Gerson recorded me some live-recordings from his band. WAR play typical brasilian Death Metal with crude vocals, fast guitars and hard thrashing drums ! Gerson told me that they'll put out a demo soon and I can't wait the day I'll hear this killer-band with a good sound. I think that some of our readers think that a brasil band with a name like this is a nazi band, WRONG! GERSON wrote me that they know what kind of bullshit III. Reich was and that they are against fasoism ! Okay write to Gerson and ask him what is up with the demo or send him a blanc tape with postage costs !

Although I only got a rehearsal of this band by tape trading, and although I don't have their adress, I must write about MORTUARY, cos not to do it would be a crime ! MORTUARY is a godly grindcore band from POLAND. They are such kind of powerfull and agressive but a little bit different from the UK grinders, they are killers ! So any tapetraders out there get this rehearsal if you get the chance it's fuckin' godlike !!
.NICK

ASPHYX

Although this band is only together for 3 months(!) they're fucking great and I better don't think of the stuff they'll record in a studio soon cos their debut demo "Enter the domain" is already a total killer! The demo was recorded in January 89 and it contains 4 trax which are all great doomy Death Metal. Especially the doomy parts on this demo are such a kind of genial, it's unbelievable! Influences are HELLHAMMER and old DEATH, and these are the 2 best bands to describe ASPHYX. So get the demo for \$ 5/10 DM, the sound is quite good and the demo has a cool and gory cover! "Vault of the vailing souls" is godly!

MUTILATED

Wow! A real god band from France. The demo from MUTILATED has 3 songs of ultimate grindy and fast Death Metal/grindcore. And every band this demo reminds me of is a killer one, MASTER, REPULSION ... This demo is a real must, cos it beholds total grindy music with great riffs, vocals and goddamnt fast drums, GODLY! Get it for \$5/6 (overseas) from:

CARNAGE

A real Holocaust of grindy Noise-core is the 89 demo entitled "the day man lost.." from the Swedish CARNAGE (not the Austrian one). This demo includes 3 trax of great grindy stuff in the vein of CARCASS/AGATHOCLES, a must for all Grindfreaks! \$ 2 or 3 should be enough for it.

THE UNITER

IMPERATOR

IMPERATOR is one of the lots of polish(?)bands coming up now. Piotr sent me their 2nd demo entitled "Eternal might". The music could be described as Death Metal, and it reminds me a real lot of the legendary SEPULTURA 85 ep, only a bit faster. The sound is quite good too, what surprised me cos I think it's really difficult to get a good sound in Poland. The demo is \$ 6, their T-shirt is \$ 10, sticker is \$ 1

WITCHES

French Death/Thrash Metal in the vein of KREATOR coupled with a total pervert female shouter is what WITCHES produce on their debut demo "Silly Sinphony". One of the girls in this full-woman band is Sibylle, the sister of Alex from AGRESSOR. The demo which has a real silly cover and layout is available for \$4 at:

Sibylle Colin-Tocquaine
4 rue T. TZARA. Les Semboules
06600 Antibes
FRANCE.

ATROCITY

"Instigators", this is the title of the debut demo from the German ATROCITY. On the demo I really do not like the band, but live I love them. Yeah, on the demo the singer sounds like Mikey Mouse and the music is just normal Thrash, but live the singer crows like a castrated zombie and the whole music is a lot faster, cruder and so better. I hope that ATROCITY bring their live sound on the next demo! This demo is available from:

Mathias Röderer
Beethovenstr. 23
7142 Marbach 3
WEST-GERMANY.

Price should be \$4 or 5.

TENEBRE

This is a promotape from TENEBRE which includes some studio recordings and some live stuff. TENEBRE play Death/Thrash Metal with some real godly and grindy parts plus of course mayhem-thrash parts too! I think there's already a new demo out so write to:

DESTRROY!!

More Speedcore from California! This is the review on the new and godly demo tape from MANIACAL GENOCIDE. "Too late for Apologies" is a real killer demo. 5 tracks of funny HC Thrash which should be heard by everyone who reads these lines! After having heard this - killer demo everything left from you will be a pile melt strawberry ice-cream! M.G. is also already on a comp. lp called ALWAYS CATHIN'S NOT IN THE WIND. Get it together with the demo. The demo has a funny cover and costs 4/5 (overseas) bucks!

SAMAEL

SAMAEL is a total HELLHAMMER clone-band which already has put out some demos + a 7". This 7" entitled "medieval prophecy" was sent to me. The single contains 2 of their own tracks and a cover version of HELLHAMMER's "the third of the storms". The version SAMAEL isn't nearly so good as the genial HELLHAMMER one, and the real SAMAEL are disappointing too. Anyway some guys may like it:

IMMOLATION

UUUUAAARRRRGGGHHH! IMMOLATION, a total god band out of the New York area. I'm really happy that I got back the interview with Neal in time, cos this probably the best or most interesting in the whole zine. Fuck it, IMMOLATION are really making so pervert, brutal and crude Death Metal with fuckin' great breaks and melodies that all the MORBID ANGEL fans will love this new god band! The first official recording from IMMOLATION is their debut demo which contains two songs called immolation and 2nd coming. Not very much sonx but so fucking great that it doesn't matter. I got a rehearsal from 24/9/88 which contains four songs (immolation; burial ground; infernal decadense; infection blood.) and there exist also some livetapes but there definatly not available from the band, just by tape trading. But IMMOLATION are going to record the following up to their great debut demo really soon. The demo is available for \$3/\$4 (overseas) at:

IMMOLATION
c/o Neal Boback
5 Elizabeth Place
Yonkers, N.Y. 10703
U.S.A.

INTERVIEW W/NEAL BOBACK:

what's up with immolation?
WELL, NOTHING MUCH AT THE TIME, BUT SOON WE'RE GONNA PLAY WITH DEATH(GODZ), AND WE JUST FINISHED TOURING OUR AREA WITH THE OTHER GODZ, MORBID ANGEL, AND THOSE SHOWS WERE SICK AND TOTAL DEATH (he's right, i got m.a. livetapes from this mini-tour really sick and total death-ed.). WE PLAYED THOSE SHOWS WITH REVENANT (N.J.) (VERY GOOD FRIENDS OF MINE). I CAN'T WAIT TO PLAY SOME MORE SHOWS.

why did some people leave rigor mortis and form immolation?
WELL, FIRST OF ALL, THE 2 GUITARISTS FROM RIGOR MORTIS ARE NOW IN IMMOLATION. THEY DIDN'T LEAVE, THE VOC/BASSIST LEFT AND AFTER THE DRUMMER LEFT ALSO. SO IN TIME IMMOLATION EMERGE TO PLAY AN ONLSLAUGHT OF DEATH METAL TO KILL ALL THE WEAK. how was the gig with killpower/rip-torn at streets in new rochelle, N.Y. 6-8-88? how was the crowd? how's the N.Y. thrash-deathcore scene?

THE SHOW WAS GREAT FOR US BECAUSE IT WAS OUR FIRST SHOW, THE CROWD WAS O.K. BUT THEY'RE ALL TRENDY PEOPLE INTO ANTHRAX AND TESTAMENT SHIT WHICH I DON'T LIKE AT ALL. THE N.Y. SCENE IS O.K., BUT THERE ARE NOT ENOUGH PEOPLE INTO SERIOUS DEATH METAL. THERE ARE COOL MAGS HERE LIKE DEATHSYCTHE (GOD ZINE) AND ULTIMATUM, ETC.

what do your lyrics deal about? and what are your influences musically and lyrically?

OUR NAME IMMOLATION MEANS A SACRIFICE OR TO KILL AS A SACRIFICIAL VICTIM. OUR LYRICS ARE BASICALLY THE SAME, SACRIFICE, DEATH, DECAYED CORPSES, AND EVIL THEMES. ROSS, BASS AND VOCALS WRITES MOSTLY ALL THE LYRICS. HIS MIND IS WARPED AND HE'S DEMENTED. OUR INFLUENCES ARE ONLY BRUTAL DEATH METAL, DEATH, MORBID ANGEL, NECROVORE (R.I.P.), SEPULTURA, TERRORIZER, MASTER, DEVASTATION (ILL), PENTAGRAM (CHILE), AUTOPSY, REPULSION (R.I.P.) AND ALL OTHER GODS OF BRUTAL DEATH. LYRICALLY OUR INFLUENCES ARE SOMETIMES MOVIES, BUT USUALLY IT'S JUST ROSS' SICK AND DEMENTED IDEA. MY CONTRIBUTION IS SOME LYRICS, BUT I THOUGHT OF ALL THE TITLES EXCEPT "THE SECOND COMING". BOB AND TOM (BOTH GUITAR) WRITE JUST ABOUT ALL OF THE MUSIC, SO AS YOU CAN SEE WE ALL CONTRIBUTE TO THE BAND.

any future plans?anything to add.
(please not: 2+2=4)?

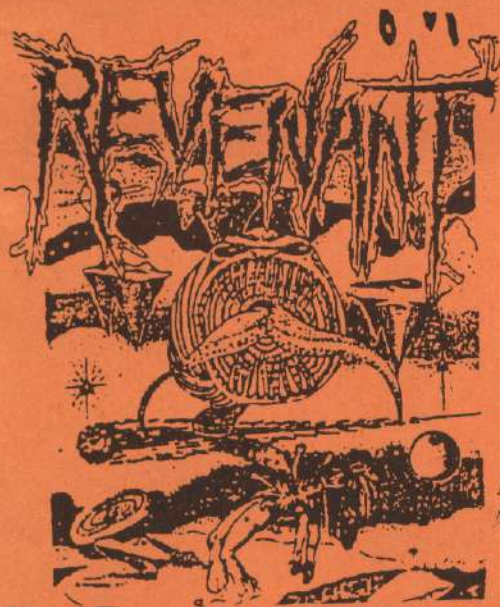

YES, SOON WE HOPE TO RECORD OUR
SECOND DEMO (AROUND JAN, FEB, MARCH)
THEN WE'LL DO SOME MORE AREA SHOWS
WITH REVENANT, AND KEEPING TRYING TO
PRODUCE SOME OF THE BEST DEATH METAL

thank you to neal and the rest of the
almighty immolation, good luck for the
future! SUPPORT THIS GOD BAND!

ness. By the way REVENANT was
